HISTORIAN'S REPORT

Dear Albion High Alumni:

I want to welcome you to the 34th meeting of the Albion Alumni Association.

We must always have old memories and young hopes.

The first Alumni meeting was held June 19, 1935 in the Methodist Church. The first graduating class was 1902. There were no graduates in 1916. The largest class was in 1929, with twenty-five members.

The smallest classes were 1902 and 1909, with two members each.

The graduates of the years 1910 and 1911 were all girls. The last graduating class from Albion High was the class of 1962. We have had Seven Hundred Forty-three who have received diplomas from the Albion High School. There are ninety-seven deceased Alumni.

This concludes the Historian's report for the year 1969, and here is a closing thought:

"It matters not how

long we live, but how."

Best Wishes to all
Your Historian for

1969
