DELAWARE SOIL & WATER CONSERVATION DISTRICT

Delaware Soil and Water Conservation District ANNUAL REPORT

*Financial statement expenditures of funds provided
by the State of Iowa for District Commissioners Expenses,
Office Supplies, and Cost Share Program.*

July 1, 1988 thru June 30, 1989

IM BUDGET

Original Allocation	\$1,500.00
Commissioners Expense	\$1,142.28
Office Supplies & Expenses	\$488.94
Total Spent	-\$1,631.22
Supplemental provided by State	\$131.22
Remaining June 30, 1989	\$-0-

IIIM BUDGET-COST SHARE PROGRAM

FY 87-88 Original Allocation	\$30,815.00
Obligated	\$27,520.80
Spent to Date	\$23,378.39
Remaining June 30, 1989	\$-0-
FY 88-89 Original Allocation	\$32,006.00
Obligated	\$10,451.30
Spent to Date	\$7,712.10
Remaining June 30, 1989	\$24,293.90

REVOLVING FUND

Balance 7/1/88	\$143.10
Minus-Education items, prizes, camps	\$177.11
IASWCD & NACD Dues	\$500.00
Sales Tax for '88	\$52.42
Purchase Grass Seed	\$5,672.09
Purchase Trees	\$1,562.05
Annual Report printing	\$1,292.55
Jurgens donation to Educational Fund	\$50.00
Office Supplies	\$901.56
Plus-Reimbursement form IM Fund	\$488.94
Sales of Trees, Scales, Flags, Grass Seed, Calendar Ads, Misc.	\$11,398.61
Balance 6/30/89	\$1,822.87

Conservation Accomplishments

October 1, 1988 to September 30, 1989

	No.	Acres/Feet
Individuals & Groups Assisted	1148	
Individuals & Groups Applying Conservation Practices	444	
Conservation Plans on Non Highly Erodible Land		25,497 ac.
Food Security Act Conservation Plans on Highly Erodible Land	764	64,354 ac.
Conservation Cropping Systems		21,871 ac.
Conservation Tillage Systems		2,100 ac.
Contour Farming		808 ac.
Farmstead & Feedlot Windbreak		11 ac.
Field Border		5,000 ft.
Grassed Waterways		4 ac.
Contour Stripcropping		910 ac.
Terraces		25,600 ft.
Tree Planting		27 ac.
Water & Sediment Control Basins	4	
Wildlife Upland Habitat Management		450 ac.
Cropland Acres Treated		24,675 ac.
Conservation Reserve Acres	63	2,873 ac.

District Activities

July 1, 1988 to June 30, 1989

- JULY**
- Krause and Beaudine attended computer training programs in Des Moines.
 - Long Range Plan was approved.
- AUGUST**
- Mike McGrane attended the 1988 Youth Leadership Conservation Program. He won a \$150 scholarship to further his education at the college, university, or trade school of his choice.
- SEPTEMBER**
- 1988 Soil Conservation Essay Contest winners were Sarah Houska-1st Place and Brenda Elsbury-2nd Place in the Junior Division.
 - Calonder attended Senator Grassley's hearing in Anamosa concerning the implementation of Conservation Provisions of the Food Security Act.
 - The Fall Regional was attended by Calonder, Eibey, McGrane, and Krause.
- NOVEMBER**
- Knipper attended the Annual Conference.
- DECEMBER**
- Annual Report was mailed out.
- JANUARY**
- Officer for '89 are: Chairman-Marvin Calonder, Vice-Chairman-Larry Knipper, Secretary/Treasurer-Marilyn Beaudine, Assistant Commissioners-Harvey Robinson, Orville Schmitz and Vernon Schmock.
 - The Legislators Luncheon was cancelled due to weather conditions.
 - Ray Wycoff, Soil Conservation Technician for the Soil Conservation Service retired.
- FEBRUARY**
- SCS Contractors meeting was held as a joint meeting with Black Hawk and Buchanan Counties.

- MARCH**
- Knipper and Lueken attend the Spring Regional Meeting.
 - McGrane and Krause attended the Businessman-Ag Luncheon where Krause presented the Windbreak Award to Katherine Thompson.
 - Little Turkey Watershed Project was approved.
 - Robinson attended the Low Input Sustainable Agriculture seminar in Omaha.
 - Eibey showed a tape from Basigram on No-Till.
- APRIL**
- The office was approved for 350 hours emergency employment from the state.
 - McGrane reviewed the update to the Annual Plan of Work.
- JUNE**
- Wahl Farms Inc.-Eric and Robert Wahl were winners of the Iowa Soil Conservation Awards Program for Delaware County in the Owner-Operator Division.
 - Reichenauer gave a presentation at Ewalu and will be giving one at Bailey Ford.

Thank You, Ray

Ray Wycoff, Soil Conservation Technician, retired in December 1988. He provided 22 years of assistance to landowners in the county in the planning and application of the many available conservation practices. His work and dedication has been and will be much appreciated in the future. Thank you Ray from the Delaware SWCD.

Commissioners

Delaware County SWCD Commissioners: Left to right, Assistant Commissioner Harvey Robinson; Commissioners Joe McGrane, Arnold Lueken, Dave Eibey, and Marv Calonder. Larry Knipper and assistants Vernon Schmock and Orville Schmitz were not present.

Office Staff

Field Office Staff: Left to right, Soil Conservation Technician Beth Todd, District Conservationist Keith Krause, District Employee Ken Klein, Soil Conservationist Richard Belden, District Clerk Marilyn Beaudine. Absent: District Employees Shelley Zumbach and Ray Wycoff.

Conservation Award Winners

The 1989 and first time Soil and Water Conservation Award winner was Wahl Farms Ltd. Pictured in a CRP native grass planting are the Wahls, from the left, Robert, Ruth, Janine, Matt, and Eric. The Farm has had a conservation plan with the district since 1946. Wahl Farms is located in South Fork Township.

Windbreak Award Winner

Katherine Thompson, Hopkinton, was the winner of the 1988 Izaak Walton League Windbreak Award for Delaware County.

CONSERVATION ON THE MOVE

by Keith Krause, District Conservationist

The 1985 Food Security Act (FSA) has stimulated a new interest in soil and water conservation. The conservation compliance portion of the FSA required all landowners and operators with highly erodible land (HEL) to have a conservation plan developed by

January 1, 1990. The signing and implementation of the conservation plan insures eligibility for future USDA programs such as Federal Crop Insurance, FmHA loans, commodity supports, disaster payments, etc.

Two years ago writing all of these plans seemed like an impossible task. Thanks to the interest and dedication of Delaware County farmers, conservation plans on 125,000 acres of HEL has been completed. This represents 99% of the total 126,000 acres of HEL. The staff at the Delaware Soil and Water Conservation District would like to congratulate you for a job well done and thank you for your cooperation. At no time in the history of the Delaware County SWCD have more plans been prepared for soil and water conservation.

As the planning is completed so starts the next phase of conservation compliance - implementation. Conserva-

tion practices to control soil erosion and enhance water quality need to be applied by January 1, 1995 to retain USDA program eligibility.

This will be a huge undertaking for Delaware County and the SWCD. But already people are moving forward. This past year landowners have applied more soil and water conservation practices than in any one of the last twenty years. Practices such as contour farming, contour strip cropping, terraces, tree planting, grassed field borders, and conservation tillage were at an all time high. And according to landowner interest, conservation application for 1990 will be even more.

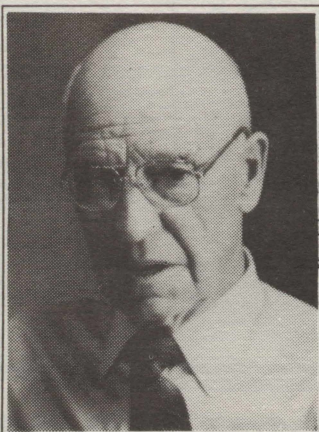

Interest in soil and water conservation has accelerated to the point that cost share dollars and man power for practice application are running short. To help meet the demand Delaware SWCD has and will be looking for additional sources of cost share dollars, such as the Little Turkey River Special Project and Water Protection Funds. We will also be looking to increase our manpower through additional staff, volunteers, and assistance from you the landowners.

By working together we will be saving our land and water for our children.

Dedication

This year's District Annual Report is being dedicated to the memory of Herb Prideg. He served as a district commissioner from 1966 to 1978 and as an assistant commissioner from 1978 to 1980. Herb's devotion to soil and water conservation was never ending and greatly appreciated.

Thank You!

The Delaware Soil & Water Conservation District extends its thanks to the people and businesses who have helped sponsor our education programs.

We would also like to thank our staff of the SCS Area Office for their continued training, moral support, and help with field work.

We extend a special thank you to the following businesses who have made it possible to publish this Annual Report Calendar.

WINDBREAKS

DELAWARE
SOIL & WATER
CONSERVATION
DISTRICT

Windbreaks provide protection against wind and control snow drifts in the protected areas. They also enhance the general landscape values of the farmstead and provide protection for wildlife and song birds. Delaware SWCD can assist with planning your farmstead windbreak.

STRIPCROPPING

DELAWARE
SOIL & WATER
CONSERVATION
DISTRICT

Contour stripcropping is the practice of growing alternate strips of close growing crops (oats and hay) and clean tilled row crops (corn). The strips are laid out on the contour. Each strip is parallel to one another when permitted by existing field conditions.

WETLANDS

DELAWARE
SOIL & WATER
CONSERVATION
DISTRICT

Wetlands are some of our most diverse habitat for wildlife. They help to recharge aquifers, control flood waters and provide many recreational opportunities. More than half of our wetlands are gone. The swampbuster provisions of the Food Security Act was set up to discourage further conversion of wetlands.
