

Forester Plants Hedge On Shurts' Property

Glen Paul, Eldora veterans instructor, drives the tractor as Hilton Muntz, forestry student at Iowa State College, plants multi flora rose on a small acreage north of the Eldora City Park belong-

ing to Dr. J. J. Shurts of Eldora. Looking on are Iowa State College students on a field trip from Ames, and Cal Moore, SCS agent. Two rows of the hedge-type plants were planted on two

sides of the 12-acre plot. Muntz and Martin Crane, Iowa State College extension forester, planted trees on several Hardin county farms last week.
