

Speech Contest Plans Announced

A speech contest open to all Junior High and Senior High School students of Hardin County is being sponsored by the Ladies Auxiliary of Soil Conservation District Commissioners. The contest date has not yet been set.

"How Soil Conservation Affects My Future" has been selected as the speech topic. Awards of \$50 to the State winner, \$10 to the Regional winners, and \$3 to the District winners will be awarded.

Susan Nehring, Hubbard, was selected state winner of the contest in 1958, following her winning of the District and Regional contests.

Entries must notify Mrs. Dean Kelsey, Iowa Falls, or the Soil Conservation office, Eldora, by April 10.

Material is available to help in speech preparation at the Soil Conservation office in the Post Office Building basement at Eldora.
