

Black Hawk Soil and Water Conservation offers kit

WATERLOO — The Black Hawk Soil and Water Conservation District is offering a Backyard Conservation Starter Kit for \$10.

The kit provides information on 10 practices that backyard conservationists can put to use on their own property. By using the kit, urban and rural residents can provide wildlife habitat while saving natural resources.

The kit includes a 18-page backyard conservation booklet, tip sheets on 10 practices, a nine-minute video and a "fun pack" which includes activity books and a 3-D poster and board game.

For more information on the kit, contact the Black Hawk Soil and Water Conservation District at 296-3262.
