Griffith Leaving Local Soil Post For Algona

Earl Griffith of Eldora, Soil Conservationist in Hardin county since October, 1968, was notified Wednesday of his transfer to Algona, where he will serve in the same capacity. He will begin his new duties on November 17.

Griffith was appointed to the Eldora office to work under the supervision of local District Conservationist Charles McCarty, who will also leave here November 15 to serve as Coordinator for the state's first Resource Conservation and Development Project at Centerville.

The announcement of McCarty's local replacement as District Conservationist is expected next week. No replacement is expected in the near future for Griffith.

A native of Red Oak, Griffith has been an active member of the Eldora Jaycees, currently serving as vice president.
