Subject: PUBL INF - News Clippings

Date: August 13, 1984

To: Earl Cosby, Area Conservationist,
SCS, West Union, Iowa

File Code: 260

You are to be commended for getting good overall media coverage. All important areas of soil conservation are being covered.

Articles that were really significant were ones dealing with soil erosion right after heavy rains. Timely articles like these keep people aware that there is a problem. Continue doing articles like these whenever severe erosion occurs.

Keep up the good work and continue sending the clippings. The clippings are attached.
