SCHOOL OF NURSING
Office of the Dean

Sister M. Sebastian, R.S.M.
Mercy School of Nursing
1165 West Fifth Avenue
Des Moines 14, Iowa

Dear Sister M. Sebastian,

We believe that the enclosures may be of interest to you inasmuch as they give recognition to one of your alumnae. Miss Wierick graduates from the University of San Francisco School of Nursing with a Bachelor of Science in Nursing at the end of this semester just closing, so we too are happy for her. In my short acquaintance with her and in the contacts with the Sisters who have known her longer in the nursing program for graduate nurses, she has proven herself an outstanding Catholic woman with the highest ideals. She is scheduled for duty in Germany as soon as the semester ends which is next week, or at least shortly thereafter.

At the moment I do not have with me the reference material for the book:

A Way of Mercy so am not certain whether there is anything which should be returned to you. However, the first galley has been received so everything should be returned to me from the printers' before too long. On second thought my memory says that the hospital was founded following the period for which I collected pictures. Your school of ^{/nursing} though ranks seventh in the order of foundation of Mercy schools for nursing in the United States.

May our Lord continue to bless your work.

Sincerely in J.C.

Sister Mary Beata
Sister of Mercy
