Does Advertising Really Pay?

Why is it? A man wakes up in the morning after sleeping on an advertised blanket, in advertised pajamas. He will bathe in an advertised tub, wash with advertised soap, shave with an advertised razor, drink advertised coffee after his advertised juice, cereal and toast (toasted in his

advertised toaster), put on advertised clothes and an advertised hat. He will ride to work in an advertised car, sit at an advertised desk, smoke advertised cigarettes and write with an advertised pen. Yet this man hesitates to advertise, saying that advertising does not pay. Finally, when his unadvertised business goes under, he will then advertise it "For Sale."
