November 2, 2012

Dear West Pottawattamie Soil and Water Conservation District Commissioners,

On behalf of Iowa Western and the Southwest Iowa District FFA, thank you for your generous support and for covering the expenses for the soil judging pits for the 2012 Southwest District FFA Soils Judging Event. Your support is greatly appreciated by me and the area FFA Advisors.

We had over 145 students from 18 high schools throughout Southwest Iowa participate in this year's contest. The top six teams that qualified to compete at the state contest represent Clarinda Adair-Casey, Audubon, Griswold, Orient-Macksburg, and Guthrie Center schools. The teams from Southwest Iowa traditionally do well at the state level, in part to the experience that they receive at our district contest.

Again, I thank you for your continued support and assistance with our soils contest. I welcome any comments or suggestions that you may have to improve the event in the years to come. If there are any areas that I can assist you, please do not hesitate to contact me at the college or by email at eweuve@iwcc.edu. I look forward to working with you in the future.

Sincerely,

Eric Weuve
