# ARGUS ANNUAL

Ottumwa High School  
Ottumwa, Iowa

# Foreword

Our high school is bounded on two sides by one-way streets. Formerly these two streets ran in both directions. To avoid congestion and improve the motion of traffic, authorities have designated these as one-way streets.

When everyone follows these one-way signs, traffic moves smoothly and efficiently. Yet the action of one person can disturb the flow of traffic.

This same principle applies to other road markings in our city, such as "stop," "detour," "yield the right of way," and "road under construction." The movement of traffic is efficient only when the purpose of these signs is respected.

Similarly, Ottumwa High School establishes principles to guide our students scholastically and socially. These principles determine the "one-way street" of O.H.S. Led by our administration and faculty, we are guided down this "street." Yet the "traffic" of our school advances effectively only when each student respects these principles.

The extra-curricular activities of our high school are the "side streets" of our educational program. Students taking full advantage of these activities make tremendous progress as they "travel" through high school.

Students who develop equally in scholastic and extra-curricular activities can go only one way: forward! In the 1962 ARGUS, the Annual Staff will show that road markings are symbolic of the detours and successes encountered in our school careers.

# Faculty

Dr. Mel Everingham, Supt.

In behalf of the members of the Board of Education and the administration of the school system, may I say "Congratulations for a job well done" to all personnel who made possible this excellent portrayal of student life in Ottumwa Senior High School.

In this issue of the Argus, our Annual staff has, through the medium of pictures, depicted the life of our school. We discover from a perusal of these pages that this senior high school is more than a building and classrooms. We discover that it is a great association of students and teachers working together for one purpose—the education of young men and women. It is certain this association is made possible by the people of this community through their elected representatives, the Board of Education. Through this board the people establish the principles of operation for this school. It is by this framework of policy that our students are guided scholastically and socially by the teachers and our administrative staff.

We are certain that the students of this school deem it a real privilege to attend a senior high school where their educational opportunities are unlimited and where the leadership of a competent principal and his staff provide clearly defined standards by which the conduct of the students can be guided and measured. Yes, we take great pride in this school and the accomplishments of its students and teachers.

V. A. Jones, Principal

There was a day in history when men traveling with their possessions and their families, were happy to have a few markers which indicated the best possible path or trail to follow. Later on, dirt roads that were laid out in an orderly manner were an improvement. However, man continued to advance and now we find ourselves with super-highways, but in some of the congested areas of our country these still aren't adequate. Progress in road planning and construction may give us the answer to this problem in the future.

Just as in the case of highway construction where it takes the efforts of the surveyor, the engineer, the contractor, and the road-building machine operator to build a fine highway, it takes the combined efforts of the students, teachers, parents, and other citizens to make a good educational program. We think we have had some very fine examples of this work and planning at Ottumwa High School. We know that with careful plans for the future we can go on and build even better educational highways for the future.

We know, too, that it took the experience of building dirt roads, then gravel roads, and then paved roads to make it possible for man to know how to build super-highways. Each successful year of educational experience at Ottumwa High School gives us this same building experience which will serve as a foundation for a better educational year the following year.

This past year has been a fine year, but all of us know that the educational roads ahead will be even better because of the fine experience of this past year. In this same manner, the individual will continue to improve in some way as a result of having had another successful year of experience and training.

We hope the road ahead for the seniors will be pleasant and rewarding. We also hope that the guideposts of their high school training will aid them in the future.

### End of Construction

As seniors we near the end of the "one-way" street of O.H.S. and approach the "end of construction." Traveling down our "one-way" street, we have gained knowledge, character, friends, and memories. Our administration and faculty marked our route and we "yielded to their right of way" in order to progress smoothly through O.H.S.

Yet, before us lies a junction. Will we continue on in a straight route as scholars and workers. Each of us must now decide if he is to travel towards a satisfying career or whether he will divert from the main road and amble off to a less satisfying life.

Before we approach the "end of construction" mark, we seniors wish to express appreciation to our class sponsor, Mr. Hamley. With his help the class of '62 leaves a marker that no traffic on our "one-way street" can ignore.

That marker is . . .

## Elsita

OTTUMWA! I never thought that this name would become so important to me. Because here, in this small and beautiful city I have spent one of the happiest years of my life.

I will never forget my dear American family, who received me in their hearts and gave me so much love and affection.

I will never forget the teachers, the friends and all the people who, with kindness and understanding, taught me a very important thing: to love and respect people all around the world.

I remember my first day at school. I was really scared thinking how so many new boys and girls would look at me and what they would say about me. But all received me with such a big smile that I quickly felt that we were friends from a long time ago.

I want to thank the American Field Service, O.H.S., the Student Council, the family who took care of me and all who made my visit here in Ottumwa possible.

I hope that I brought an understanding of my own country—its people and customs and ideals and beliefs—to people in the United States and I hope that I will be able to pass the understanding I gained of the United States to my family and friends at home.

I really enjoyed all the typical American things that are different from my country. I will miss very much the football games, with the band, cheerleaders and all kinds of yells that made them so interesting and colorful; the snow which made possible for me to have the most beautiful winter I ever had; the drug stores, the drive-in theatres, all so typical of your country.

I really hope that the foreign exchange student next year will have a wonderful and happy experience as I had, and I am sure it will be, with such kind, loyal, and hospitable people as he will find in you. I will do my best to return as soon as I can; so I won't say good-bye, only "hasta siempre."

And thank you! Thank you very much!

## Argus News

A staff of thirty members was responsible for the publishing of our school newspaper throughout this past school year.

Miss Creswell, the sponsor of the Argus News, worked many hours along with the editors: Mary Louise Walker, Mary Beth Dull, Fred Welcher, and Paula Myers. Through their efforts the student body are able to enjoy many articles concerning the work, fun and achievements of everyone at OHS.

Of course the Argus News has to have a business staff also. Ad managers for the year were Grace Stater and Roxanna Ullrick. Mary Ellen Killian was in charge of the circulation of the paper.

The Argus News Staff contributed to OHS in other ways such as running the concessions stand at sports events and typing the Argus Daily Announcements.—

WE MISSED OUR DEADLINE . . .

Many hours of work go into the building of good roads . . . and annuals. Just as the rules of the road keep our traffic moving smoothly, the directions given to the staff by our publisher keep it progressing in an organized manner. Achieving this level of organization is not easy however, and the cooperation of every member of the staff, as well as students and teachers is necessary. If our streets and highways were populated by as cooperative and considerate people as we have encountered in building this year's annual, driving would surely be a pleasure.

*Thanks*, from the staff of the Argus Annual to the teachers and students who helped us so much by cooperating with our picture schedules and other inconveniences that we placed upon them this year.

ARGUS STAFF

#### AD STAFF

One third of the cost of producing our annual is covered by money collected by the Ad Staff. Since the selling of ads must be done "door to door" all of the time that is required to sell them must come from after school or weekend hours. The members of the staff gave their time most generously this year and, as a result, aided greatly in making the production of the annual possible.

# O-Club

The honor society of the O.H.S. Athletes is the "O" Club which operates under the direction of Mr. Magrane. The main objective of this group is to assist the athletic program in our school and honor our lettermen.

Through the efforts of the 14 members of this year's group, a whirl-pool was installed in the school. Meetings are held twice a month to discuss fund raising projects and plans for our Award Assemblies.

Mike Vinyard served as President of the "O" Club during the past school year. The other officers were Vice President, Gordon Slater; Secretary-Treasurer, Galen Miler; and Historian, Steve Nelson.

ROW 1: Ted Lowenberg, Dave Holman, Gordon Slater, Mike Vinyard, Steve Nelson, Galen Miler, Don Lawson.

 ROW 3: Fred Flowers, Ron Roggentein, Mike Burke.

ROW 1: Ann Williams, Carolyn Matheney, Connie Carpenter, Sharon Law.

ROW 2: Sara Jane Hammen, Janis Johnson, Barbara Hawley, Pam Thompson, Linda Baum.

## Cheerleaders

The twenty varsity and sophomore cheerleaders have worked hard this year to inspire school spirit among the students of O.H.S. With the help of their sponsor, Mrs. Meier, they held a cheerleader's hop to raise money for new slacks.

Their hard work included practicing every Tuesday, Wednesday, and Thursday morning; it also included many hours of cheering at games and pep assemblies in order to promote school spirit.

ROW 1: Joanne Plager, Diane Dohogne, Diana Gruwell, Mary Steffensen.  
 ROW 2: Janice Amosson, Pam Walton, Janet Hopkins, Janet Lowenberg, Judy Hobbs, Ann McNett.

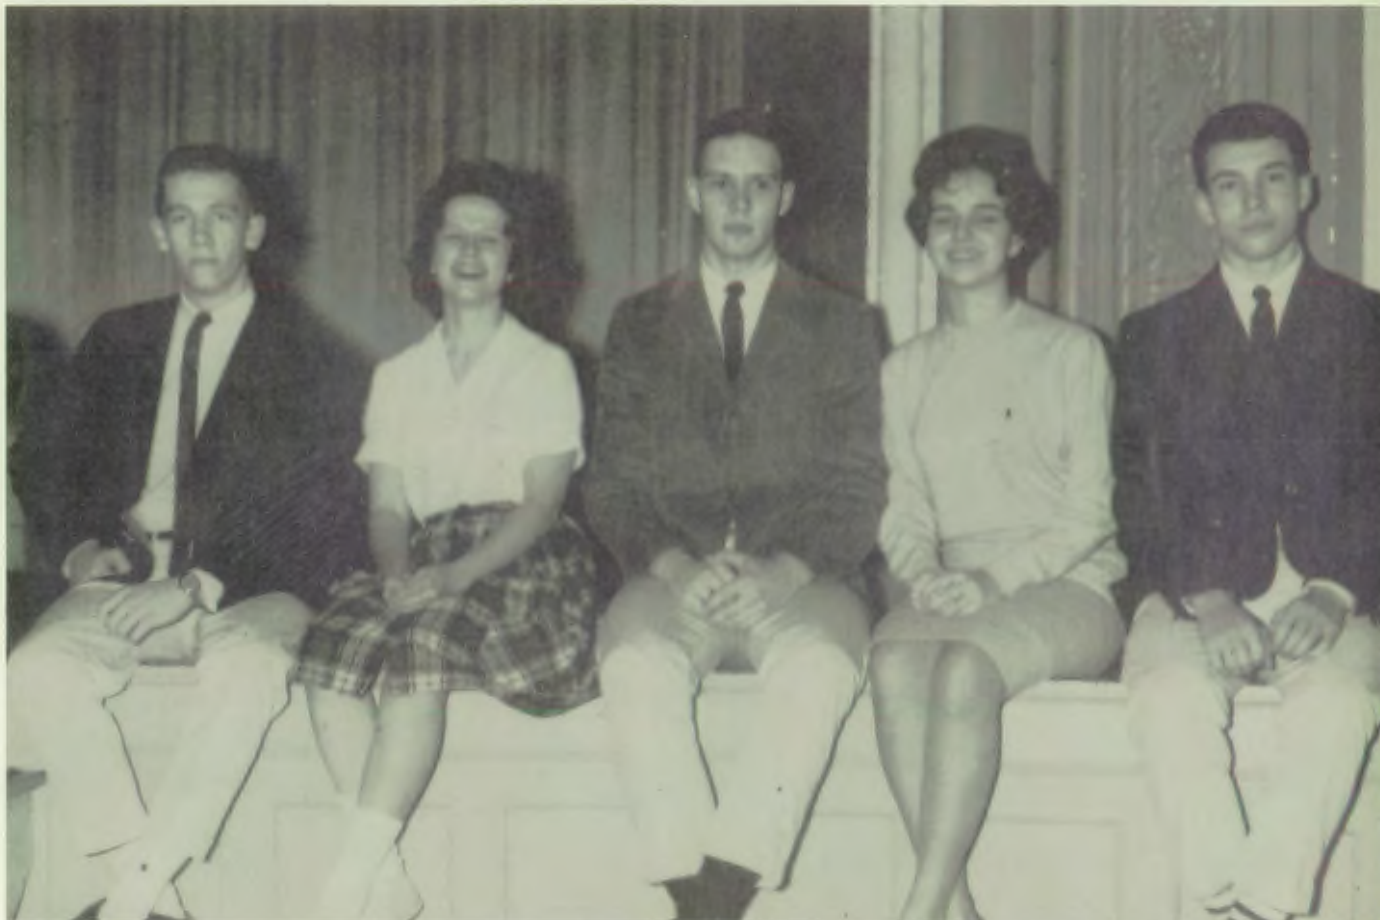

## Little Six

These six cheerleaders represent the six schools in the Little Six Conference: Keokuk, Bettendorf, Ottumwa, Muskatine, Assumption, and Burlington.

The Little Six Conference is striving for better sportsmanship among the schools in this group. This sportsmanship extends beyond sports, however, and leads to better understanding in all activities involving the schools of the Little Six Conference.

Late in the spring the girls held a "Parents Night" to demonstrate the skills learned during the year. No pageant was produced this year. Instead, more stress was placed on improving swimming skills.

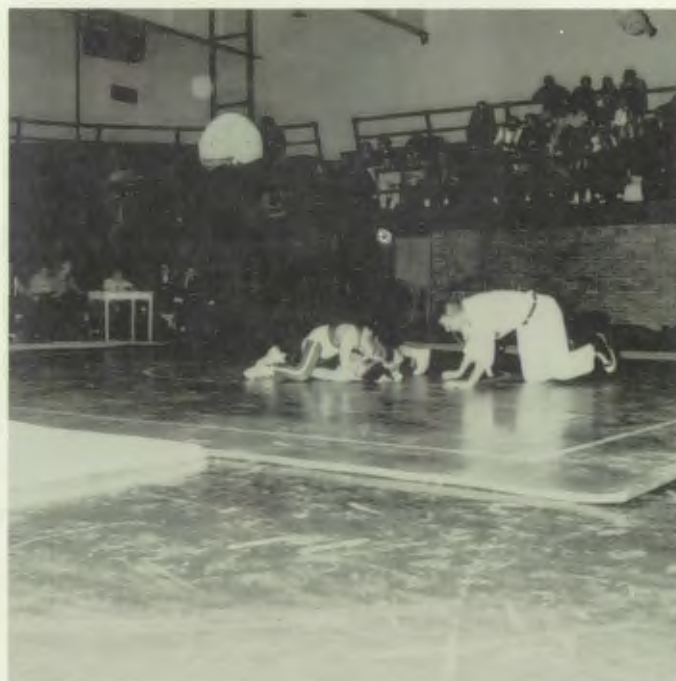

Karen Newell was president; Siri Eidem Vice President; Pam Thompson Secretary; and Janice Brown, Treasurer. Mrs. Bard is the Shark Club sponsor.
