The School

Administration

"FAMILIAR FACES"

*"Ottumwa, our city beautiful, has been chosen
For the theme of this book—for the background;*

Board of Education

"Notice having been given according to law, a regular meeting of the electors of the Ottumwa City School District was held in the Court House September 6th, 1858." This is the first secretary's record of the Board of Education.

At the same meeting it was decided that if a school was to be maintained any length of time, it would be necessary to levy a tax to pay the larger part of expenses. The secretary stated that from \$1800 to \$2000 was needed, and that there would be paid into the District Treasury \$300 or \$400 as a portion already allotted. The balance would have to be raised by a tax.

The following year, 1859 on March 14 the first organized school board was elected: President, Thos. C. Woodward; Vice President, S. B. Thrall; Secretary, S. D. Moore; Treasurer, John Moore; Directors, Joseph Hayne, Jas. H. Merrill, F. J. Hunter. On March 11, 1861 a motion was made to tax district property five mills to "build a school house."

By 1867 the annual expense of the school had increased to \$4,228.75. In 1876 the high school was organized as a separate unit. Since then there

have been twenty principals. The largest growth in the school has taken place in the last ten years under principals; W. B. Rice, J. H. Brenneman, Roy F. Hannum and Frank Douma.

The Ottumwa School system is entirely in charge of the Board of Education. It has authority to manage all finances of the district; to elect teachers; provide supplies; purchase sites and build schools; and make any rules and regulations it deems necessary. Because school management is highly professional, the superintendent usually attends to it under the authority of the Board.

The present Board includes Lester Jay, President; Ernest Manns; Frank C. Raney; Mrs. E. G. Barton; C. D. Evans; Mrs. D. E. Graham; C. C. Lowenberg; Walter K. McLain, Secretary; K. C. Mowery, Treasurer.

Mesdames Graham and Barton and Messrs. Raney, Jay and Evans are the committee in charge of the High School.

Our school board has spent many extra hours working for our school. Schaefer Field and the High School itself, with its unusual equipment, are lasting evidence of their efforts.

Faculty Administration

"'Our High School, the best in the land.' That motto was given to the students by an assembly speaker about eight years ago. Since that time we have been getting nearer and nearer that goal. Today our school compares very favorably with any high school in the country. We have an excellent faculty, an enthusiastic student body and one of the best school plants found anywhere. It is up to each one to do his or her part to get the most out of this wonderful opportunity. If fifteen hundred people are unitedly striving to make our school the best there is, it surely will be."

These words of Frank W. Douma embody the ideal which our High School is striving to attain. Yet one person, dominant above all, is directly responsible for the attainment of this ideal—Mr. Douma! Two years of honest effort and efficient systems instituted by Mr. Douma have lead us "nearer and nearer to that goal."

He attended Hope College, Michigan University, Chicago University, and Iowa University, and has received his Bachelor of Arts degree.

Miss Hightshoe—a friend willing to stop in her most busy moments

and perform some act of kindness for us, if only a suggestion for a troublesome schedule; finding a home where we Seniors from the country could find happiness and content all through our four years, or perhaps the soothing out of some serious misunderstanding for us.

Miss Hightshoe has attained both a Bachelor of Arts degree and a Master's degree.

The theme of our Argus embodies three supreme ideas—the school, the home, and the city. Mr. Hannum, as Superintendent of our Public Schools is instrumental essentially in bringing into closer relationship with one another these three units, merging them into one noble purpose—Ottumwa!

His supervision of the school system touches in a very real sense the life of our community. His policy and that of his board of directors dictates largely the ideals, purposes, and business integrity of future Ottumwa.

Mr. Hannum received his Bachelor of Arts degree from the University of Iowa, and was also a student at Columbia University, N. Y.

F. W. DOUMA
Principal.

Engineers

"The duties of the janitor force in general are keeping the building and all its equipment clean and in repair. To keep it clean there are some things that must be done twice daily such as sweeping the corridors. Most of the work is done once each day and some things are done regularly once each week.

"The daily duties include sweeping and dusting the office all the fifty-two classrooms, the cafeteria and the gym, cleaning all the eighty-three lavatories and twenty-four drinking fountains. The boys' and girls' locker rooms and shower rooms are cleaned, scrubbed and disinfected every day. The swimming pool is cleaned and heated and all machinery and the forty-two electric motors are cleaned and inspected each day. One duty that requires considerable time is the carrying of all paper and sweepings that have been collected the preceding night to the boiler room to be burned.

"There is a janitor on each floor for about twenty minutes before

school starts every day who is kept busy unlocking lockers. The different duties that are performed weekly are done by doing a few each day. These include scrubbing all the eighteen lavatory rooms, sweeping and dusting the auditorium, dusting all the chairs and tables in the cafeteria, washing the walls in the corridors and washing the filters of the pool.

"Together with the regular duties that must be done daily or weekly there are always some of the following things to be done: Replacing broken door and window panes, replacing burned out light bulbs, repairing machinery, door locks, door checks, lockers, telephones, bells, clocks, broken chairs and seats and cleaning erasers and chalk troughs. Keeping the outside steps and walks free from ice and snow as much as possible has been quite a task the past winter. In the fall and spring considerable time is spent on the shrubbery, lawn and trees surrounding the building."

JOE BANE, Ass't. to Mr. Levings.

Cafeteria

Years may pass and as we Seniors may count the strikes of the clock at noon perhaps our memory will steal back again to the Cafeteria. We'll recall the rush for our place in line, the joy of the day after the "big feed" when they served left-over chicken—and maybe we'll see again our favorite cherry pie waiting to tempt us—recall its lusciousness neath a generous topping of ice cream. Then mayhap we'll recall "life's most embarrassing moment" when we handed our quarter to the Cashier, and she smiled and said "Twenty-six cents, please!"

There's something about the Cafeteria, its gleaming white tables, its busy clatter, the rush of hungry students, the old familiar ring of the cash register and the busy, excited din of it all that haunts the memory.

Mrs. Thompson, kind and patient served us each day. Many times she added an extra helping to the plate of some hungry boy.

We couldn't forget Mrs. Parker either, for the delicious fragrance of her juicy pies. Tom Buck, too, is as much a part of the Cafeteria as the

ice cream he dipped each day. For four years he rendered his indispensable service to the Cafeteria, dipping over a ton of ice cream during his career!

Hazel Beck also claims four years of service to the Cafeteria. She rose from the stooping position of washing glasses to the heights of the stool in front of the cash register.

Zella Beck and Doretta Buck are Junior Members of the firm of Glass and Dish Washers, incorporated. They have been in the Cafeteria a year.

Mrs. Anderson was employed temporarily during the winter months and has proved herself a great help in serving the surplus crowds on stormy days.

Mary Wiegner, chosen by the Student Council, has aided greatly in attaining a degree of order and fairness in the Cafeteria.

The little joys or sorrows of the noon hour and of our Cafeteria are now but memories—for as we seniors go out there will be other lunch hours, other faces, and other pies.

JUNE.

- Graduation.
- School Closes.

A Tribute to Teachers

Our educational system has called its teachers from the body of the people, and has commissioned them to teach the ideals of the mass as well as the knowledge of the more favored few. It is, therefore, in itself truly democratic. This teaching of ideals is by its nature spontaneous and unstudied. The public school teacher cannot live apart; he cannot separate his teaching from his daily walk and conversation. He lives among his pupils during school hours, and among them and their parents all the time. He is peculiarly a public character under the most searching scrutiny of watchful and critical eyes.

His life is an open

book. His habits are known to all. His office, like that of a minister of religion, demands of him an exceptional standard of conduct. And how rarely does a teacher fall below that standard! How seldom does a teacher figure in a sensational headline in a newspaper! It is truly remarkable, I think, that so vast an army of people—approximately 800,000—so uniformly meets its obligations, so effectively does its job, so decently behaves itself as to be almost utterly inconspicuous in a sensation-loving country. It implies a wealth of character, of fact, of patience, of quiet competence, to achieve such a record as that.

—Herbert Hoover

GRADUATING IN 1929
One hundred and eighty-three.

Class Adviser of 1929

*"Hail to thee, blithe spirit!
Bird thou never wert,
That from heaven, or near it
Pourest thy full heart
In profuse strains of unpremeditated
art."*

These lines taken from Miss Schick's favorite poem, Shelley's "To a Skylark" are expressive of the melody in her own nature.

For four years Miss Schick has been our class adviser and one of our dearest friends. We would that we could only express here our deep gratitude for her effort in making these brief four years of the class of twenty-nine the happiest four years of our life.

There are memories of class meetings that are sweeter for her effort and presence. There was a dignity about her which instantly commanded our respect, yet withal her nature was so filled with cheerfulness and good will that we felt a deep gladness in her nearness.

The innumerable hours spent in planning, decorating, and executing our Junior-Senior Prom, the party supreme, can scarce be realized or appreciated by those other than the ones who made this Prom the happiest and dearest memory of their Junior year.

Her sincerity and interest in each one of us individually has made her more than a class adviser—she has become a friend, one whose memory we shall cherish "on through the years."

This same sincerity and good will is emphasized in her message to her class, "The Seniors of '29."

"May I congratu-

*"What thou art we know not;
What is most like thee?
From rainbow clouds there flow not
Drops so bright to see,
As from thy presence showers a rain
of melody."*

late you upon this your happy commencement time—a joyful culmination of four years, linked with friendships rare; with memories and associations you can never forget.

"In these four years you have given most loyal support to all class and school affairs. Your scholastic record has been excellent. In the various organizations you have been ably represented and through your achievement in dramatics, forensics, athletics, and literary pursuits you have brought much honor to the school.

"I cherish very happy memories of our good times together and I deem it a great honor to have been the sponsor of such a splendid class.

"As Seniors, you are already planning the future with its dreams of success. This may be yours if you decide on the thing you want most from life. Be sure it is worthy of your best; then see it, feel it, believe in it. Begin now to build for it, and success will be yours. As the years pass and your names are added to the list of successful men and women, Ottumwa High School may be justly proud of you, the Seniors of Nineteen Hundred and Twenty-Nine."

MARIE SCHICK,
Class Sponsor.

So "thee, blithe spirit" we honor and thank for your kind services through four happy years.

—The Class of '29

Memories of Twenty-nine

COMMENCEMENT SONG

OF THE
SENIOR CLASS

1929

Tune—"THE OLD REFRAIN"
FRITZ KREISLER

I.

*We'll often think of school
And Twenty-Nine,
When we are all alone,
Far on through time;
We'll sing an old refrain,
Of Twenty-Nine,
For it recalls to us our
High School days.
It takes us back again
To classes fair,
Where friendships grew
And ripened everywhere,
Our school day joys
Will ne'er come back again,
Except in fancy,
When the years are gone.
And in our hearts our song
Will ever ring,
And to those memories
We'll always cling,
We're never sad and lone
While on through time,
As long as we can sing,
O Twenty-Nine!*

Words—
ROSALIE ACKLEY

II.

*Though years have passed
And gone; O Twenty-Nine,
And though our hearts are
Young we're sad today,
Yet still the echoes ring;
O Twenty-Nine,
And dear old memories
For ever stay.
Our song can bring us
Visions full of light,
And sweetest dreams
Throughout the darkest night,
Of all that life can give,
That song is best,
We'll take it with us
When we go to rest.
And now at last our
Classes here are o'er,
T'will ring more sad
And lonely than before,
For as we leave we'll take
Our song sublime,
For always we shall sing,
O Twenty-Nine!*

FOOTBALL MEN IN ACTION

The Major Sports

Ottumwa, as a member of the Little Six Conference, plays its major jousts with Fairfield, Burlington, Washington, Muscatine, and Mt. Pleasant. Our school is well equipped with a ten-thousand dollar football field named for Walter Shaeffer, local football star, Chicago U. star, all American athlete, and a hero of the World War. Though football has not been as popular as the hard-floor game the following has not been small. The team this year played nine games, won three, lost four, and tied two.

HARRY E. WING, Head Coach

Basketball is without question the popular sport of O. H. S. with an expert coach, one who played the game as a star himself, having displayed his own technique in a marvelous team of two years. Last year they copped the state title and this year it took a championship team to edge them out in an overtime period.

The athletic division also boasts baseball, track, swimming, wrestling, and tumbling, and regular full day gymnasium schedules.

The "O" Club membership is comprised of those athletes who have won letters in the major sports. They serve as ushers at games; and help with the management of athletics.

It is one of the most desired memberships which boys may seek. The requirements are high and as a result the membership is small, creating this great desire for attainment in sports.

H. L. Trites, physical education director, is the sponsor of the club.

Physical Education

H. L. Trites, head of the physical educational department, was born in Moneton, New Brunswick, Canada, October 13, 1899. He came to the United States in 1910 and was naturalized in 1921 by a special war act. He graduated from Melrose High School, Melrose, Massachusetts.

He joined the Canadian forces of the World War in 1917. Due to his youth he could not serve. In 1918 he joined the American forces; did not get to go to France, but served the army in New Port, Virginia. Between the service in the two armies he attended Springfield College in Massachusetts and studied Physical Education for one semester. In 1919 he went to sea for two and a half years traveling in nine European countries, Panama Canal and the Hawaiian Islands. He returned to the United States and worked for the Plimpton Press, largest book binding press in the world. In 1922 he went to Des Moines and taught Physical Education there for five years. He received his degree in Physical Education in 1927. Last year he was the Physical Director at the Y. M. C. A. at Newton, Iowa.

Ottumwa feels fortunate in obtaining the services of Mr. Trites who already has built up a creditable gymnasium schedule. He assists Coach Wing in the football season; has charge of tumbling, which he organized, and helps with the athletic department in general.

William McNett, a senior, active in scholastic endeavors as well as organizations, a member of Torch Club, and a man popular in general with the

student body because of his genuine interest in athletics this year was appointed Student Manager of athletics by the Athletic Department and assisted Dick Evans, a member of the Student Council.

This position created recently in Ottumwa by necessity of not only contact with the student body, but by the actual growth of athletics has been one of real services and real work. Bud has attended every game, getting medical service for the members of the teams, gathering together the necessary athletic paraphernalia in preparation for trips, helping manage railroad accommodations and he

has generally managed the care of the armor of the Red and White warriors. It has not only been necessary that Bud attend the regular games but that he be present, and working at every practice. He was able to get hold of a "Baby Lincoln" in which he drayed the equipment for the various athletic endeavors to and from school.

Bud, graduating in June, causes the High School Athletic Department to lose a valuable man.

As the annual goes to press, it is just learned that Coach Harry Wing, newly elected Head Coach has resigned to accept a position in a personell department of a large firm in Cleveland, Ohio. We regret more deeply than printed words can say the loss of a popular Coach. However, we are glad that no other school gains from our loss.

We do, also, congratulate Coach Wing and take this opportunity to extend our sincere greetings and best wishes for a successful future.

Business Management

E. W. Tiede, loyal friend and ardent worker in every interest of Ottumwa High and Business Manager of the High School Athletics Department is gifted with that rare gift—personality—combined with good judgment—which go to make up a good business manager in any walk of life, and especially one which deals with student athletics.

When on the trips, the fellows always depended on him to bring them through all kinds of weather and trouble and to be on time for all the games and he never failed them.

For example, during the Cedar Rapids trip, when the bus stalled, as a token of the fellows' loyalty to him, some of them walked several miles after gasoline, which you who have had the same experience, know is no small task.

It also fell to his lot to pay the hotel bill and balance the books and to keep the team out of mischief while on trips, which he sometimes almost failed to do.

Associated with the school for more years than any senior can recall, yet young and enthusiastic with life, Mr. Tiede, favorite of the entire student body has conducted and been responsible for a most interesting list of pep chapels, wherein the students almost weekly have wondered at his repertory of jokes, rarely failing himself to appear to inspire the team and student body—and if so doing, he

substituted those who could next best help inject the necessary pep. To him every patron of Ottumwa High School attributes the greatest success of athletics—finances!

The High School building whose magnificence has become dimmed only by the close contact in the last six years should here be given a place worthy of mention. With a gymnasium, whose capacity is near 1000 spectators, and equipment lighting, floors and ventilation equal to any high school in the United States

and superior to any in the state, Ottumwa should henceforth lead schools of all sizes in intra-mural sports, at least. With a floor space accomodating two playing teams, or a multitude of gym classes in demonstration, and an uncramped beauty, the Ottumwa High School gymnasium has played its part in the remarkable development of championship athletes.

This year a new athletic program has been adopted by the Board of Education. No steps have been left unturned to make our school rank high in its athletic department. New equipment has been purchased in both gymnasiums and in all the locker rooms. A full force of instructors working full day schedule keep the building alive with all forms of physical education. The student body and faculty also work cooperatively and uniformly in this one endeavor, whether it be in boosting athletic events or in observing the strict attendance rules for advisees and all pupils.

Football Squad

On Schaeffer field early in September about sixty-five aspiring athletes clamored for position on the High School eleven. The squad was cut to forty-four and then divided into two groups termed A and B. These two groups practiced almost intact for the entire season. Next year there should be a creditable showing from the class B squad.

The football group reads from left to right, top to bottom:

George Krafka
Charles Anderson
Dick Ingersoll
Edward Johnson
Frances Kelter
Bruce Taylor
Billy Meier
Glen Ferguson
Art Johnson
Jim Deitch
Ralph Knox
James Higgins
Coach Harry Wing

Ed Keefe
McClellan Sheridan
Duane Fullmer
Charles Hand
Floyd DeHart
Woodrow Wilson
Ted Lewis
Floyd Orman
Lawrence Nelson
Dick Evans (Student Mgr.)
William McNett (Student Mgr.)
Harold McMann (Ass't Coach).
H. L. Trites (Ass't Coach).
Dick Davis
Henry Lyman
Charles Graham
Clifford Lathrop
John Harkins
Sam Clark, Captain
Harold Miller
Robert Warren
Edward Fulton
Wayne Crigler
Joe Traul
E. W. Tiede, Business Mgr.

SAM CLARK, Captain.

Sam engineered the heavy O. H. S. eleven through the mediocre season of nine games. Playing full games in nearly every skirmish he heaped laurels to his record in Letter Club work. Doing his best work in defending the red and white goal, and in passing above the muddy fields he helped consistently to maintain a batting average of victories for his school.

VINCENT KENNEDY—Right Guard.

Gleaned from the masses of the student body, short and stocky, but fast on his feet, Kennedy developed into one of our best guards of recent years. He was a hard man to take out on offense, and he could always do his share in piling up the defensive attack. Most of those who played against him respected him mightily afterwards. His record as a real sportsman has been kept clean.

WAYNE CRIGLER—Right Tackle.

A blonde Teuton—a scrapper who was never licked, played all year consistently and loyally. Especially faithful to practice he was one of the Coach's least worries. He gave all his available time to his job and before the season closed had become a tackle the enemy had reason to fear.

CHARLES GRAHAM—Right Tackle.

The Gene Tunny of the bull dog team, Chuck played a straight line-man's game—always in the midst of battle his team mates could hear his shouts of encouragement above the battle's din. Although an athlete of some ability, he ranks more as a versatile member of organizations, and deserves the title of an all-round man.

BOB ERSKINE—Left Guard.

High point man in letters, Erskine, termed "Man Mountain" by local sports writers, provided the stone in Ottumwa's defense wall with the fighter's bull dog spirit. Erskine plugged lines and guarded his opponents with sheer force. Not gaining sport page head lines he was a lineman to be reckoned and a dependable man for the coming year.

JOHN HARKINS—Center.

Always an accurate passer, he developed into a good defensive man before the season closed. No matter how far we were behind, he could always be depended on to play the best for his team. In the Cedar Rapids game he blocked a kick, a hard feat for a center, and helped Kennedy tie the otherwise lost game.

HENRY LYMAN—Right End.

Hank, (by choice), was a dependable fast and heady player. Outside of Captain Clark, who steered the good ship football, Hank probably knew more football than is generally found in the Middle West high school player. When dissensions hit the team, Lyman was hastily shifted from end to quarterback. There he continued to play his usual steady game and helped balance the team in the time of need. Beloved by schoolmates and envied by associated athletes, yet appreciated and respected, Hank leaves by the eight semester rule, the rank and file of high school athletes.

JOE TRAU—*Half Back.*

One of our best line plungers this year—Joe. He could always be depended upon to gain three or four yards when it was most needed. A hard fast back through the line meant he would spread havoc after the hole was made. Although Joe was subject somewhat to injuries through the season, he would never quit and it was sometimes doubtful in the Coach's mind whether he was really able to play or not.

EDWARD FULTON—*Half Back.*

Another scholastic man, Bub, played the game as he stacked his cards in the class room. A track man of some note his speed aided him materially in gaining ground by outrunning the opposing tackler. A good defensive man, he was especially good on defense, being speedy enough to knock the ball from the opponent's hand. In the Fairfield game he almost single handed had to break up the passing attack at which piece of clever work he showed real adeptness.

GLEN FERGUSON—*Tackle.*

Although a freshman by years his superior height and weight earned him a berth on the regular team. Although a sapling in the beginning, he bent well and grew into a firm plant for the bull dogs. His three years ahead of him with his dependability and obedience should give Ottumwa fans good prospects for the future.

HAROLD MILLER—*End.*

Of quiet unassuming personality, Harold was respected by all the team, as the most popular of the squad. Bit's of newspaper gave credit to dashes of brilliant playing in the fall games. He was remarkably fast—being a member of the track squad. Opposing ball toters found him hard to escape. A sure tackler, the team never worried about Harold's side of the line.

ROLAND FLETCHER—*Full Back.*

Better known to his team mates as "Waddy," this plucky player cinched the lime light more than Ottumwa's score showed. His educated toe spelled victory in the Washington game. Although the week before he had suffered injuries in an automobile accident, he was called from the sidelines to save the game. This injury forced him to lose much of the playing season, but toward the end he became one of our valued line plungers who will return another year to fulfill great expectations from fans.

ROBERT WARREN—*Full Back.*

Bob—noted to his team mates as "The Farmer"—though only a Sophomore he played full back for the Ottumwa team most of the year. Always steady and dependable, and of good football size, he was a glutton for practice, even working after the others had left to improve his kicking which aided Ottumwa materially in a good many of her games. The Cedar Rapids game he outpunted the opposing punter and probably gave us the tie by his extraordinary work because the field was wet and muddy which made going hard.

JOHN LOGAN—*Half Back.*

A Senior, playing his last year for O. H. S. Johnnie developed into a reliable "back." He could always be depended upon in an hour of need, which after all, is only the qualification of a real football player. He was a brilliant open field runner and a fine defensive man. He backed up the line in a magnificent style and many an opposing ball carrier has felt the force of his tackles.

Basketball

CAPTAIN HENRY LYMAN, —Guard.

One of the classiest guards Ottumwa fans have seen for years, Hank played a game consistent, flashy, and dependable. A fast dribbler; an accurate passer; a real team-mate; a successful leader and a level headed guard. A visiting referee in the sectional tournament saw Henry take the ball away from an opposing forward just before the opponent's hands closed on the ball, and said it was the fastest play he had ever seen from any high school player. A favorite among students, town fans and state athletic men, Ottumwa regrets that Hank has played his eighth semester.

DICK DAVIS—Forward.

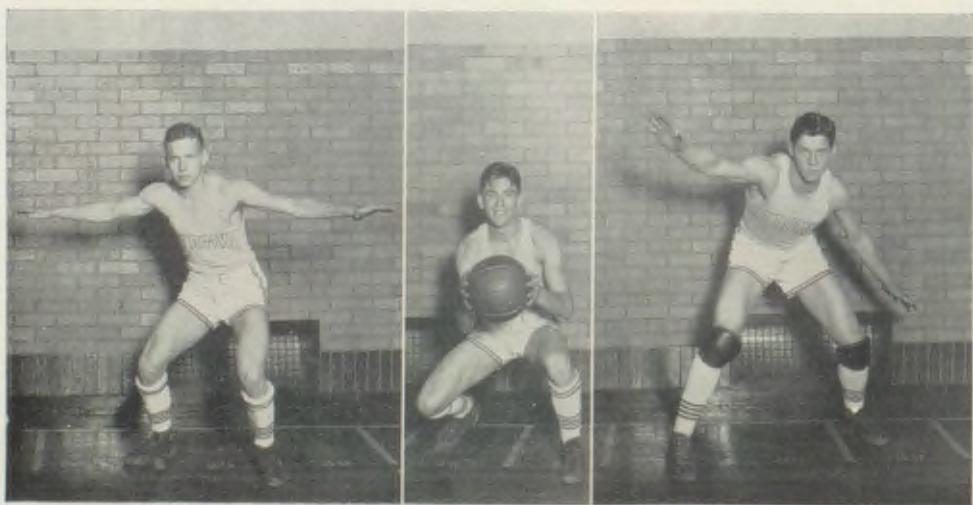

With a record surpassed by few, if any, Dick, in the tournament which brought the state championship to Ottumwa High School shot enough baskets to alone cancel the score of the final opponents. He was unanimously selected as all state forward. Although he had only one semester to play this year he helped his team retain unmarred leadership in the Little Six Conference. Although he only played one semester, at the end of the second semester he still led the scoring in the Little Six.

BOB ERSKINE—Center.

"Man Mountain," a term dubbed him by local sports writers has in itself the characteristics of this mighty player. He was chosen as all state guard both last year and this by the majority of sports writers throughout the state. Although shifted from guard position to center, he filled this position even better than he had the other. He aided the team materially in their close games where he could always be depended on to charge through the opposing team for one or two baskets. Although not such a good shot in the beginning Bob developed into a hard man to block and during the tournaments was high point man in almost every game.

DAN SHEA—Guard.

Popular with both student and town fans Dan played his first real basketball for Ottumwa this year. A hard fighter, he could take the hard knocks without flinching, which after all is one of the main characteristics which go to make up a real guard. He was a good shot. Few opposing forwards and centers were able to take the ball away from him under our basket. He worked smoothly and always seemed to fit in with the rest of the team and to be where he was needed at the right time.

Basketball

LAWRENCE FINDLAY—Forward.

He came in at Christmas to fill the shoes of Dick Davis, and you may be assured Hop had no easy task. Although not such a good eye for the basket his floor work and marvelous team play almost made up for the loss of Davis. Few opponents were ever able to dribble around him because of his quick charging tactics. Before playing interscholastic basketball this last semester, Hop had played a great deal of independent basketball and this no doubt helped him with the brilliant game which he was able to play. At Iowa City he made three free throws and his floor work was the nicest seen on the hardwood court.

SAM CLARK—Guard.

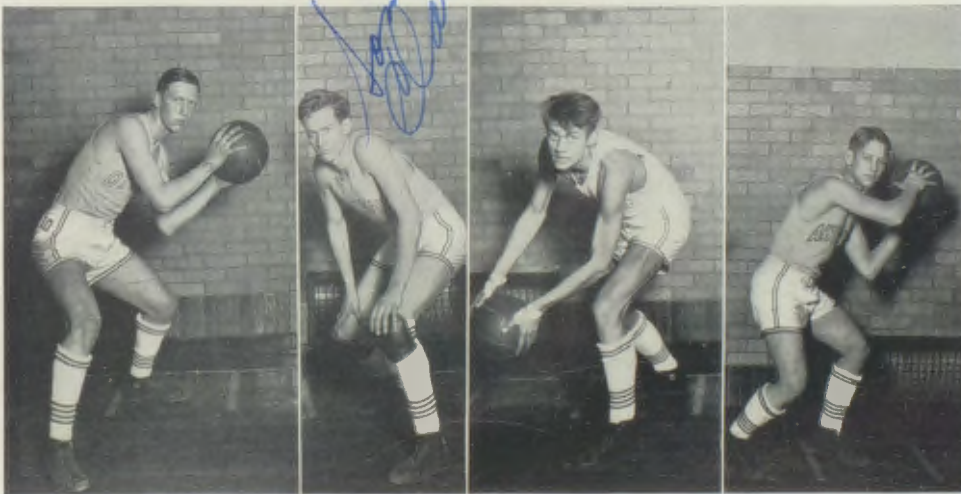

Sam started out this year as a reserve center. However, through careful practice and training, before the season was over he was state tournament material, and had broken into a regular place at guard. Sam was a good shot and a careful man on defense. He was never pulled out by the opposing forces for easy shots at the basket. His leadership, even though he was not captain helped to steady the team in tight games, which might have been lost, or at any rate harder, had it not been for his quiet encouragement and influence.

BURDETTE GREENMAN—Center.

Playing his last year for Ottumwa High he was unfortunate in having an all state man to compete against. However, whenever he entered a game Ottumwa could always be assured to control the tip-off. He practiced faithfully and it was mainly through him that Erskine developed into as capable a center as he did, for the leading sports writers say no man can develop unless he has someone hard to practice against. An all-round man in school activities one rarely finds a man so sincere in his athletic endeavors when so many other things could have occupied his time. We shall miss Bud next year.

BILLY MEIER—Forward.

Although only a sophomore, Billy, playing his first complete year for Ottumwa, was a flashy, consistent forward, a combination hard to find. He could always be depended upon for three or four baskets in a game. Although small he did not let his size handicap him, but used it to an advantage in slipping under the opposing hands for short shots at the basket which he rarely missed. He was a hard player which often caused him to foul, but he was considered one of our best men on the front line of our defense.

Basketball Squad

Harry Wing, monitor of one of the State's best fives, and head coach of athletics at Ottumwa High, came to this Athletic Department unexperienced save in college glory gained through competition on a team on which he starred. Building up a team which sports writers evade in their lime lighting columns, and whom when seen at the state joust, declared a dark horse team, returned to that same state tournament to lose only to a State Championship team—another dark horse, a feat unparalleled in the last fifteen years; and that of taking two consecutive teams to a State Tournament after having won the right through the district and sectional meets.

In two years this coach and this group of boys to whom all honor is due, have won the enviable record of

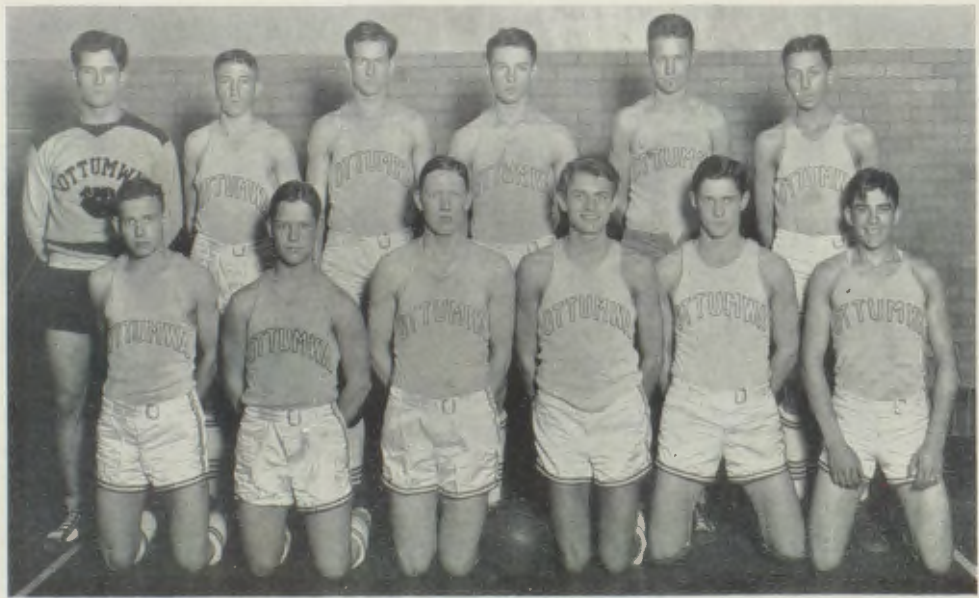

forty-three games won and two lost in two long basketball seasons. Ottumwa fans, loyal often as 1900 people in a 1900 capacity gymnasium could be, have helped put the Red and White colors on the map.

COACH WING

Not only Coach Wing but all the men on the faculty helped to make a remarkable basketball season of two years—the advertising, pep chapels, managing and planning, working with the temporary bleachers and all that has pertained to accomodating the large crowds have been in the hands of the men of the faculty. To make an already interesting season moreso, they even staged a mighty clever two game basketball season with Oskaloosa. Though they finished second, Ottumwa fans were behind them.

Coach WING GEORGE KRAKA SAM CLARK DAN SHEA MAX FISK HARVEY SOERENSEN
HENRY LYMAN BILLY MEIER LAWRENCE FINDLAY BURDETTE GREENMAN BOB ERSKINE DICK DAVIS

Minor Sports

TUMBLING

Tumbling introduced into the physical education department of Ottumwa High School, by H. L. Trites, head of this department is a relatively new intra-mural sport, as most of the fellows found who tried it. However, a good many aspirants tried out and the tumbling class which meets after school hours has increased in favor and popularity. There are a number of things to be considered in tumbling. It may seem very simple to the casual onlooker to see a youth vault backwards over a wooden horse but in reality it is a very difficult thing to do and takes several weeks of practice and preparation. Even then there are few who ever master it completely. The tumblers have performed several times in chapel and between halves at basketball games and on the night of the famous faculty game, they gave the most complete demonstration. They have been well received by both the student body and spectators at large. It requires no little effort to build a pyramid or to walk on one's hands, or even walk across the floor with some other fellow using one for a wheelbarrow. It is only through earnest endeavor that one becomes proficient in this branch of recreation.

Those participating in tumbling events this year are

John Sheppard, Ted Eaton, Lawrence Ellis, Charles Hand, Harold Reeves, Ted Lewis, William Albright, Arthur Banks, Duane Fullmer, Donald Hicks, Merle Wilson, Albert Stice.

WRESTLING

Though called a minor sport there are plaques in the trophy cases which remind us that in former days not so long distant, wrestling was more of a competitive sport. However, in Ottumwa High, due to the growth of basketball and football in popu-

larity, wrestling has nearly faded away in to past annals.

Last year we entered the wrestling meet at Ames on February 18, with the following entries:

Harold Reeves, 95 pounds; Clem Edmonson, 105 pounds; Sam Erhardt, 115 pounds; Edgar Lovell, 135 pounds; Gerald Lawson, 145 pounds.

Keen competition placed Reeves and Lawson in the semi-finals. This was one of our meets which Ottumwa entered last year.

Wrestling does not seem so very important to most people although in reality it is quite a difficult sport. It takes a fast, strong, agile man to overcome an opponent in this sport. There are long hours of ardent practice and a great deal of necessary training to go through. It is in reality more of a grind than the average person thinks. To see a wrestler struggle on the mat may not seem so difficult for the man to overcome his opponent but in reality there are as many tricks to this sport as there are in Basketball and Football. In many ways it gives keen competition and Ottumwa regrets to see it fade from the annals of our athletic roster.

Mr. H. L. Trites, gymnasium instructor, has popularized these minor sports, thus helping to develop more boys than are usually developed in the two major sports, basketball and football. His gymnasium classes have also increased in interest because of the fascination of these newly introduced sports. There are fewer "cut" classes now, and a greater athletic interest, than has ever been heretofore displayed.

No diploma is granted to a boy without at least eight semesters of physical education.

C. P. Co.

Baseball

Baseball, although a major sport to the rank and file of the American people, has heretofore received little notice in our high school. However, due to the fact that Coach Harry Wing, after his successful basketball season had little to do, as usual turned himself energetically to seek a new field of sport for O. H. S. fans. Being a player of no small ability himself he loved the game and determined to create an interest in it in High School circles. In this he was successful and turned out one of the best teams among amateurs in this part of the country.

Ottumwa met Troy twice, and won by a safe score. By superior pitching and batting when they grew to be enough of a club Coach Wing decided to take the nine to the High School Baseball tournament at New Sharon May 11. In this tournament they were successful in beating New

Sharon 14 to 4 in the first game in which Ottumwa starred. The second game was lost to Montezuma 4 to 3 in a hard fought battle, in which Leo Sedore, former football center was the star of the encounter. This year due to different arrangements in the athletic department it has been decided that Coach Wing's time is too well taken with track and spring football to coach the diamond nine, so baseball in Ottumwa High will along with the City League go into the pages of history.

Members of the squad were:

Joe Traul, Catcher; Kenneth Davis, Pitcher; Alvin Ross, Left Field; Gerald Lawson, Utility Man; Harold McMann, Short Stop; Leo Sedore, First Base; Pat Orman, Third Base; George Krafka, Left Field; Edgar Lovell, Right Field; Bernard O'Toole, Second Base; Phil Horan, Center Field.

The Track Squad

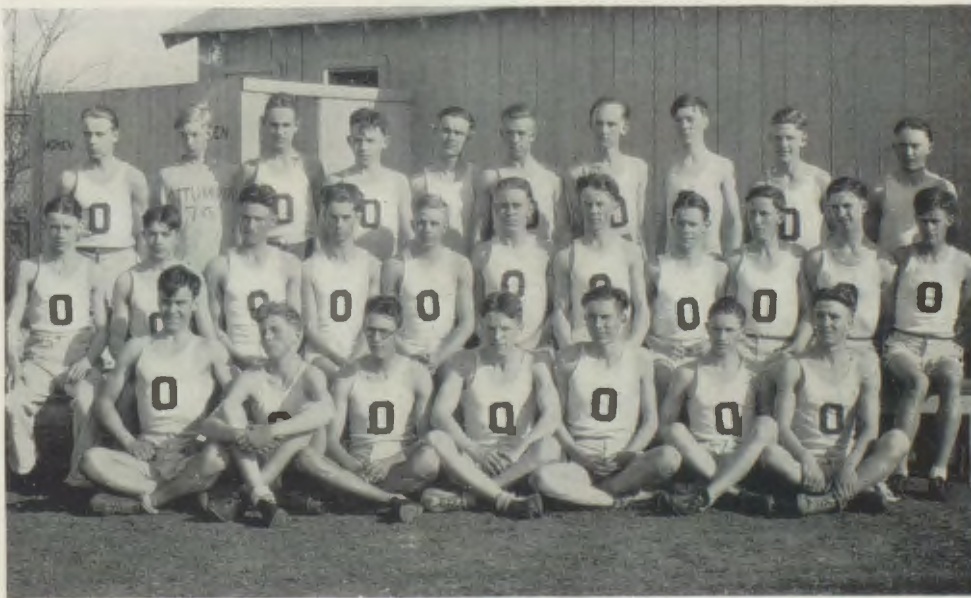

Despite the popularity of the major sports of Ottumwa High, track has come in for its own to a great extent.

Those who are on the track squad are from left to right and from top to bottom:

Edmund, Criley, Pohlson, Wilson, Fletcher, Stober, Olney, Murphy, Don Curtis, Knox, Clawson, Greer, Miller, Johnson, Jay, Edmund, Fulton, Morrell, Tharp, Montgomery, Hand, Celania, Mahon, Hand, Graham, Robinson, Meyers, Erhardt.

Last year O. H. S. even went so far as to go in for indoor track and sent a team composed of Fulton, Johnson, Carson, Edmund, Myers, Jay, Morrell, Olney and Miller to the

Indoor Scholastic Track Meet at Iowa City February 23. This team placed fourth among many of the important mid-western high schools. Oak Park, Illinois, Davenport, and Cedar Rapids finished in the first three places in the order named. Ottumwa stood second in the two mile relay and received medals for this accomplishment. The first outdoor track in the spring was the Penn relays in Oskaloosa, April 21. They placed second at Osky, scoring two firsts in five relay events. Fulton, Hand, and Miller won the sprint medley and Johnson, Gray, Fulton and Edmund established a record of one minute and 38.4 seconds in the half mile relay. April 27 and April 28 O. H. S. entered the Drake relays but did not place.

The Track Team

The track team consists of, left to right:

Birney Hand, Edward Johnson, Edwin Fulton, Harold Miller, John Morrell, Captain, Rudolph Edmund, Edward Johnson, Edwin Fulton and Dave Jay.

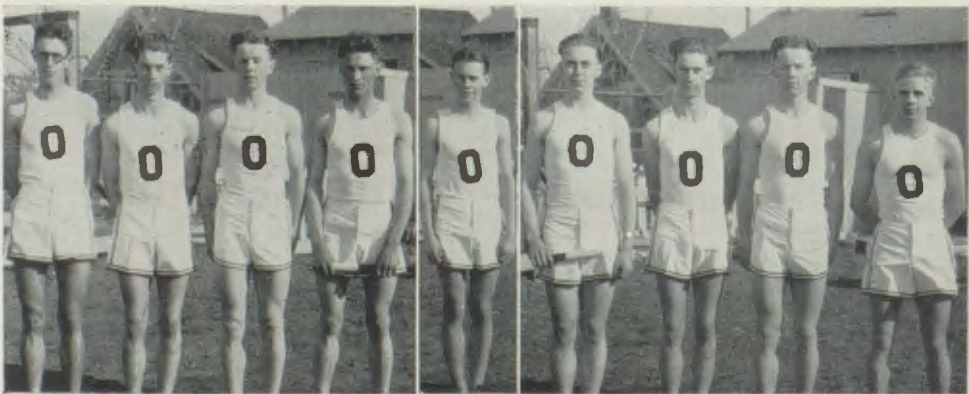

On May 5th the team entered the meet at Eldon receiving a second to Centerville. Fulton won the one hundred dash. Edmund, the two hundred dash and the four hundred and forty yard dash. Red and White carried off the honors in the eight hundred and eighty yard relay, Johnson, Jay, Fulton and Edmund participating.

May 12th the team journeyed to Burlington for the Little Six meet and placed third, Washington and Burlington placing ahead of Ottumwa. The eight hundred and eighty yard dash was won by Miller in two min-

utes and 7.6 seconds for a Little Six record. The four hundred and forty yard dash went to Edmund in the time of 52.9 seconds which tied the Little Six record. The eight hundred and eighty yard relay went to Ottumwa for another Little Six record, one minute and thirty-seven seconds. Johnson, Jay, Fulton and Edmund comprised the team.

May 19th the sectional meet was held at Fairfield, placing third with Washington and Burlington again placing ahead. Carson tied for high jump at five feet and nine inches. We again won the eight hundred and eighty yard relay with time of one minute and 36.5 seconds, beating the Little Six record in the same event.

Letters of achievement were awarded to Edmund, Jay, Fulton, Myers, Celania, Miller, Johnson, Carson and Hand.

Girls' Athletics

*"Biggest and best high school in the State.
The history of the town seemed ever new;*

Girls' Athletics

The Girls' Athletic Association of Ottumwa High School is a club organized for the purpose of promoting and standardizing ideals of health and sportsmanship and stimulating an interest in athletics for girls.

This club was first organized in the spring of 1926. The first officers were Jean McMinn, Lola Bolin, Greta Zaffle, Dorothy Dietch, Hazel Criley and Ruth Bright, Faculty Advisers Miss Hazel Orth and Miss Maude Norris. The club now has a membership of about fifty. Any girl can become a member by signing up for some sport or outside activity. In order to retain membership she must make one hundred points in athletics each semester. She will be initiated upon completion of first one-hundred points. If she fails to make the one-hundred points in any successive semester she loses membership and voting privileges for one semester.

There is no official G. A. A. pin but a red felt triangular emblem with G. A. A. in white is awarded.

The point system by which a girl may earn her letter is, briefly;—

1. Attendance for basketball, baseball and volleyball practice (12 out of 16), 50 points.
2. Making Class team, 25 points.
3. Keeping training six weeks, 50 points. Twelve weeks, 100 points.
1. In bed by 10:00.
2. Nothing between meals except fresh fruit and milk.

3. No pie, cake, or candy, (candy after meals is allowed).
4. Five glasses of water during day.
5. Physical examination.
6. Wear sensible shoes to school.
4. Teach and report games, 50 points.
5. Teach and report Folk dances, 50 points.
6. Make Shark Club, 100 points.
7. Pass Life Saving Test, 100 points.
8. Hiking fifty miles, 50 points.
9. Coasting 10 hours, 25 points.
10. Skating, ice and roller, 10 hours, 25 points.
11. Tennis, 10 hours, 25 points.
12. Horse back, 10 hours, 25 points.

Hiking, games, tennis, coasting and skating can be doubled in each semester.

For each one-hundred points in any one activity a girl may get a bronze bar. Five bars gives a girl the top pin—one thousand points or ten bars gives a girl her "O", and she is then a member of the "Girl's "O" Club.

Miss Alberdine Jontry who came to Ottumwa High School two years ago is head of the gymnasium schedule for girls, and supervisor of grade work. Miss Jontry assists with the "O" club; G. A. A. and other athletic endeavors for high school girls.

Girls' "O" Club

The membership in Girls' "O" Club is the highest honor to be attained in Girls' Athletics. The Club was first organized under supervision of Miss Maude Norris in 1925. The charter members were:

Ruth Baum, "Bum."
Theodora Stoessel, "Ted."
Grace Irwin, "Irwin."
Dorothy Kling, "Kling."
Lucy Wilson, "Luce."
Hazel Bolar, "Hib."
Alice Edgington, "Al."
Edith Wilson, "Ede."

These girls won their letter participating in girls' basketball. They were Southeastern champs. When Miss Norris came she instituted the G. A. A. point system which has been used ever since that time.

The present members are:

VIRGINIA SEUCHTING—*President.*
MADGE SHIELDS—*Vice President.*
BILL REAM—*Secretary.*
AL MORRISON—*Treasurer.*

Helen Ream, Violet Ayers, Mary Ruth Gookin, Cecile Wooley, Helen Knight, Mary Weigner.

The alumnae got together for their

first reunion Christmas vacation 1928. This is to be planned as an annual affair.

The alumnae are:

Ruth Baum, Ted Stoessel, Alice Edgington Matheny, Edith Wilson Hoskinson, Dorothy Kling, Lucy Wilson, Hazel Baker, Peg Stoessel, Niel Baum, Dorothy Kalen, Gertrude Zaffle, Jean McMinn, Gertrude Tyler Kistner, Ivyle Peck, Dorothy Peck, Louise Seuchting, Helen Ream, Helen Wilford, Louise Findlay, Martha Swenson, Edith Millisack, Elaine Townsend, Florence Mallonee, Hazel Criley, Greta Zaffle, Doris Kling, Dolores Meagher, Lola Bolin, Bill Ream, Virginia Seuchting, Alice Morrison, Cecile Wooley, Violet Ayers, Mary Weigner, Mary Ruth Gookin, Madge Shields, Helen Knight,.

Honorary members:

Mrs. Lois King Ward, Miss Maude Norris, Miss Alberdine Jontry, Miss Hazel Orth.

Inactive members:

Charlotte Kittredge, Marcella Henkes.

Swimming as a Sport

Many men of today look back with pleasure to the joys of the old swimming hole, but in the present age, what was once just the amusement of vacation days is now a part of the public school curriculum. Knowing how to swim is considered part of a youth's education, and being able to save another from drowning is a desirable addition of his acquirements.

To meet the requirements of the state, which stipulates compulsory physical education, the Ottumwa High School provides a gymnasium and a swimming pool. The pool is constructed according to the latest scientific principles. To insure clean water, a filter is in constant operation; and to destroy any bacteria that may enter chlorine is percolated through the water. All swimmers are required to take a shower bath before entering the pool, and all the bathing suits are disinfected and hung in a special drying room each time after they are used. No one with a contagious or infectious disease is permitted to use the pool.

The required swimming includes the crawl stroke, the side stroke, the back stroke and the breast stroke. Diving includes the plain front dive, the racing dive, and the surface dive. To those interested in fancy diving, an opportunity is afforded to practice the dives used in competition. All are given instruction in life saving,

and those who are particularly fitted are given the Red Cross Life Saving examinations. The girls' swimming classes have almost doubled in number in the last three years jumping from one hundred and fifty to slightly over three hundred in that time.

Physical Education in some form is required of all girls. The first semester gymnasium is required for postural training, after that time the swimming may be elected by the girls.

The beginning classes are large and very enthusiastic. The enthusiasm is carried over in the majority of cases into advanced instruction.

Beginners are taught proper breathing face and back front, back stroke, preliminary crawl, and elementary diving. When they are able to swim across the pool they are given deep water tests, including submersion, floating, diving and treading.

Intermediates are reviewed on the beginning and they continue with advanced strokes and diving.

Advanced swimmers perfect their swimming and diving from working into more complex dives.

Mr. A. H. Johnson and Miss Hazel Orth are respective instructors for boys' and girls' swimming classes and are much interested in this sport.

Life Saving Club

OFFICERS

President—MAYNARD WRIGHT.

Vice President—HELEN REAM.

Secretary—ORVILLE COX.

Treasurer—MARCELLA HENKES.

Life Saving Club was organized in 1927 to promote an interest in Life Saving and to give those who have passed Red Cross Tests a chance to practice latest methods.

Membership is open to any boy or girl who passes Junior or Senior Life Saving tests put out by the American Red Cross Life Saving Organization.

The tests include:

1. Breaking four strangle holds.
 - a. Front.
 - b. Back.
 - c. Double wrist.
 - d. Two people apart.
2. Carries:
 - a. Cross chest.
 - b. Head tow on hair.
 - c. Double arm lock.
 - d. Tired swimmer.

3. Approaches:
 - a. Underwater — front and rear.
4. Retrieving ten pound weight three times in succession from nine feet of water—a person, once.
5. Removing shoes, hose, middy and skirt or trousers in water—swim one hundred yards.
6. Swim one-fourth mile.
7. Artificial respiration, (Shaef-fer prone pressure method).

The members are from left to right:

Charles hand, Max Packwood, Maynard Wright, John Walters, Albert Blennis, Bob Sherman, George Krafka, Orville Cox, Howard Peterson, Ben Styre, Harold Downing, Bernard Pohlson, Helen Ream, Helen Howell, Marcella Henkes, Gretchen Grotz, Frances Gilmore, Charlotte Kittredge, Richard Kight, Bernard Ferguson, Harold Reeves, Phil Davies, Melvin Carr, Eugene Krafka, Phil Porter, and Robert Wood.

Shark Club

The Shark Club is an organization for girls interested in advanced swimming. The entrance requirements are:

Swim length of pool, 60 ft.

Swim three lengths of pool for form.

Plain dive off board.

Tread water one minute.

During the semester after a girl has passed entrance tests she is required to pass certain requirements in speed, form, diving and endurance totaling fifty points with at least five points in each class. If she passes these tests she is then a "Shark" and receives 100 points toward her "O."

The tests include form swimming of all strokes, side crawl, racing back, trudgeon; English overarm; swan, jack, back jack, and back dives; front and back flip, etc; endurance, plunges, under water swimming and a mile swim free style (88 lengths of pool); speed crawl and breast 20 yard, 50 yard and 220 yard and 440.

National Honor Society

of Secondary Schools

CHARTER

TORCH CLUB, OTTUMWA HIGH SCHOOL
OTTUMWA, IOWA

Know all men by these presents, that whereas, character, scholarship, leadership and service are cardinal qualities worthy of encouragement in all schools, therefore the National Honor Society of Secondary Schools gives, grants, and delegates through the authority of this Charter the right, privilege and power to establish con-

duct, and administer the—Torch Club—as a local chapter of the National Honor Society of Secondary Schools.

This charter, number 155, is given and guaranteed this twenty-second day of August, nineteen hundred twenty-four by the National Council whose signatures are affixed below.

HISTORY

It was the feeling from all sections to emphasize scholarship that prompted the organization of the National Honor Society. In drawing up the constitution the committee was faced with the necessity of providing an organization broad enough to meet all of the varying needs of these numerous societies. Scholarship only, seemed too narrow; this was the opinion of some persons who had experience with societies where scholarship is the only standard of membership. On the other hand, there was great danger of according too little recognition to scholarship. After considerable discussion the committee fixed upon character, leadership, scholarship, and service as the fundamental virtues most useful to society and therefore most worthy of encouragement.

"The emblem of this society is the keystone and flaming torch. The keystone bears at its base the

McCall's

letters--S. L. C. and S. which stand for the four cardinal principles of its organization; scholarship, leadership, character, and service. As the keystone is placed by the builder to hold the perfect arch in perpetual stability, so the structure of our education must be held firm and true to the purposes of life by the virtues represented in this symbol. Scholarship is the power of the mind to dispel ignorance and superstition through scientific investigation of truth; Leadership is the power of personality that blazes the trail for man's upward climb; Character, the composite of all the common virtues, sets the seal of righteousness upon our every endeavor; while Service is the beginning and end of our education, the altar of altruism from which God's blessing to man have been vouchsafed. Thus the keystone symbolizes the high ideals of our Society."

CARDINAL PRINCIPLES

SERVICE

a. A willingness to render cheerfully and enthusiastically any service to the school whenever called upon.

b. A willingness to do thoroughly any assigned service in school procedure or student government.

c. A readiness to show courtesy to visitors by acting as guide, acting as big brother or sister to underclassmen.

d. A willingness to offer oneself as a representative of his class or school in interclass or interscholastic competition.

e. A willingness to uphold scholarship and maintain a loyal school attitude.

f. A willingness to render any other worth while service to the school or through the school to the community.

LEADERSHIP

a. Demonstrating a degree of initiative in the

classroom activities which leads to higher scholarship for all.

b. Showing initiative in promoting any high school activity.

c. Exerting a type of leadership which actively and wholesomely influences toward a fine leadership.

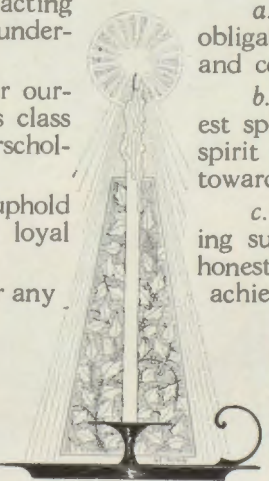

CHARACTER

a. By meeting his individual obligations to the school promptly and completely.

b. By demonstrating an honest spirit in his class work, and a spirit of cordiality and sincerity toward his teachers.

c. By constantly demonstrating such qualities of personality, honesty, reliability, promptness, achievement, and morality as are indispensable to the finest young manhood and womanhood.

SCHOLARSHIP—a. Student must be in the upper one-fourth of his class.

Student Council

Eight years ago the Student Council was organized by J. H. Breneman, principal of Ottumwa High School. The student body had no idea of self-government whatsoever. The first year was spent in getting the student body back of the project or preparing the ground for the seed that was to be sown. It existed in name only.

The first working Council was supervised by Miss Rose S. Miller in 1922. The Council was slow to gain a foothold with the student body; although they were in favor of a Council they did not respect the authority of the Council until they realized that their action was final.

The first real project of the Council was the lawn project. Clair Grooms, football captain and member of the Council was appointed Commissioner of the Lawn by John Warren, President of the Council. The Council members soon changed the attitude of resentment to one of admiration for their work. Although students had crossed the lawn for years, the situation was conquered. Maintaining order in the Cafeteria was also entrusted to members of the Council.

In 1922 and 1923, the Council was presided over by Jack Harris. The Library was the big project undertaken this year. A campaign to keep lockers locked was also waged. During the second semester Emerson Brooks was president.

Monitors were placed in the Halls, and the Honor Roll was in-

stituted by the Council of 1924-1925, when William Brunk was president.

Wallace Harper was chosen president the next year. During his reign, meetings were held during advisory period; passing period was changed from three to four minutes, the first Honor Roll party was held, and the famous mock trial was given High School Night.

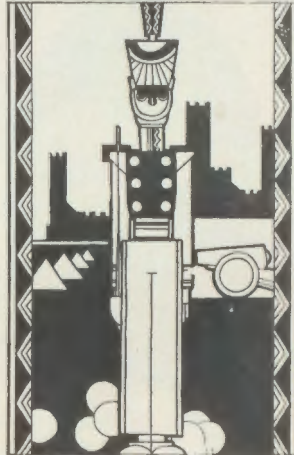

Bailey Webber in 1926-1927 officiated as president. The Council conducted Open House Night for the first time and established the Check Room. A special campaign on "Order in

the Halls" and "Keep to the Right" was waged.

Last year John Lowenberg was elected President. The big project during the year was the establishment of the Lost and Found Department.

This year the Student Council under the administration of John Mahon has established the Information Bureau and Visitor's Pass System as a courtesy and aid to the visitors of Ottumwa High School. Probably their greatest project, however, was the sponsoring of the Club Room, a room for the purpose of entertaining visiting debate teams, declamatory contestants, various committee meetings, and O. H. S. Clubs at night. The Council was given a party to Honor Roll members each semester to encourage high grades and to reward high grades already attained.

The Council has proven its own value in High School life, and has become a necessity for improving the welfare of the school!

C. P. Co.

Student Council

The strongest personality in the Student Council—Rose S. Miller—who for almost seven years has given her untiring efforts to further the every project of the Council. She is responsible for the place that the Student Council holds in our school life today. The growth of the feeling of admiration and respect for the Council from the disrespect and disregard to the Council in its beginning may be attributed to Miss Miller who has so wisely steered the Council ship. Her diligence, intense interest, patience, fair judgment and her sweet and kindly disposition have won the admiration and respect of the whole student body and faculty alike and a place in the hearts of all who have felt her personality.

"We give everybody a square deal" has been the motto of the Student Council Court this year. Probably some student who has come under the jurisdiction of the Court has felt that the Court has failed to live up to its motto, yet the Court has endeavored always to administer a "square deal". They have tried to place personal feeling in the background and consider only the merits and faults of the case remembering all the while that it is only human to err. Members of the Student Council have been taken before the Court and pronounced guilty, with a sentence accompanying this verdict given in the same unprejudiced light.

The S. C. Reserves are the Policemen of the school. They are responsible for law and order in the school. It is their duty to turn anyone violat-

ing the rules of the Student Council or defying the Reserve's authority over to the jurisdiction of the Court. Let us pretend that John Doe, a Junior in High School, comes past a Monitor in the middle of the period to get to his locker. He has no pink slip, and refuses to get one upon the request of the Council's "policeman." John Doe's name and offense are reported to the Commissioner of Halls by the Reserve. This report is placed upon the docket to await its turn in the next session of the Court.

At this time he is called from his Classroom by the Clerk of the Court. His offense is stated to him by the Judge of the Court. John admits that he did go to his locker without a pink slip, but he had just come from gym and he didn't think he had to have a pink slip. John is only a typical example of the Court's cases. He did not realize that he was committing an offense. He knew that he should have had a pink slip. Yet he felt that the Reserve should know that he wouldn't steal anything. Yet probably that afternoon a case of stealing was reported in that corridor of lockers. John Doe is the only man who has been in the Halls that period without a pink slip. He is immediately suspected.

The sentence that the Court inflicts is probably useless in most cases. The offender soon realizes his mistake and repents. Very seldom does the Court try an offender for a second offense, yet a sentence seems the only way to establish the authority of the Council in maintaining law and order.

Student Council Reserves

The policemen of the High School are the Student Council Reserves, representatives elected by the student body for the purpose of maintaining law and order in the building.

These Reserves are elected from advisory groups, the number of each group depending upon the Class Year. Each Freshman group is only allowed one representative, each Sophomore group two, each Junior group four, and each Senior group five. These reserves are elected each semester.

Those Reserves who have served and are not in the picture are:

Glen Olney, Barbara Albert, Bertha Dimmitt, Doris Alderdice, Wilbur Albright, Mary Louise Bartlett, Leona Rowe, Helen Ream, Sylvia Scharf, Hazel Gale, Charles Elliot, Burdette Greenman, Betty Waters, Virginia Suechting, Cecil Burns, Veona Cook, John Logan, Rex McMinn, Leslie Manns, Myron La

Point, Mary Hull, Bill Jolley, Gretchen Hayes, Marjorie Peck, Emma Hall, Hazel Doll, Ava Steel, Raymond Carlson, Bruce Taylor, Theo Stodghill, Elizabeth Simpson, Bob Ferry, Ruth Fritch, Vincent Kennedy, Bernard Huston, Lester Jackson, Howard Moore, Grace Miller, Robert Peterson, Martha Giltner, Bob Funk, Lester Hallgren, Mabel Rosetta, Dixie Robey, Madge Shields, Juanita Van Kirk, Bessie Barmash, May Boxx, Jess Allred, Henry Lyman, Warren Lewis, Johnine Schockley, Bob Warren, Louise Wood, Mary L. Williams, Kathryn Sorenson, Greenleaf Merrill, Myron McCaughey, Wilberta Cook, Richard Murphy, Henry Clawson, Russell Hunt, Virginia Hecker, Roberta Burns, Henry Bashore, Marlyn Greenup, John Moon, Cleta Ross, Ted Eaton, Zella Beck, Lorene Craft, Shirley Ayers, Virginia Dunning, Nellie Wienger, Eileen Gilmore, Maxine Pohlson, Lawrence Peppers, Benjamin Skinner.

Librarians

The O. H. S. Library has served a vast number of students this year. There have been approximately 11,000 calls in the year of '28 and '29. Students have found that it contains a wealth of reference material and also a large number of current magazines. The magazines cover such fields as English, drama, history, nature, science, music and current topics.

Within the first semester approximately \$400 were spent in purchasing material for the library. A set of Britannia encyclopedias and seventy-five new books were added to the list of books making over 2,200 volumes.

A card catalog was started the second semester, which will prove a valuable aid to students. It is like catalogs in public libraries.

Clippings of new topics and collections of pictures were started.

Twelve students assist in the library, each working one period a day as well as noon, before and after school.

First period—Helen Dexter.
Second period—Paul Mathew.
Third period—Lawrence Johnson.
Fourth period—Blanche Moffet, Frank Hyatt.

Noon—Lila Ann Norman.
Fifth period—Orvetta Mills, Elizabeth Simpson.
Sixth period—Alice Morrison Bui Nita Martin.
Seventh period—L a v a n a Best, Russell Hunt.
Eighth period—Lila Ann Norman, Edyth Gallispie.

The rules which are listed below make the material available to more students than in the previous years.

- I. Books for one period—Magazines, encyclopedias, books of one copy, books on reserve.
- II. Books for one day—Books of several copies.
- III. Books for one week—Fiction, biographies.
- IV. Any book except encyclopedias may be taken out of the library after school, providing they are returned before school next morning.
- V. There is a fine of two cents a day for books that are kept over time.

Argus News

The Argus News staff is selected from the students of the Journalism classes. Those who show ability in some particular phase of journalistic work are appointed to suitable positions on the paper, where they are encouraged to develop their literary talents. The experience of working on a real news sheet is of great value to students who aspire to be journalists. The members of the staff are not confined to their own particular department, but are often expected to aid in other types of work on the paper.

The Argus News has a large circulation and carries on an exchange with about sixty schools. During the past year a new system of circulation within the school has been introduced. Each subscriber is given a small card, which he must present in order to receive his copy of the paper, and which is punched each time. This method has simplified the problems of distribution to the large number of subscribers within the school.

Under the influence of the staff advertisers, the Journalism students have been encouraged to write more original feature material; several members of the staff have proved themselves deserving of much credit, by their endeavors in this line, and the general content of the feature page has been noticeably improved.

The Argus News staff has been trained to procure interviews and to write them up in a manner that appeals to the average High School student. Both the St. Patrick's Day issue and the Easter edition contained a number of interviews which were

instructive and most interesting. The citizens of Ottumwa have cooperated with the young journalists by kindly granting interviews to the staff reporters.

The Argus News sent delegates to both the Iowa City and Grinnell Journalistic conventions.

In the former meeting, Wm. Hunt, Jr. won first prize in the news writing contest, competing against representatives from a large number of schools, and Chauncey Fay placed in the editorial competition.

The characteristics of the good journalist have been pointed out to the staff, and the students have grown to realize that a true newspaper man must always be able to verify the statements in all the news stories he writes, and should show impartiality at all times. Mr. Tillotson, the printer of the Argus News, addressed the second semester staff on this subject, and commented upon the improvement in the general makeup of the paper.

The editorial page, during the last year, has broadened into news fields. A "Who's Who" column has appeared in this section and a column known as "The Inquiring Reporter" has been established as a regular feature. A number of aspiring poets in our own High School have contributed to the "Verse and Worse" section and a considerable number have displayed remarkable ability in this type of writing. The editorials have shown thought and care in their preparation, and among them, there have been a number that discussed undesirable phases of high school life and the possible remedies.

1929 ARGUS ANNUAL STAFF

Argus Annual

STAFF OF 1929

Editor—ROSALIE ACKLEY.
Business Manager—HAZEL BECK.
Advertising Manager—
FRANCIS CAWLEY.
Art Editor—LEONA ROWE.

Adviser—ABBIE R. JACOBS.

The Argus Annual

The 1929 Argus Annual Staff was elected in April 1928. All summer and all year, those who had regular positions on the staff worked hours each day to strive for an all-American book. The greatest honor to our book is the honor that Hazel Beck and Rosalie Ackley are the two highest in their graduating class and are Business Manager and Editor respectively. Contrary to many staffs this staff practically 100 per cent worked consistently and well to make this \$3000

project one which the student body should admire and respect.

Perhaps the one person actually responsible for the success of the 1929 Annual is its faculty adviser—Mrs. McDermott.

Without her untiring efforts the staff would not have inspiration to carry on the work that has been allotted to them. The annual would not be the pride of the Senior class. Those who come in contact with Mrs. McDermott appreciate greatly the work she is always willing to do.

APPRECIATION

TO

LOREN CHISMAN—O. H. S. alumnus, and generous and efficient photographer of our book.

THE OTTUMWA STAMP WORKS—for their kind considerations, accommodations and excellent shop work.

THE S. K. SMITH CO.—for their lovely covers.

The Student Body who has helped make our record circulation possible.

AL EFFNER OF THE COURIER—who so generously gave us publicity.

THE McCALL'S MAGAZINE—for their wonderful kindness in letting us use the little cuts in our book.

The 1928 book placed a first class Honor Rating in the All-American contest last June. From each artistic division and clever sub-division page there beamed the countenance of real representative High School people and which entitled the theme "Familiar Faces."

GENEVIEVE McDERMOTT
Adviser

APPRECIATION

TO

BERTHA MOREY—for her artistic, generous interest in our book, and her lovely photographs.

L. D. RAMBEAU—of Jahn & Ollier Engraving Co. for his voluminous correspondence, kind help and intrinsic advice.

EVERETT R. FISHER—whose patience made our printed pages more lovely.

Prin F. W. DOUMA—for his enthusiasm, cooperation, patience, and trust in us

THE LADIES HOME JOURNAL of the CURTIS PUBLISHING Co. for their kindly interest in our book and for the use of some clever cuts.

The 1929 book which has increased in circulation to 100 percent of the student body, is a worthwhile endeavor this year. It has given to the community that feeling of loyalty that the student has for the home, mother, and the school. The theme this year is really summed up in "Familiar Places."

Musical Performances

The orchestra has made several public appearances. They played special music for the Dramatic Club plays "Beau Brummell" and "A Beggar on Horseback." They also appeared on the program at the Spring Musicale April 5th in several selections.

Our band helped always at the football and basketball games by playing their snappy marches. They made a wonderful appearance in the Armistice Day parade. The Band also played in the Spring Musicale April 5th.

The High School orchestra under the direction of Cleveland Dayton went to Fairfield March 29, 1929 to compete in the district orchestra contest. The selections that were required were the "Allegro" from Mozart's twelfth Symphony and "The Ethiopian Dance." They played one other selection, "Reve Angelique."

The Band also went to Fairfield March 29, 1929. The selections they were required to play were The Overture "Findlandia" and the paraphrase "Die Loreley." They were also allowed to play another selection which was "Simplicity."

There were also three soloists from our high school competing in the respective fields. John Dunning, accompanied by Helen Louise McElroy, played "Romance for Flute." Orville Cox also accompanied by Miss McElroy played a Baritone solo, "Marguerite Polka." Frank Melcher, accompan-

ied by Willa Mae Vinson played the "Grenadere."

Dora Mae Randall, an O. H. S. senior, won first place at the District Musical Meet. She shows unusual musical ability, possessing a rare alto voice. At graduation Dora Mae plans to leave for Denver, Colo., where she expects to study further in music and voice culture.

The Glee Clubs under the direction of Mrs. Ethel Phillips have made numerous appearances.

Speech Department

Some one has said that one way to reform the world would be to inculcate good habits of speech in every person. Few people realize the simple truth back of this statement.

Do you know that one of the chief causes of irritation and dislike in modern society is an unpleasant voice quality? How much more tender the Mother's lullaby with a well modulated voice, or how much more commanding the leader of industry with a voice full, deep, and mellow. This is not a day dream. True, some people naturally have resonant voices but the musical voice quality is not for the chosen few alone. A beautiful speaking voice is within the reach of each person; a little time and study put on vowel production, emphasis on consonantal attack, clear cut diction, and "presto" we are beginning to feel the glory of creation.

Today the general trend in education is to make the student a better citizen. We do not care if he has learned "Whan that Aprille with his Showres soote" or how much Latin is at his command, but we do demand that he fit into his nitch of society.

The speech work given in Ottumwa High School has this aim in view, to make the student communicative. Through the courses of Beginning or Fundamental Speaking to Literary Interpretation, and thence to Public

C. P. Co.

ERTLE MAE SMITH
Dept. Head

Speaking III, the aim is to help the student express himself easily, fluently, and effectively. From the extra curricular work in Debating, Extemporaneous speaking, Oratory, Declamation, and acting corollating with the prescribed Speech courses comes the greatest benefit for it is through these mediums that platform experience is gained.

Ertle Mae Smith, head of the department of speech lives her profession. This is an attribute which makes a specialist. Enlarging the speech department in the regular carricular from one or two classes to five, in addition to producing state declamatory winners as well as a Dramatic Club unsurpassed not only in local circles but in state work, Ertle Mae deserves the praise of all Ottumwa High School and its patrons. One characteristic which endears her to all has been the zeal with which she becomes interested in the future of the individual and of the kindness and genuine interest in those who may not be stars. For Miss Smith says, "There is some good in everyone about me, and if I can help to develop that individual, there is more satisfaction in doing that than in claiming glory from those more talented."

It was this interest in the average which interested Miss Smith first in Chauncey Fay, who has developed into one of the best High School dramatists in Iowa.

C. P. Co.

"Beau Brummell"

As the initial play of the year the Dramatic Club presented the clever English comedy, "Beau Brummell" by Clyde Fitch. The six scenes in the four acts were crowded with humorous incidents and lines as they took us through a character study of the English people during the time King George IV was Prince of Wales. This was the first production of the club to be staged two evenings. The seventeen members of the club have been trying for the past two years to present plays of the better class to its audiences. The success of "Beau Brummell" indicates the success of its efforts. Much of the credit is due Miss Smith for her untiring efforts and her expert direction.

THE CAST

Mortimer, Beau's Valet—Burdette Greenman.

Simpson, Beau's Footman—John Hughes.

STORY OF THE PLAY

The Comedy-Drama, "The Piper," by Josephine Preston Peabody, gives a very interesting version of the Pied Piper story immortalized by Robert Browning.

The play opens as the Piper returns for his money, three days after the deliverance of the rats and mice. The Piper is a kind, good man. His magic, if any, is hidden in the depths of heart, for "love is a mightier magic than all else." His only wish is to bring happiness to all the world. In

the town of Hamlin he finds only greed and money lust—no love, except in Veronika, the Mother of the little lame boy Jan. In this version Jan too is taken by the Piper to his Hollow Hill. At last Veronika's love for her child makes the Piper realize that he must return the children. The play ends with the joy of this homecoming. The charming love story of Michael, the Sword-Eater and Barbara, the Burgameister's daughter adds another bit of truth and beauty to the play.

"THE PIPER"

Debate

Debate is one activity in O. H. S. which does not receive the support it merits. The debate squad works from late September until the middle of March.

Looking at debate from the won and lost column it appears as an unsuccessful year. Nevertheless, the debates which were lost, were lost by insignificant margins which in the debater's mind rests as "moral victories."

The first debates were those in the State series. The question for discussion was "Resolved: That the United States should cease to protect by armed force, American capital invested in Latin America."

The negative team, composed of Francis Cawley and Frank West, defeated Oskaloosa by a decision of 2-1. However, the Affirmative team composed of William Hunt, Jr., and Roswell Johnson, were defeated by

Oskaloosa by the same score so we were eliminated from further competition on this question. However, no sooner had these debates been closed

than the teams began to labor diligently on the Iowa Nine question; "Resolved: That a twenty-seven foot shipway from the Great Lakes through the St. Lawrence to the ocean should be built, Congressional and Parliamentary difficulties waived."

In the first round both teams lost by very small margins. The negative team, composed of Nathan

Bookin, Max Oakes and Frank West, were defeated at Oskaloosa by a score of 88-90.

The affirmative team, composed of Marjorie Brenneman, Billy Reynolds and Roswell Johnson, were defeated by Grinnell by the same score of 88-90.

Vice President—BERNARD FERGUSON.

Sec'y. and Treas.—CHARLES GRAHAM.

SEMESTER TWO

President—ERNEST STEIN.

Vice President—JERRY SNOW.

Sec'y. and Treas.—MARY MCQUADE.

Adviser—FRANCES HANSEN.

The members are from left to right: Chauncey Fay, Robert Funk, Robert Wood, Charles Graham, Frederick Kunde, Jo Hecker, Frances Gilmore, Mary McQuade, Jerry Snow, Clara Osterfoss, Miss Frances Hansen, Club Adviser, Florence Robinson, Audrey Hughes, Dorothy Hunt, Gertrude Hughey, Leona Rowe, Charlotte Kittredge.

Those not in the picture are: Bernard Ferguson, Ernest Stein, Arlene Lowe, Eldon Casady, Rosemary Inskeep, Charles Elliott, Donald Mitchell.

Although the Art Club has been

able to hold but a few meetings this year, this fact has not dampened the enthusiasm of its artistic members. During the past year, most of its members have contributed to the various poster contests. This year the Jr. Chamber of Commerce included in its program to encourage voting a poster contest. In this contest the following awards were made:

1st—Bernard Ferguson, \$3.00.

2nd—Thomas Buck, \$2.00.

3rd—Mary McQuade, \$1.00.

The Dramatic Club sponsored another poster contest in the interests of their play, "Beau Brummell." In this contest prizes were won by:

1st—Thomas Buck, \$3.00.

2nd—Merie Cox, \$2.00.

3rd—Eldon Casady, \$1.00.

While other departments and organizations are boasting of championships, the Art Club also claims a state winner. In the State-wide Women's Christian Temperance Union poster contest last year, Robert Wood carried off the honors.

Senior Hi-Y

"To create, maintain, and extend throughout the school and community, high standards of Christian character."

OFFICERS

SEMESTER ONE.

SEMESTER TWO.

President—JOHN MAHON.
Vice Pres.—FRANCIS CAWLEY.
Secretary—MERLE WILSON.
Treas.—RAY WOODBURY.
Boys' Mark Secretary—J. STEWART BROWN.
Club Leader—DR. IVAN LEMLY.
Faculty Adviser—T. A. BALDWIN.

The work of the Sr. Hi-Y Club this year began early with the election and initiation of new members in September. During the month of October the Hi-Y Club members were the guests at the Osky Hi-Y Club at a roller skating party at the Eddyville Rink.

The activity that had the most direct bearing upon the interests of O. H. S. students came in the month of November when we all had the

privilege of voting "just like Dad does it." The State Convention was held at Davenport in December. We said "farewell" to Rex Gary in January. The annual Father and Son banquet was held in February. In April Foreign work was discussed and subscriptions given by the members. The annual Mother and Son Dinner was held during May.

Junior Hi-Y

OFFICERS

SEMESTER ONE.

President—BOB WARREN.

Vice President—GARNER McNETT.

Secretary—BOB TRENNEMAN.

Treasurer—BILLY MEIER.

SEMESTER TWO.

President—BOB WARREN.

Vice President—BOB TRENNEMAN.

Secretary—GREENLEAF MERRILL.

Treasurer—BILLY MEIER.

The Junior Hi-Y is composed of members elected from Freshman and Sophomore classes. Two elections are held each year; one each semester and initiations are held at the Y. M. C. A. The work and principles of the club are similar to those of the Senior group. The regular Thursday noon luncheons are held with the Senior Hi-Y in the club rooms at the "Y."

PROGRAM FOR 1928-1929

Sept. 27—Party for new or prospective members.
 Sept. 24—Football Appreciation Meeting.
 Oct. 1—"The Piper." Play written by Martha Gordon.
 Oct. 15—"Circle of Light."
 Oct. 29—Hallowe'en Party.
 Nov. 12—Worldfellowship Tea.
 Nov. 26—Mother and Daughter Banquet.
 Dec. 10—Membership Meeting.
 Dec. 22—Christmas Party for Under-privileged Children.
 Jan. 7—"Why I want to be a Girl Reserve" (a discussion).
 Jan. 21—Health.
 Feb. 4—"Circle of Light."
 Feb. 18—Bowery Party.
 March 4—Okoboji Breezes.
 March 18—St. Patricks Carnival.
 April 1—Music Appreciation.
 April 29—Splash Party.
 May 13—Bunk Party.
 May 27—Senior Farewell.

Hi-Tri Club

The blue triangle is the symbol of the Young Women's Christian Association and the letters G. R. inscribed within, placed in a circle is the particular symbol for Girl Reserves. This symbol embodies those ideals of service, of love and right living which makes for a worth while girl, causing her to grow with a spirit of friendliness, in Christian character and personality.

Girl Reserves share in a quest to find better ways of living, and to grow into a realization of their responsibility for learning to make wise choices of things to think, to act and to do.

Our program includes inspiration, information, service and social meetings, which can be developed by discussion dramatization and demonstration.

Our goal for 1928-29 is "To try to Live and Help Live the Abundant Life."

Our activities are many and varied—Three Tag Days! Near East,

Legion Air Port and Red Cross; made and filled Christmas bags for Red Cross to distribute to soldiers and sailors; gave a Christmas Party for about two-hundred underprivileged Children; gave a play for High School Chapel, one for Y. W. C. A. membership and another for Hi-Tri membership meeting.

Some of the things we enjoy the most are—Mother and Daughter Banquets; Ceremonials; Conference and Camp. Delegates are sent annually to Lake Okoboji to attend High School Girl Reserve Conference where girls from eight middle states share

in working out a program which will help them to grow as individuals and get ideas for developing a program which will fit the needs of their club at home.

Camp at Gardner's Bend helps us to find the meaning of real friendships, where we share our innermost thoughts and experiences, and find new realms in poetry, art, music and nature.

*Pauline
Coker*

(Dr) Johnson

Home Economics Club

OFFICERS

President—DORIS JOHNSTON.

Vice President—ALICE HERMAN.

Sec'y. and Treas.—HAZEL BENSON.

Advisers—FERN LEHMANN, MILDRED SEARLES, CLARE KASISCHKE.

The Home Economics Club consists of girls enrolled in all departments of domestic science in the High School. To be eligible for membership a girl must have an average of 85% for the six weeks of her first semester's work. If she wishes to join at the beginning of her second semester she must have a B average for the first semester. The purpose of organization is to interest all girls in the duties of home and community.

The work this year has been devoted largely to home making. On November 15th the subject of "Pictures for the Home" was taken by the girls under the leadership of Mrs. Lehmann. On January 17th the girls took the etiquette of entertaining in the home. The interior of one of the prominent homes in Ottumwa was studied by the members on April 18th.

More interest has been evidenced

with the new Home Management course which was introduced this year. Girls have studied furniture stores and all possible outlays of interior decoration. The value of the work lies in training the girl to make the home more pleasing and attractive.

SEMESTER TWO

President—JAMES McBRIDE.
Vice President—ED KEEFE.
Sec'y. and Treas.—VIRGINIA ELLIOT.
Program—KAY COUPLAND.
Historian—MARY SAVAGE.

Adviser—LAURENCE HAMLEY.

Fiestas—Danzas—Bullfights—Trips through Spain! Our club has furnished all of these and many more enjoyments for us this last year. Fiestas, or festivals, were furnished by members at their homes, in true Spanish style; which is lavishly generous, gay—yes, even amorous! Danzas, or dances a la Americana and a la Espanol helped to start some of the slower and more timid, (boys, of course) on careers of social butterflying which only the congenial Spanish atmosphere could do.

Thanks to Miss Kittleson, who had been in Spain last summer, we were treated the most delightful trip across that famed land of roses, of mellow art, of orange blossoms and white mantillas that tried but failed

to hide sparkling glances of Senoritas. In fact, too lusty male members of the club have started a plot to hitch-hike to Spain to meet the Belle of Barcelona, as a result of the zeal for Spain and all that is Spanish engendered by our "Circulo de Espanol."

As to bullfights—ah! We can not describe them here, but the members will tell you that one must grow up in Spain to really develop the heart for them.

And one little secret—we could name several of our number who have struck up a "muy caliente" correspondence with Spanish-speaking Romeos and Senoritas. In fact, we are thinking seriously of forming a Spanish colony with those who appear on this page as charter members.

Latin Club

OFFICERS

Consula—JOHN HUGHES, DICK WOODBURY.

Praetor—JOHN DUNNING.

Censor—VELMA ANTHONY.

Janitor—WILLIAM HUNT.

Secretarear—MAXINE MENEFFEE.

Aediles—BERTHA CRESSWELL, HELEN HOWELL, GREANLEAF MERRILL, PHILLIP PRATT, ANNABELLE WOODMAN.

TERESA NYE, ELIZABETH VER HEUEL—Advisers

The purpose of the "Colegium Latinum" is to promote a fuller appreciation of Roman life and literature. The club is organized on the plan of Roman government. The aim of the programs is to show the human side of Roman life by interesting presentation of their daily life, customs, legends and traditions. At one meeting a debate was staged, with the question, "Resolved that Hercules would not be as great now as he was in the olden days."

At the initiation of new members a playlet was given.

At the annual Christmas banquet,

the "Saturnalia," a Roman feast day was also celebrated. The word, "Christmas" furnished the theme. "C" was for carols which were sung in Latin, "H," for hearty greetings, "R," for the roll-call of many lands, "I," for the story of the Inn, "S," for the Saturnalia, "T," for tokens, "M," for music, "A," for adoration, and "S," for the Star of the East. Latin songs are usually sung at the meetings.

Through these programs the student of Latin is given a wider background for class-room work.

Le Cercle Francais

OFFICERS

President—DORA MAE RANDALL.

Vice President—GRETCHEN GROTZ.

Sec'y. and Treas.—VIRGINIA SHEAFE.

Comite Des Programmes—CHARLOTTE KITTREDGE.

Comite Des Soirees—RUTH CURTISS.

L'Historienne—FRANCES GILMORE.

Paris—broad avenues, sidewalk cafes, carnivals, cabarets, bright lights. Parisian men—handsome, moustached, and romantic. And ah! those Parisian ladies! All of these, (and more) have been added to our topics of conversation after our French Club meetings.

enges. The committee told us later that we were fortunate to get any food with Johnny Logan's hand reaching through the pantry window so often. At least, the chefs were not reduced to serving snails and horse meat, in true C. P. Co. French fashion.

At the hat shop of Mlle. Marie, 16 Rue de la Paix, we saw all the fall models in French chapeaux, while the new members learned how difficult it is to eat pumpkin pie with a paper clip. It was an initiation, and how! But dancing in a chorus is not half as bad as selling a lady's dust cap to a cigar salesman in the lobby of the Ballingall hotel. Is it, Garretson?

At our second meeting Mrs. W. B. Ramsay, took us with her to France, where we found sandwiches suspiciously flavored with cough loz-

In January we learned about French operas; that is, we learned as much as the more musically inclined members had to tell us. Then came the dramatizations. No one present will ever forget Chuck's shapely legs when he crashed gracefully against the floor lamp in the death scene from "Carmen." Nor the startled look on Frannie's face when she realized that she was the cause of this painful episode.

Treasurer—JOHN LOGAN.

SEMESTER TWO

President—CHAUNCEY FAY.
Vice Pres.—CHARLOTTE KITTREDGE.
Secretary—MARTHA REECE.
Treasurer—JOHN LOGAN.

The division of society into special groups for religious, social, or economic reasons has been going on ever since God created man in his own image. From time immemorial the spirit of make-believe, or shall we say "Acting," has been developing through religious pageant, folk story, or heroic tale. In response to this innate urge 'to act' the Dramatic Club of Ottumwa High School was formed. It has prospered through the years until today it stands as one of the leading extra-curricular activities. Its members are composed of those who are vitally interested in the theatre—the theatre of Gordon Craig

McCall's

and Max Reinhardt; of O'Neil, Ibsen, and Shakespeare; of Irving, Booth, Bernhardt, Skinner, Southern, Marlowe, Moissi—; the Theater national in treatment but in scope—Russian, Japanese, Irish—all striving through the tri-act of the stage—action, setting, lighting—to in-

terpret life—beautiful and sordid—happy and tragic—

"The art of acting since the world began

Has ever been the normal state of man."

Nature Club

OFFICERS

SEMESTER ONE

President—ETHEL TITTERINGTON.
Vice President—LOUISE CAMPBELL.
Secretary—ALICE BECK.
Treasurer—DALE BECK.
Faculty Adviser—DOROTHY NICCOLLS.

SEMESTER TWO

President—ETHEL TITTERINGTON.
Vice President—ROBERT MUDGE.
Secretary—MARJORIE BRENNEMAN.
Treasurer—BERTHA CRESSWELL.
Cer. Sec'y—BERTHA MAE DIMMITT.

CALENDAR

Sept. 15—Bonfire at Garrison Rock. After the ghost stories came the descent down rocky paths with only one little carbide light.

Oct. 12—Initiation—The initiates, wending their way from Central Park to Miss Niccolls' blindfolded, attracted the gaze of passers-by.

Dec. 6—At Mr. Merrill's log cabin Nature Club learned much of historical relics and rock formation.

Dec. 20—Christmas Party featuring the White Elephant exchange in which Ethel Titterington got a rolling pin.

Jan. 9—First half—Bob-sled party, a thrilling start with more thrilling upset—Broken runner. Second

McCall's

half—Chile concerne with Ethel Titterington at the home of the Hamleys.

Jan. 10—Business meeting, election of officers.

Feb. 7—Business Meeting, election of new members.

Feb. 14—Valentine party and initiation. Bob Mudge delivers his valentine to Miss Niccolls.

April 4—A member of the city garden club tells us about nature in a garden.

Numerous hikes, studying trees, birds and flowers.

Late in the spring—Senior departure. Nature Club experiences a progressive dinner.

Forensic Club

Aside from hooley, balogny and vociferousness, the Forensic Club has produced some more valuable though less noticed results. We have done:

First: Sponsored the Annual Forensic Club Debate Tournament this year, giving a cup to the winning club. To prove just how effective was this influence—last year the Normal Training Team, being entirely ignorant of debate tactics gained the cellar position in the tourney; whereas this year they came back strong to grab a close final decision and the cup from the Dramatic Club and the Latin Club, who finished second and third, respectively.

Second: We have given encouragement to all who showed an interest in Forensics of all kinds. Although limited in number to 30, the club roster is a desirable goal for one's name; and the means to attain that end is the participation in some of the many forensics contests.

Third: Our Club furnishes a social hierarchy which does not try to

be all oratorical, nor yet all "society stuff." But we have had our mixture of float-making for the Armistice Parade, our sliding parties (where our dignities were slid over or under), our male constituency banqueted the fair sex without serious mortality; and to wind up a fine year, we had our outdoor jambree with "Shorty Dungan" as self-styled host.

C. P. Co.

The last-named frolic was a camping trip of some of the members who plotted against Nature, and laid siege to her quietudes on the fair banks of ye dirty Des Moines, near Rock Bluff. What with leaky roofs, well-oiled guest, the Bookin-act, Mabel and Lester, we forgot half the time to feed the mosquitos, and half of 'em starved on what little they could get during sleeping hours.

We like our camping trips—Raw, Raw, Raw!

Wimmen have been added to our ranks and really convinced us that woman after all is the speaker of the ages. Here's to the wimmen!

LAWRENCE HAMLEY—Adviser.

Normal Training Club

OFFICERS

President—ETHEL TITTERINGTON.

Vice President—AVA STEELE.

Secretary—EDITH FETROW.

Treasurer—MADELYN HODSON.

The Normal Training Club is composed of girls training to be teachers. The main purpose of the organization is to aid the girls in preparing themselves for the work of teaching. During two years of Normal Training work the girls complete one hundred hours practice teaching and observation with grade school teachers.

The Normal Training Club received a share of honors also this year. In the Armistice Day Parade the Club float carried away second honors. In the annual Inter-Club Debate Tournament sponsored by the Forensic Club, Arline Gates Bertha Creswell, Marjorie Peck and Ethel Titterington won the silver cup for their organization.

The work of the club this year included cooperative luncheons for the purpose of training the girls in cooking and serving according to the "Hot-Lunch" program used in the rural school. On December 4th a reception was held in honor of the grade

teachers under which the girls do practice teaching and observation work.

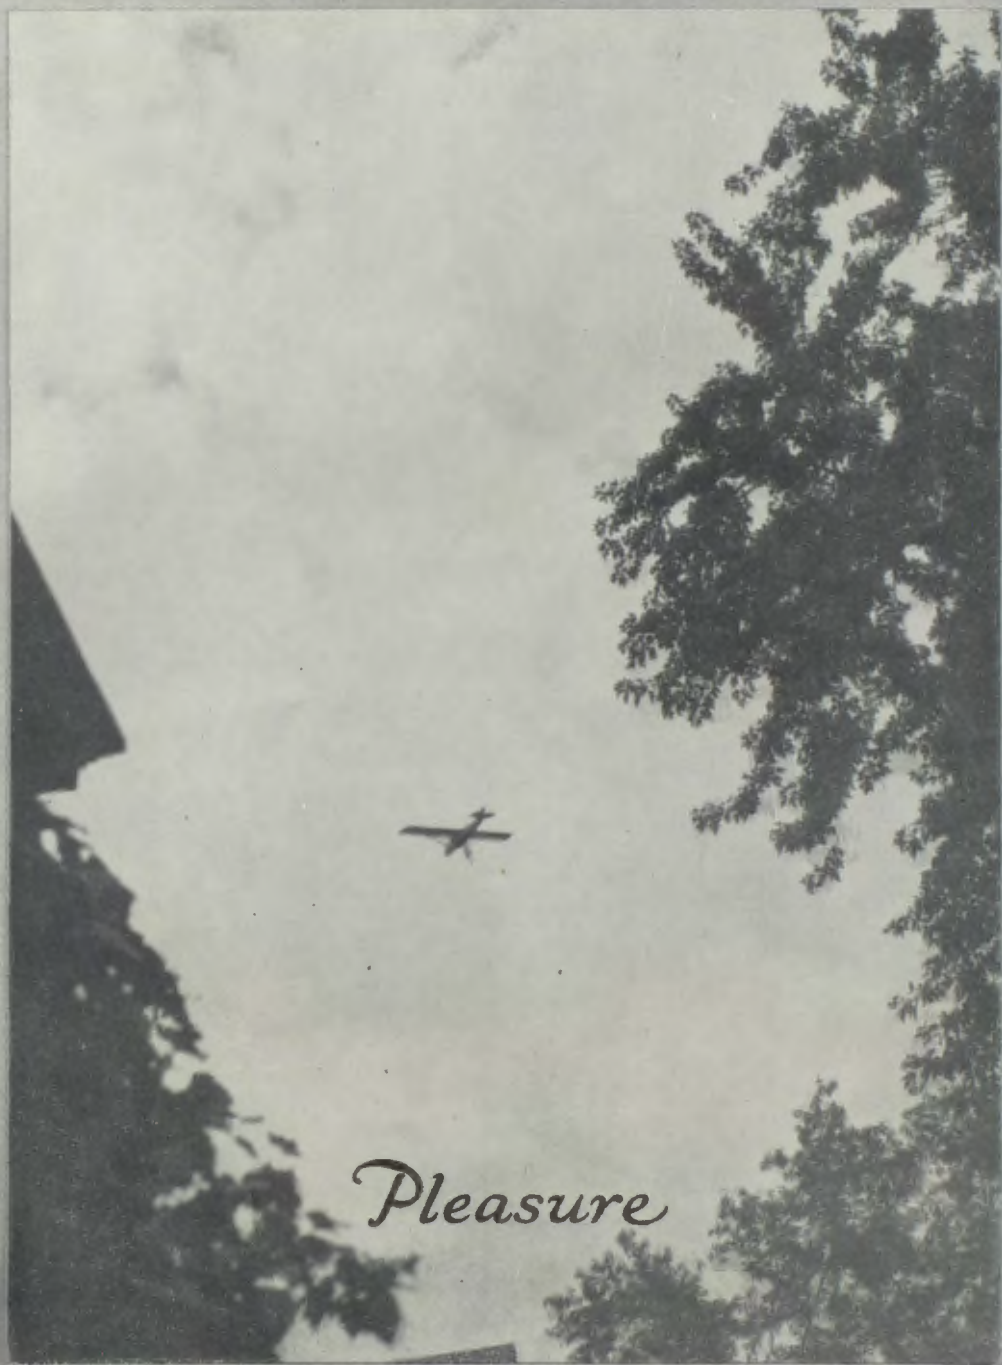

The school calendar included various get-togethers, parties, etc., in addition to the Annual May Morning Breakfast on May 1st and the Annual Junior-Senior Banquet given by the Junior girls in honor of the graduating seniors.

MEMBERS

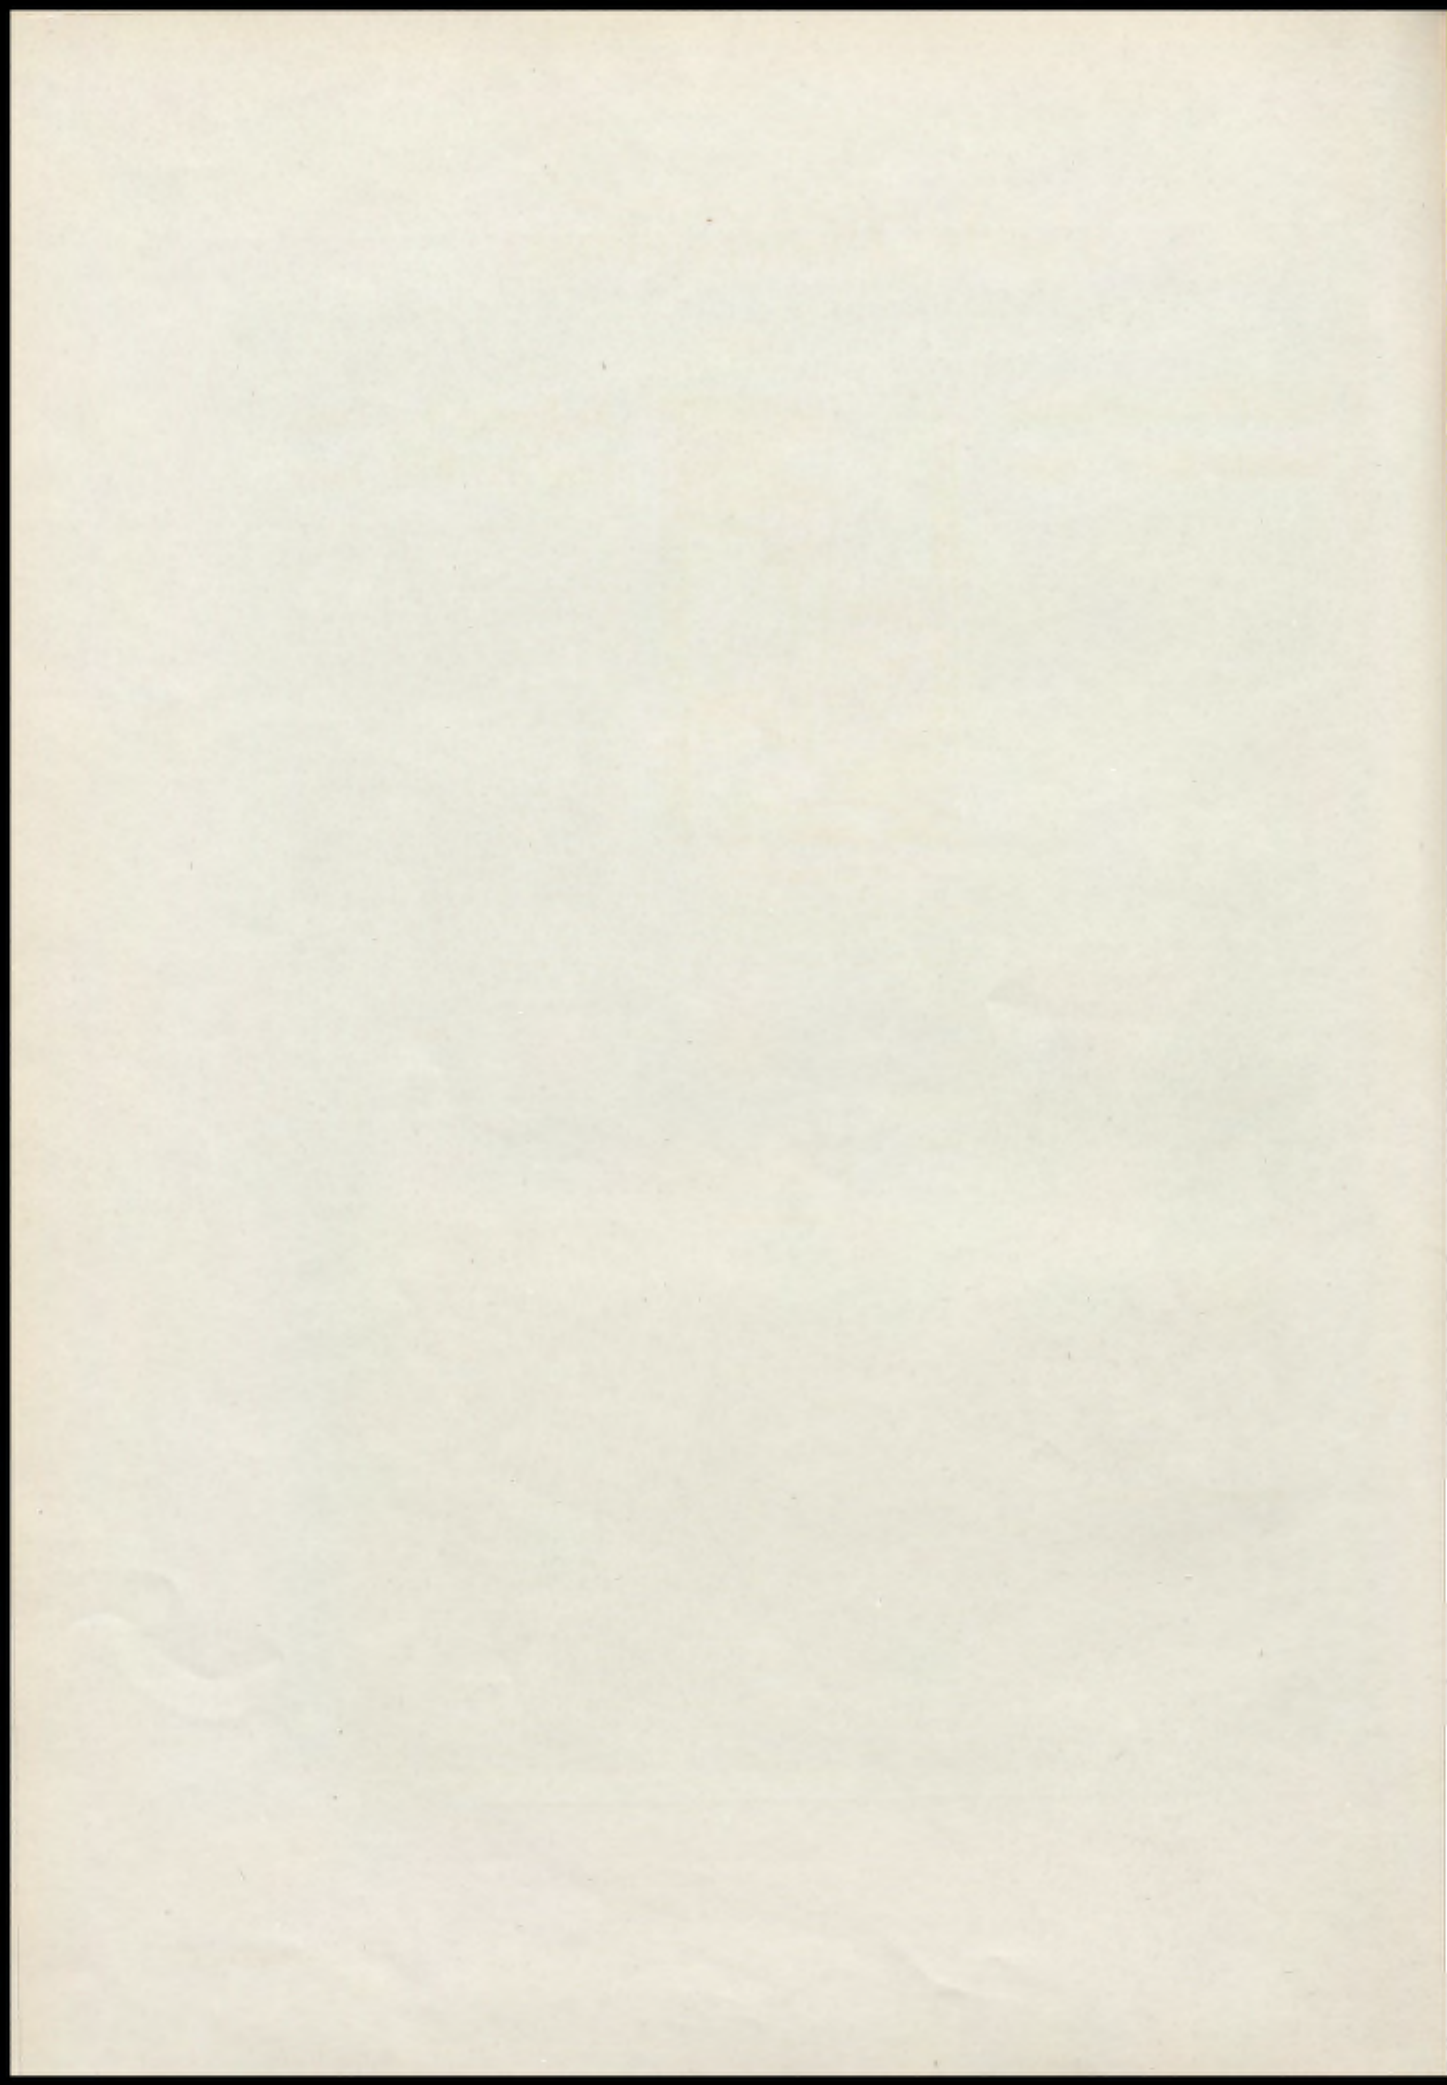

Nellie Agee, Miss Ethel Standing, Marie Bartholow, Edith Bowen, Bertha Creswell, Hazel Doll, Mamie Doll, Pearl Eakins, Dorothy Eddy, Evelyn Edmund, Martha Edmund, Marjorie Ekroat, Mary Eckstein, Francis Elliott, Edith Fetrow, Kathryn Gallagher, Edythe Gallespie, Bonita Garland, Arline Gates,

Pleasure

Yearly Disappointment

VOL. XUL6

ISSUED YEARLY

MAY 15, 1929

Local Photographer Sustains Heavy Losses

Mr. Chisman, local photographer has ordered a new break-proof camera. His first camera was broken while he was taking the picture of an officer of one of our organizations.

When questioned today, Mr. Chisman said that the camera had been previously weakened by other officers and that the additional strain was too much.

The organizations which will help to pay for the camera which they and their officers broke are: Student Council, Torch Club and Freshman Dramatic Club.

The Yearly Disappointment has not mentioned the name of the student whose final efforts broke the camera, as it wishes to save him much embarrassment.

When water changes into ice, the greatest change is in the price.

Weather

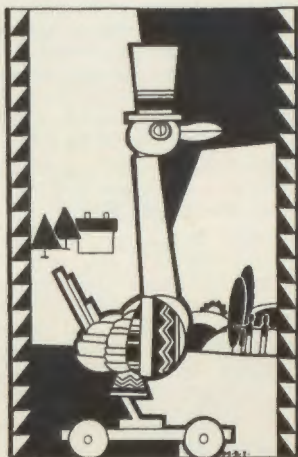

First part of week, rain and snow, last part of week, snow and rain.

Wise Sayings

Students with lots of time on their hands usually kill it. If brains were powder we know of at least five students who wouldn't have enough to blow their nose.

Ten Years From Today

Clint Edmonson will be getting out of O. H. S. Charlie Celania will sell his fruit wagon. Francis Burdge will open another lunch counter. Evelyn Cole will get her third divorce. Nedra Davis will sing in the Salvation Army. Hazel Beck will be a second Amy McPherson. Barbara Albert will be looking for a tall husband.

WARNING!!!

Remember this and bear in mind
A rare good joke is hard to find,
And when you hear a joke that's new,
Don't mind it if the joke's on you.

PRIZE POEMS OF THE WEEK

Ten Dollar Prize

A lock of hair will often bring
Sweet Memories like a flash,
It brings up more than memories
When found in a dish of hash.

Five Dollar Prize

There was a young girl named Ruth,
Who had a great passion for truth.
She said she would die, before she would lie,
And she died in the prime of her youth.

Breathes there a man with soul so dead
Who never to himself has said,
As he stubbed his toe against the bed
???!!*??*?!!*

Mr. Hamley Near Death Hurt On Wild Party

One of the most respected members of the faculty was dangerously hurt on one of the disgraceful parties thrown by the well-known Forensic Club of Ottumwa High School. Bob-sledding was the feature of the evening and when sailing down Center Avenue the pilot, Mr. Hamley became a little too giddy and selected, as a last resting place for the beloved bob, a nice soft telephone pole. With the true eye of a Spanish teacher he hit it, and for the next hour or two students were being collected from all over the neighborhood. The teacher, in a faint desire to be brave came to school the next day. But alas! The classes were sadly depleted for the pupils were forced to spend the next few days in bed.

Soon, however, it was necessary for the pedagog to submit to his malady and he was not seen in our fair halls for quite awhile. It was rumored, in fact, that he would never be seen here again. When he finally appeared it was with the aid of crutches.

This paper gives Mr. Hamley their most heartfelt wishes and hope that he will recover as rapidly as possible.

Bright Sayings of Children

O. Huston—"And now that we've had our talk on Natural History perhaps someone can tell me what animal eats the least food."

D. Davis—"A moth."

O. Huston—"A moth, why?"

Dick—"He only eats holes doesn't he?"

Miss Kittleson—"Why did King James and his Queen flee, from England?"

Jerry Burke—"Because they lost their supporters."

Advice To Parents

Some parents of high school children are making vital mistakes in the fetching up of them. Questionnaires have been sent out to many of the parents and it has been found that too harsh treatment is being used in the correction of their faults so we here present a few suggestions which we hope will be carried out with much zest by the parents.

1. Let your children stay up until they get ready to go to bed if they want to stay up all night let them remember you're not losing any sleep over it.

2. If they want to take the car every night let them, as cars were made to drive. If they wreck them don't complain, that's what garages are for, to repair cars.

3. Don't by all means make a child study if he doesn't feel like it—when you cross a child in something he doesn't want to do, it makes him lose his patience.

4. If they want to stay at home one day out of every week of school, let them, there are too many at O. H. S. anyway.

5. Give them all the spending money they want. They-

are only young once and money is made to spend, if you yourself go bankrupt borrow from the bank, they have got plenty.

Next year we will continue this, in the meantime follow this and your children are sure to end up in the reform school.

The Duck Song "Waddle I Do."

Household Hints

Girls! Before you get married see me—I'll tell you all you need to know about keeping house, especially the art of window washing. I know the whole thing from garret to cellar—especially the cellar.

1. To keep your stove from going out at nite, let it go out in the afternoon.

2. A leak in the roof will stop as soon as the storm is over.

3. Limberger cheese should be disposed of as soon as it gets boisterous.

4. If the baby grows too fast feed it on condensed milk.

5. Be particular of your actions in the kitchen, remember—potatoes have eyes.

6. After sifting worms out of raisins be sure to throw away the worms, not the raisins.

For 10 cents in stamps I'll be glad to tell you how to completely cure cold feet in any part of the body.

Harry E. Wing.

Who would like to write to a sweet little boy in Otumwa? I am 19 years old; 5 feet, 8 inches tall and weigh 175 pounds; black wavy brown eyes. Have loving disposition, enjoy music, dancing, and—What have you?—would like to hear from desirable soon.—Harold McMann.

Waiter—"Want soup?"
Bob Funk—"Is it good soup?"

Waiter—"Sure, 14 carrot."

LOCAL NEWS

A degree of divorce was granted by Judge Heartache to Dorothy Hunt Olney versus Glen Olney on the grounds of non-support.

In the local court today one of the Sensational cases was the one brought by Rosalie Ackley against Franklin Roberts for Breach of Promise.

Marriage licenses were issued to Virginia Sheafe and Robert Warren; Ruth Bright and Bob Lyman.

Mr. Bjarne Winger has gone to Chicago to attend the Coal Heaver's Convention.

Rock-a-bye Senior on the tree top,

As long as you study your grades will not drop,

But if you stop digging your standing will fall,

And down will come Senior, diploma and all.

WANTED

Quicker transportation, so I can get to school on time—Lawrence Nelson.

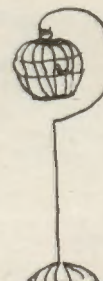

A girl to tell my troubles to, any ordinary girl will do, I am not particular just so she listens—Burdette Greenman.

Shorter lessons and more sympathy—Senior Class.

Answer to the question—Can a stone walk because a tomato can?—Bertha Cresswell.

Something to make me grow up.—Margaret Heath.

A new joke book.—Feature Section.

YEARLY DISAPPOINTMENT

SOCIETY

An important wedding was solemnized in matrimonial bliss last nite at the Penecost-a-lot Church by Rev. Begood. Miss Marianne Proud and Mr. John Logan were the participants.

The bride was robbed in a crimson satin filegree dress trimmed in vivid orange georgette. The brides train was "held up" by two flower girls. The groom's trousers were "upheld" by two safety-pins.

Miss Proud was very beautiful and her feature was impossible to describe. Her teeth shown like pearls, "both of them." Some of the out-of-town guests were: Tillie Spiwak from Hacklebarney, Mr. Frank West from Pumpkin Center, Miss Hazel Galey from Soap Creek, Mr. Robert Wood from Stockport and Miss Margaret McAloon from Toonerville.

Refreshments served were tomato soup and spaghetti—after the supper, it was noticed that Mr. Logan had a very beautiful tie. It was a gift of the Bride.

Presents received were Gold monogrammed mustache cup, cut glass icepick, wrought-iron cuspidor, portraits of the bride's grandparents were presented by her parents in new guilt frames. A set of 12 highly polished napkin rings, fashioned from pure unadulterated brass.

The groom presented his bride with a lovely second-hand "Bucks" kitchen range practically as good as new.

Of the three dozen invitations sent, it was found that only twenty sent gifts, show-

ing a total loss of sixteen invitations. Due to the fact that the poorer relation sent cards.

The newly weds left immediately for an extended camping trip at "Garrison Rock" where they will explore the Mysteries of "Horse Thief Cave." They will be at home after July first, at the home of the bride's parents.

Miss Nellie Agee gave a rainshower for the couple the day preceding the wedding.

LOST

The points to some of my jokes.—Bill Hunt.

My balance when ascending the stairs.—Ruth Lowenberg.

My patience.—Miss Nanes.

A heart beat when report cards were presented.—Henrietta Masheck.

My natural complexion.—Velma Amsbaugh.

A set of weight reducing scales.—Jeanette Kuhn.

FOUND

A good talking companion—Leona Rowe.

Chalk dust in 206—owner may have same by paying for ad.

MISCELLANEOUS

I will not be responsible for any dates other than those contracted by myself—Maxine Sizemore.

Anyone knowing the whereabouts of Wilbur Albright please let me know, I haven't seen him for two whole periods.—Ava Steele.

Expert advice on how to while away idle hours, apply—Carol Priester.

MATRIMONIAL BUREAU

Good worker take notice—Young lady wants correspondent with serious intentions. Between the ages of 25 and 30. Is in her teens and 5 feet, 6 inches tall, weighs 125 pounds. American, Lutheran, brown wavy hair and brown eyes. Write to—Eloise Osterberg.

FOR SALE

A pair of short pants, these are in good shape and will last at least one week, see—Bunny Harper.

The giggle which has caused so much embarrassment and comment.—Gretchen Grotz.

ODE TO THE DEATH OF VAN HUSEN

In the land of Arrow Collars
By the valley of Corona
Where the lover Instant Post-um

Met his sweetie Cutie-Cura
By the mountain of Fels-Naptha

Dwelt they with their Aunt Jemima

Mother of the Cutie-Cura,
On the shores of Eucalyptal
Hard unto the liquid Tar Soap
Aunt Jemima with her kodak
Stood and pointed to the Crisco

"Yonder dwells the Locomobile

In the forest of O'Cedar
He it was who killed Van Husen

Slew him with his Kuppenheimer."

Boldly then the Instant Post-um,

Seized his trusty Bifles Bumper,

Gave his wife one fond last Djer-Kiss

Kissed her by the Coca-Cola,
"I am going Cutie-Cura

On a long and distant journey
Where the name of Skinners Satin

And Palmolive is not spoken.
Guard you well our baby

Jello—
And our last born baby New-skin.

Then he launched his craft
for sailing

On the shining Pluto Water.

“Almost 50 Years Knowing How”

Broadcasting The Name of Our City To the World

LASTING impressions are made sometimes by trifling events.

Thomas D. Foster, as a boy in Ireland, saw the name "Ottumwa, Iowa" on a box of bacon, which so impressed him that he did not forget it. Later he established a packing plant here, which for years has employed over 2,000 workmen.

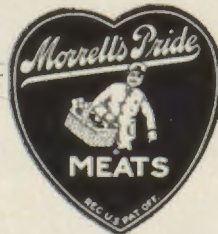

Today, the only impression many people over the world have of Ottumwa is good, because they know of the city as the home of "Morrell's Pride" Meats, which are unsurpassed for excellence.

JOHN MORRELL & Co.

Donelan's

Merchandise Supreme in Style and Quality---Always

Smartness is often called an indefinable quality. It's rather a difficult word to define—

But fashionable folk understand its meaning and where to get it—

They come to Donelan's for they know that in our merchandise there is no vagueness about smartness—it's put into very definite, understandable terms—

Gordon Hosiery

The slenderizing V Line hose of the sheerest chiffon. Delightful flattering shades for summer wear.

Smart Gloves

Swagger pull-on kid gloves or delicately tinted silk ones. Embroidered motifs and colored stitching.

Responsibility is An Asset!

We accept willingly the responsibility knowing that our success as a merchant depends entirely upon faithful service, individuality and collectively. That is why we take the responsibility to search the markets each season for the newest merchandise, whether it is for School, Home, or Street wear and if it comes from Maddens you are assured it is the very latest style. Responsibility is, therefore, an asset and not a liability as many seem to think.

ROTARY

ITS IDEALS AND ASPIRATIONS

The Ideals of Rotary are Friendship and Service

The Rotary Club of Ottumwa was organized May 22, 1916, some ten years after the first Rotary Club was organized in Chicago. Like Rotary Clubs all over the world, for they are to be found in forty-eight different nations now, the local Club is made up of a gentleman chosen to represent his calling, profession or business. Sixteen men were gathered together in the first meeting called at the suggestion of R. T. Shea of the New York City Club, then visiting in Ottumwa. Besides Dr. W. E. Creath, the first president, there were in that original number the following: Harry Blackmar, Morris Christy, Dan Emery, Bob Funk, Merrill Gilmore, Warren Ferguson, Clarence Harper, Rev. Wm. Hengen, George Kerns, John Mahon, Henry Mercer, Henry Merrick, Jack Parks, Jim Powell, and Roy Stevens. In the roll of Rotary Clubs, Ottumwa stood No. 233.

During the course of the years the following have served as Presidents of the organization: Dr. W. E. Creath, Rev. W. C. Hengen, D. A. Emery, T. H. Foster, George Kerns, Clarence Harper, Greenleaf Merrill, Frank Raney, Charles Fahrney, Russell Harper, Walter Flansberg, Henry Mercer, and Rev. H. Sears Thomson.

While good fellowship and mutual understanding between representatives of various business and professional groups of the city is an outstanding characteristic, the Club through its contacts with national and international aspects of Rotary tries to exert an unobtrusive but real influence on idealism in human relations. It seeks to advance the highest interests of the community life.

THE ROTARY CLUB

OF OTTUMWA, IOWA

SERVICE

Growing from a "shanty" store in a mining camp town, to over twelve hundred stores in as many principal cities, in the space of twenty-seven years, calls for something more than merely selling merchandise.

Back of every sale there is a superior service, based on our foundation policy, the Golden Rule.
