

EVANGELINE G. BOVARD AWARD

C I T A T I O N

Captain Lenora B. Weirick, N1819, Army Nurse Corps, USA, distinguished herself by selfless devotion to duty and outstanding contributions to the nursing care of neurosurgical patients at Letterman Army Hospital from 1 January 1957 to 31 December 1957. Captain Weirick demonstrated exceptional ability in the nursing management of patients with severe injuries and diseases of the nervous system and has prepared a comprehensive text devoted to their care. Her compassionate regard for the welfare of her charges earned her the deep respect, admiration, and gratitude of patients and physicians alike, and inspired her co-workers to greater efforts in the prompt and efficient care of the sick and injured. Her outstanding ability to impart her knowledge and skills to less experienced nurses contributed immeasurably to their professional growth and maturity. Captain Weirick's meritorious service throughout this period reflects the highest credit on herself and the profession of military nursing.

Entered the military service from Iowa.
