October 15, 2010

Dear West Pottawattamie Soil and Water Conservation District Commissioners,

On behalf of Iowa Western and the Southwest Iowa District FFA, thank you for covering the expenses for the soil judging pits for the 2010 Southwest District FFA Soils Judging Event. Your continued support is greatly appreciated.

We had 164 students from 18 high schools throughout Southwest Iowa participate in this year's contest. The top five teams that qualified to compete at the state contest represent Denison, Griswold, Adair-Casey, Clarinda, and Nodaway Valley schools. The teams from Southwest Iowa traditionally do well at the state level, in part to the experience that they receive at our district contest.

In addition, students from our Agribusiness Technology, Ag Transfer, and Turf and Landscape Management programs were able to utilize the pits in their Soils Management class. This hands-on experience with soils will allow them to be more successful in their future.

Again, I thank you for your continued support and assistance with our soils contest. I welcome any comments or suggestions that you may have to improve the event in the years to come. If there are any areas that I can assist you, please do not hesitate to contact me at the college or by email at eweuve@iwcc.edu. I look forward to working with you in the future.

Sincerely,

Eric Weuve
Agribusiness Technology
