One step won't take you very far.
You've got to keep walking.

One word won't tell 'em who you are,
You've got to keep talking.

An inch won't make you very tall,
You've got to keep on growing.

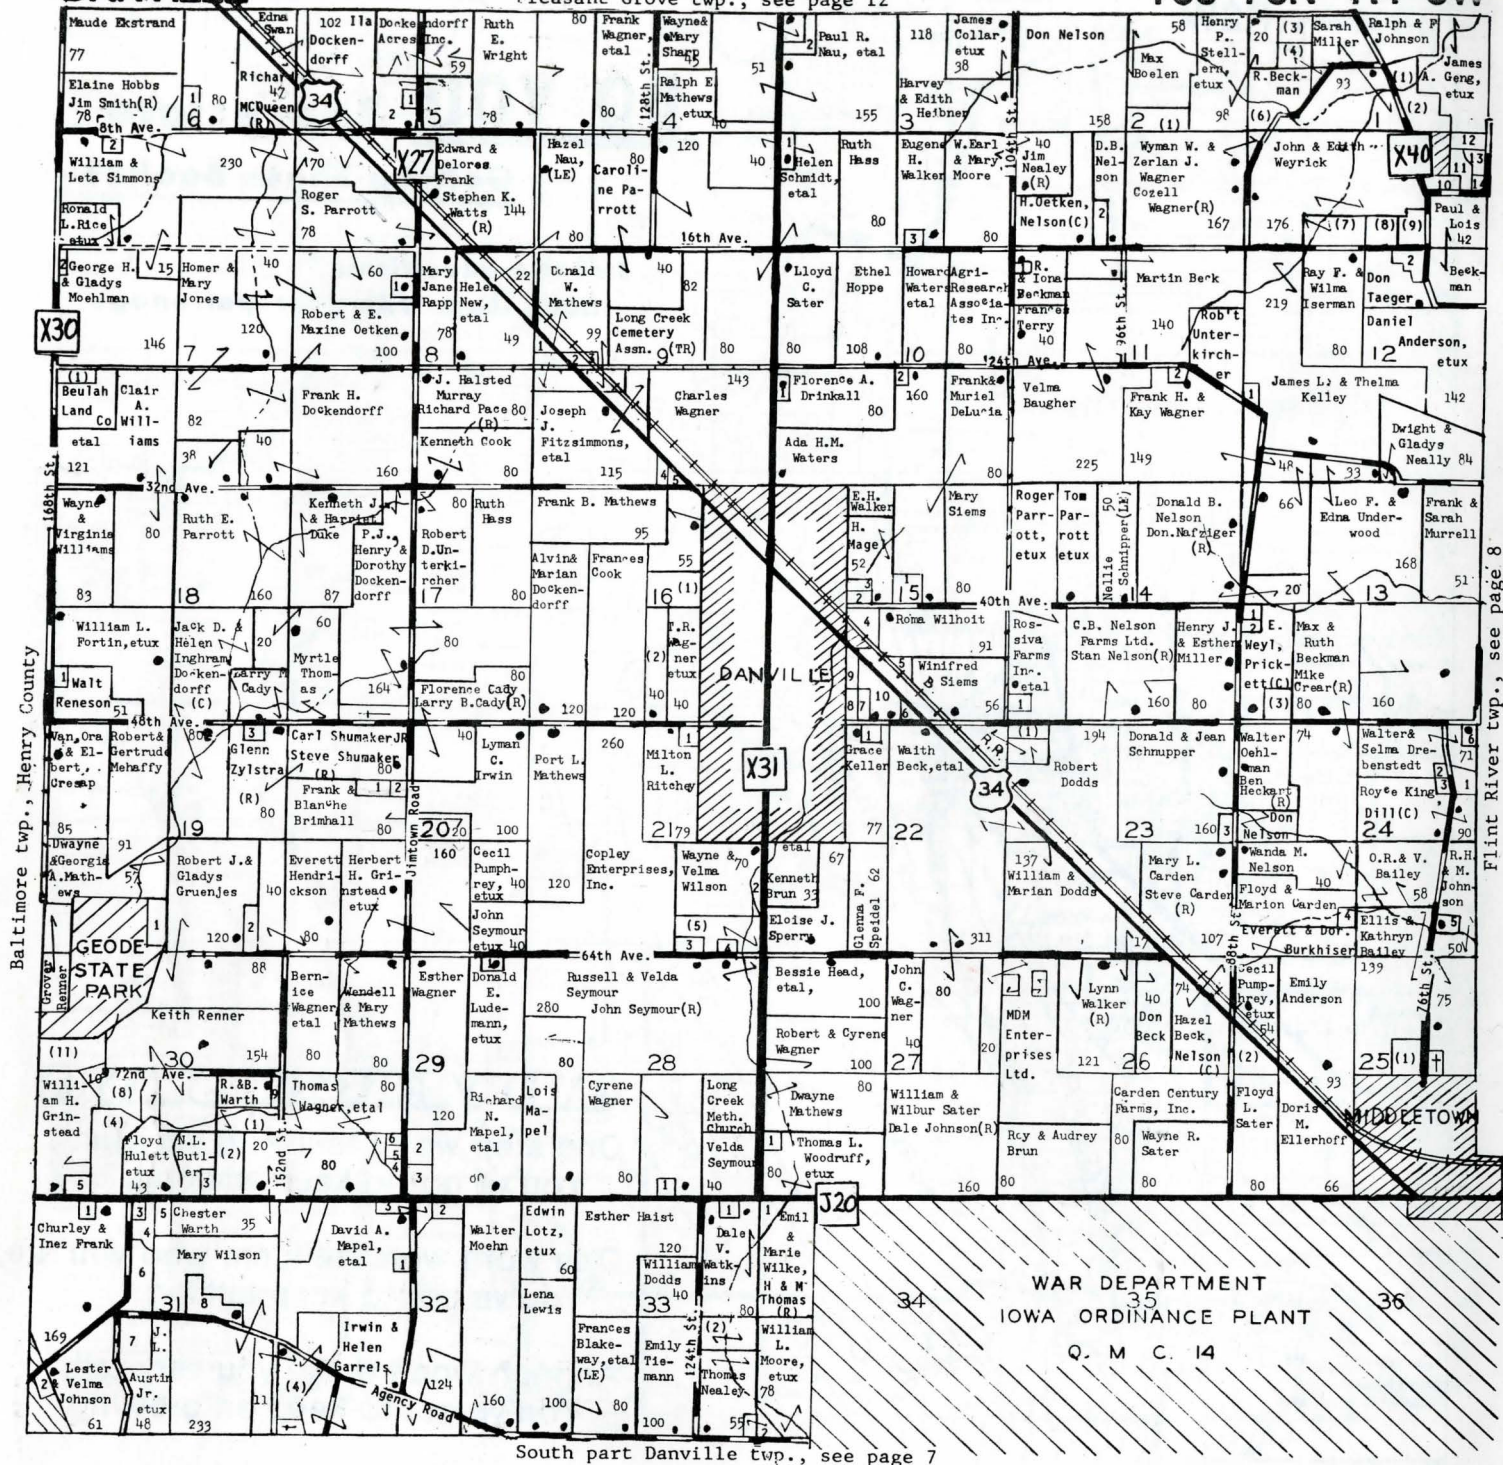

One little ad won't do it all,
You've got to keep them going.

A constant drop of water
Wears away the hardest stone;

The constant, cooing lover
Carries off the blushing maid.

And the constant advertiser
Is the one who gets the trade! **5**

The cow

(As seen by an automation expert)

A cow is a completely automated milk-manufacturing machine. It is encased in untanned leather and mounted on four vertical, movable supports, one at each corner.

The front end of the machine, or input, contains the cutting and grinding mechanism. At the rear, the machine carries the milk-dispensing equipment as well as a built-in fly swatter and insect repeller.

They are available, fully assembled, in an assortment of sizes and colors. Production output ranges from 2 to 20 tons of milk per year.

In brief, the main external visible features of the cow are: Two lookers, two hookers, four standers-uppers, four hanger-downers and a swishy-wishy. There is a similar machine known as a bull. It gives no milk but has other uses.

He will ride to work in an advertised car, sit at an advertised desk, smoke advertised cigarettes and write with an advertised pen. Yet this man hesitates to advertise, saying that advertising does not pay. Finally, when his unadvertised business goes under, he will then advertise it "For Sale."

It is anticipated a rural mailing address will be developed from this system for various benefits in the future.

CONCORDIA

One step won't take you very far.
You've got to keep walking.
One word won't tell 'em who you are,
You've got to keep talking.
An inch won't make you very tall,
You've got to keep on growing.
One letter ad won't do it all,
You've got to keep them going.

A constant drop of water
Wears away the hardest stone;
The constant, cooing lover
Carries off the blushing maid.
And the constant advertiser
Is the one who gets the trade!
