

FRICKE FAMILY REUNIONS

On August 16, 1981 during the regular business meeting of the Fricke Family Reunion an attempt was made to determine when the first meetings were held. Though no exact date could be ascertained it was agreed that this must have occurred sometime in the early 1920's. The first recorded meeting, now available, gives the year 1953 with 125 people in attendance. This meeting was held in Riverview Park, Marshalltown, Iowa. Though sometimes data was rather sketchy, below follows a summary of meetings up through 1982 (number present in 1982 is to be recorded later).

FRICKE 'UPDATE'

August 19, 1983

Hello,

Please follow the directions in this packet on the 'General Letter of Explanation' and you shouldn't have any problems putting this in your books.

Thank you for sending in your information for the 'Update' and also for picking yours up at the reunion, thereby saving postage.

Enough 'Updates' were printed for each set of books that was made last year.

The 'Update' cost this year is \$5.00 for the complete packet and only sold by complete packet.

This year we have added pictures so the cost of the packet is greater than if it just had the 'Update' information in it.

There are still sets of books available at the same price as last year.

\$50.00 for a set of two volumes.

They are only sold in a complete set.

They can be shipped also and the UPS postage runs from \$5.00 to \$8.00 per set depending on where we send them.

An 'Update' packet is put with each set of books that we still have available, thereby making it cost \$50.00 for a two volume set

5.00 for 1983 'Update'

\$55.00 total cost (plus shipping if applicable)

This also keeps the sets remaining 'Updated' and ready to sell.

REMEMBER: Our ancestors are treasures of the past, sharing their talent and love for us to share with generations to follow. The future is where we spend the rest of our lives, so help keep the book updated each year.

Thank You.

Donna Schoppe

'UPDATE' 1983

Each year as we notify you about the reunion we will also send out a sheet to be filled in and returned for 'UPDATE'. Normally it will be just that 'Update'; however this year as an added item we have pictures for you to add to your books.

We have pictures of most of Christian and Carolines grandchildren; also we were able to borrow a very large picture of Christian and Caroline to reproduce for your books. We are very happy to have had access to these additional items.

The large picture of Christian and Caroline will not be numbered as some desire to put it in the front of the book while others want it where we put the small picture last year 82-G

The rest of the picture pages (grand children, etc.) will all be numbered so you will know where to put them in your book. The first number however, will be different as it is 1983 so all pages in 'Update' will begin with 83- (section in book I, II, VI, etc.), page in section to put it in.

When you receive your 'Update' information you will be able to go through the two volumes and add the information to the pages designated. We have the 'Update' in the following order: corrections, births, marriages, death, divorce, other added information.

We cannot retype all the sheets that have 'Update' information so it is up to you to add the information to your book; so it will remain current. I am hopeful each family will add to their section more information about your family, your every day living and also any special events as they happen in your life; only by doing this in your own book will it remain a constant and on going history for future generations to read and learn more about their ancestors.

Another item we need to keep current is people who have books. We know of two cases (Leona Wilkens and Nola Wiersen) who passed away and we have no knowledge of who inherited their books. If any one knows who got these we would appreciate knowing so we can help them keep their books current. Some children do not have pages of their own before marriage and others do have a page. Some reasons for this: some didn't send information to warrant a page until marriage; some only gave child name and birth; therefore we left it listed with the parents until the child marries. Some we missed when we put the information together to print the books. We are sorry not every child has a page, but as soon as we receive notification of a child getting married and all the information we need, they will get a page.

Extra Note***** Please do not send me pages from your book.

I received three pages this year 82-IX-74, 82-IX-75, 82-IX-76. I have no name so I don't know who to return them to. Please advise and I will return them immediately to you.

Famous People***** Also someone asked if 'Janie Fricke', the singer is in any way related to the "Fricke Family" If any one knows please advise.

New Family***** I received a very interesting article from Laurel Tisler about the Milton Fricke family near Omaha and Papillion, Nebraska. The ground they live on was purchased from veterans of the Indian Wars in 1860. This pre-dated homesteading by ten years. Please advise if any one knows if they are related.

83-UPDATE-General Letter
of explanation

'UPDATE' 1983 (con't)

Thanks to every one who sent information for the 'Update'. Only by YOU doing this are we able to keep current with our books. The ones that we add to the family each year in the future are just as important a part of the family as those that are already in the book. Thank You Much.

Irma found a page in the County Court House that is the 'Articles of Incorporation' of St. John's Church showing Christian Fricke as one of the founders. We have reproduced it the best we can.

On the 'Update' sheets I have the information you are to add to your book underlined so you can readily see what to put in the books. The information with it is so you can be sure you have correct page, family, etc.

Also I have a list of the new pages you are to add in your book and they have been put in order to hopefully make it easier for you.

TYPED NEW PAGES TO ADD
