College is buildings, grass, flagpoles, and educational processes . . .

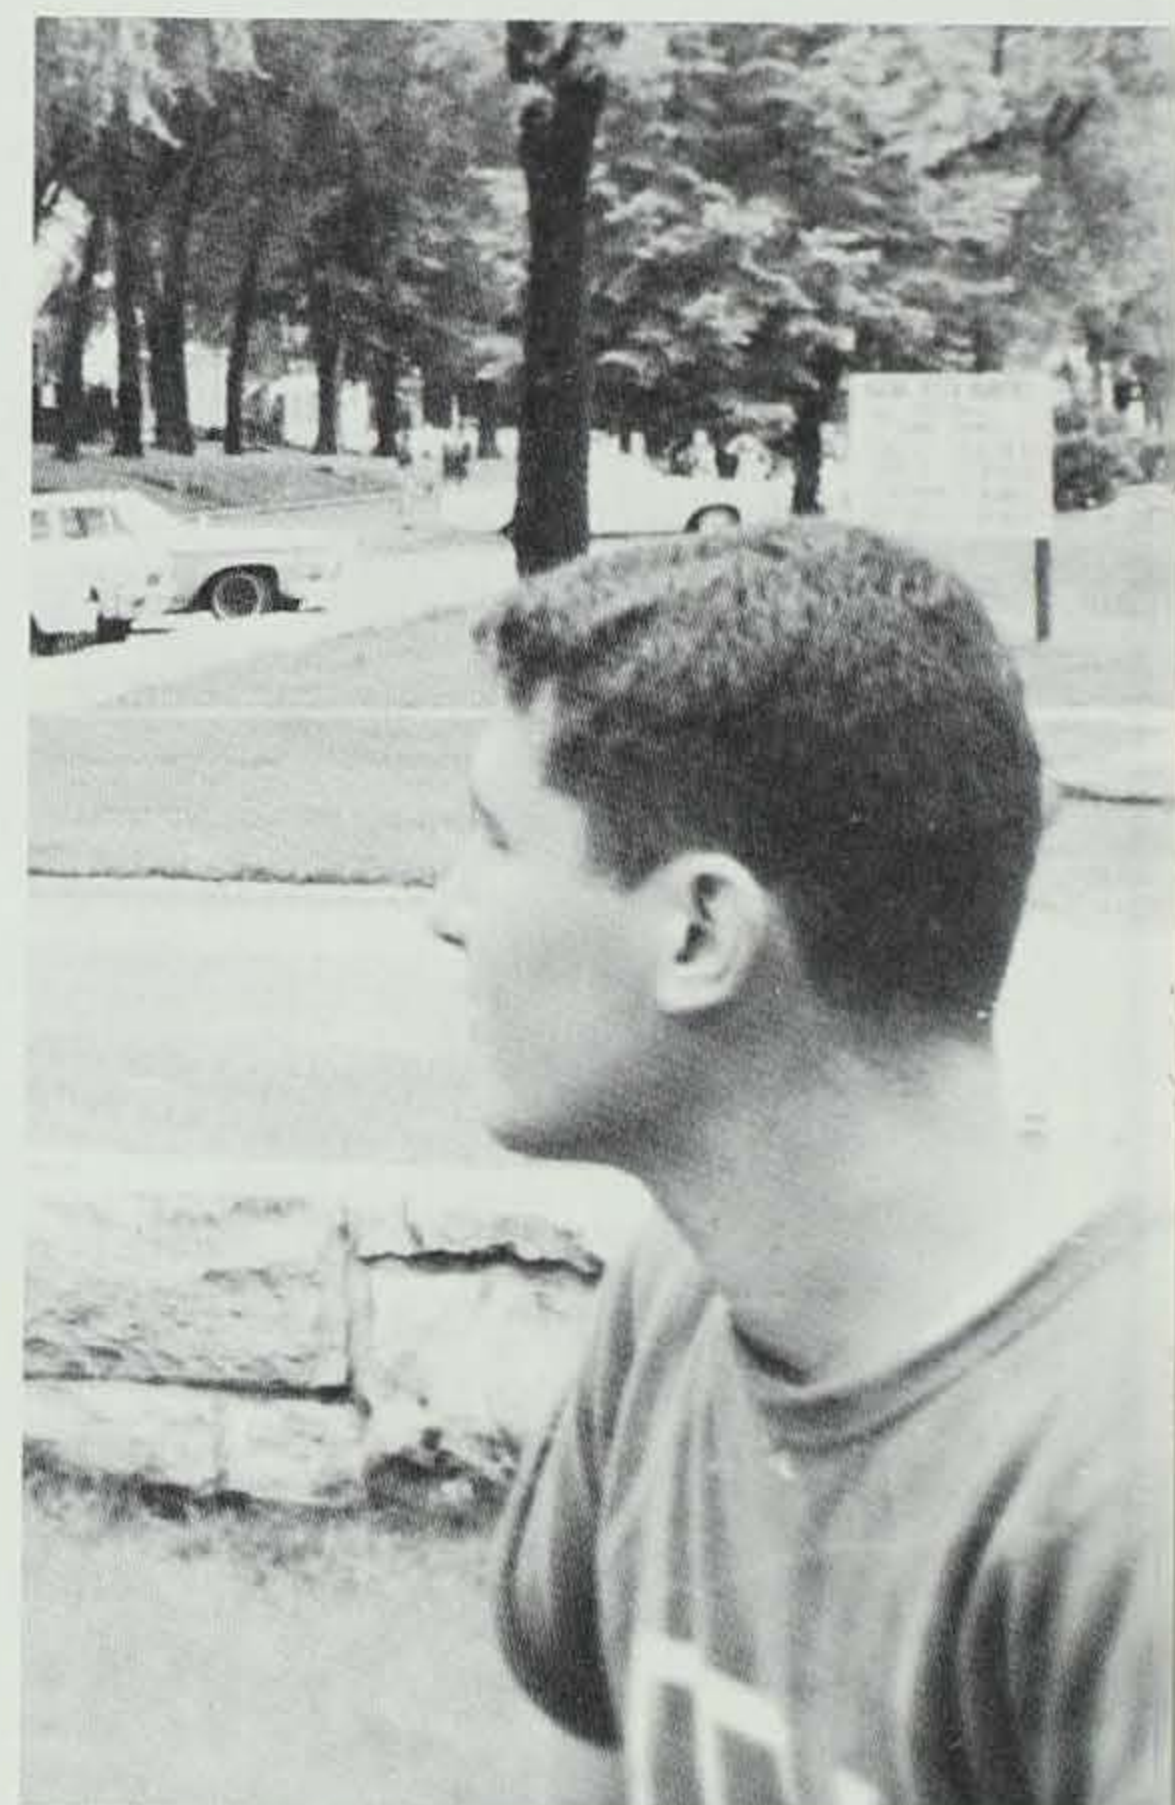

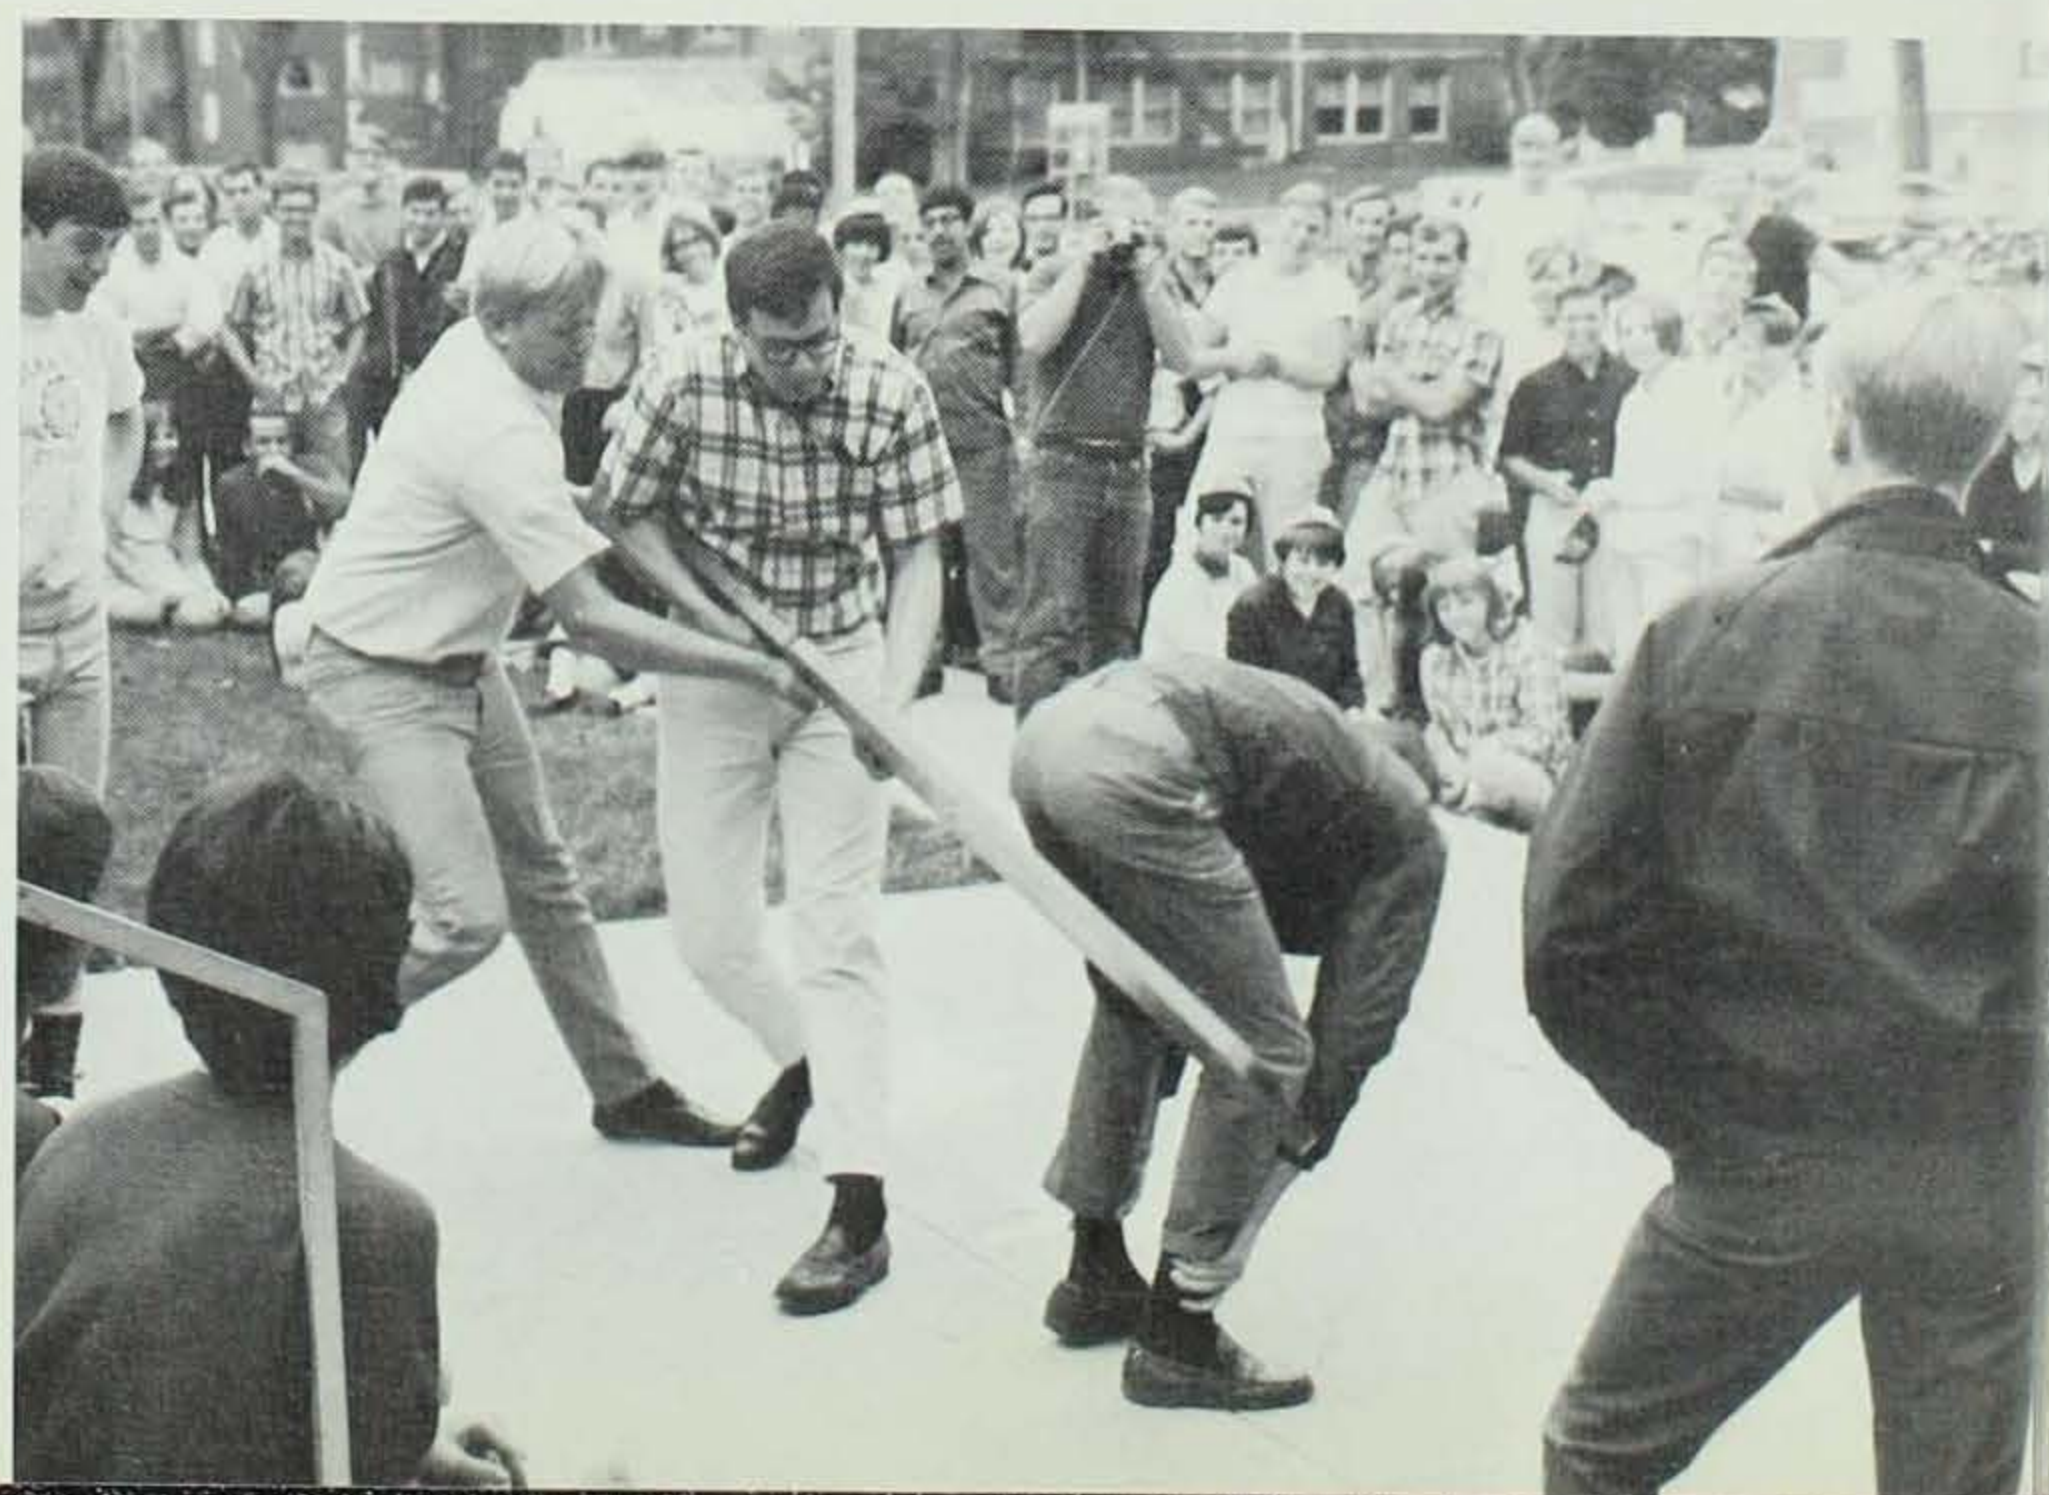

But a campus is people.
People pursuing life . . .

Life is not elusive to a college student...

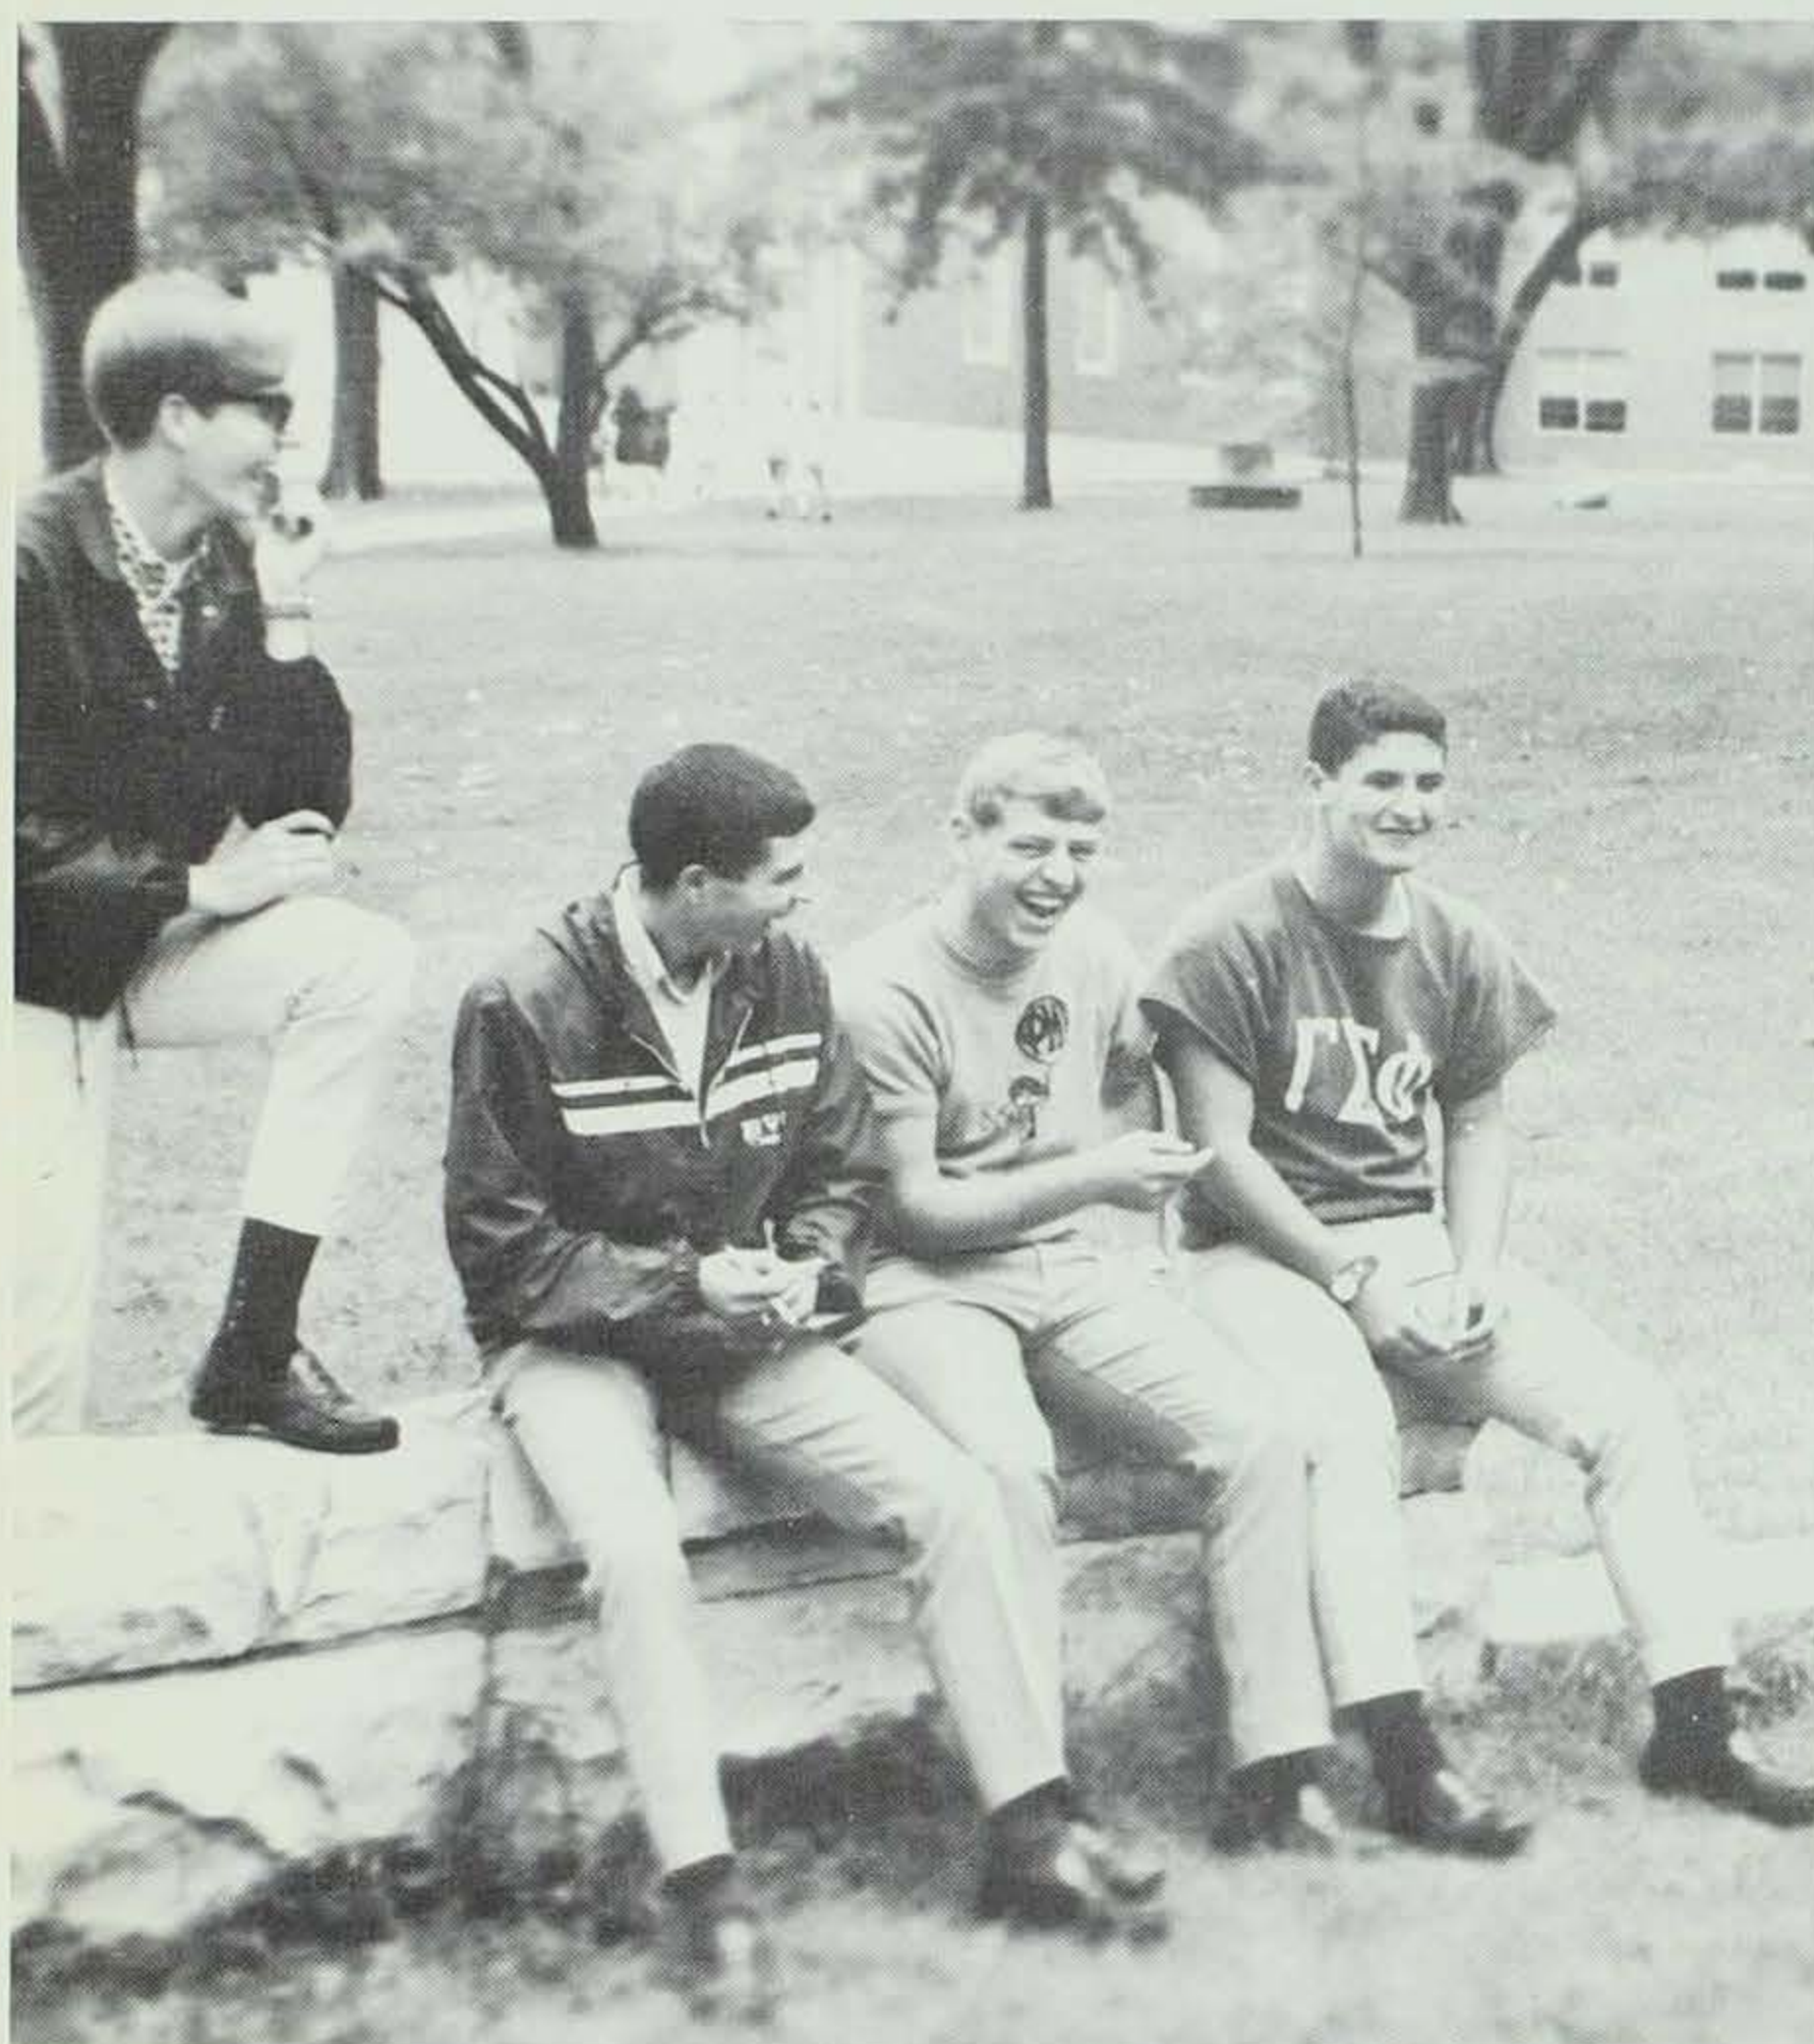

It is just disguised in many forms...

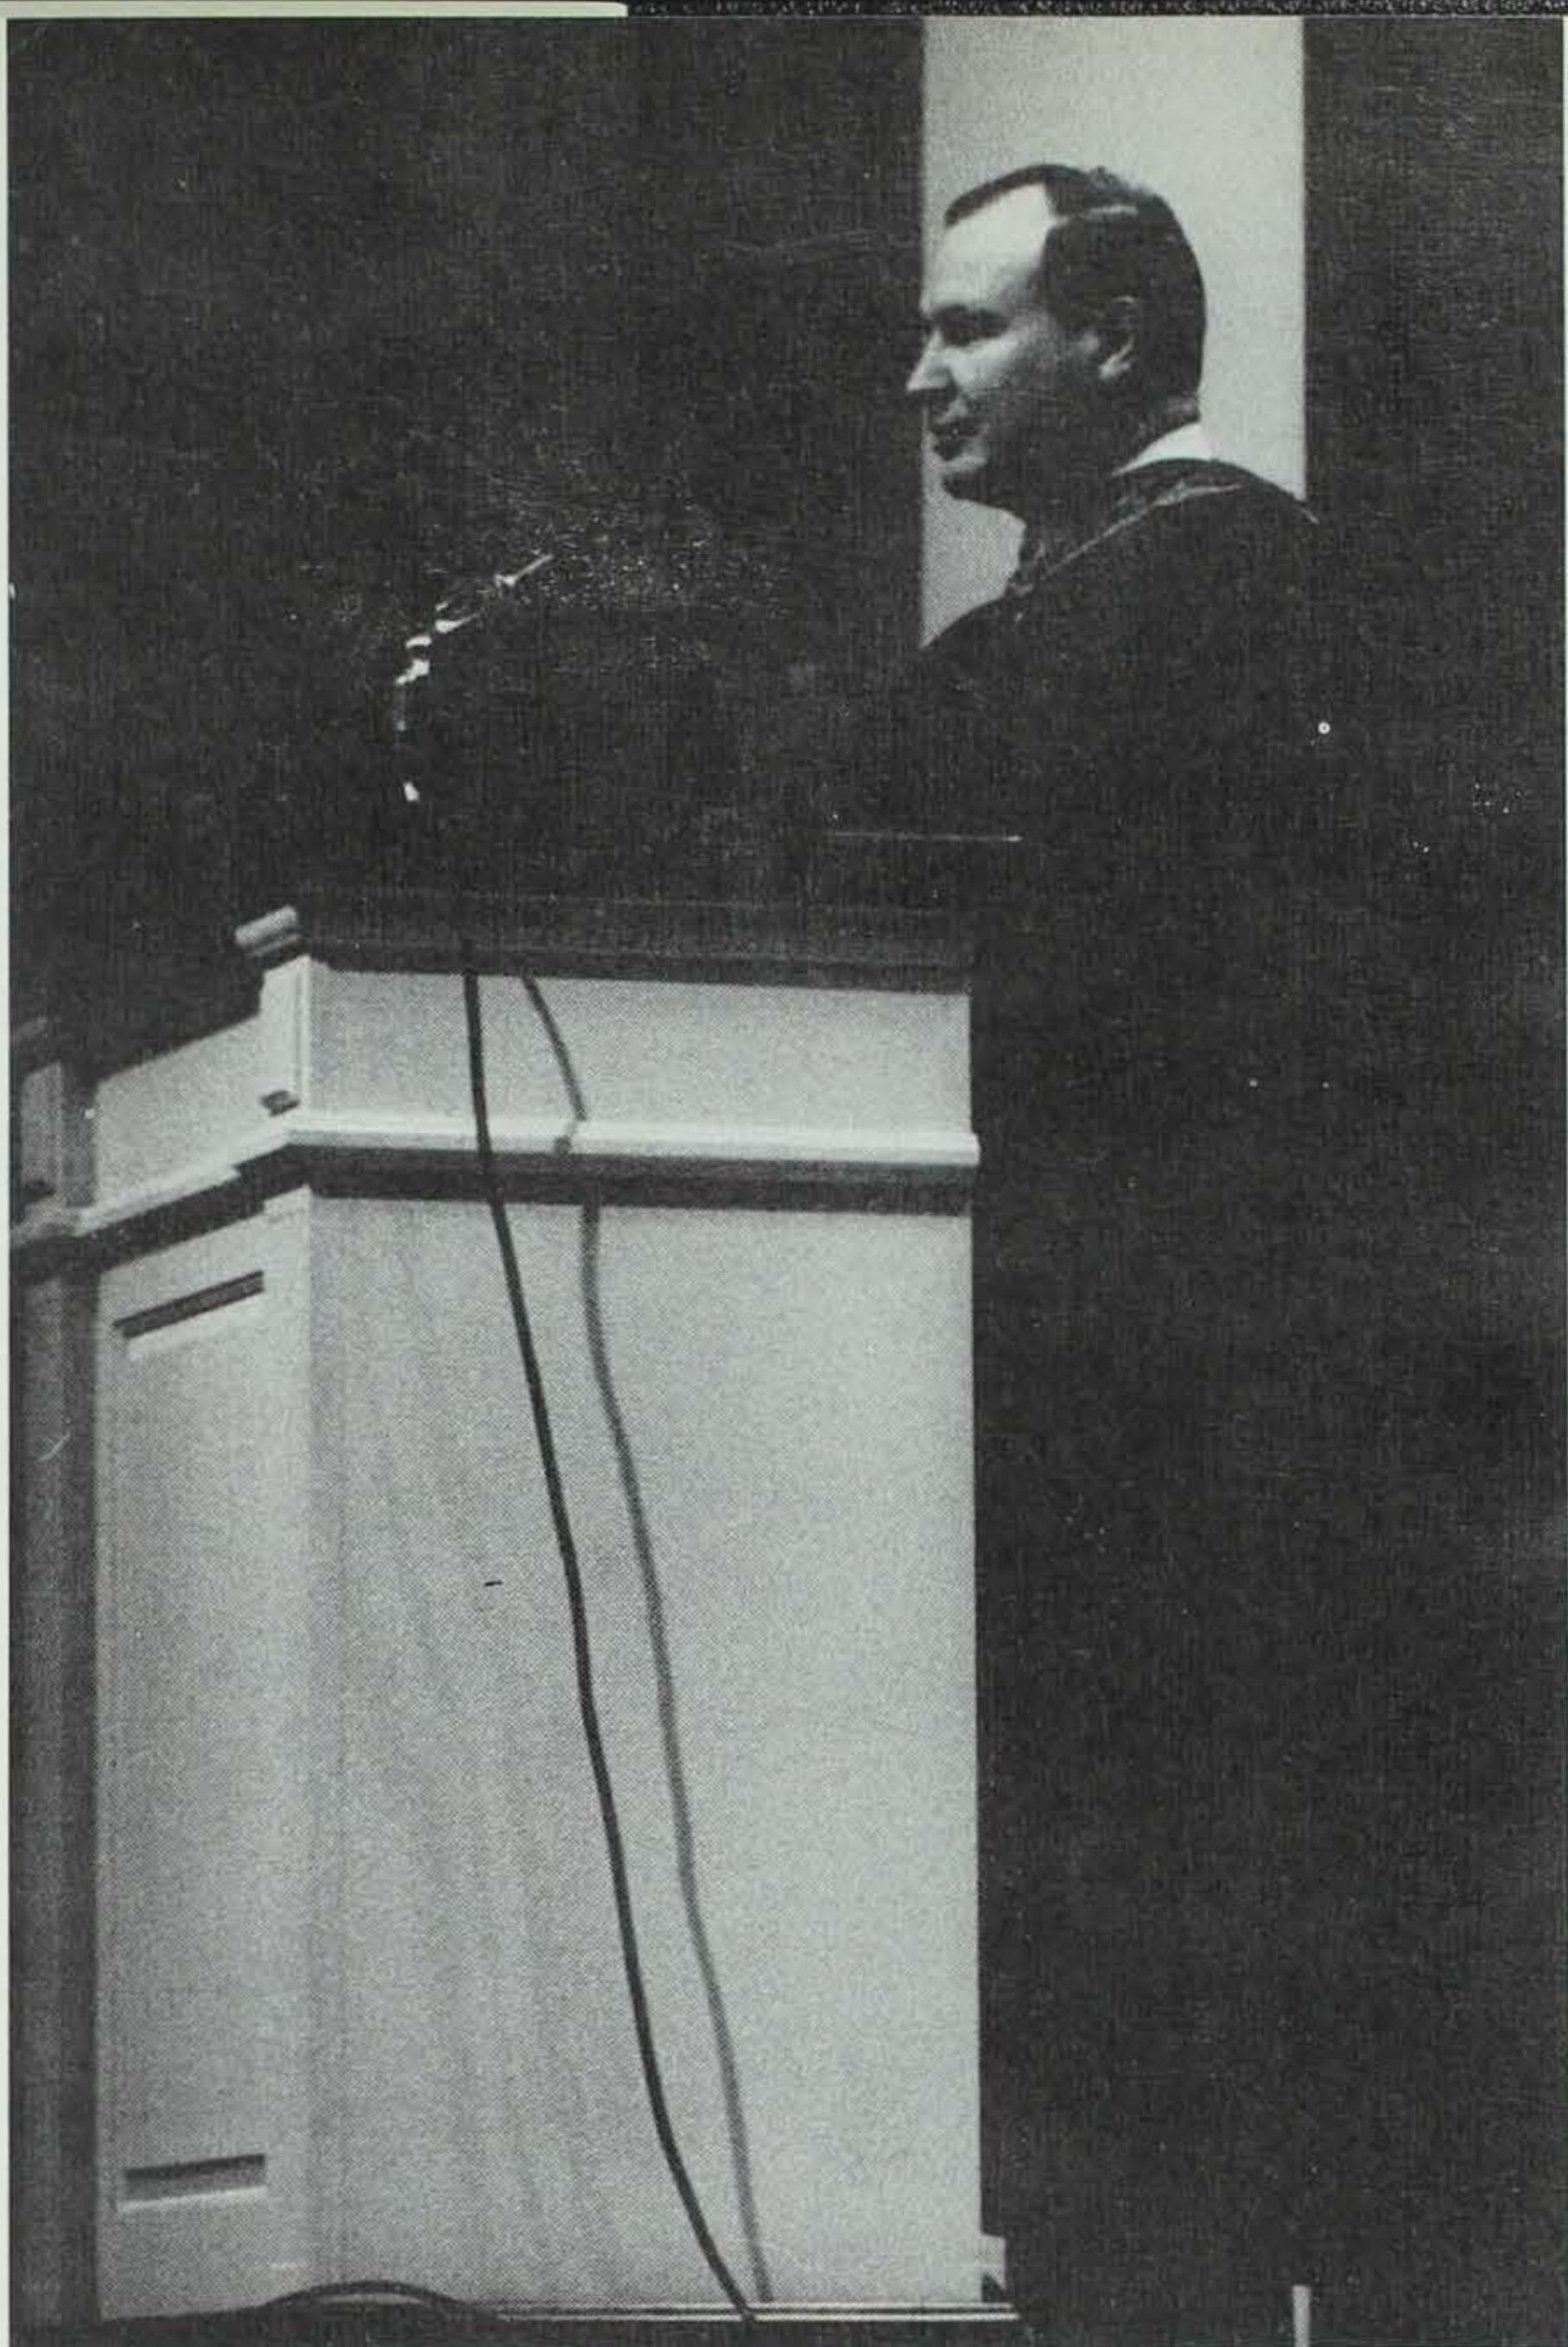

Studies come first, but not to many. To most they come last . . .

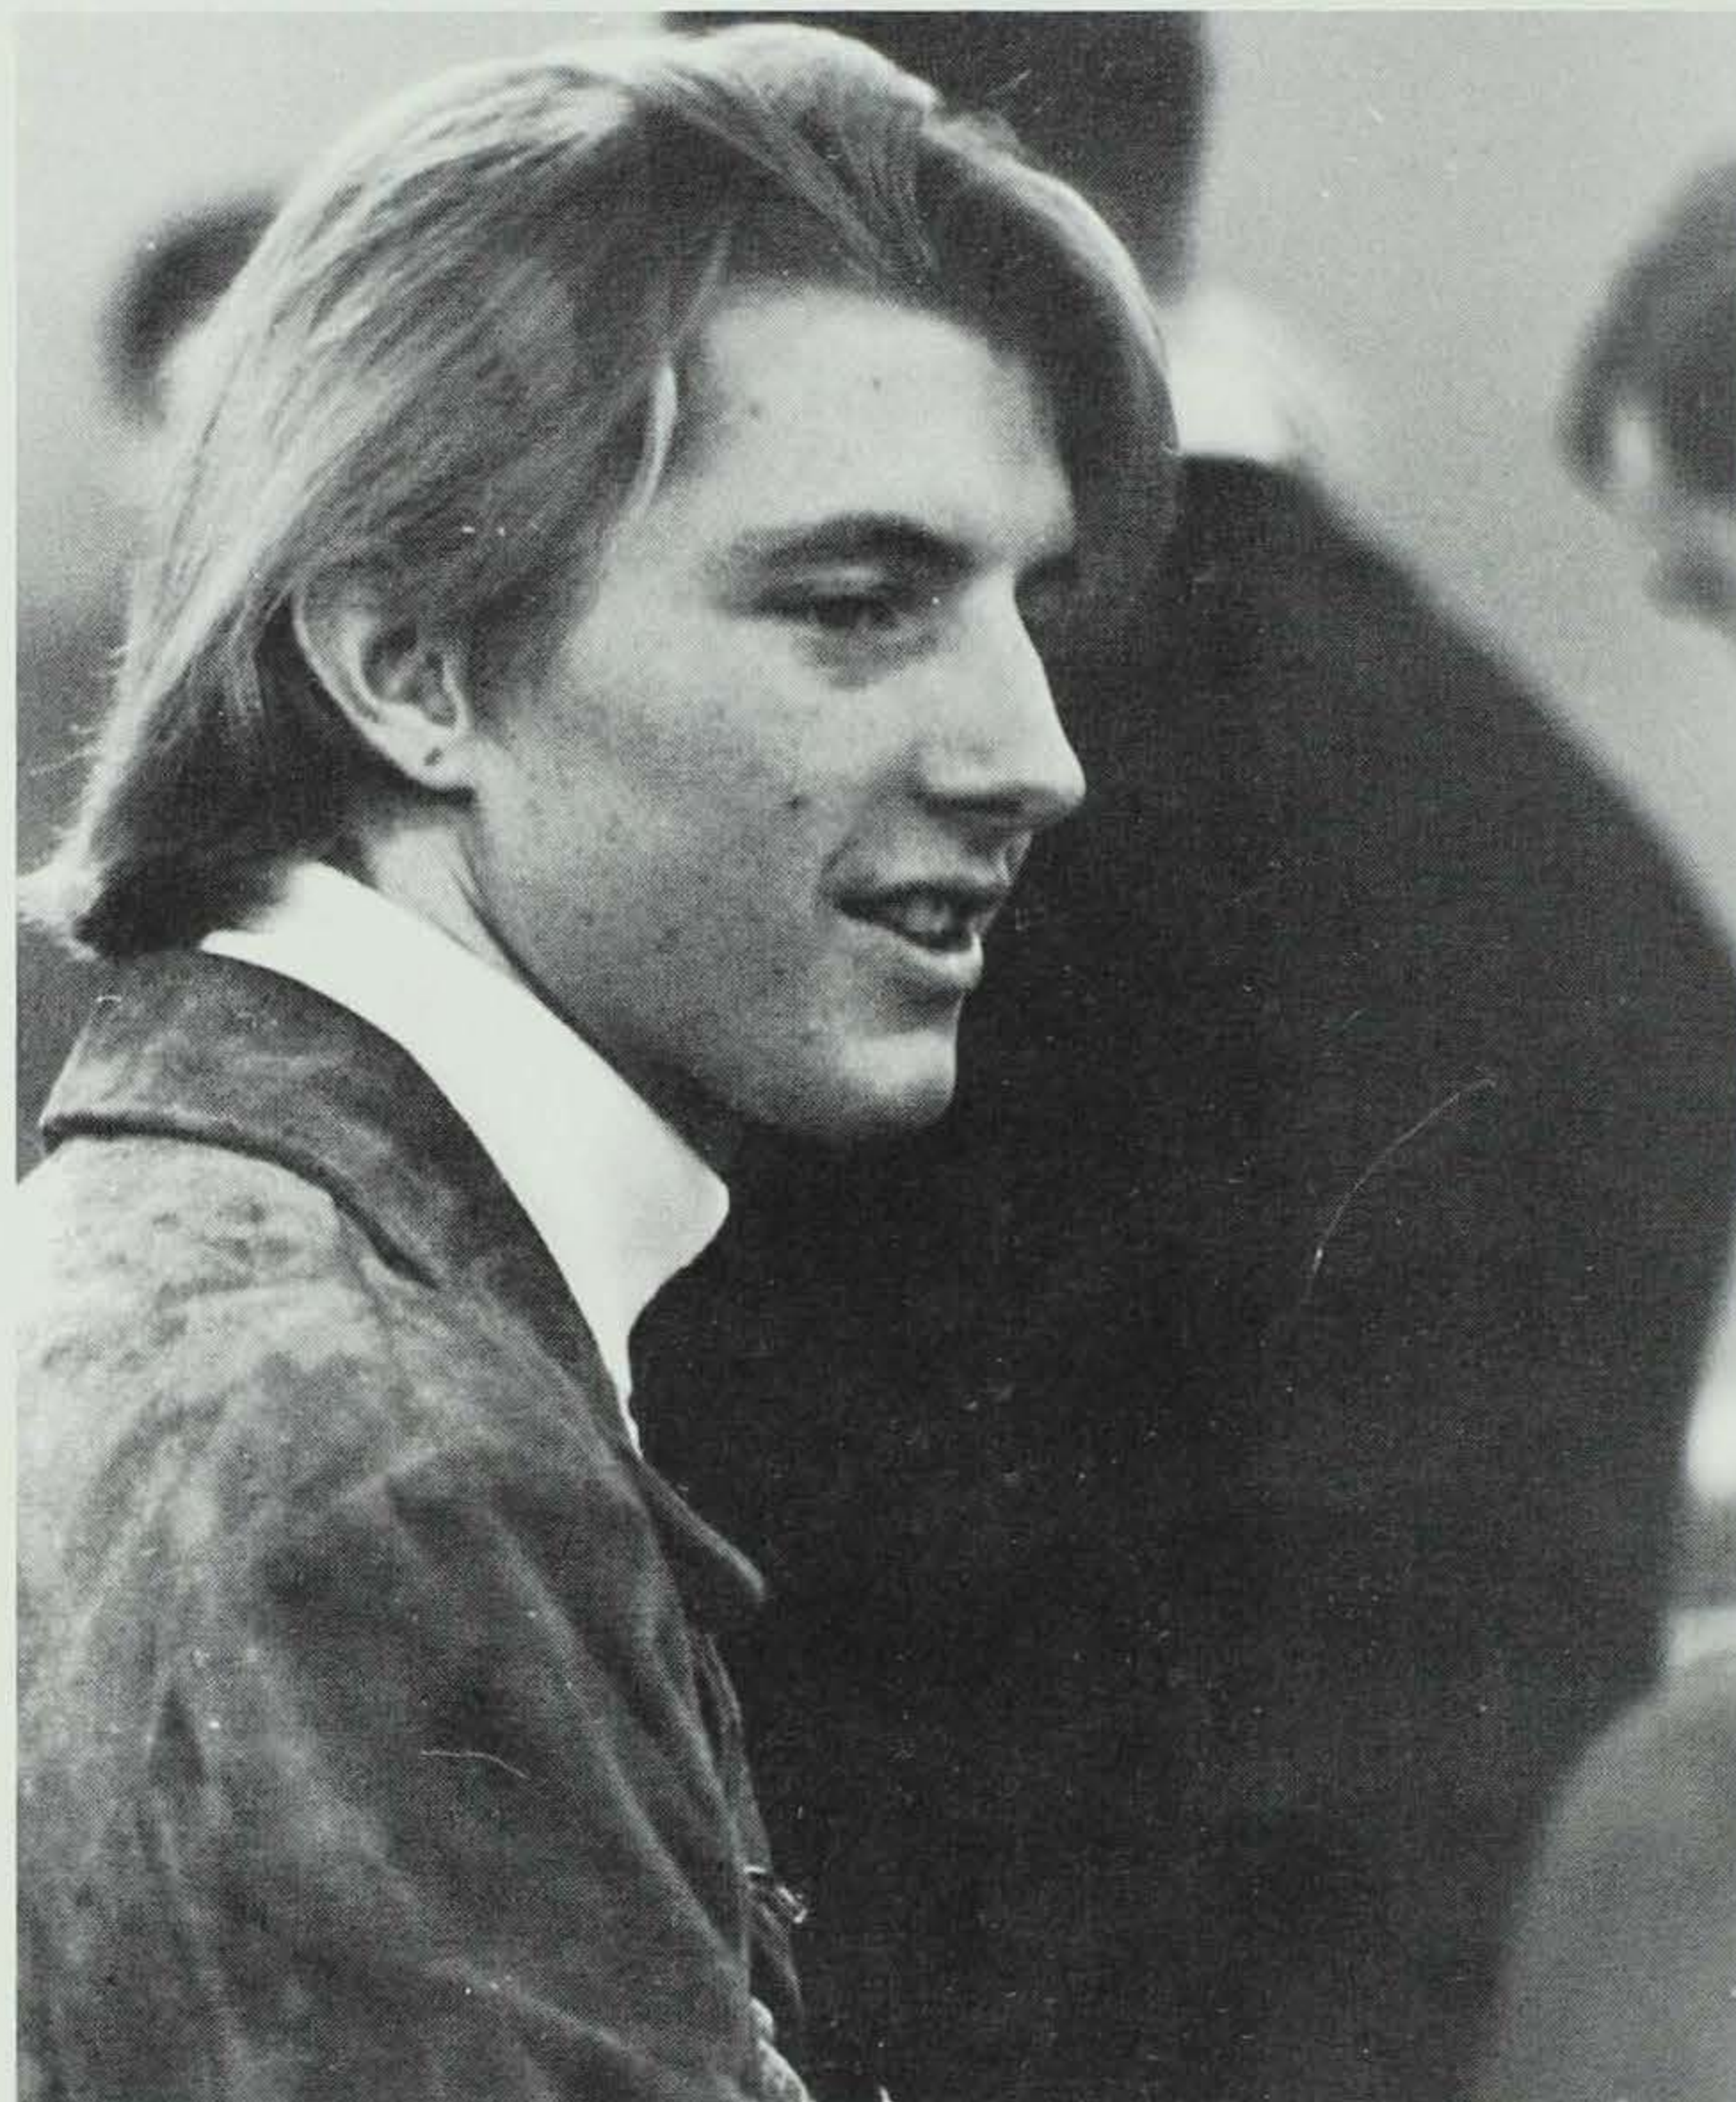

However, studies do come.
They are for grades . . .

Grades are paychecks to the college student . . .

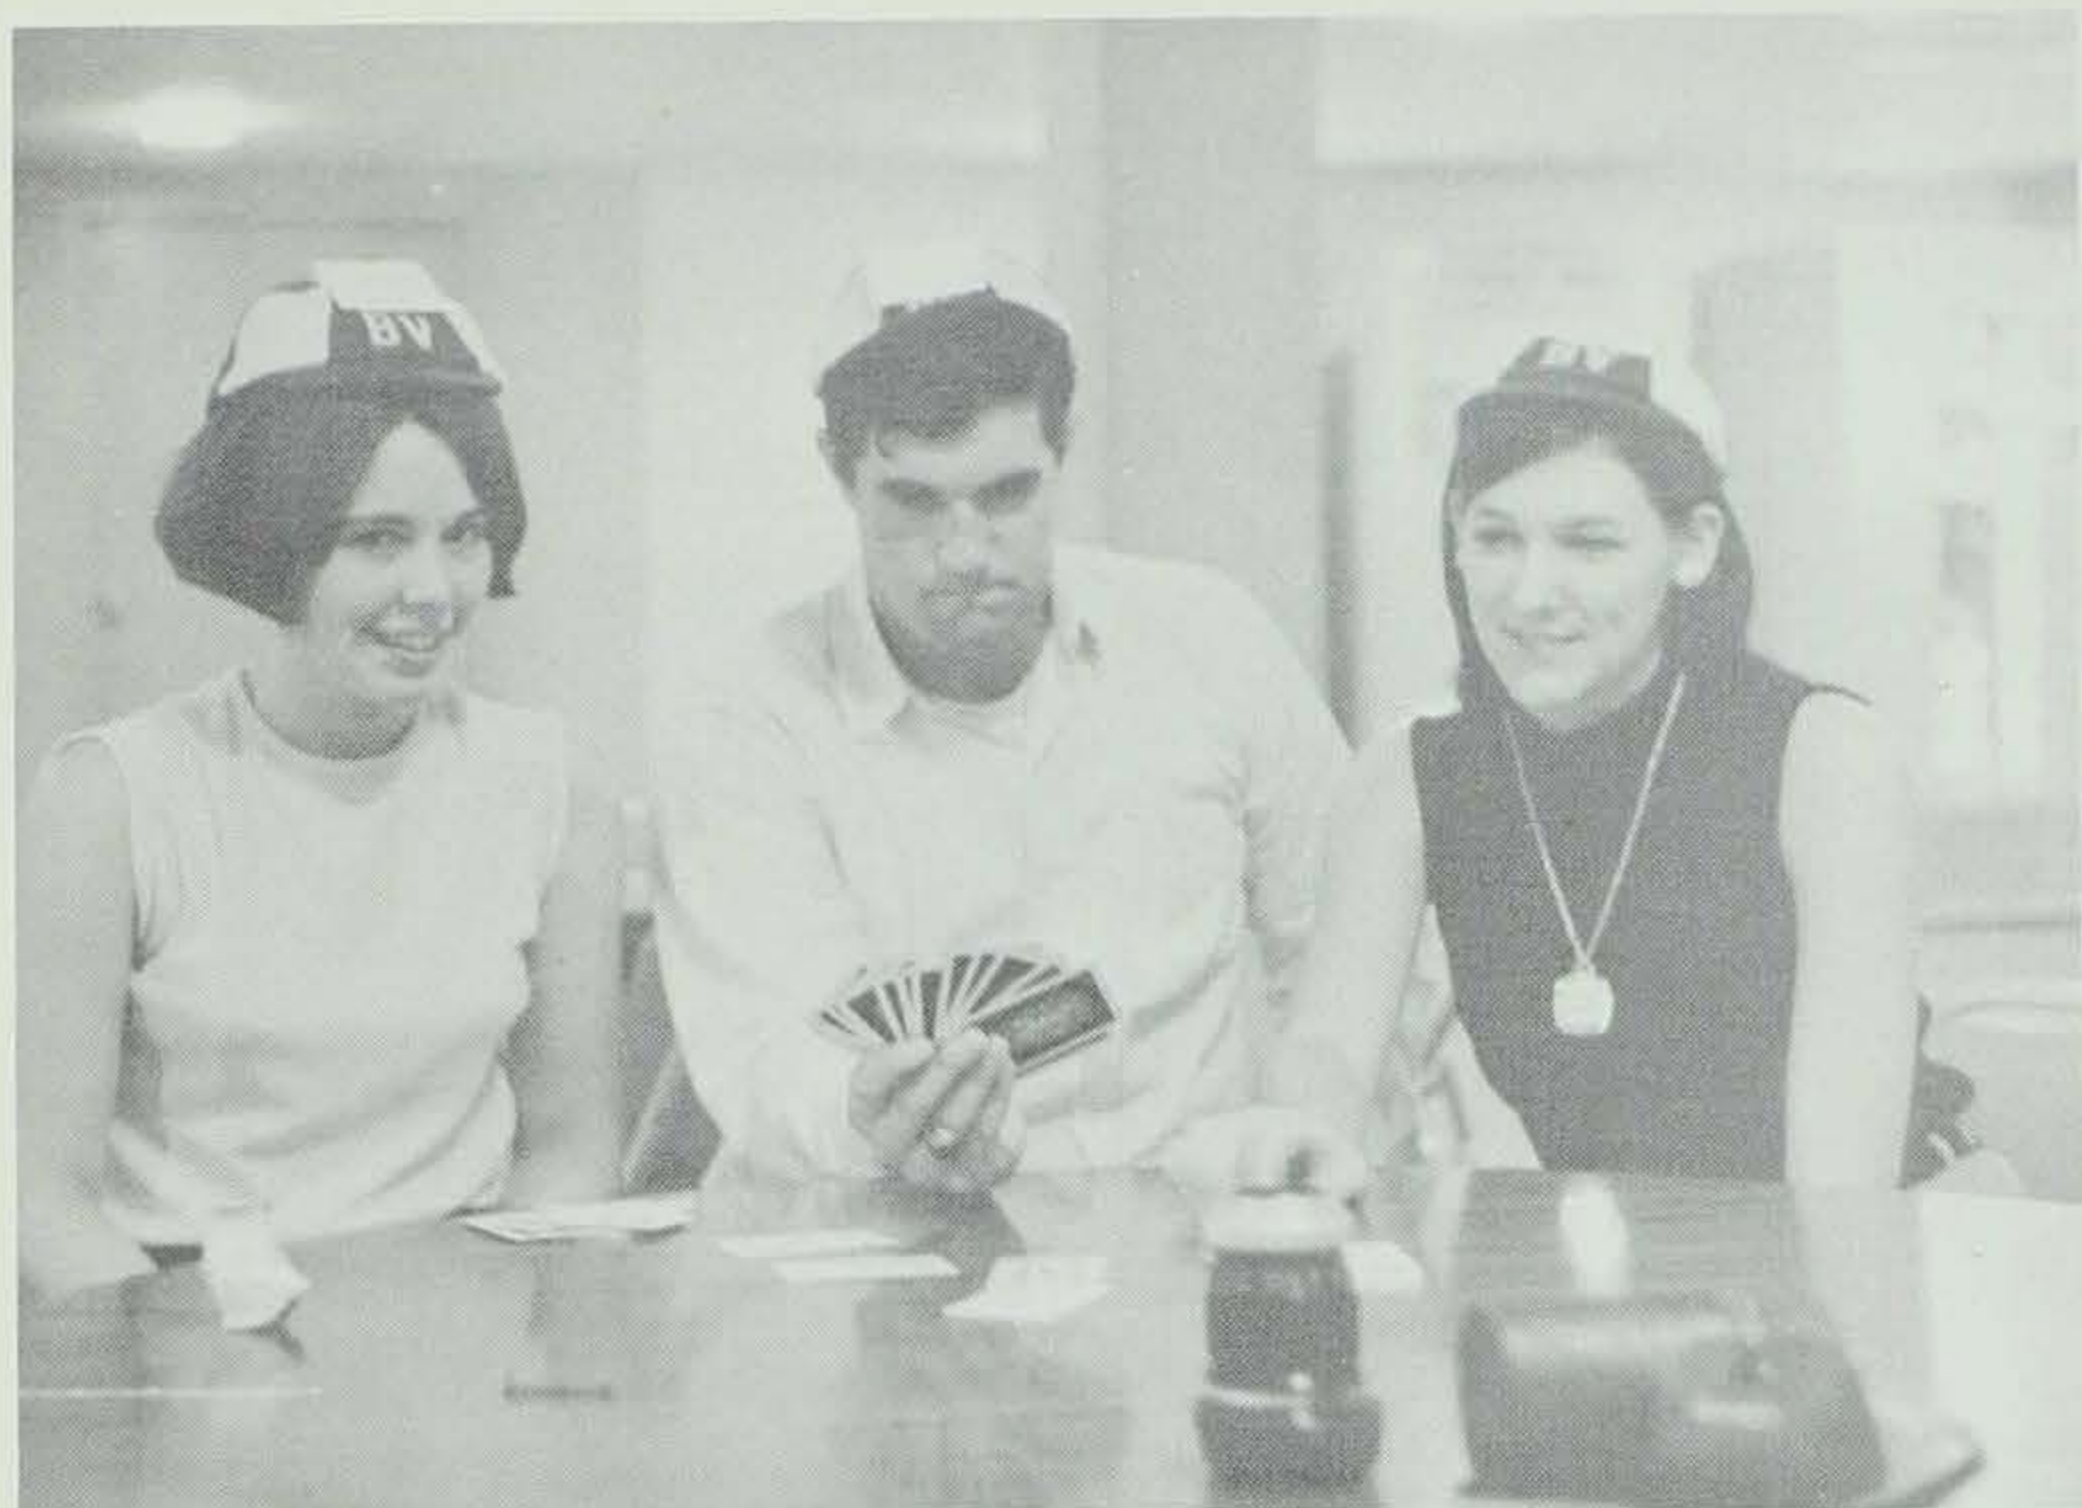

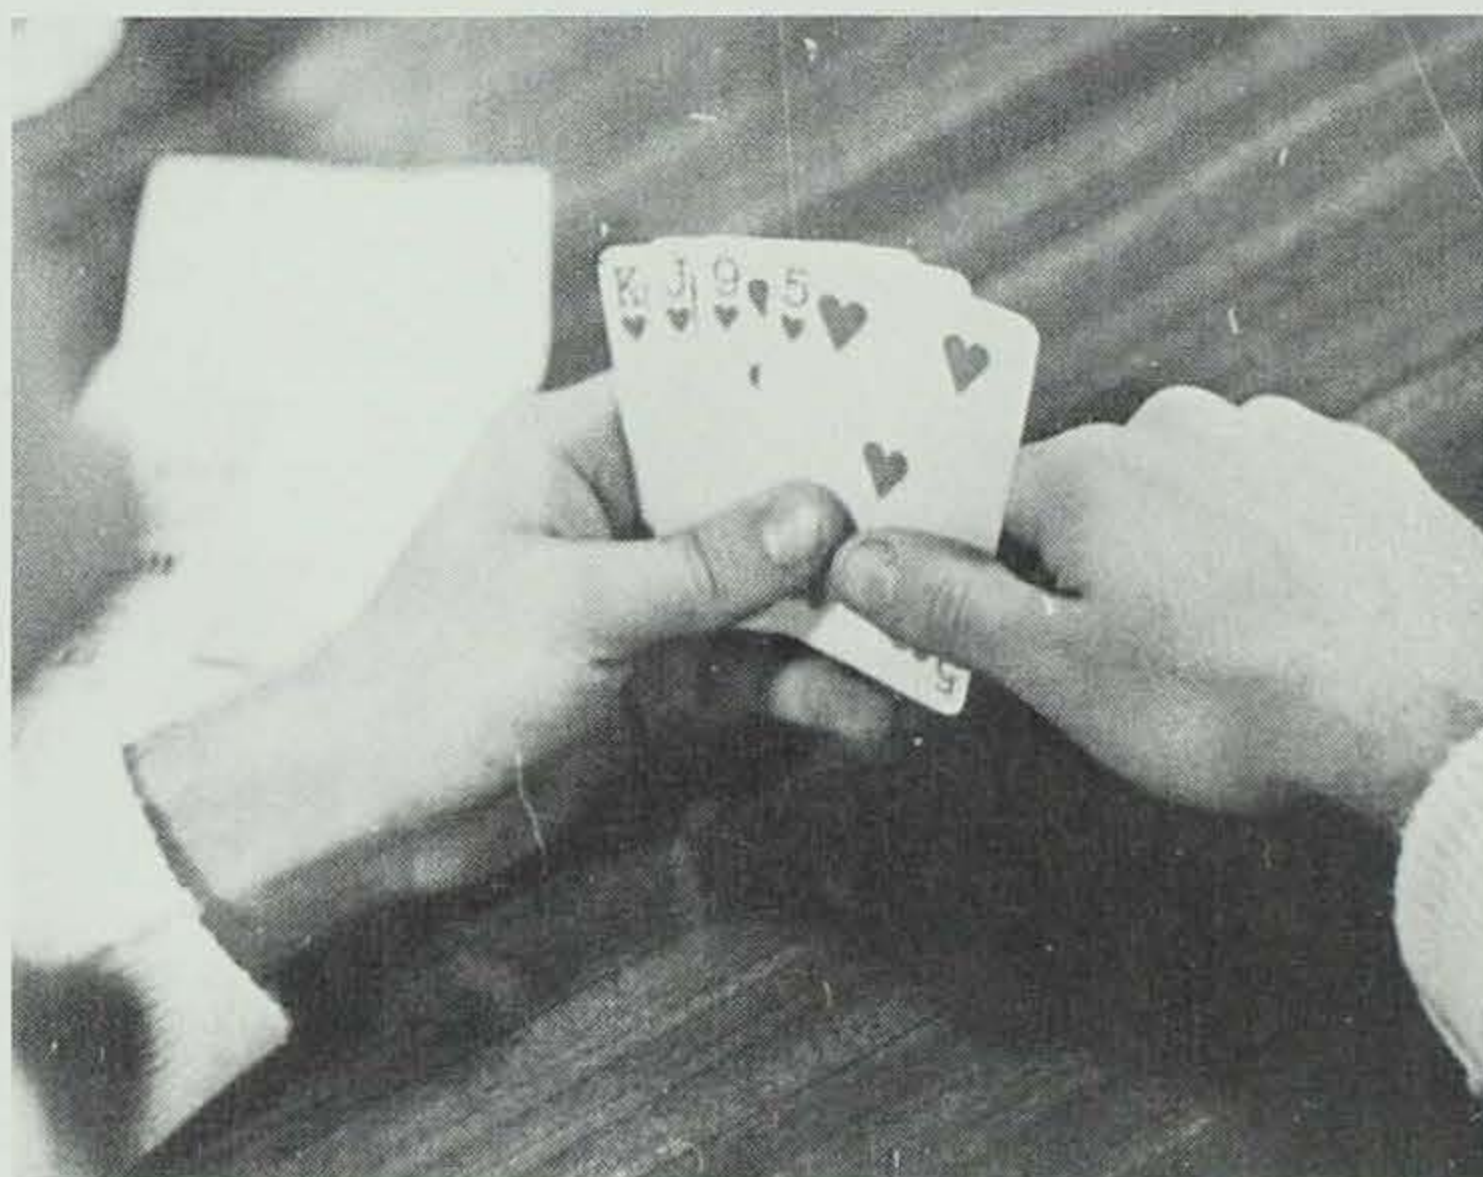

Paychecks ransomed by reddened eyes
and crammed brains . . .

Study time is stolen time. Purloined
from campus fun . . .

Ordinary people live 16 hour days; college students must move in a 24-hour world . . .

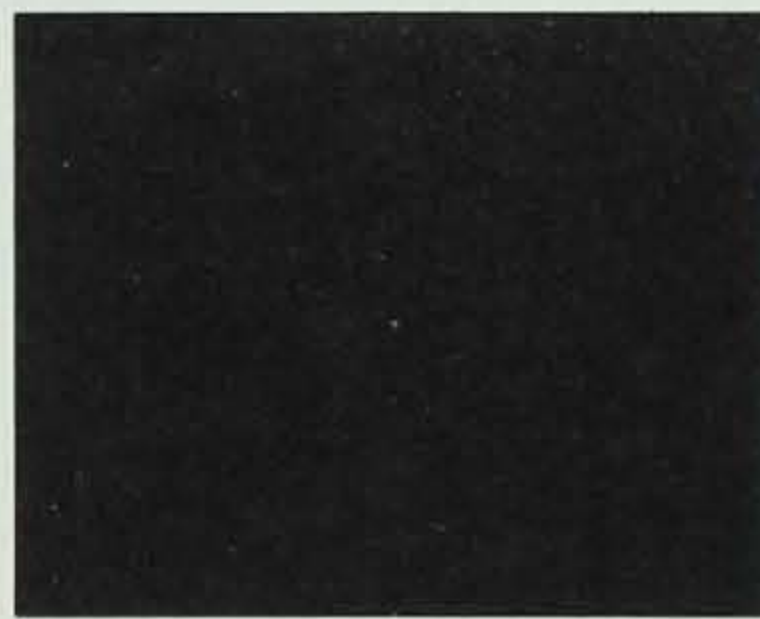

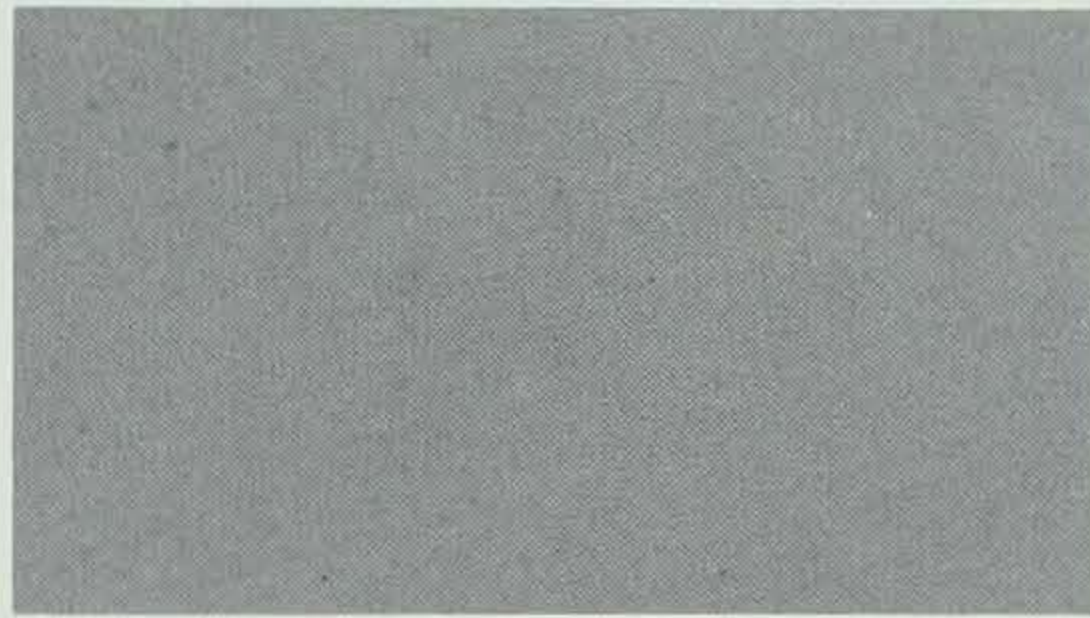

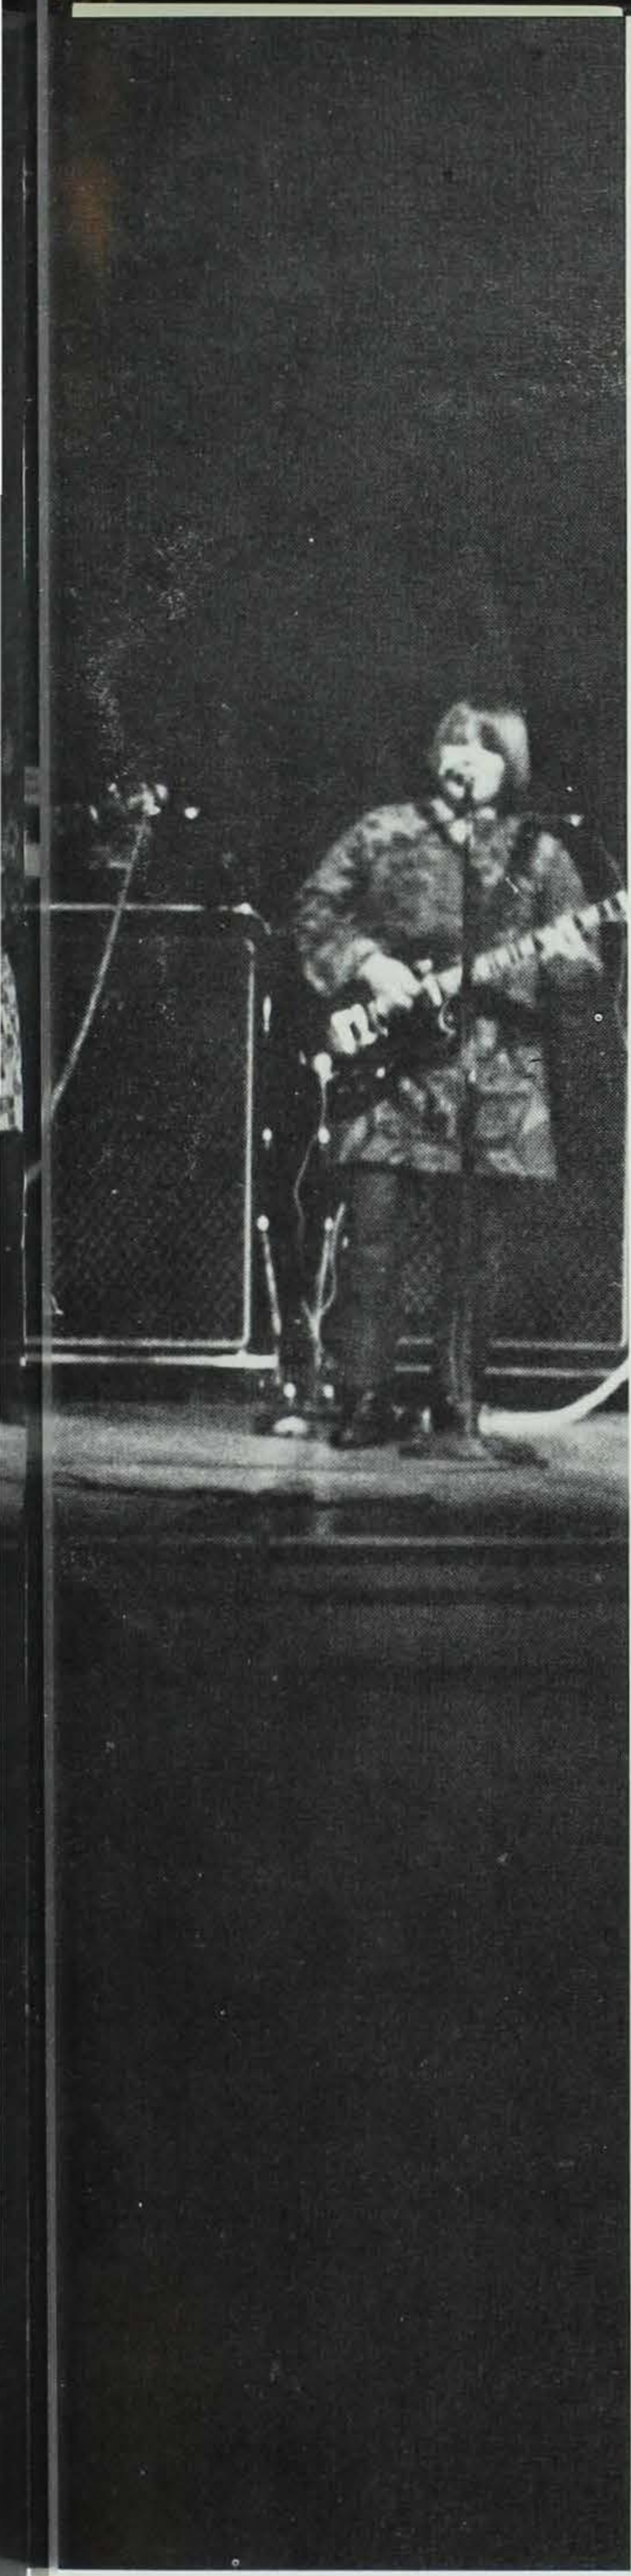

There are many factions vieing for the student's time . . .

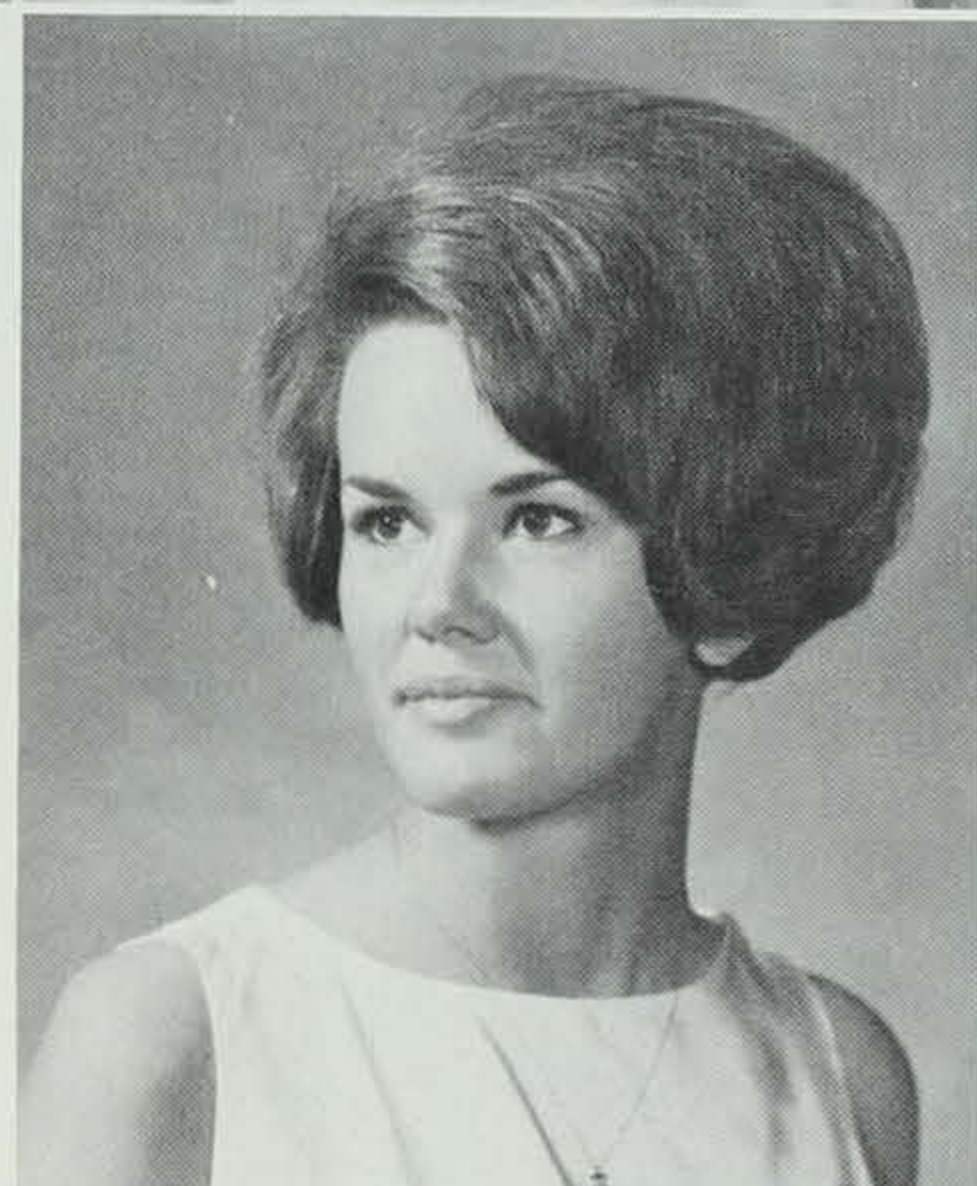

SPECIAL EVENTS

HOMEcoming

The theme of Buena Vista's Homecoming for 1967 was "Revolution '67." The theme was intended to portray the Spirit of '76 Revolution that gave birth to our nation as related to the current revolutions on college campuses.

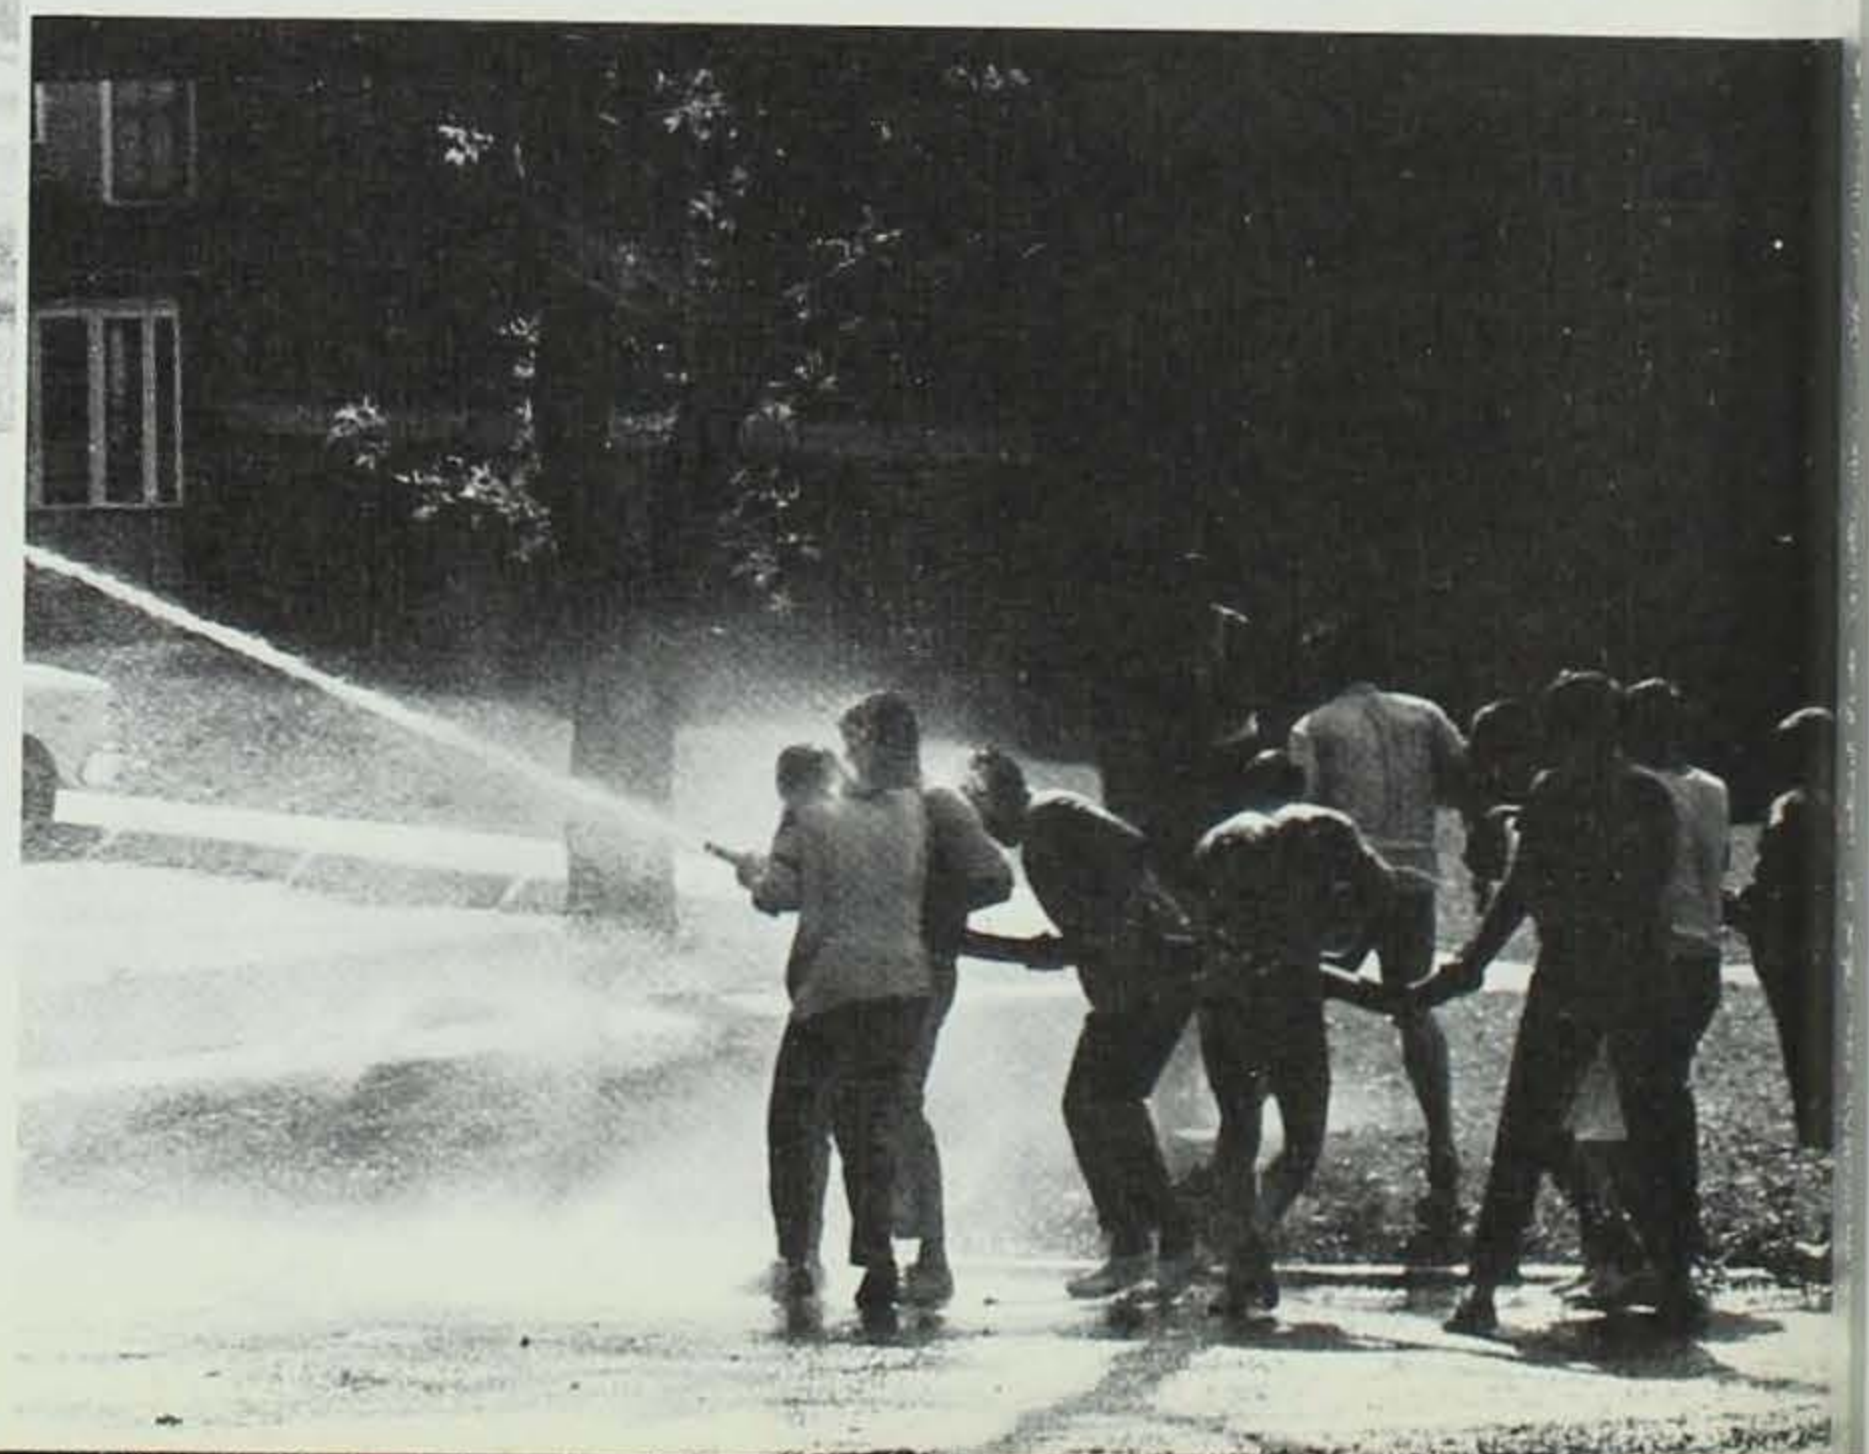

Homecoming began with the parade Saturday morning. Congressman Wiley Mayne acted as grand marshal of the parade. There were 33 marching bands and 25 floats making up the colorful procession.

Friday night it was announced that Ann Anderson from Thompson, Iowa was elected the '67 Homecoming Queen. The six members of her court were: Jan Aube, Matawan, New Jersey; Luann Beck, Council Bluffs, Iowa; Jane Berglund, Quimby, Iowa; Nola Fisher, Pacific Junction, Iowa; Judy Milazzo, Middleton, Wisconsin; and Linda Weik, Spirit Lake, Iowa.

There is exciting work to be done. Floats to be built, skits to be rehearsed, plays to be given, responsibilities to be fulfilled.

Work, yes, but fun . . .

Organizations plead for collegian's time, energy
knowledge, and talents.

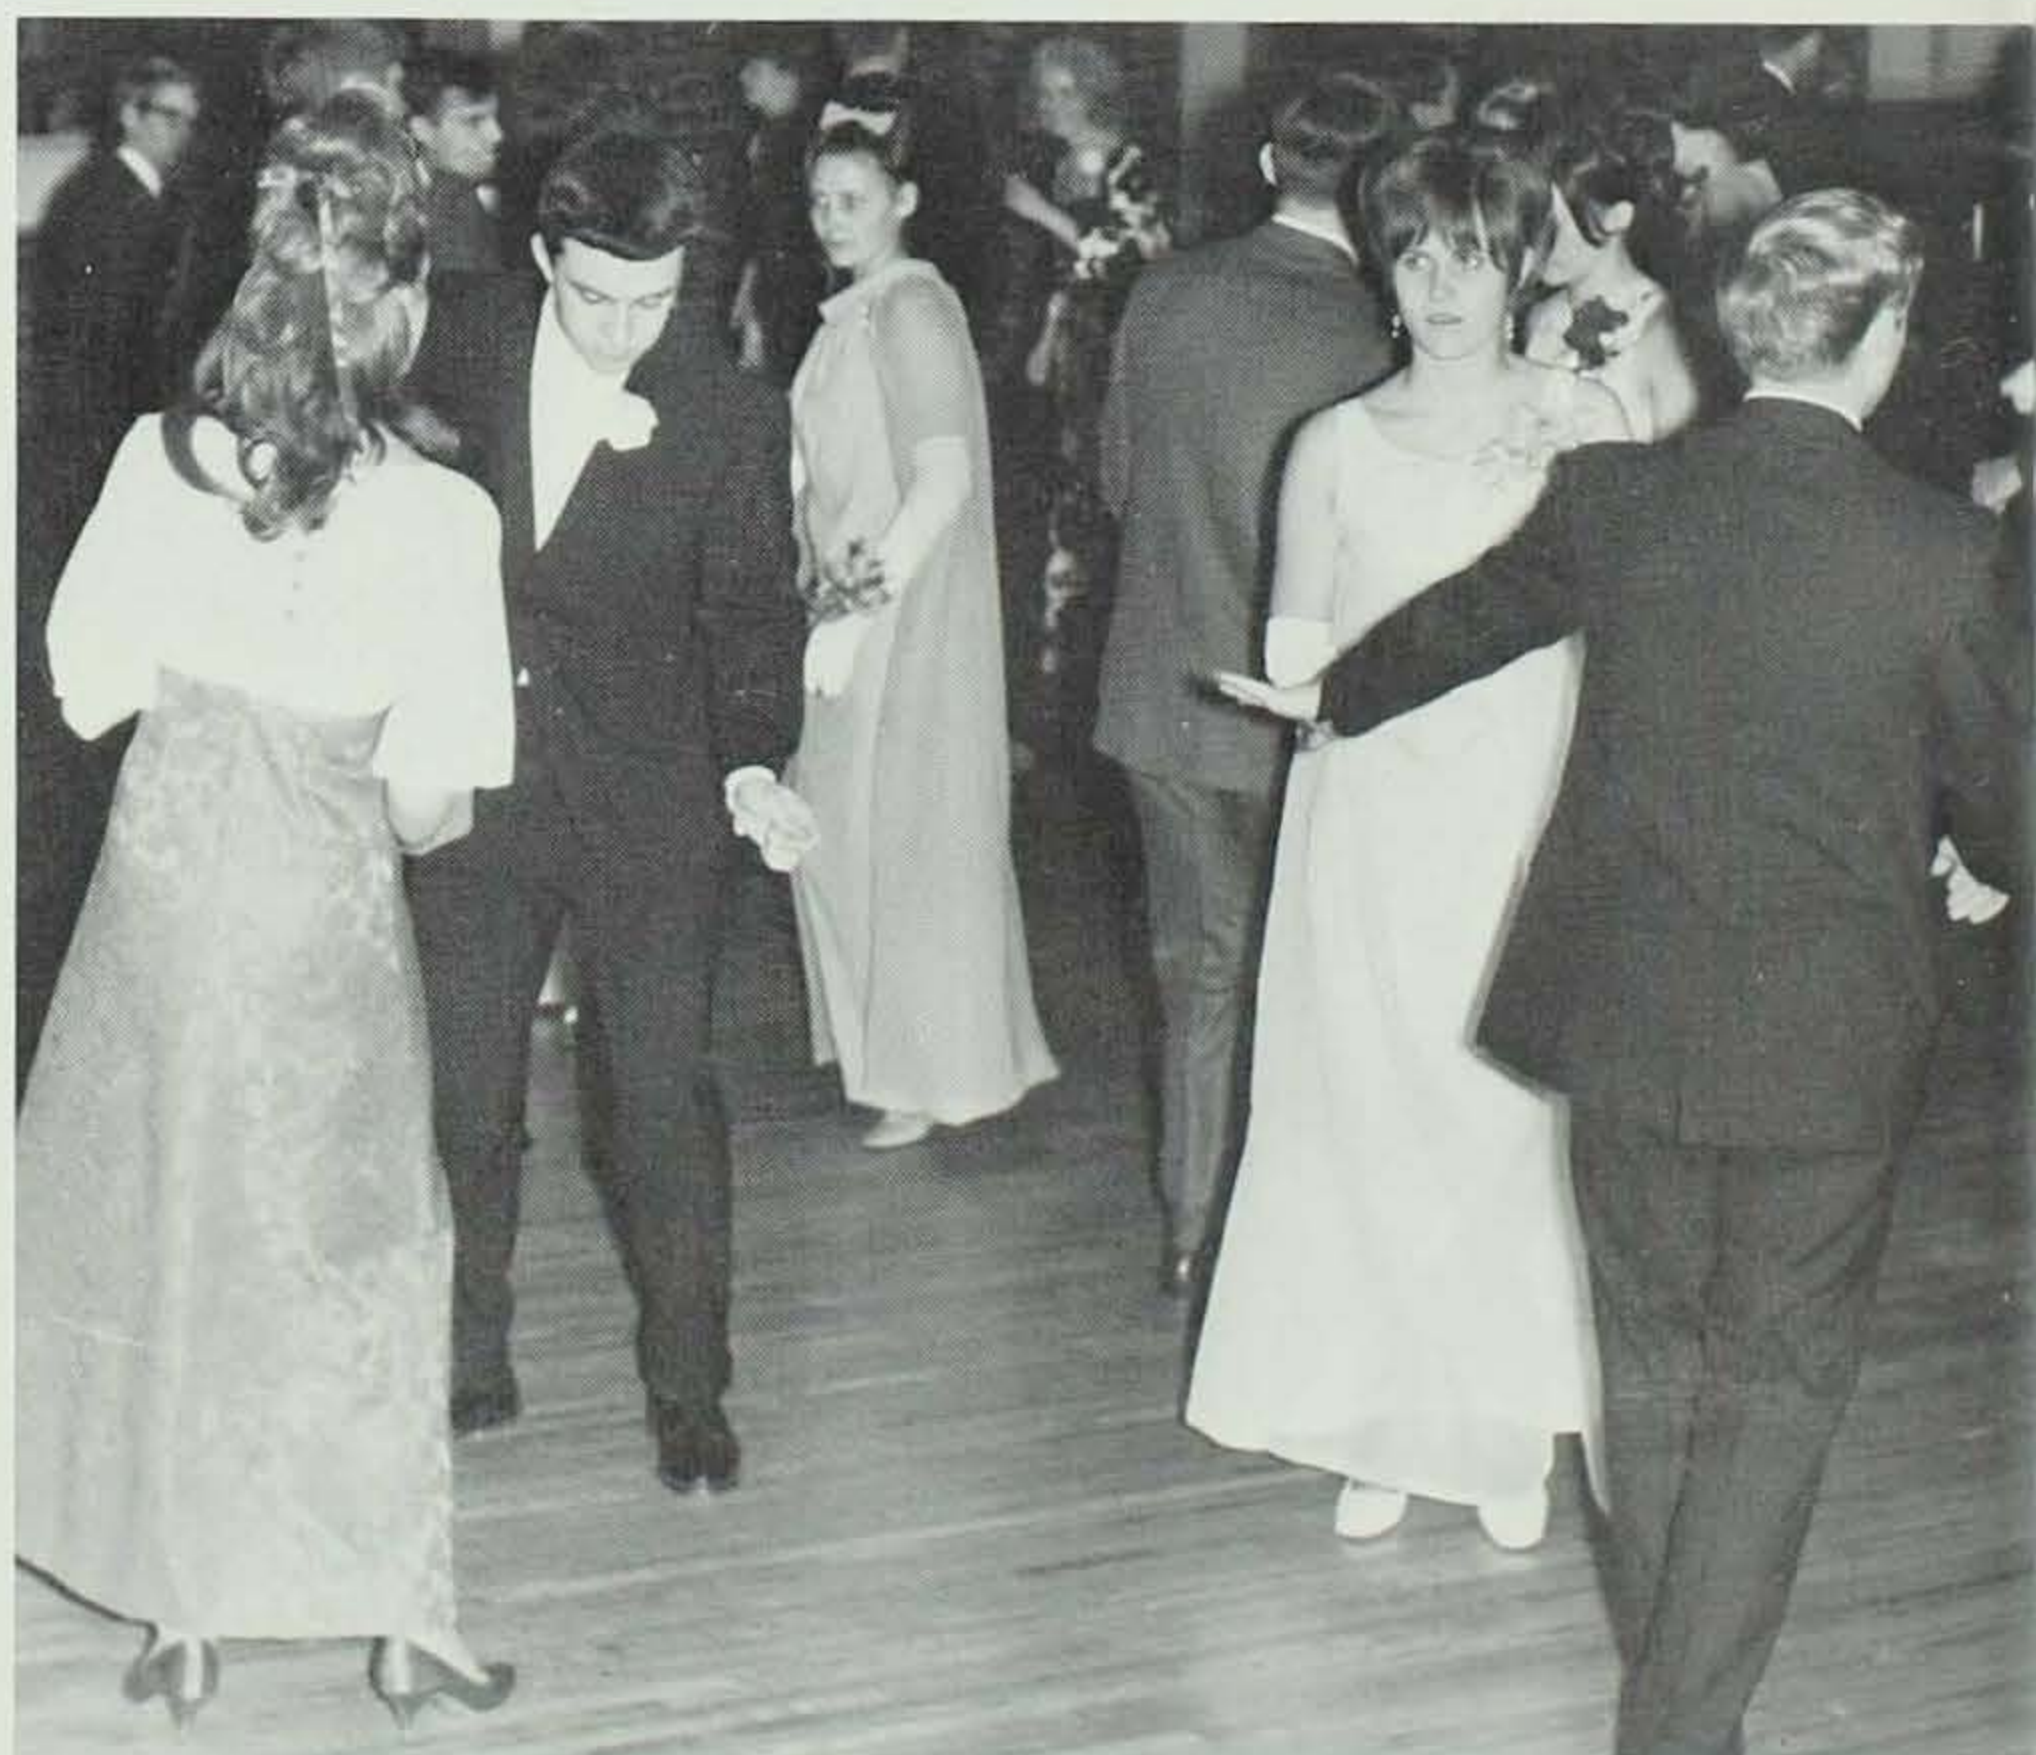

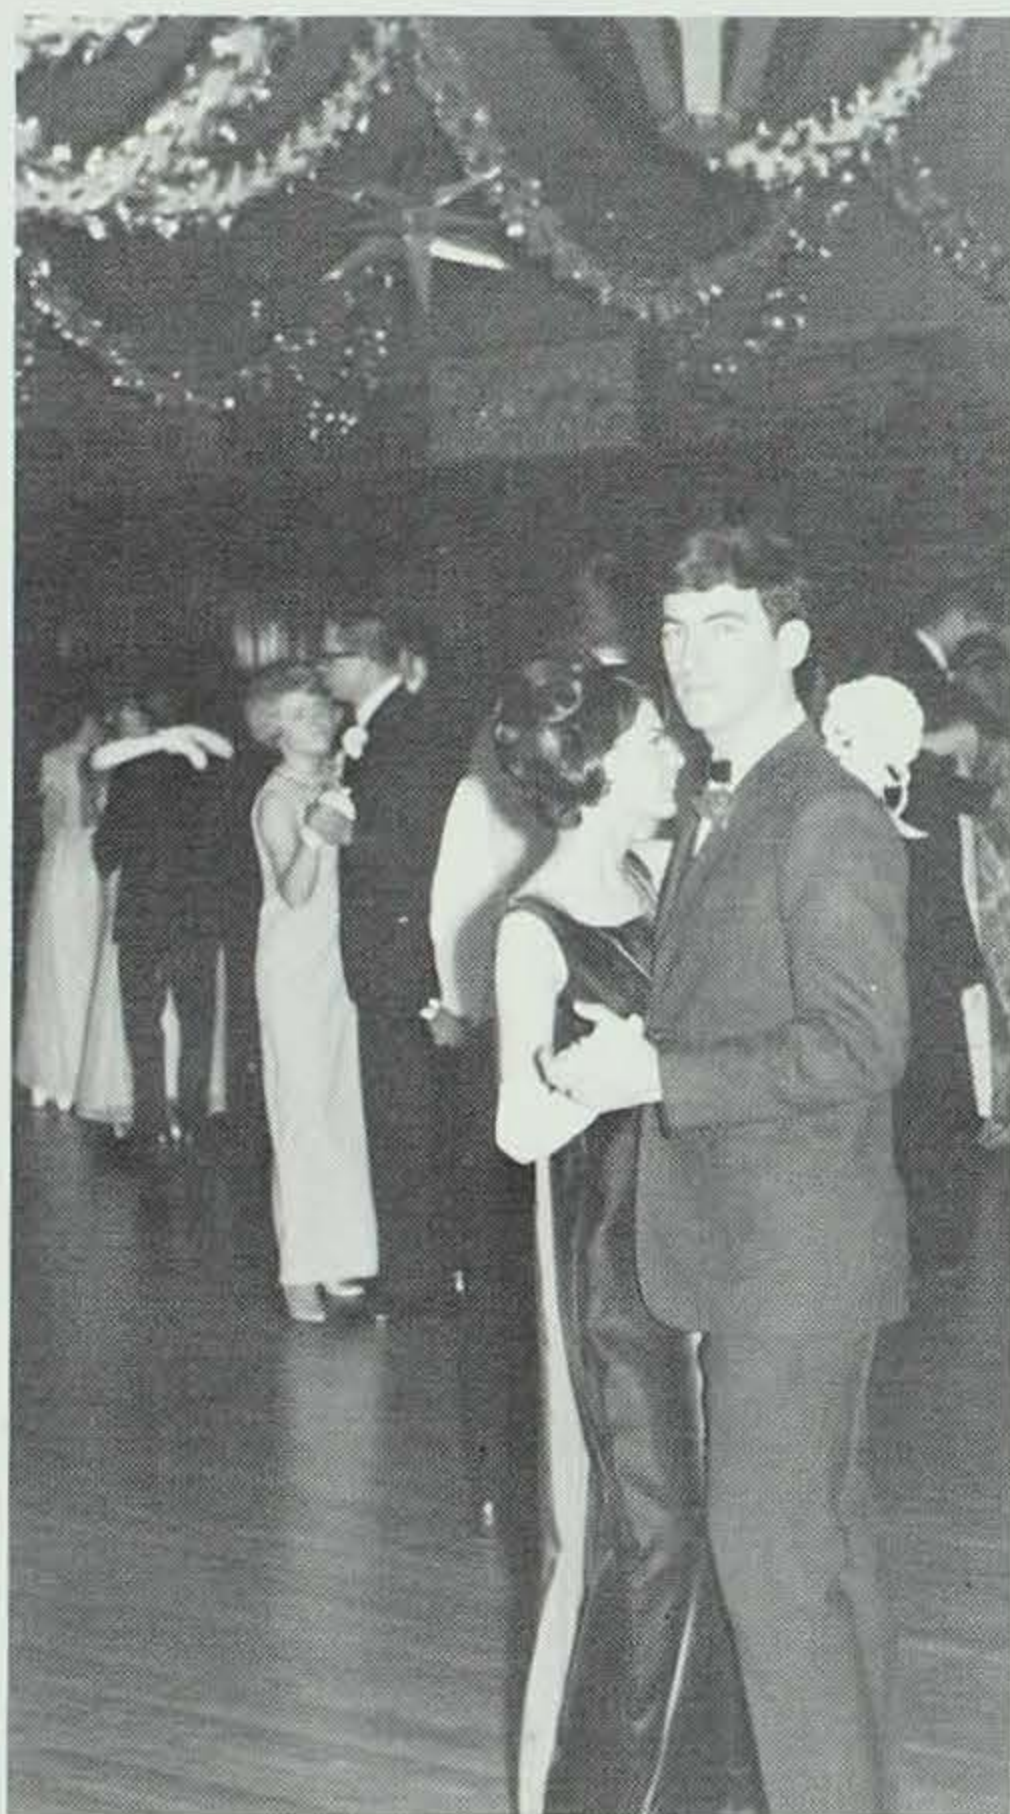

Greek societies for the few, plebiscite groups for the many . . .

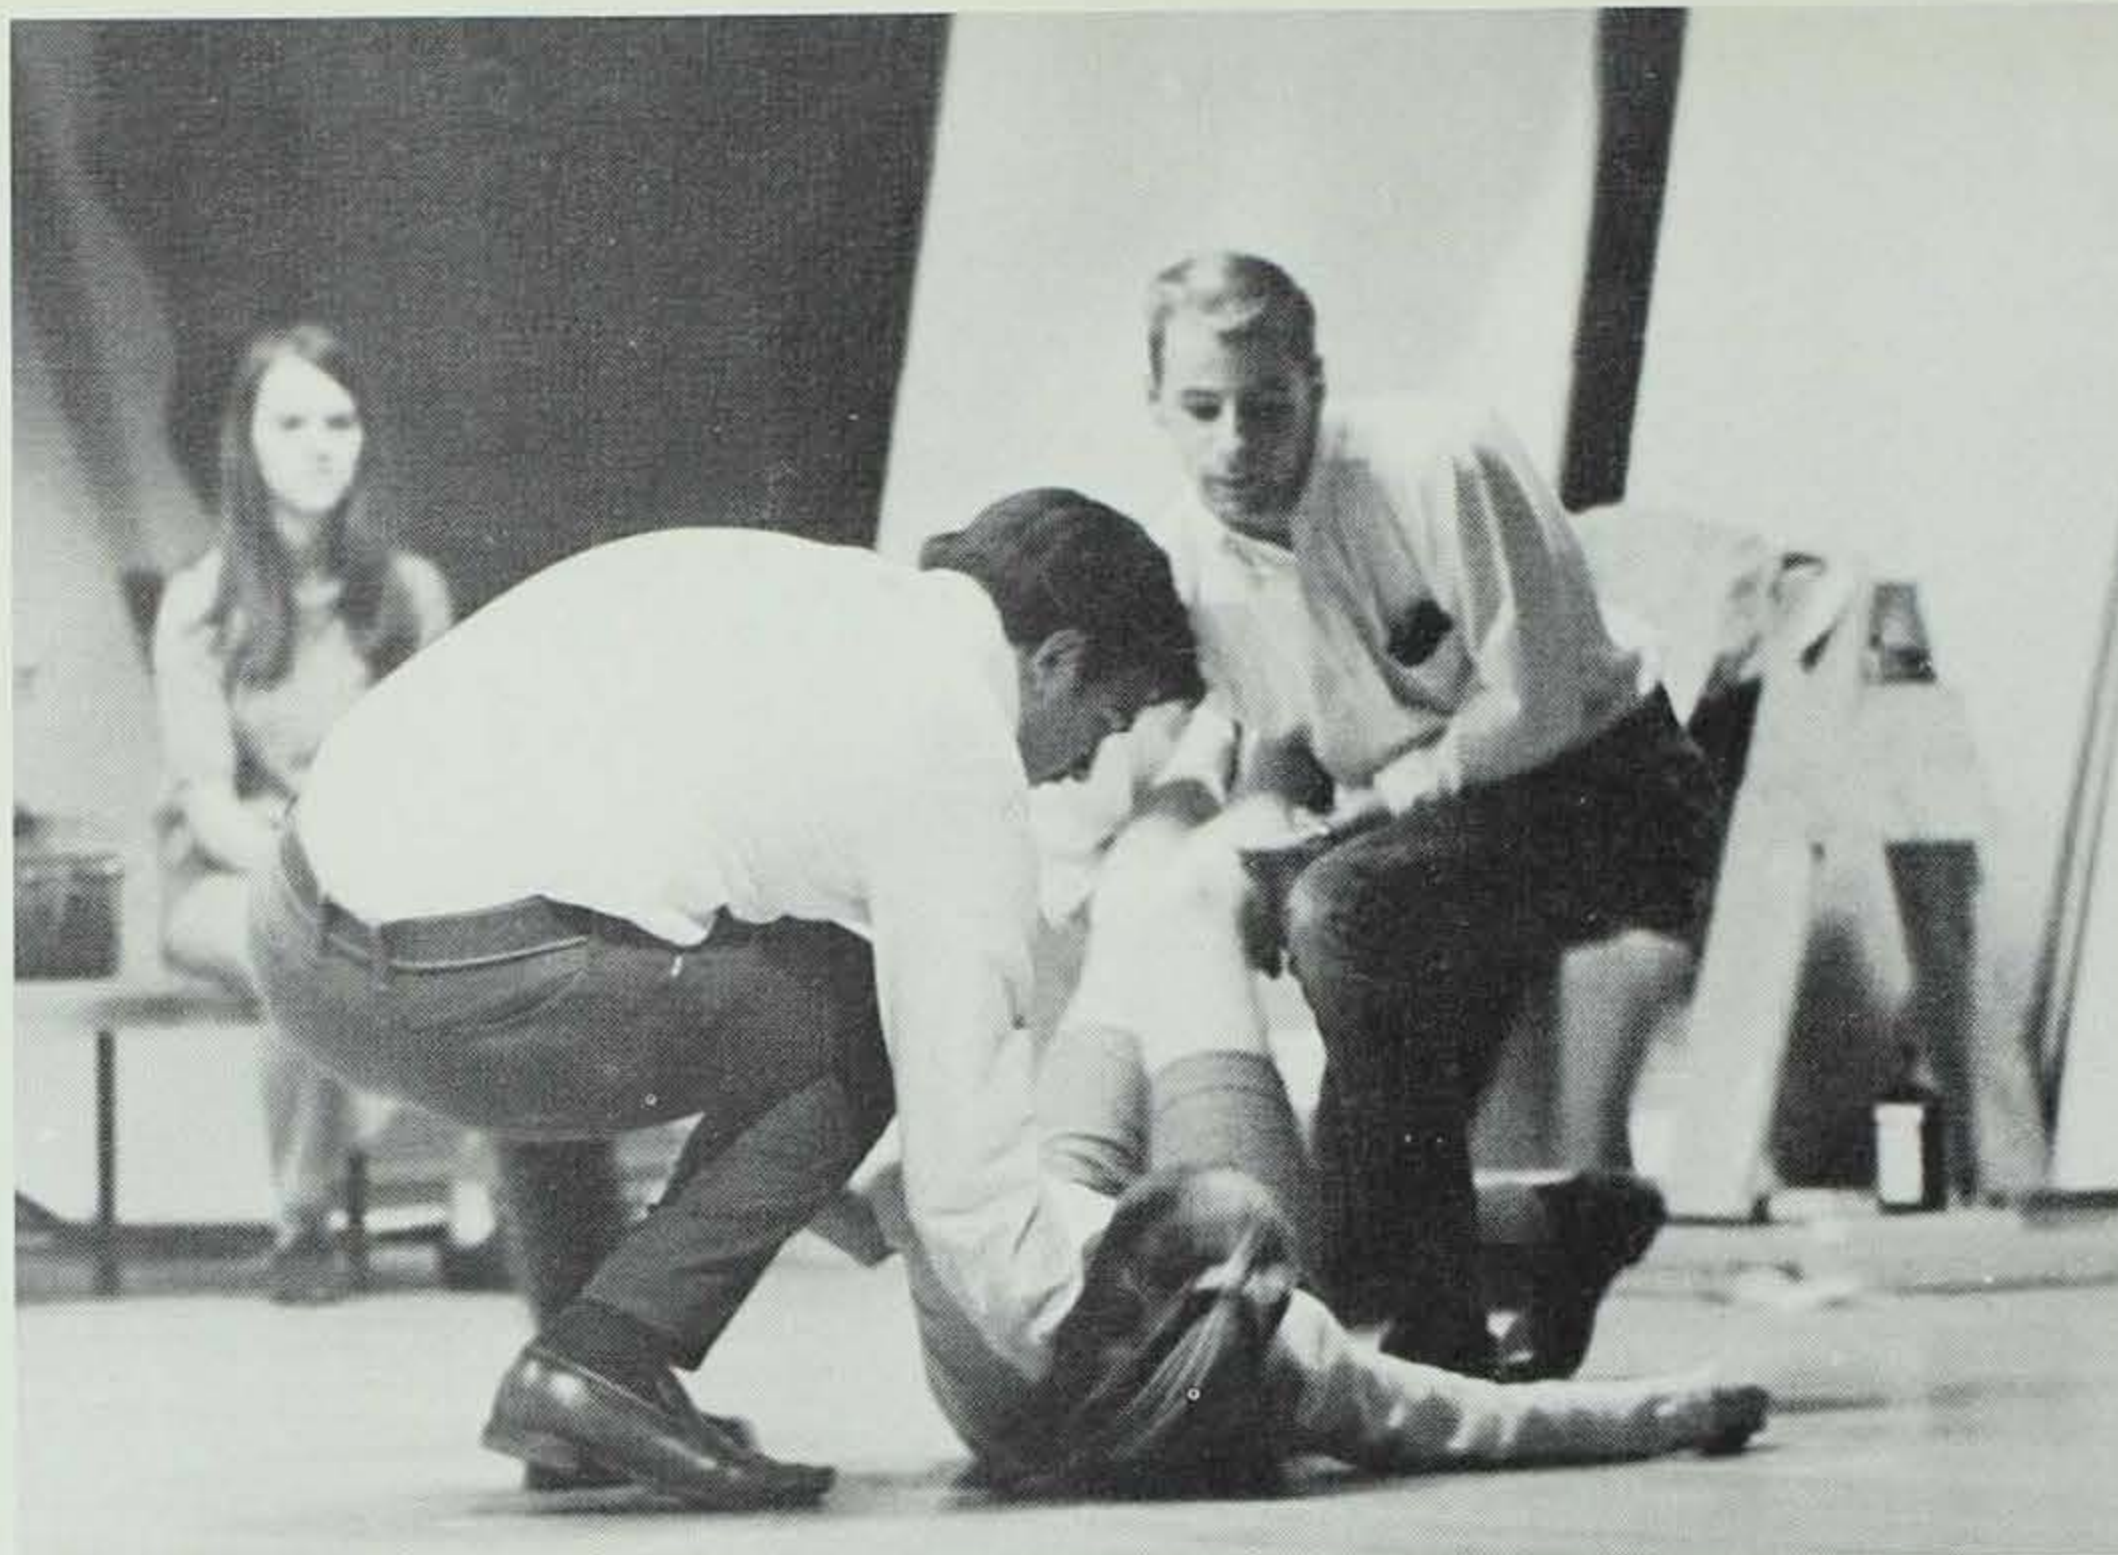

Yet, time must be purchased (somewhat dearly perhaps) for personal pleasure . . .

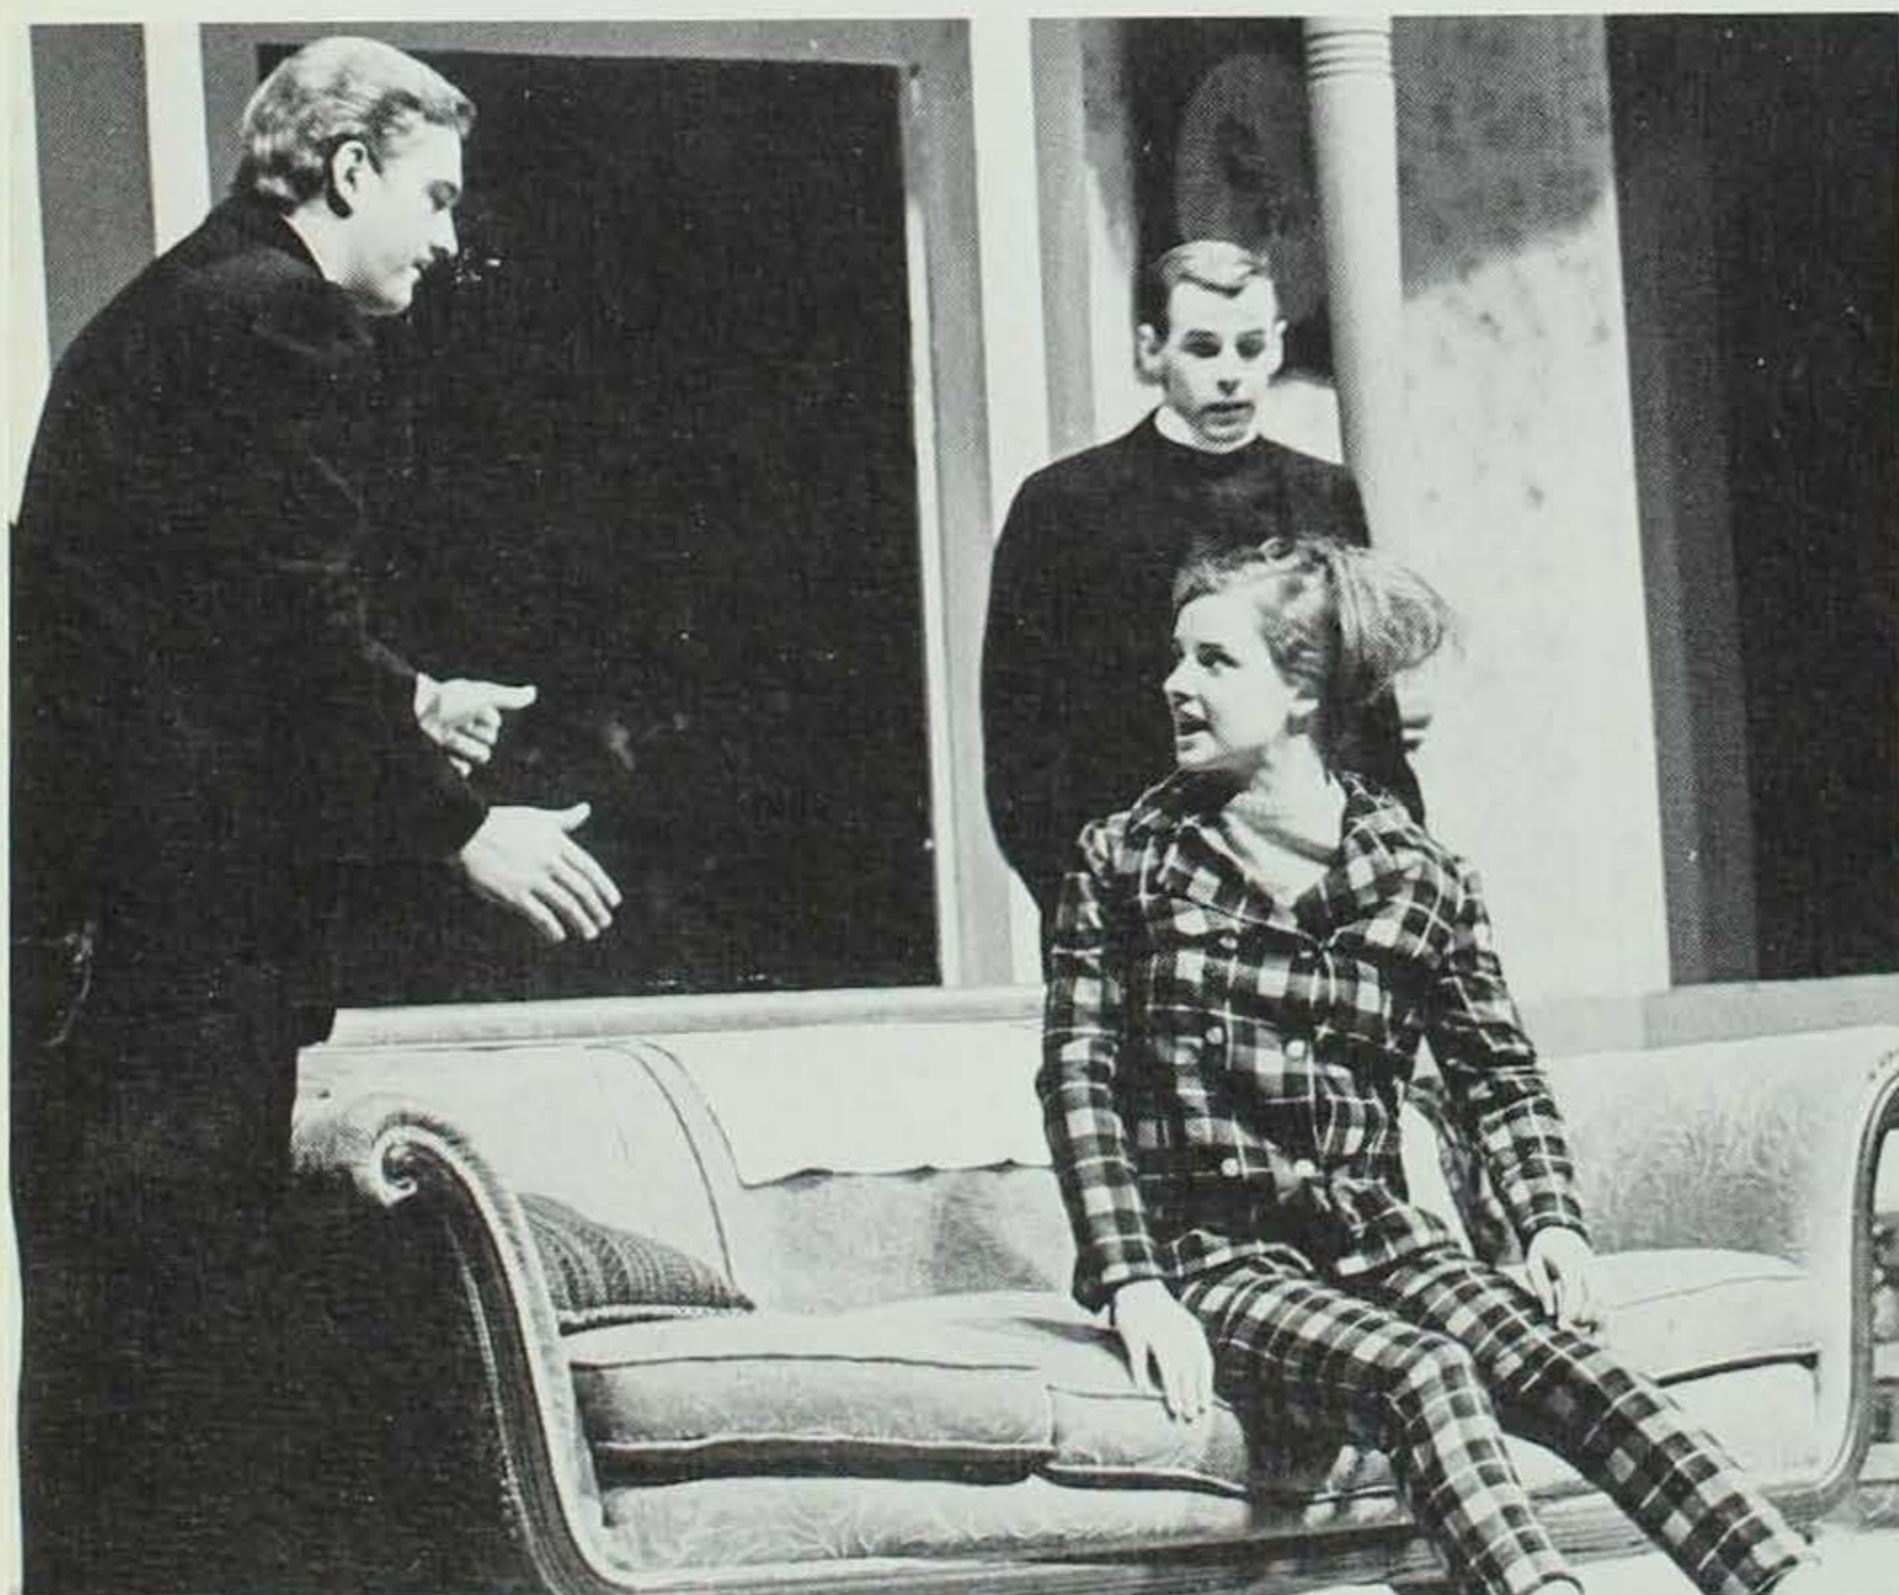

A game of tennis, a bridge match, sixty minutes at ping-pong or pool are integral to living within a campus . . .

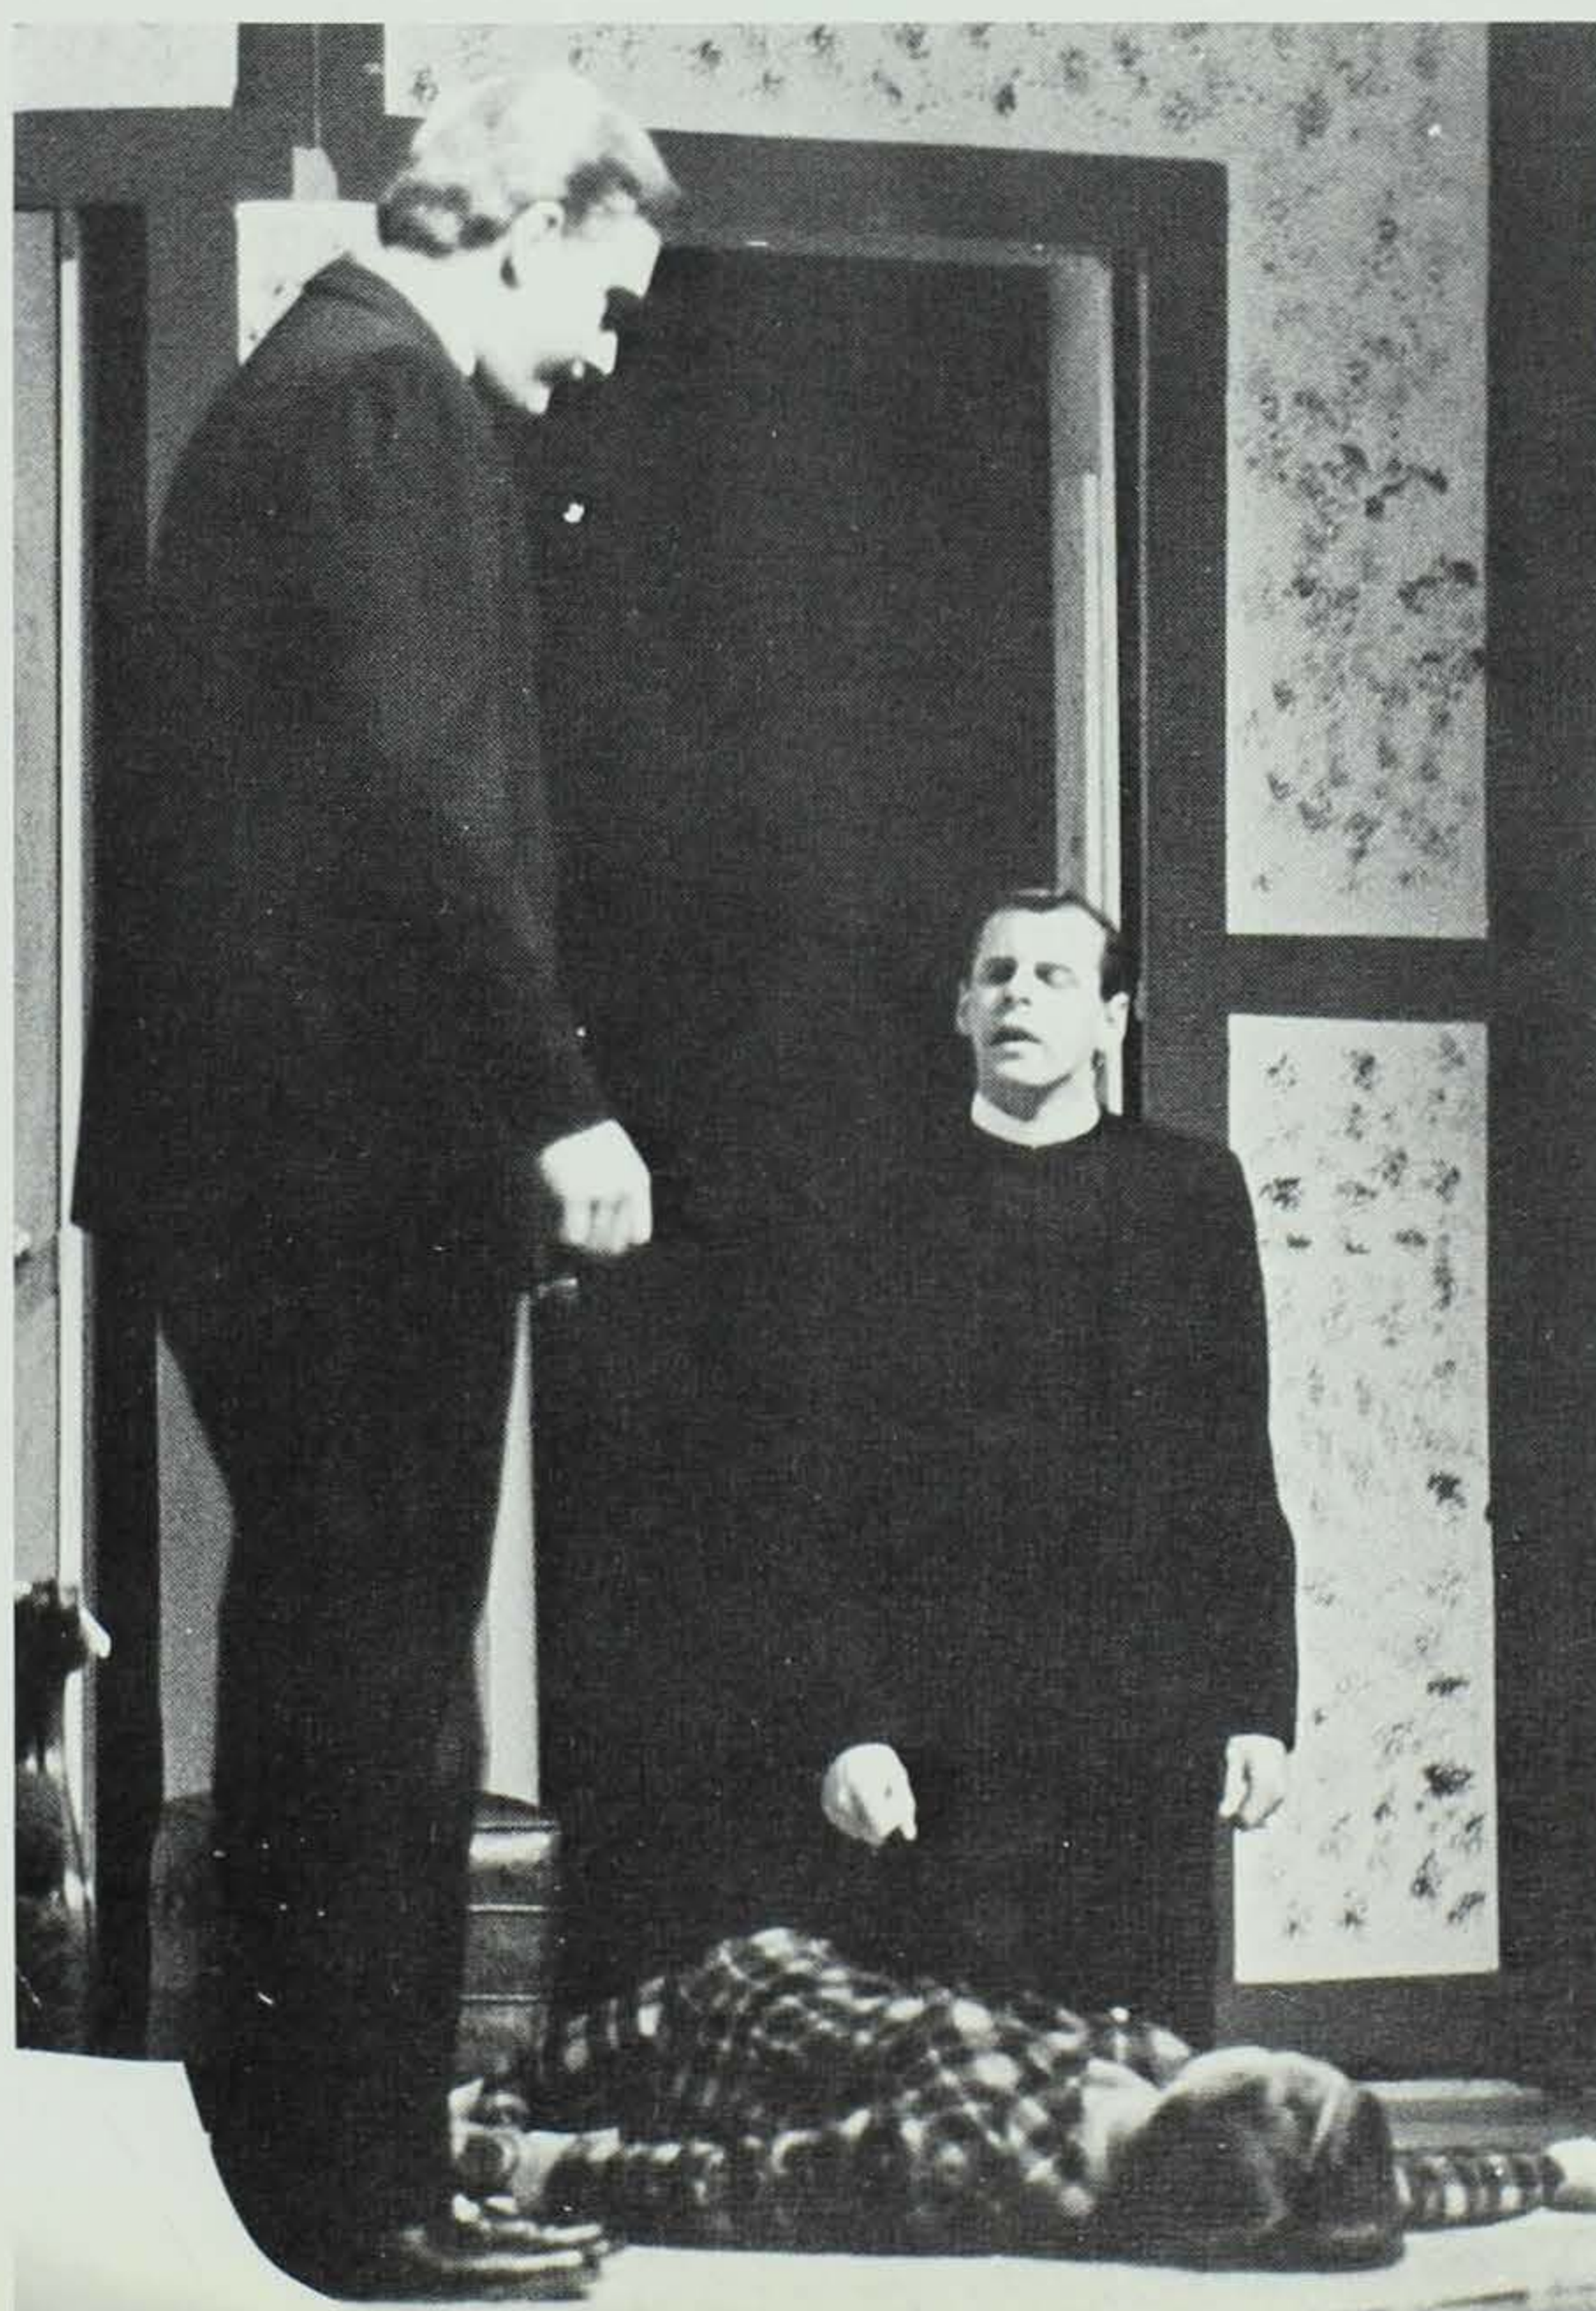

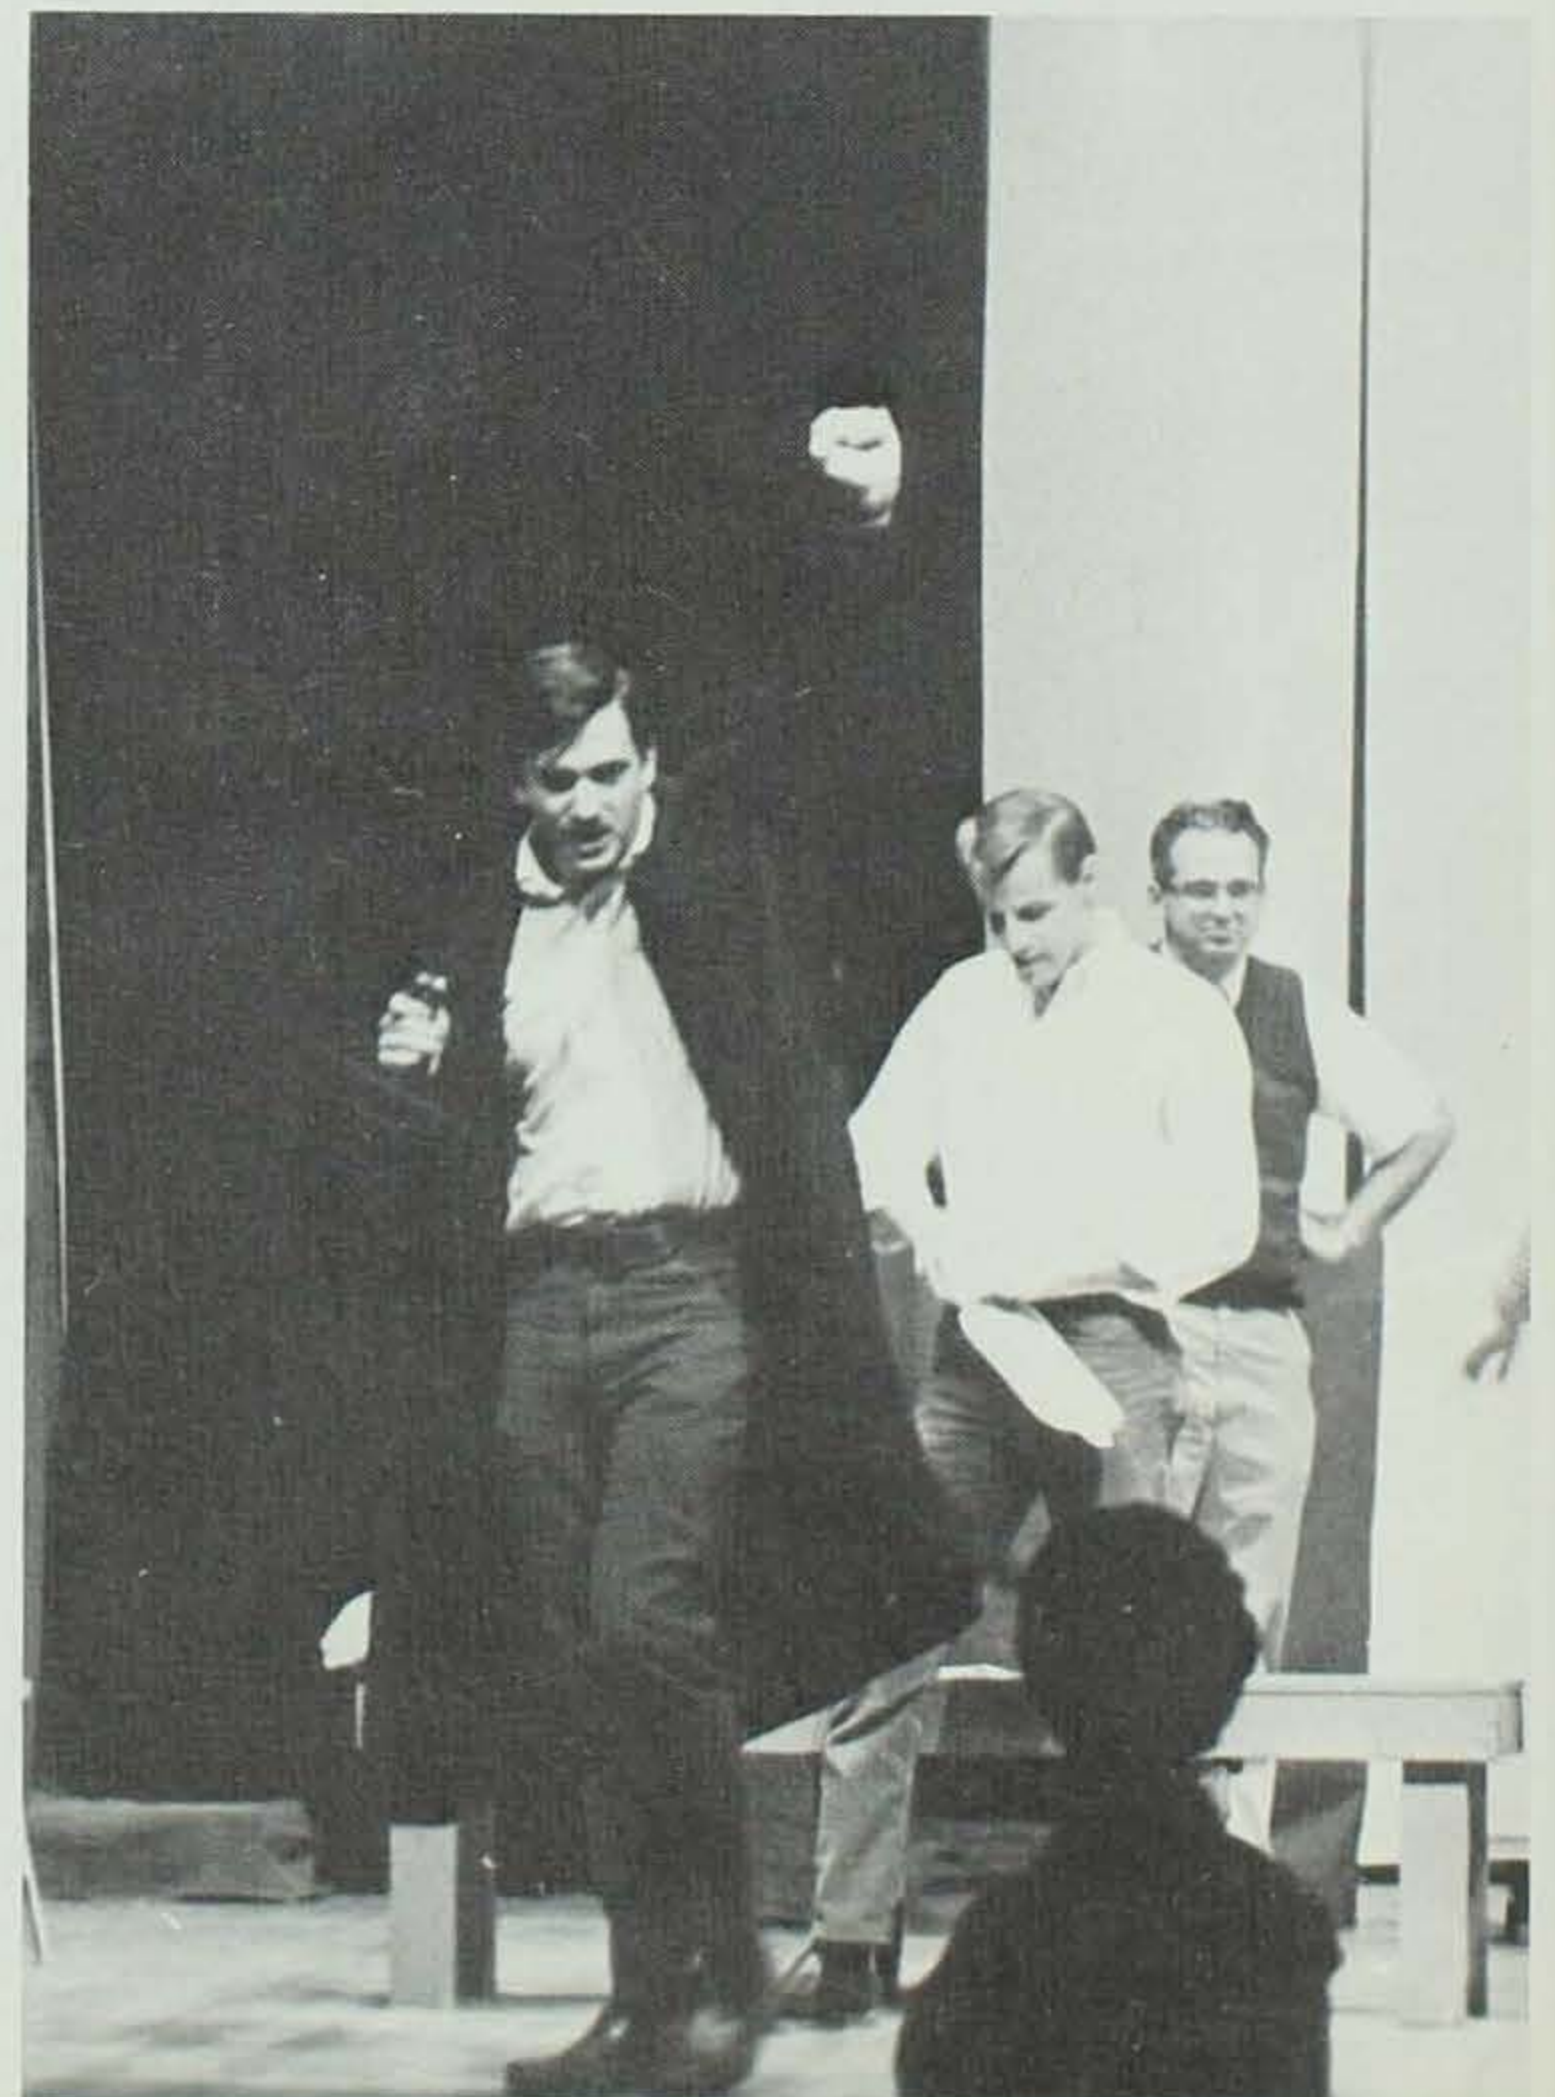

For some surcease is discovered in romance. For others this phase of college is more taxing than study . . .

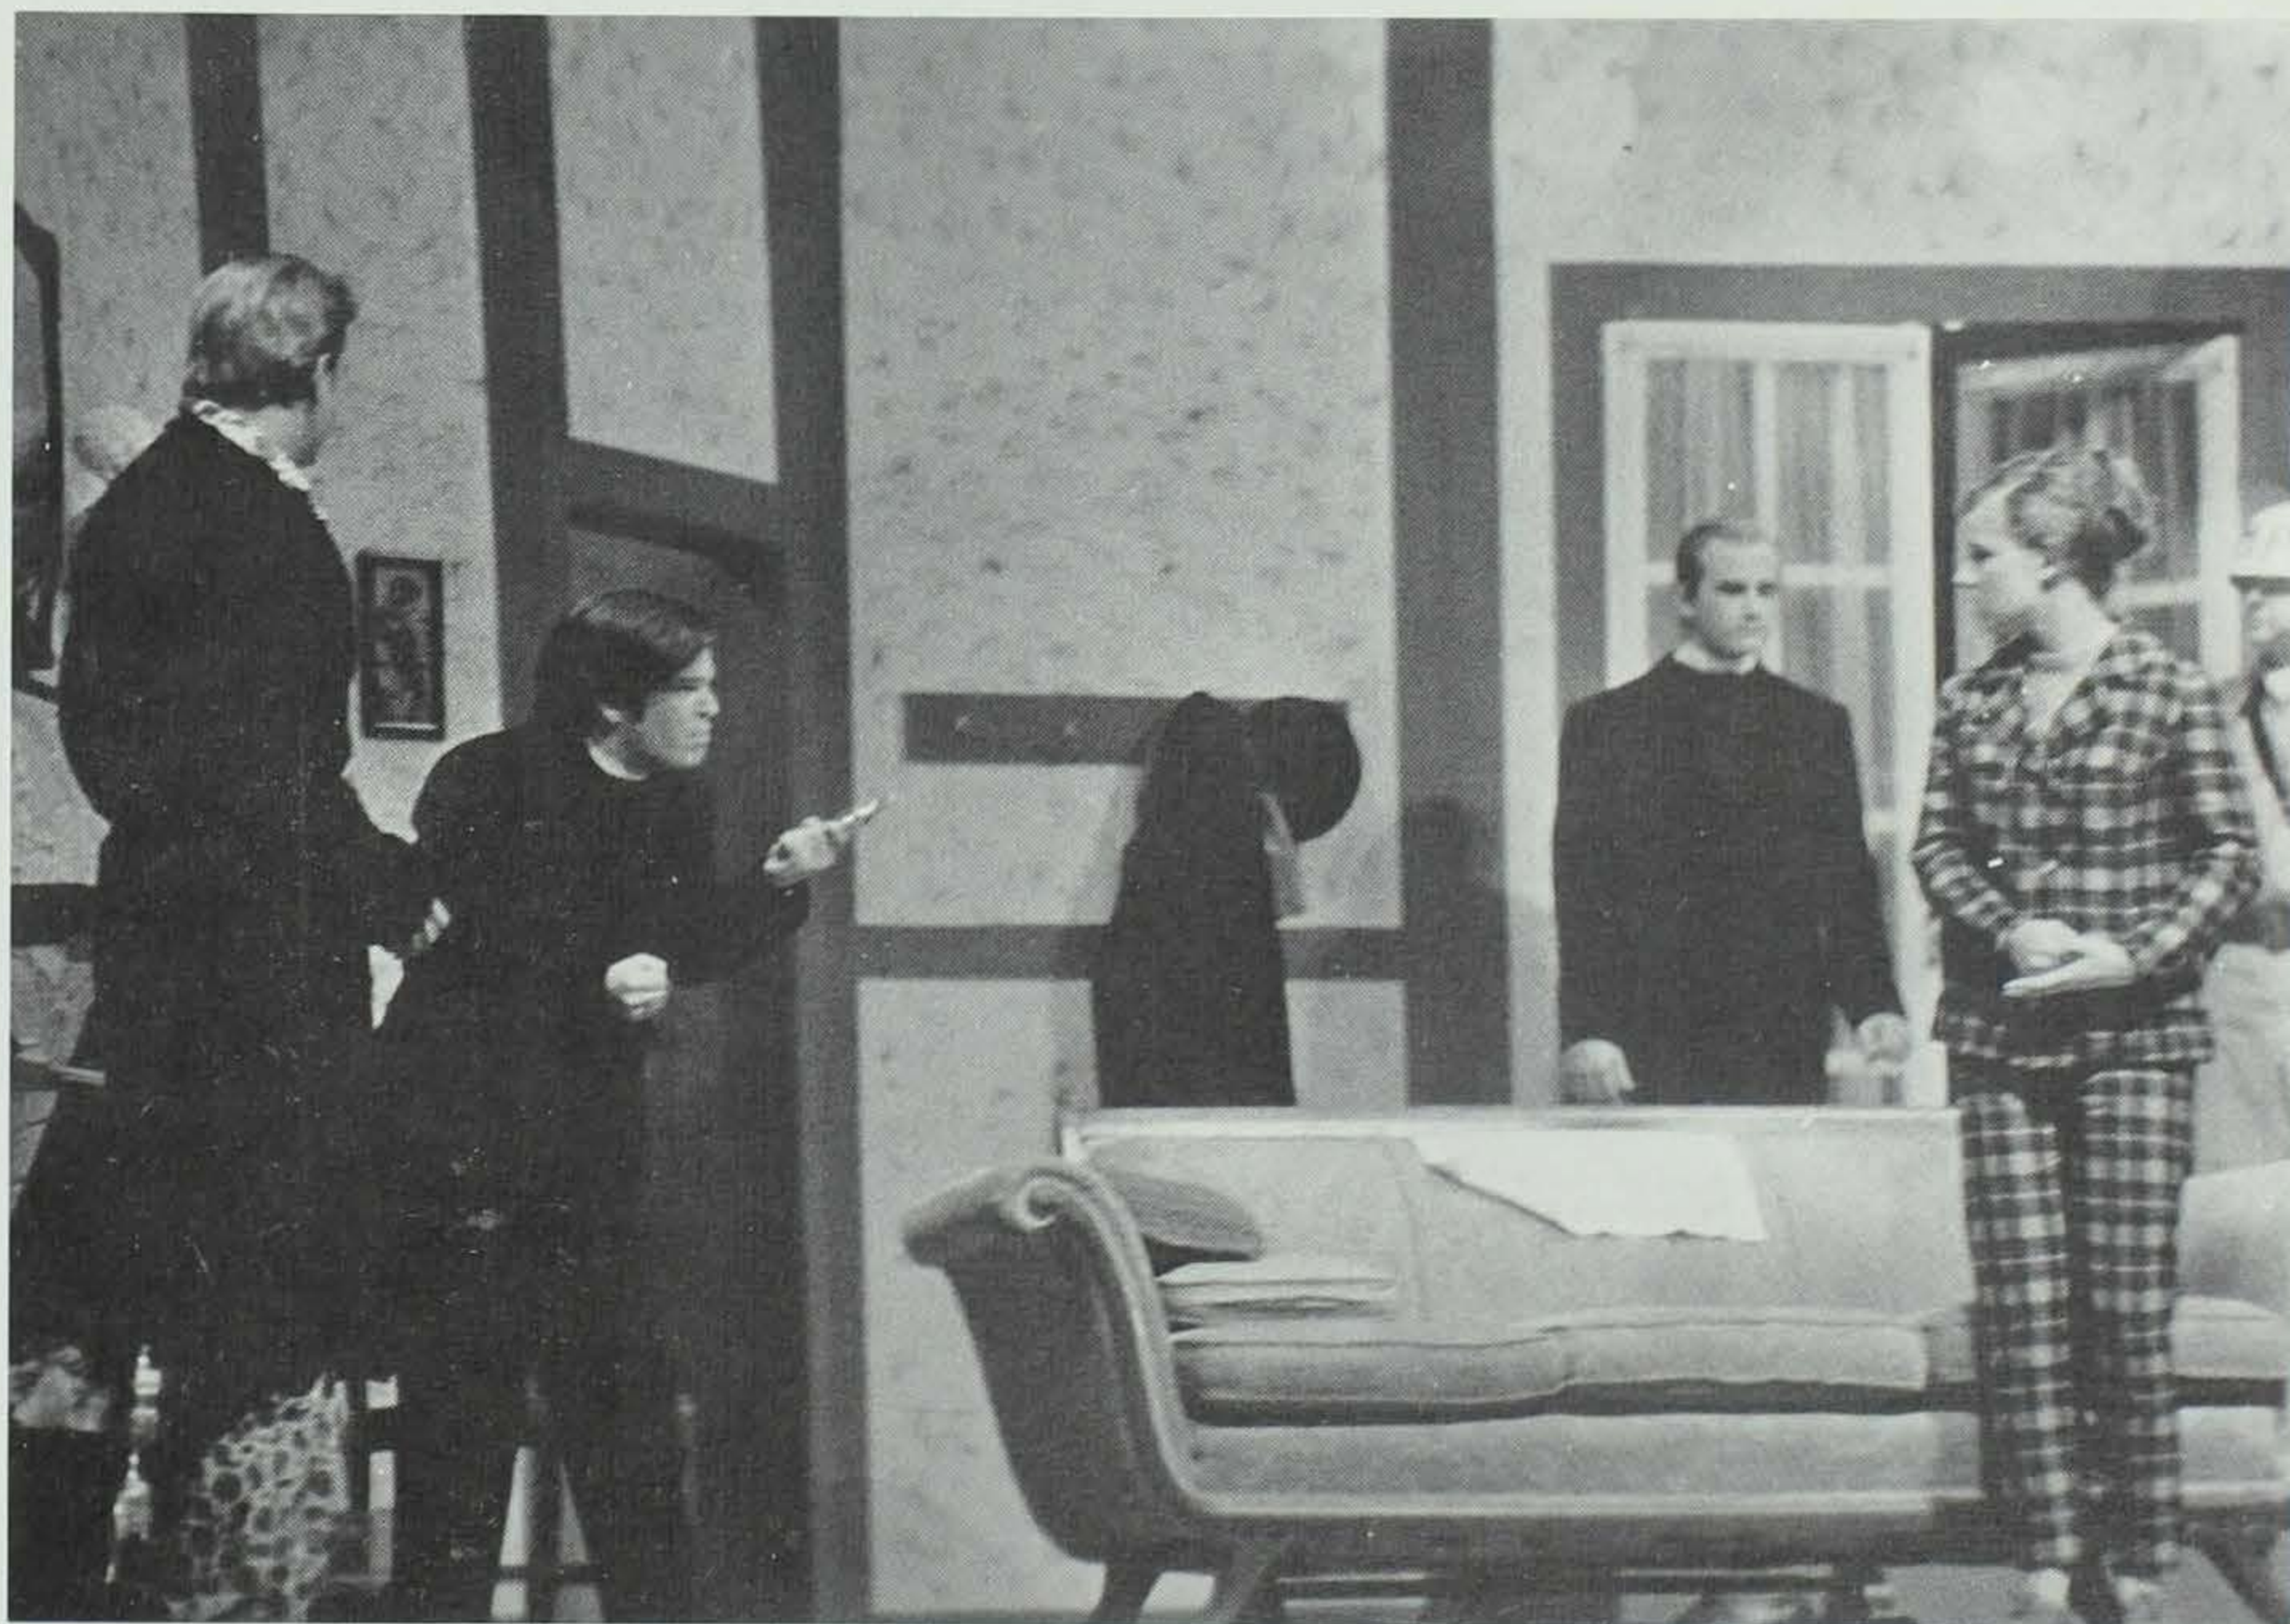

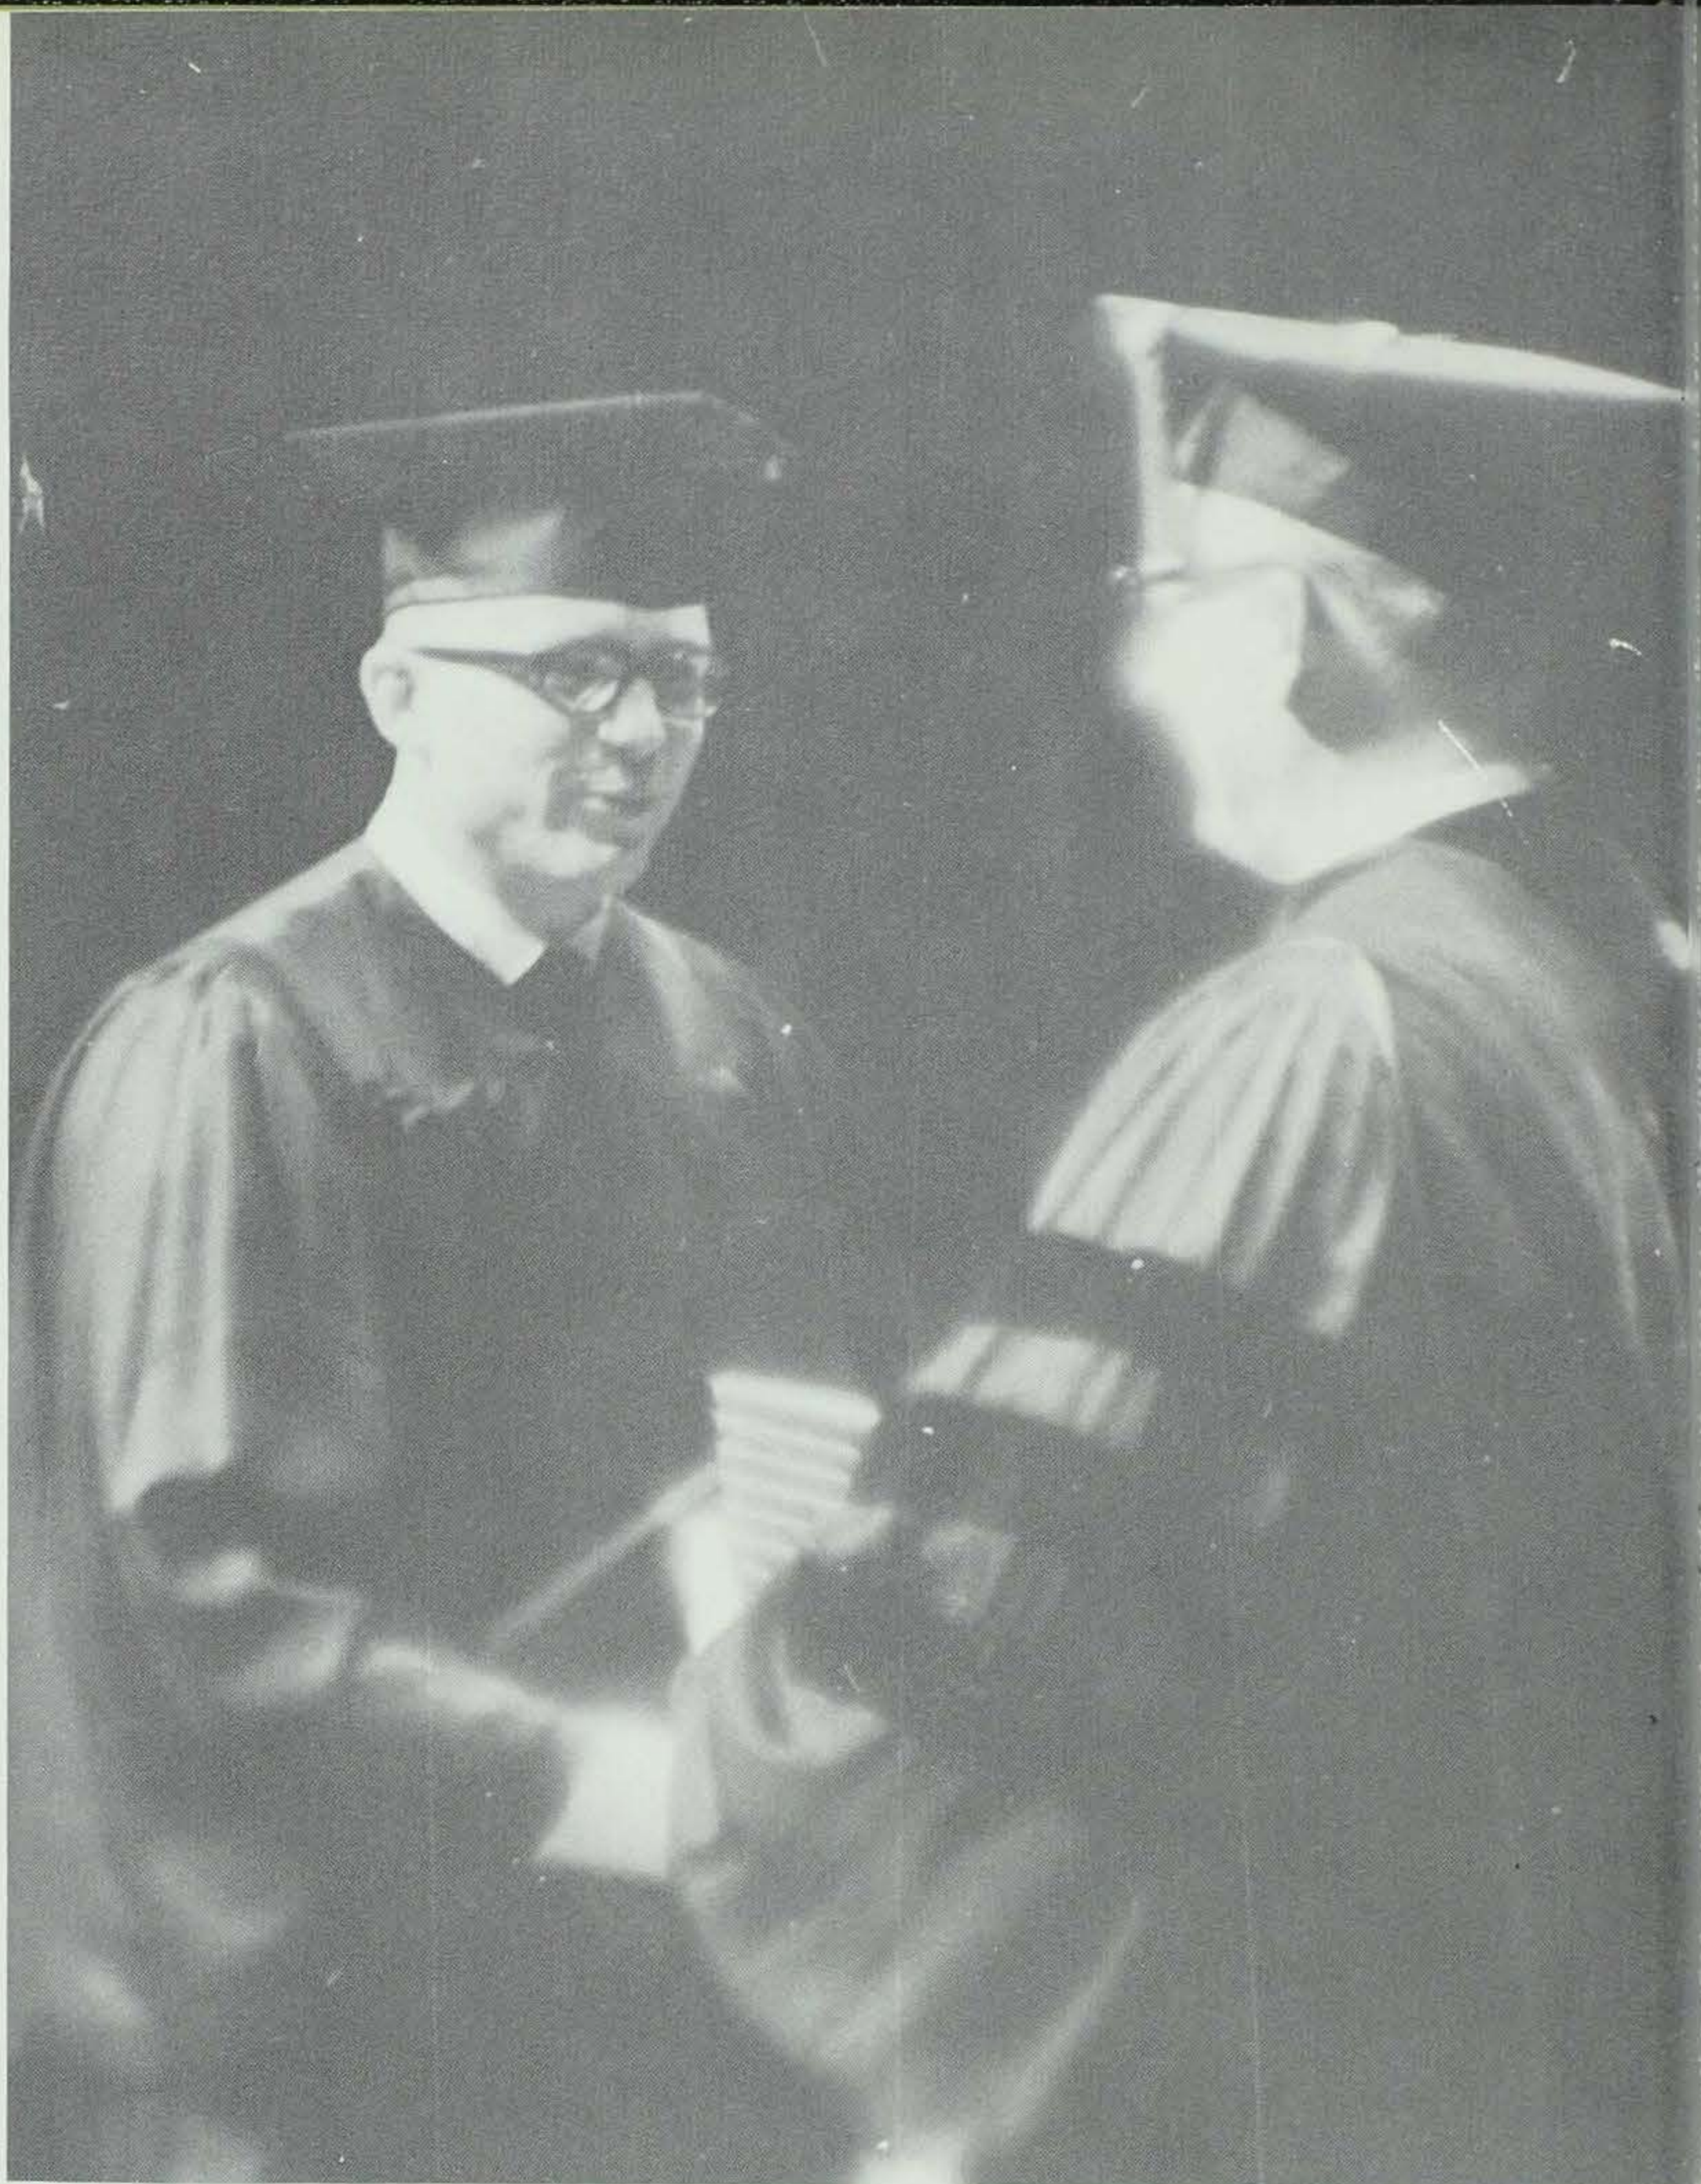

Romance involves intrigue, too complicated for the most practiced Macheavellian . . .

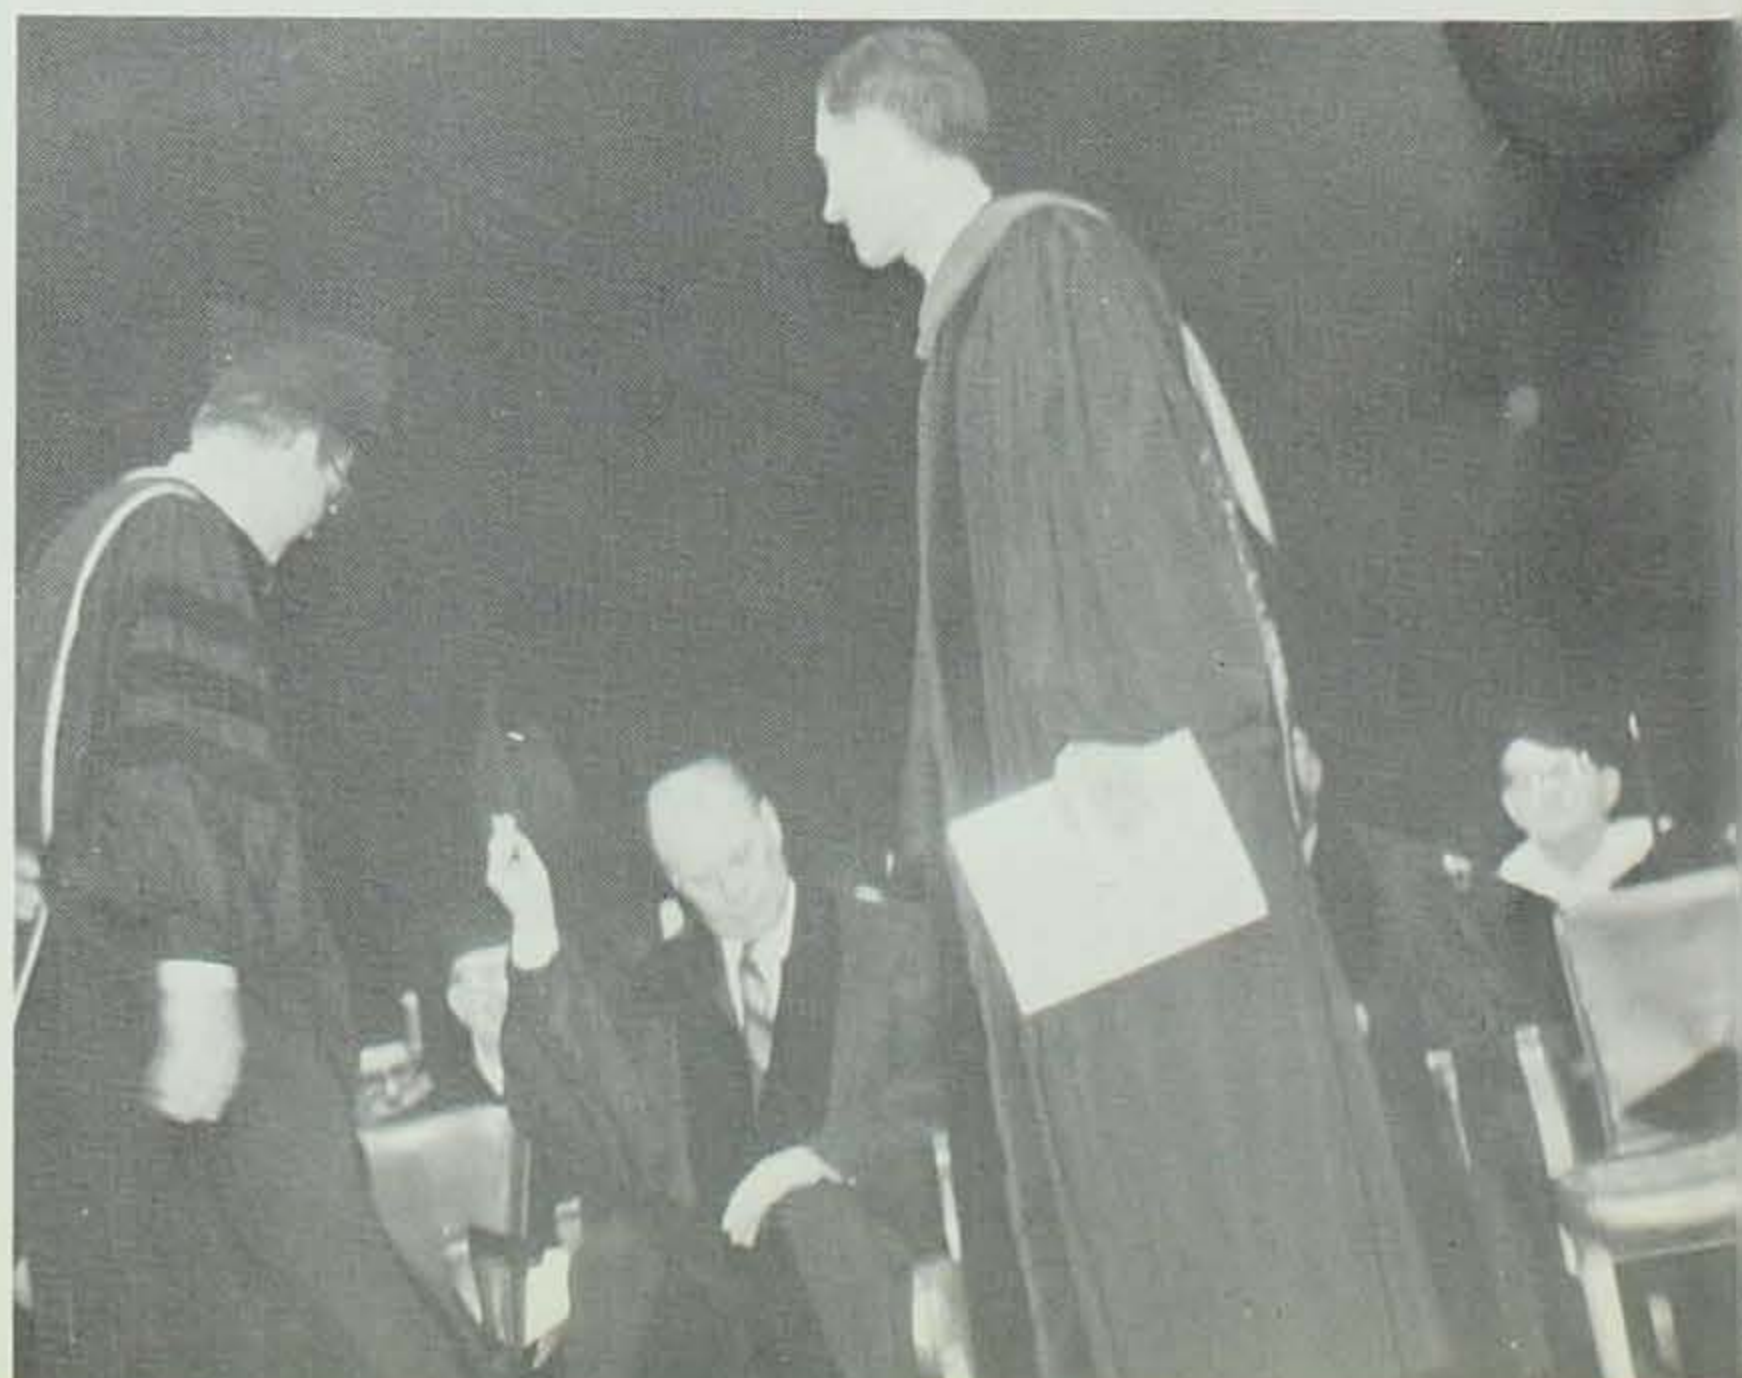

Ultimately, a gold band or a broken heart is the reward.

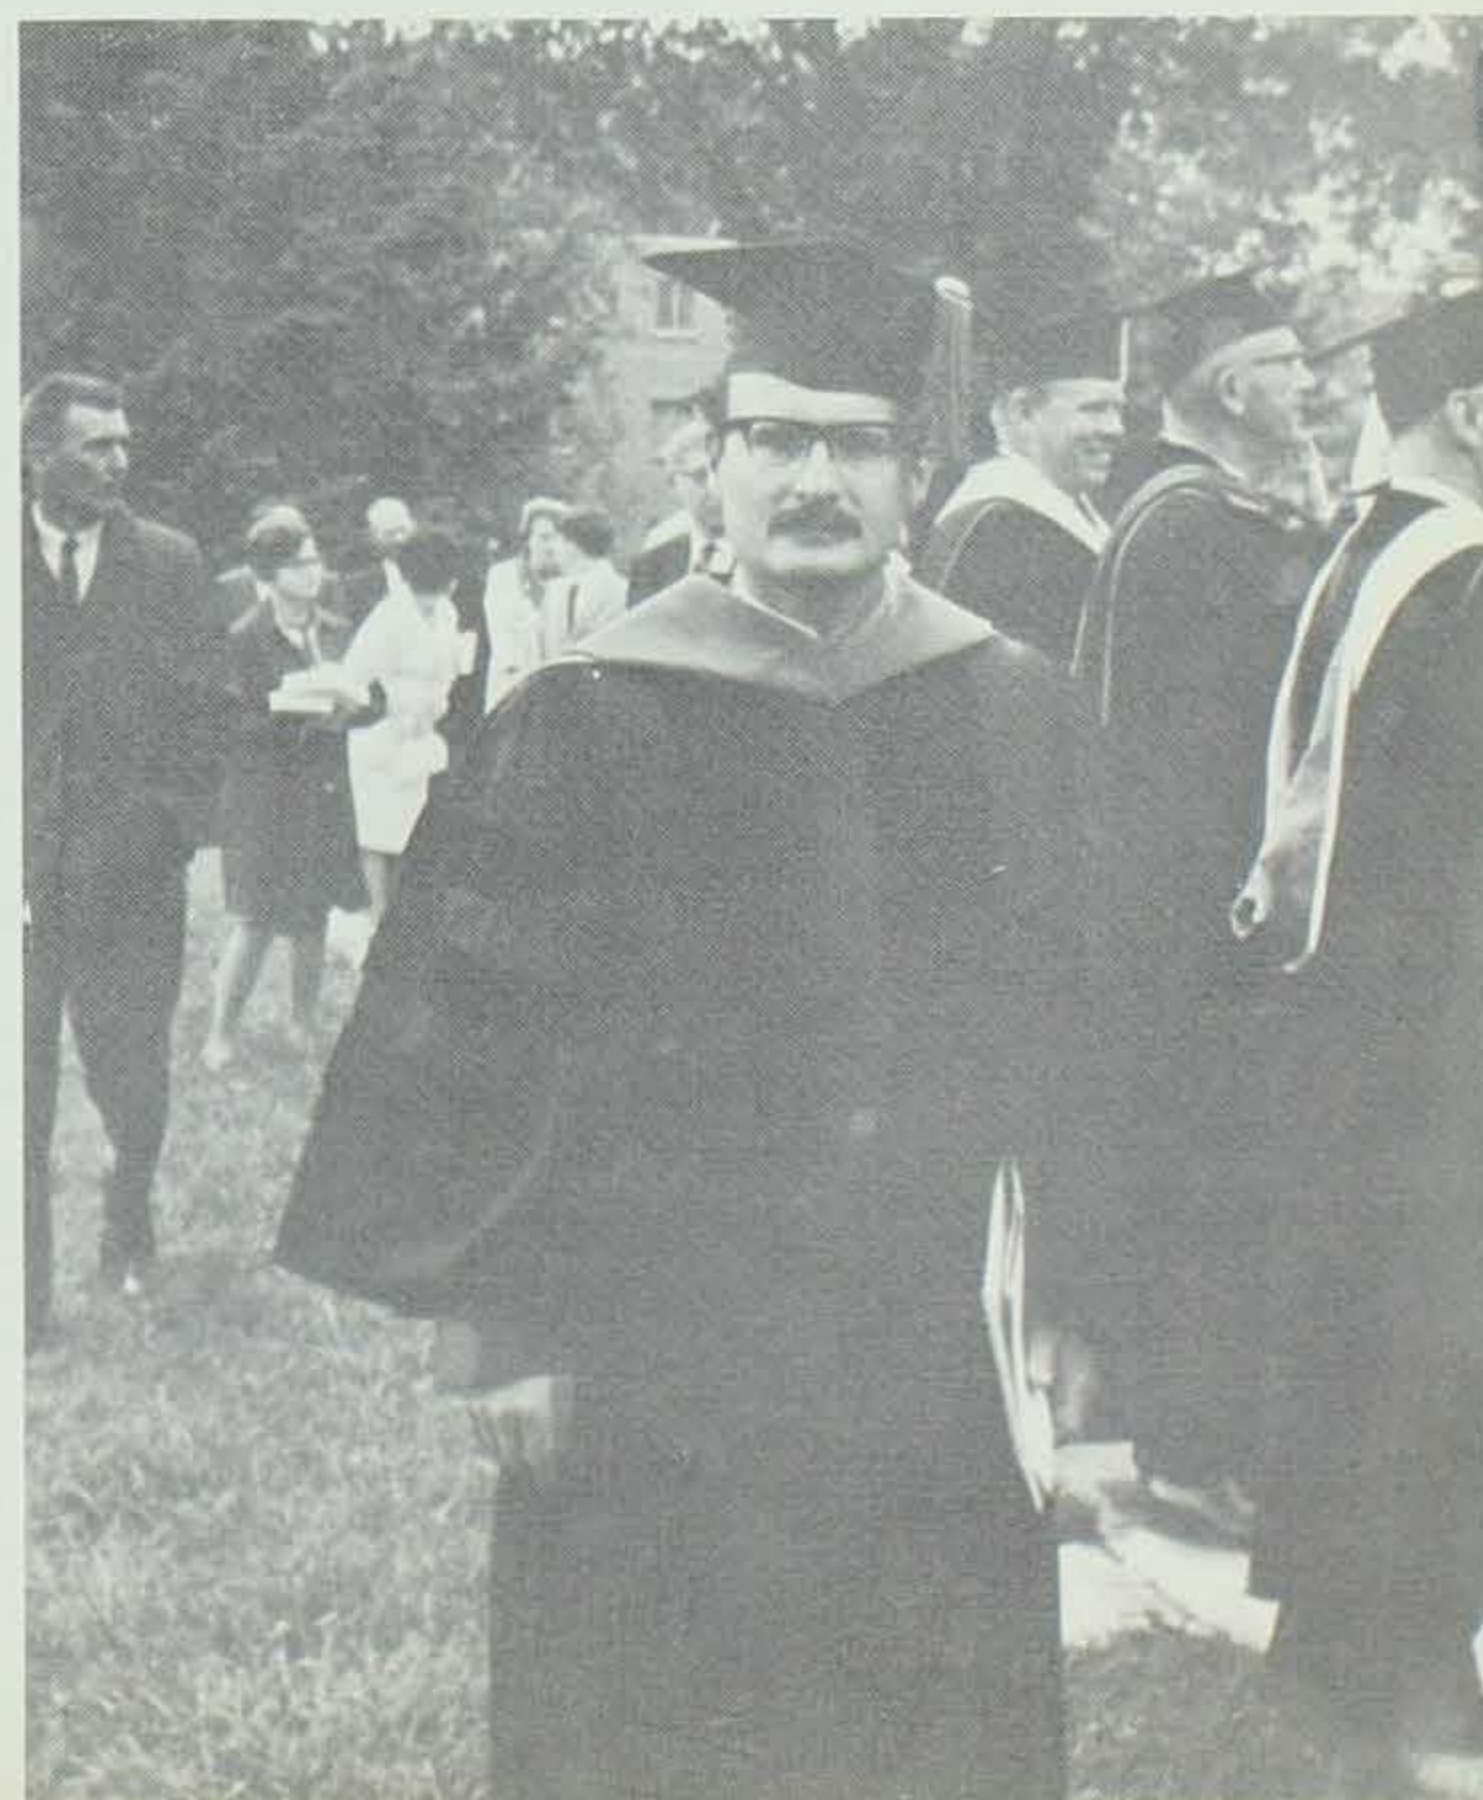

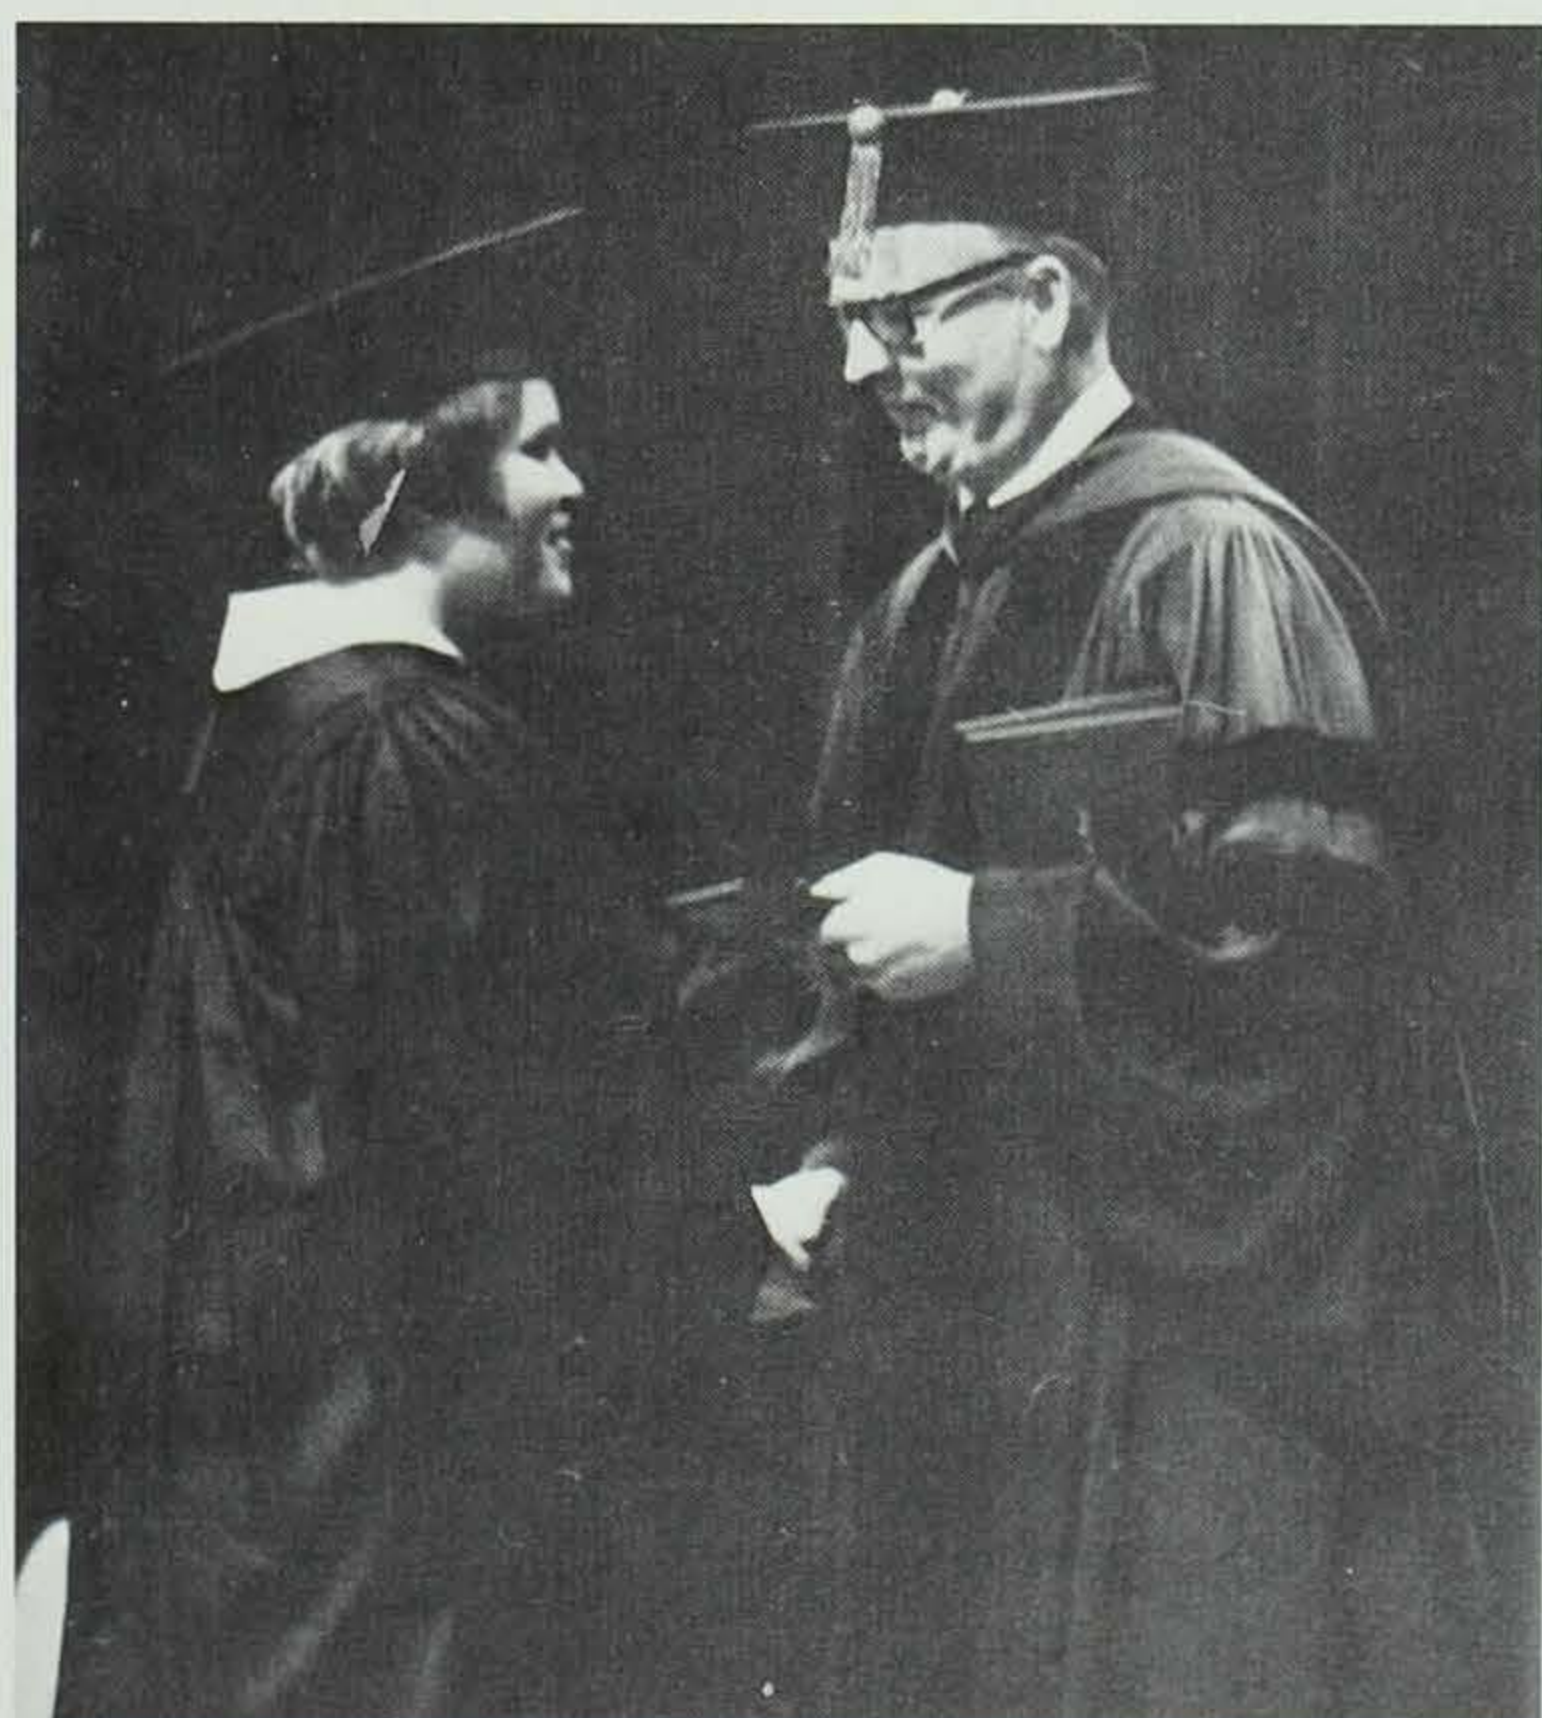

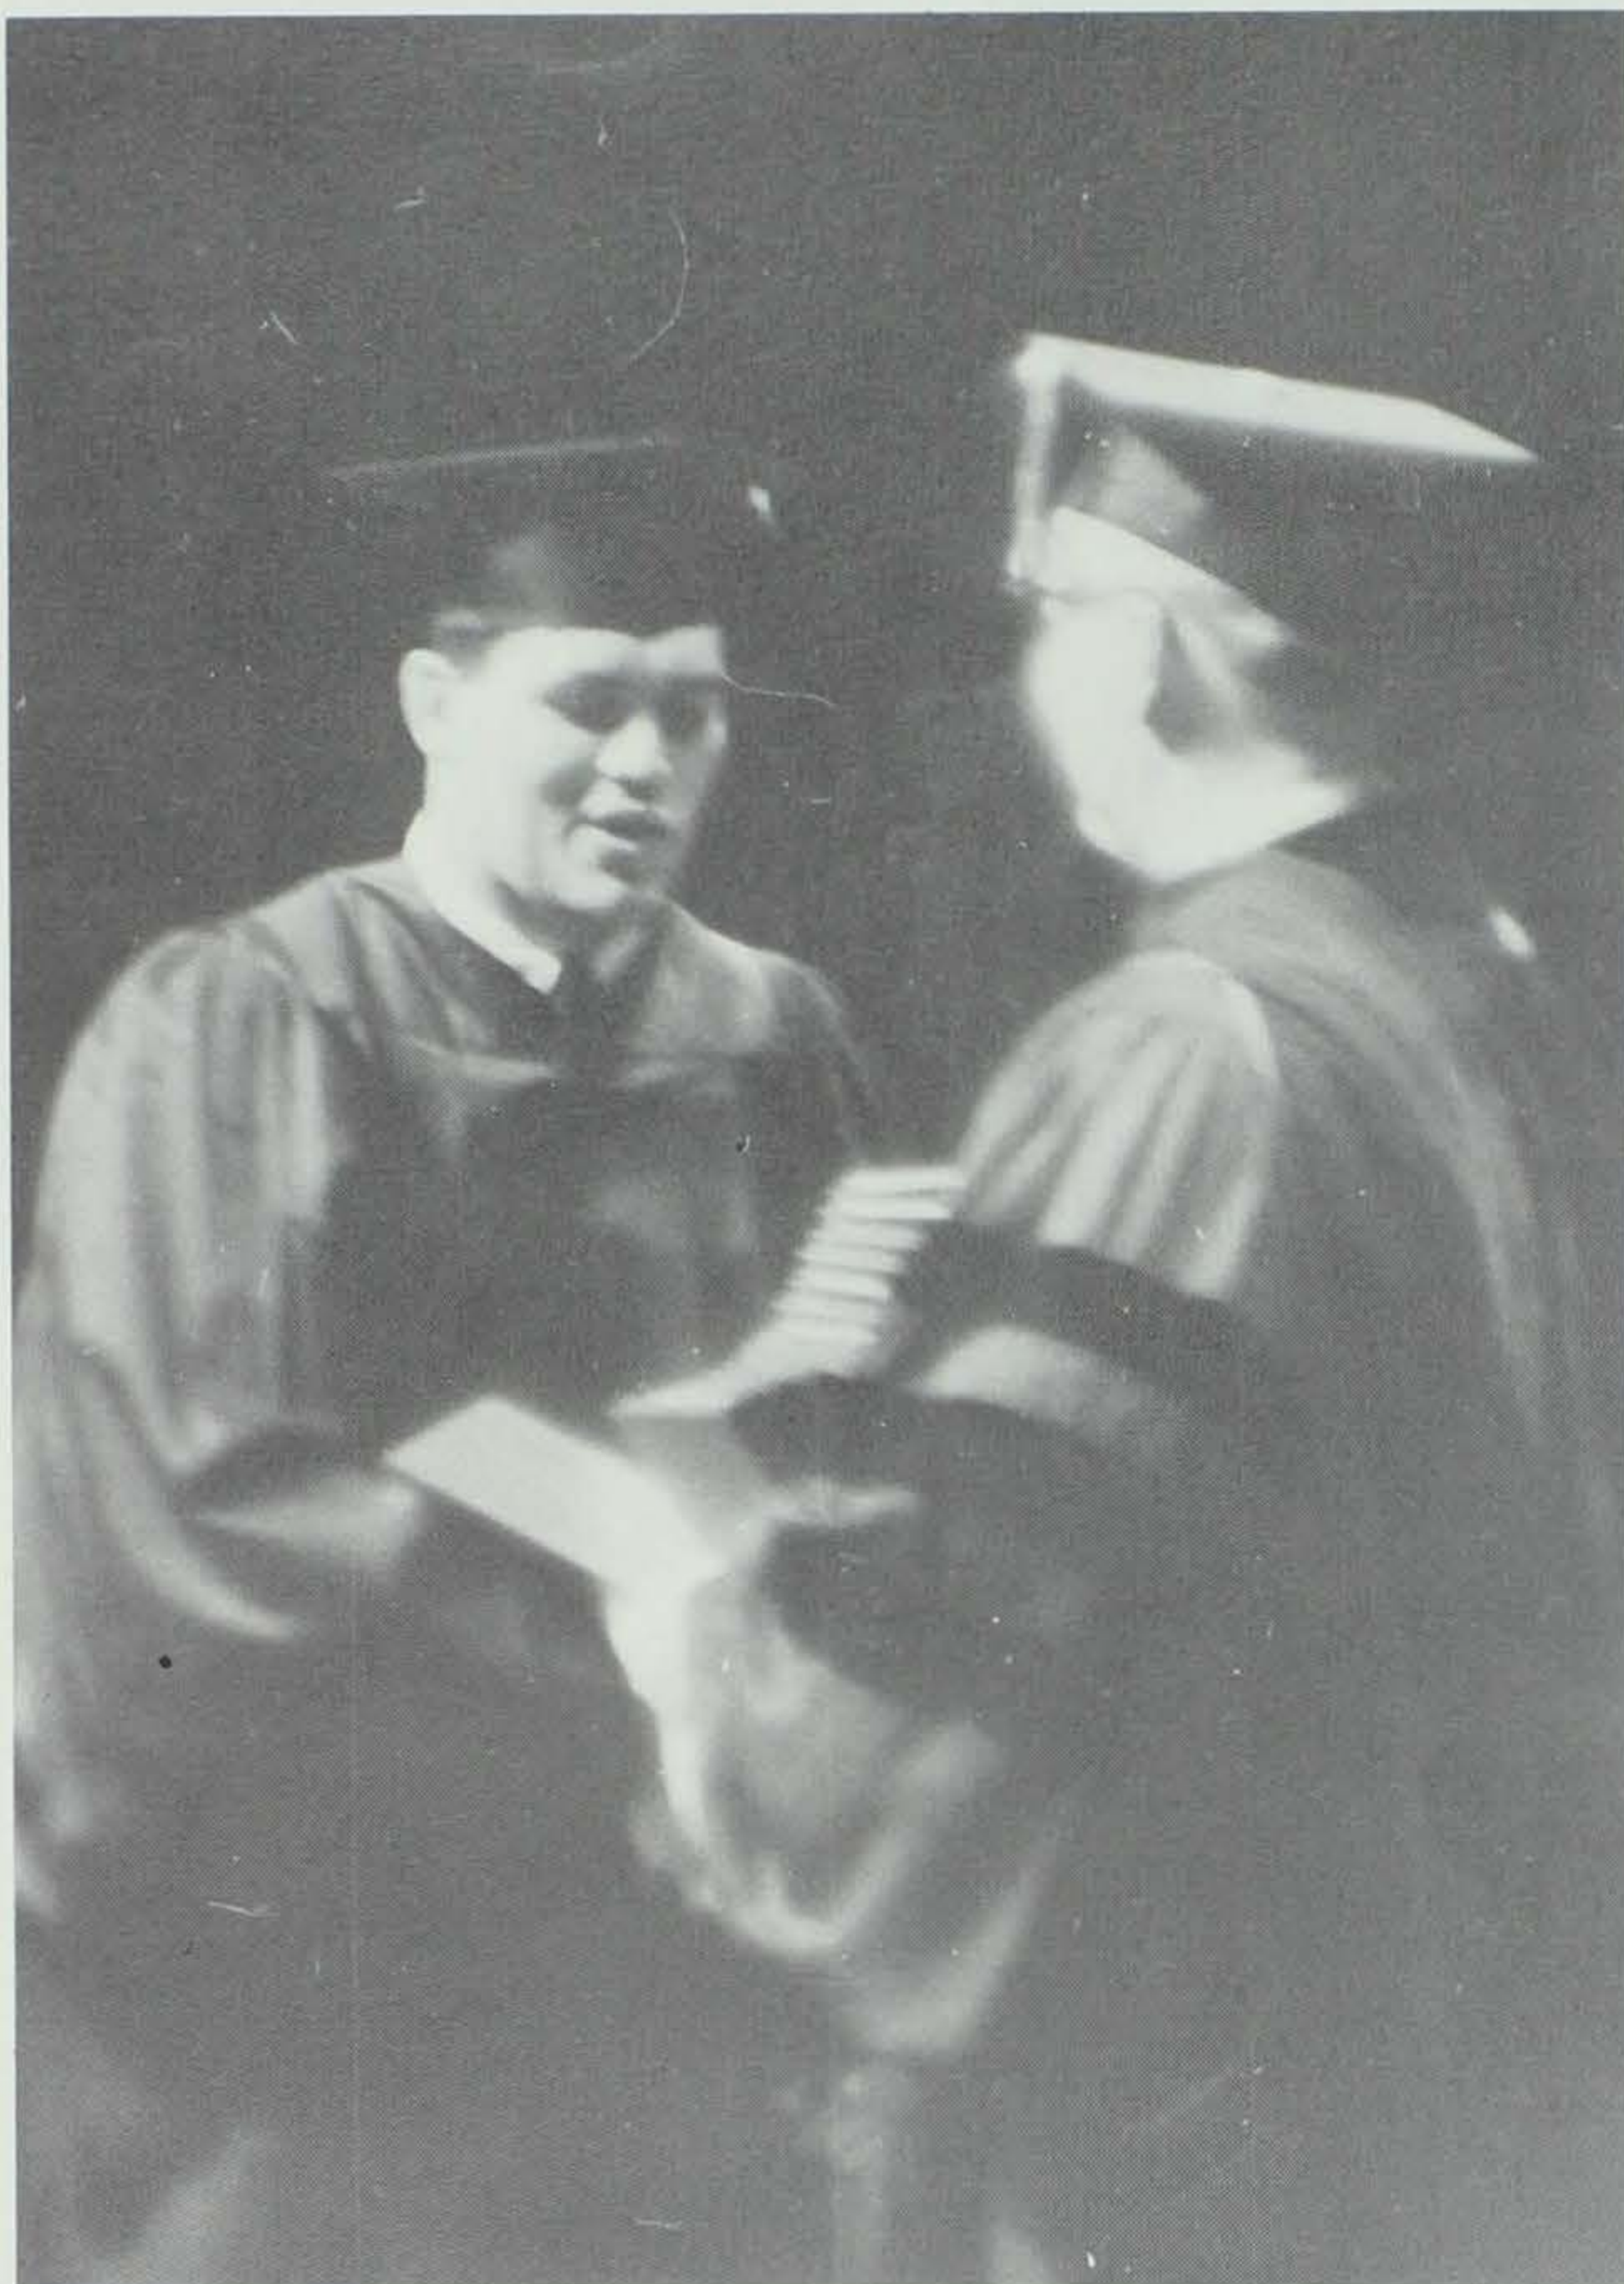

The price of education is higher than the uninitiated realize.

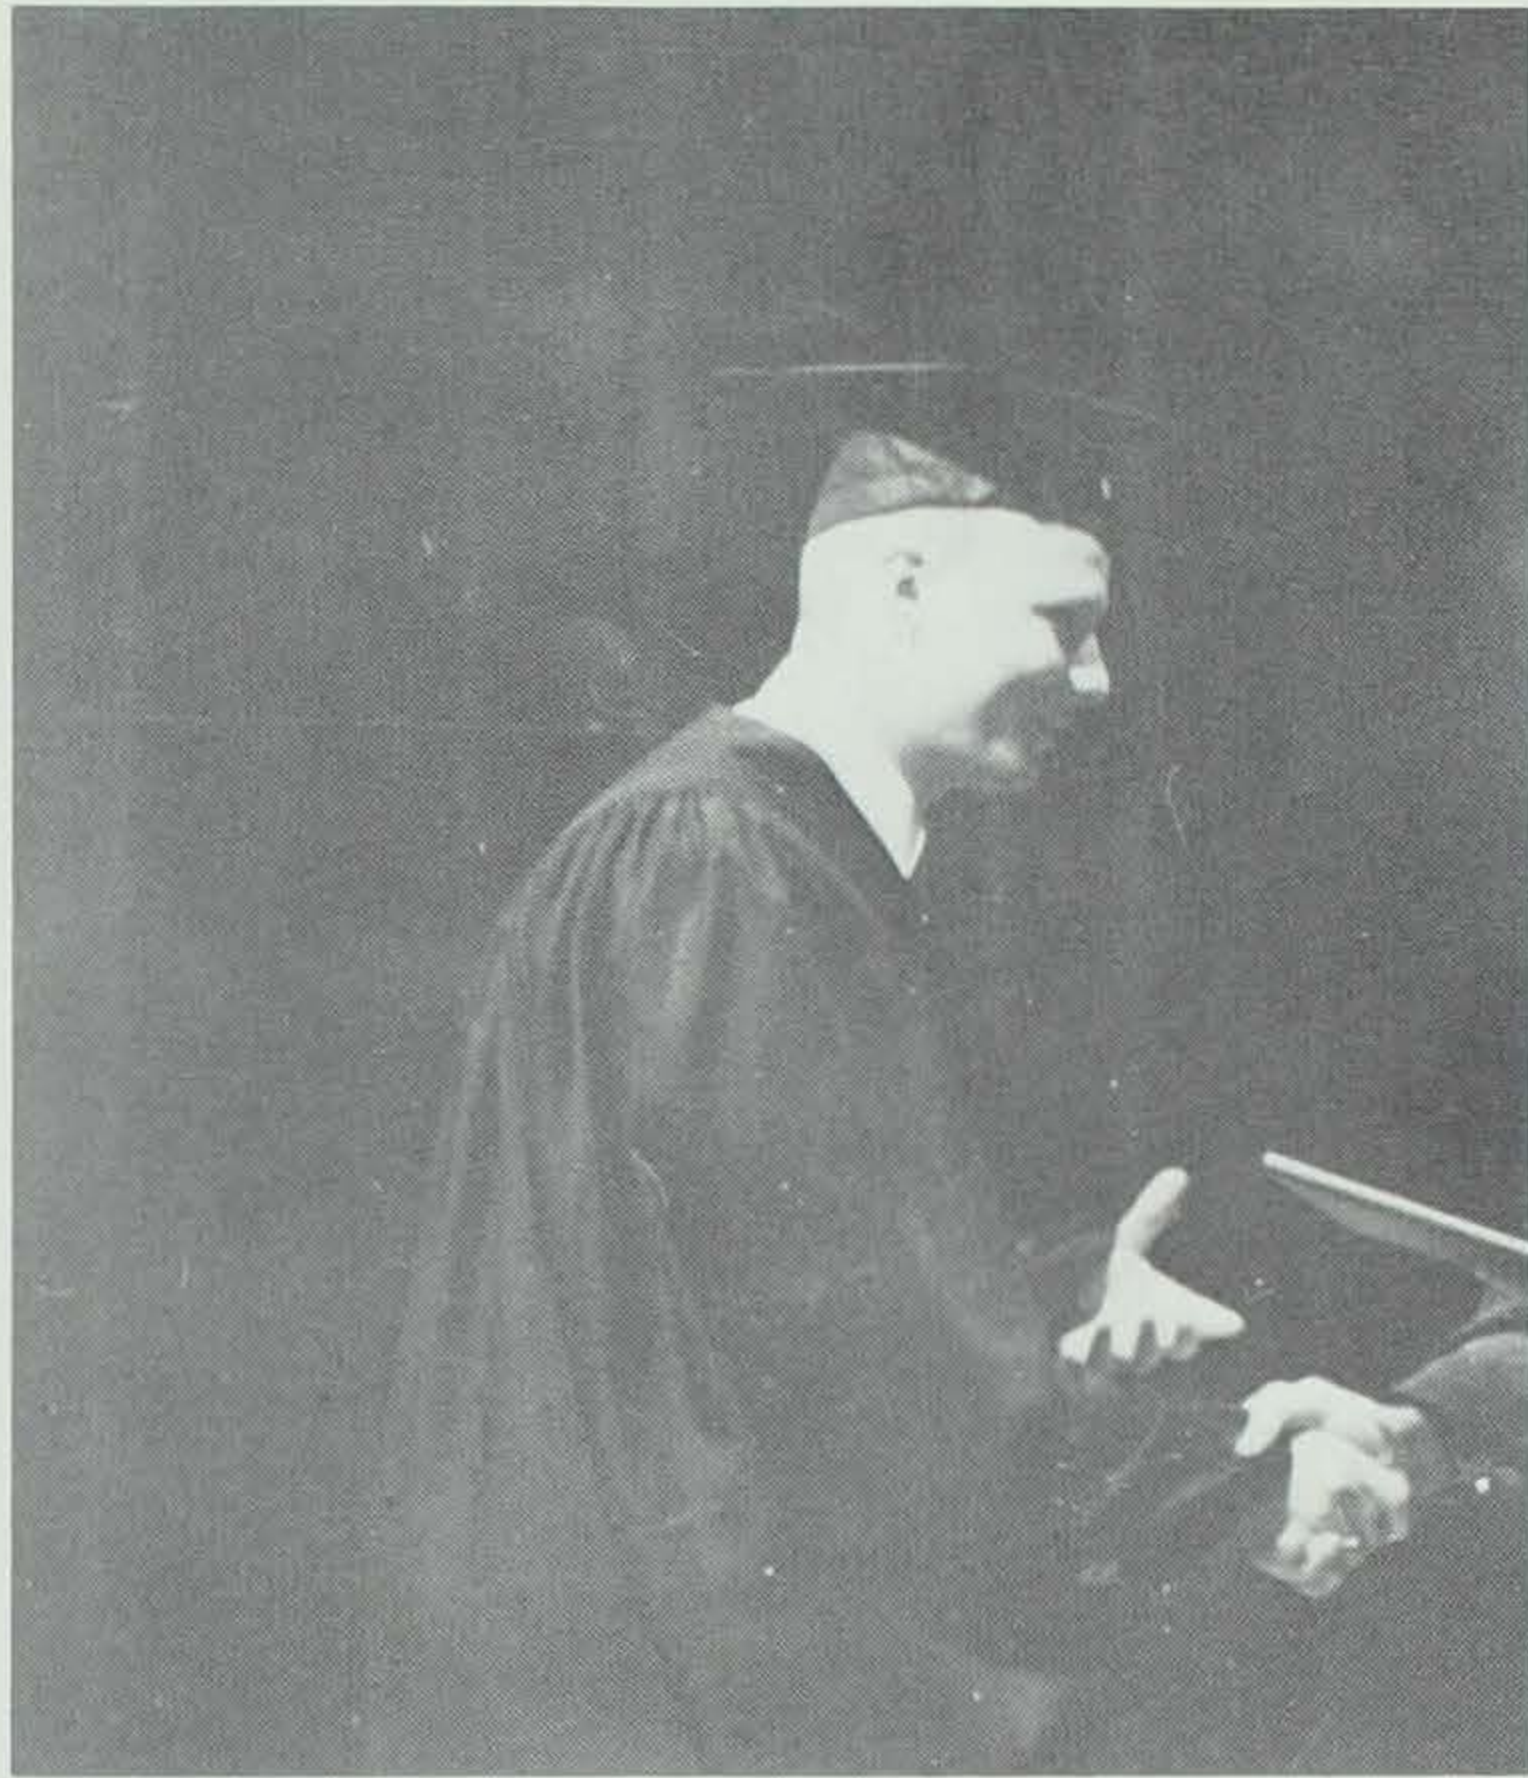

Promising so much, College attracts multitudes . . .

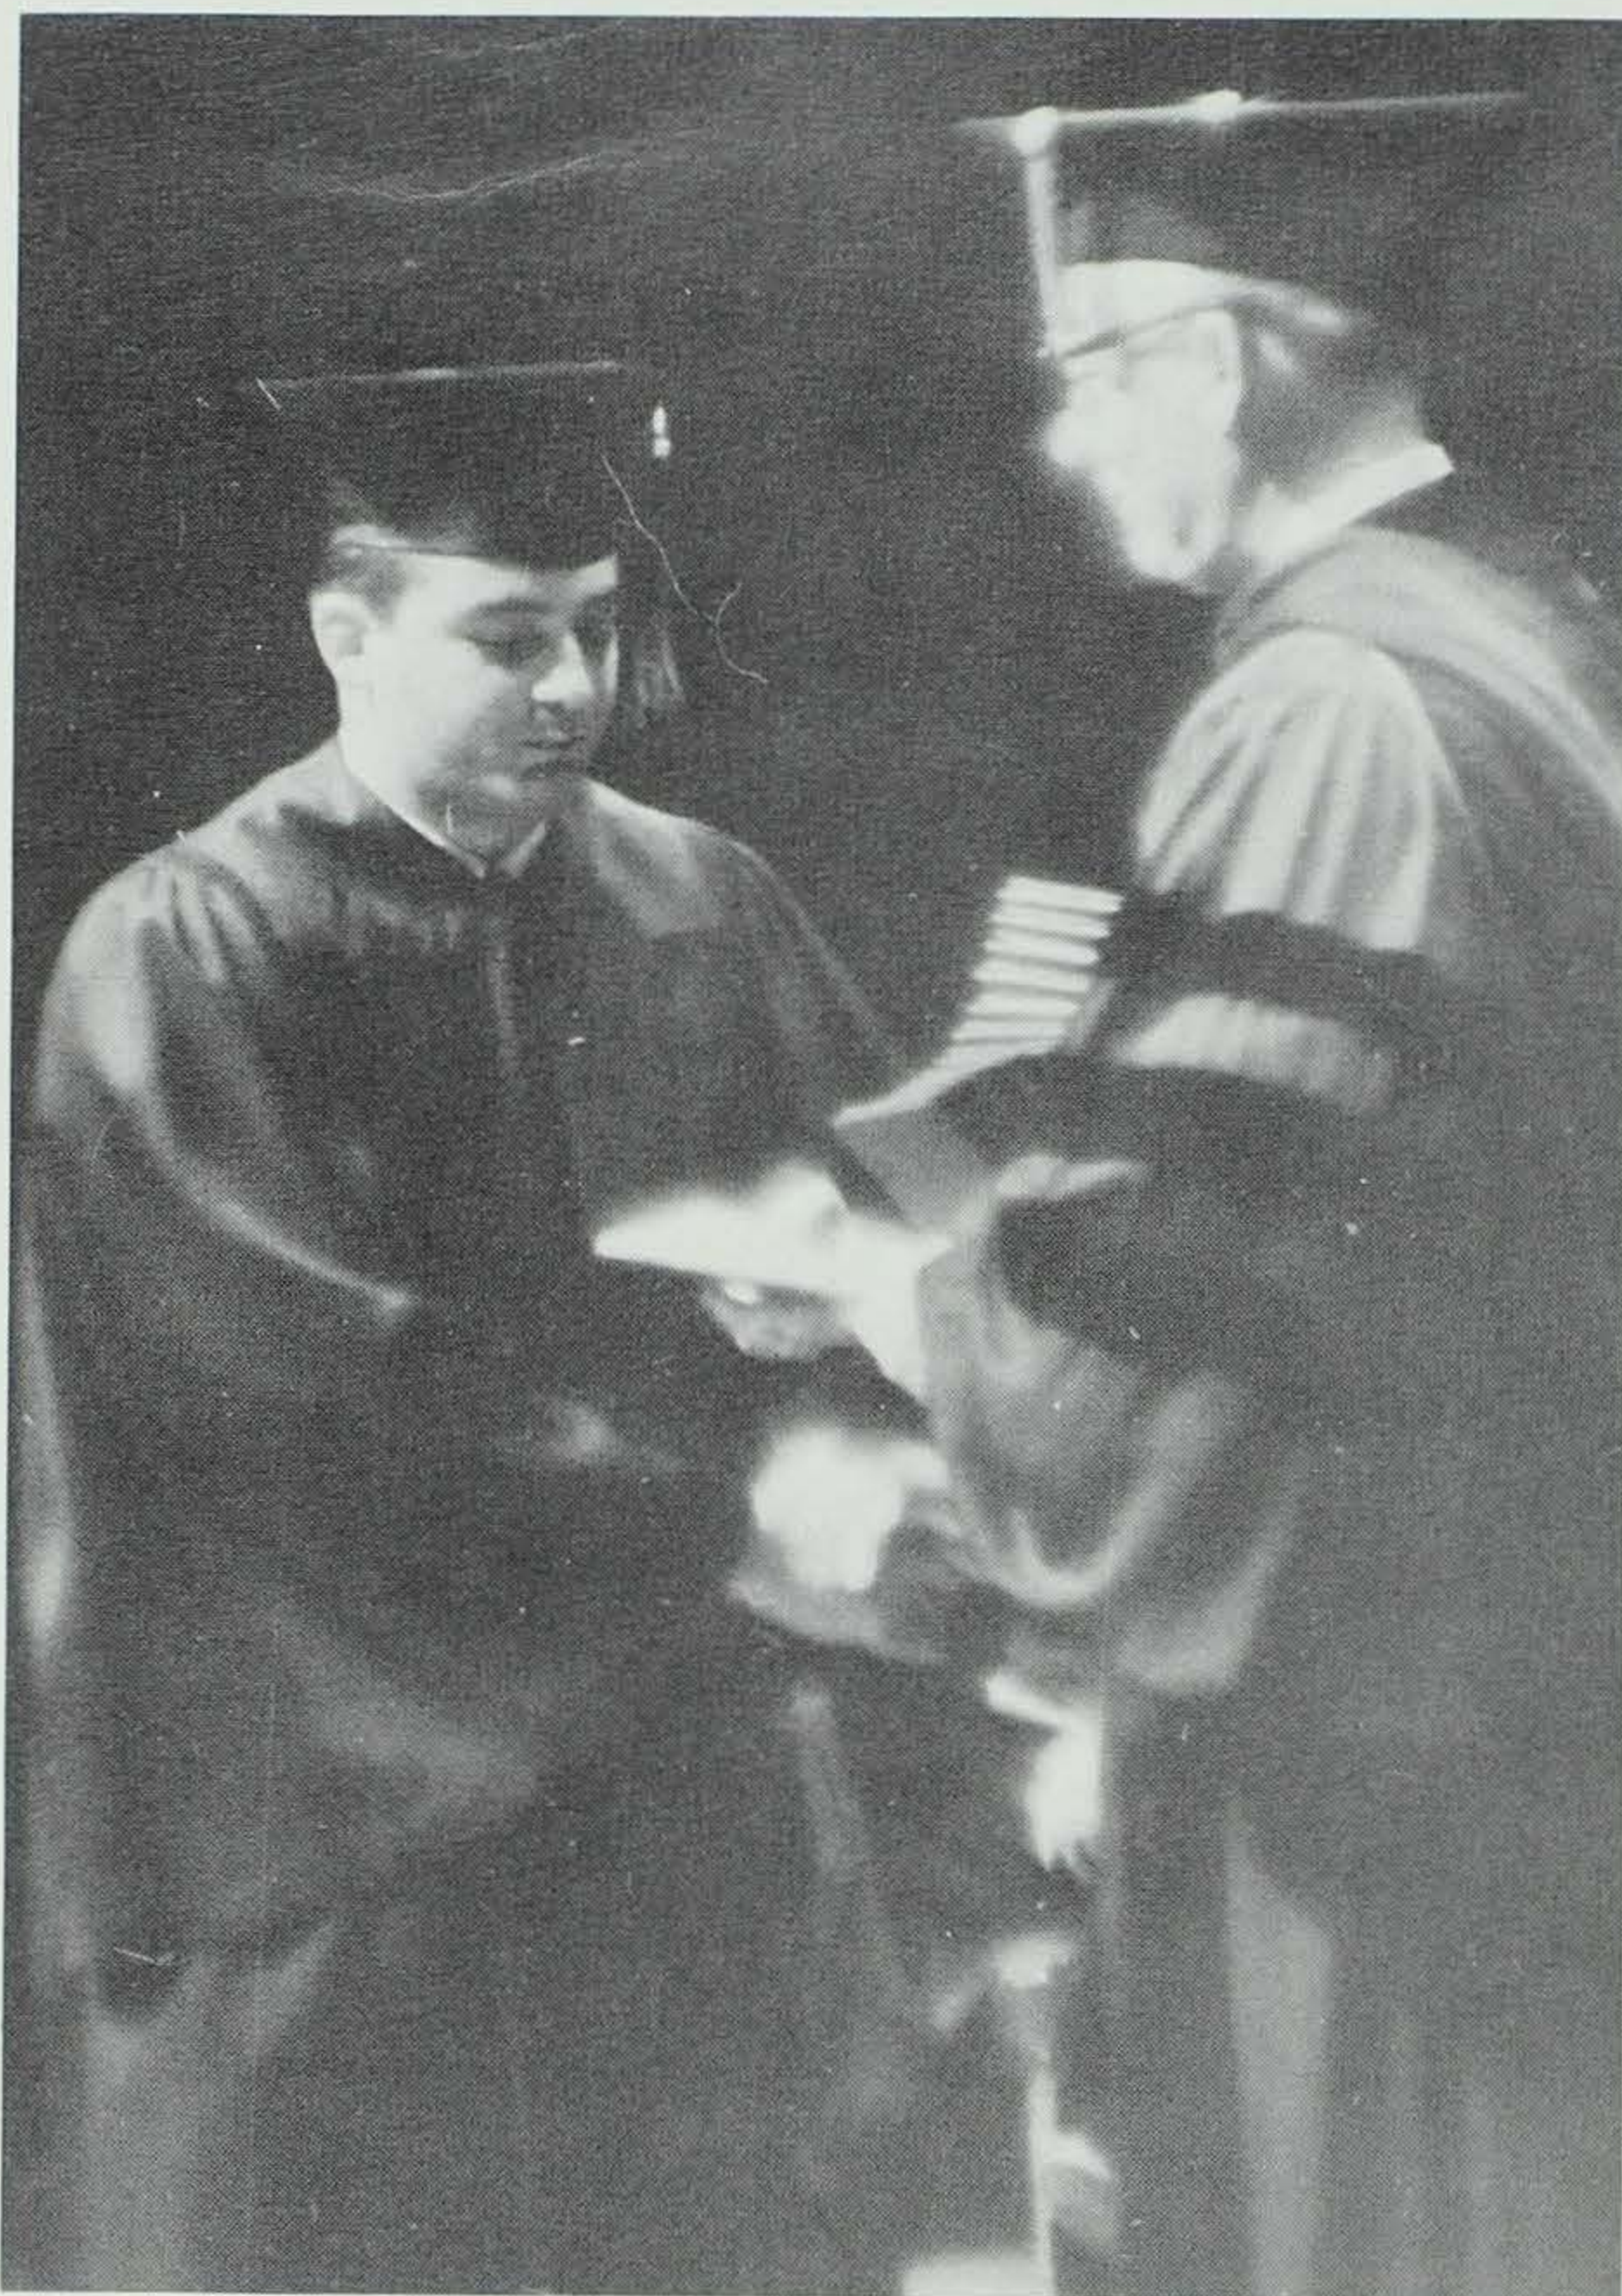

Exacting so much, College rewards
few. . . .

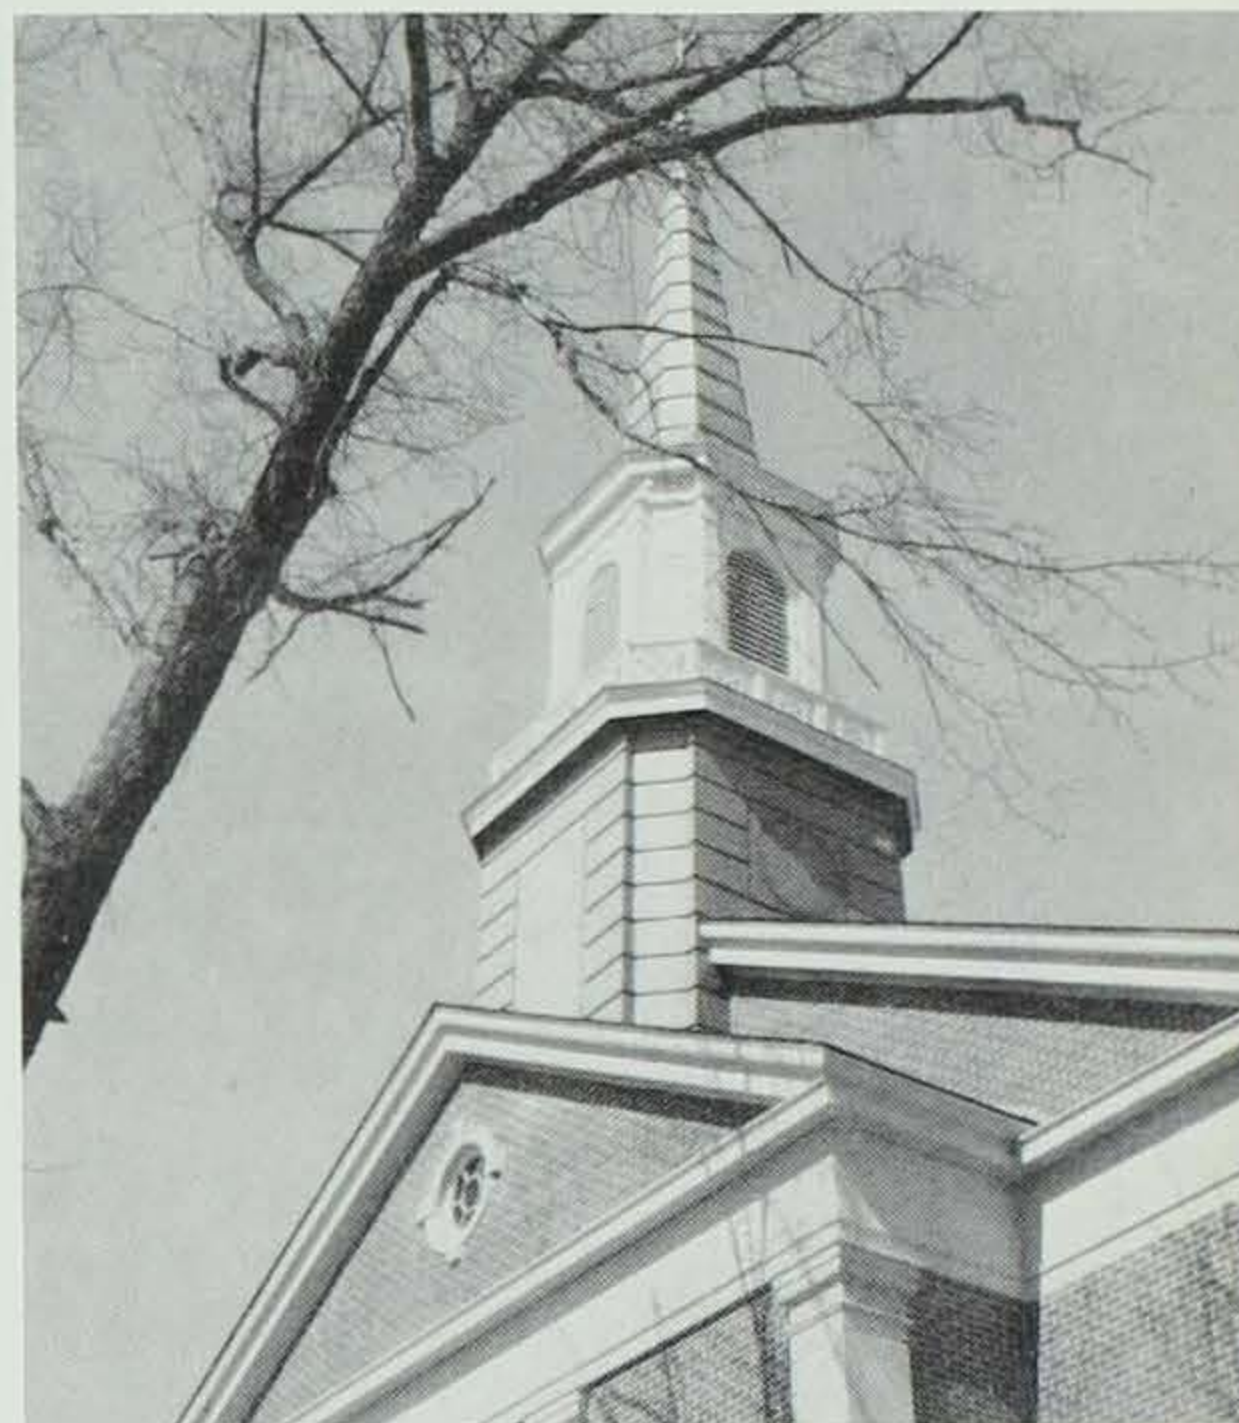

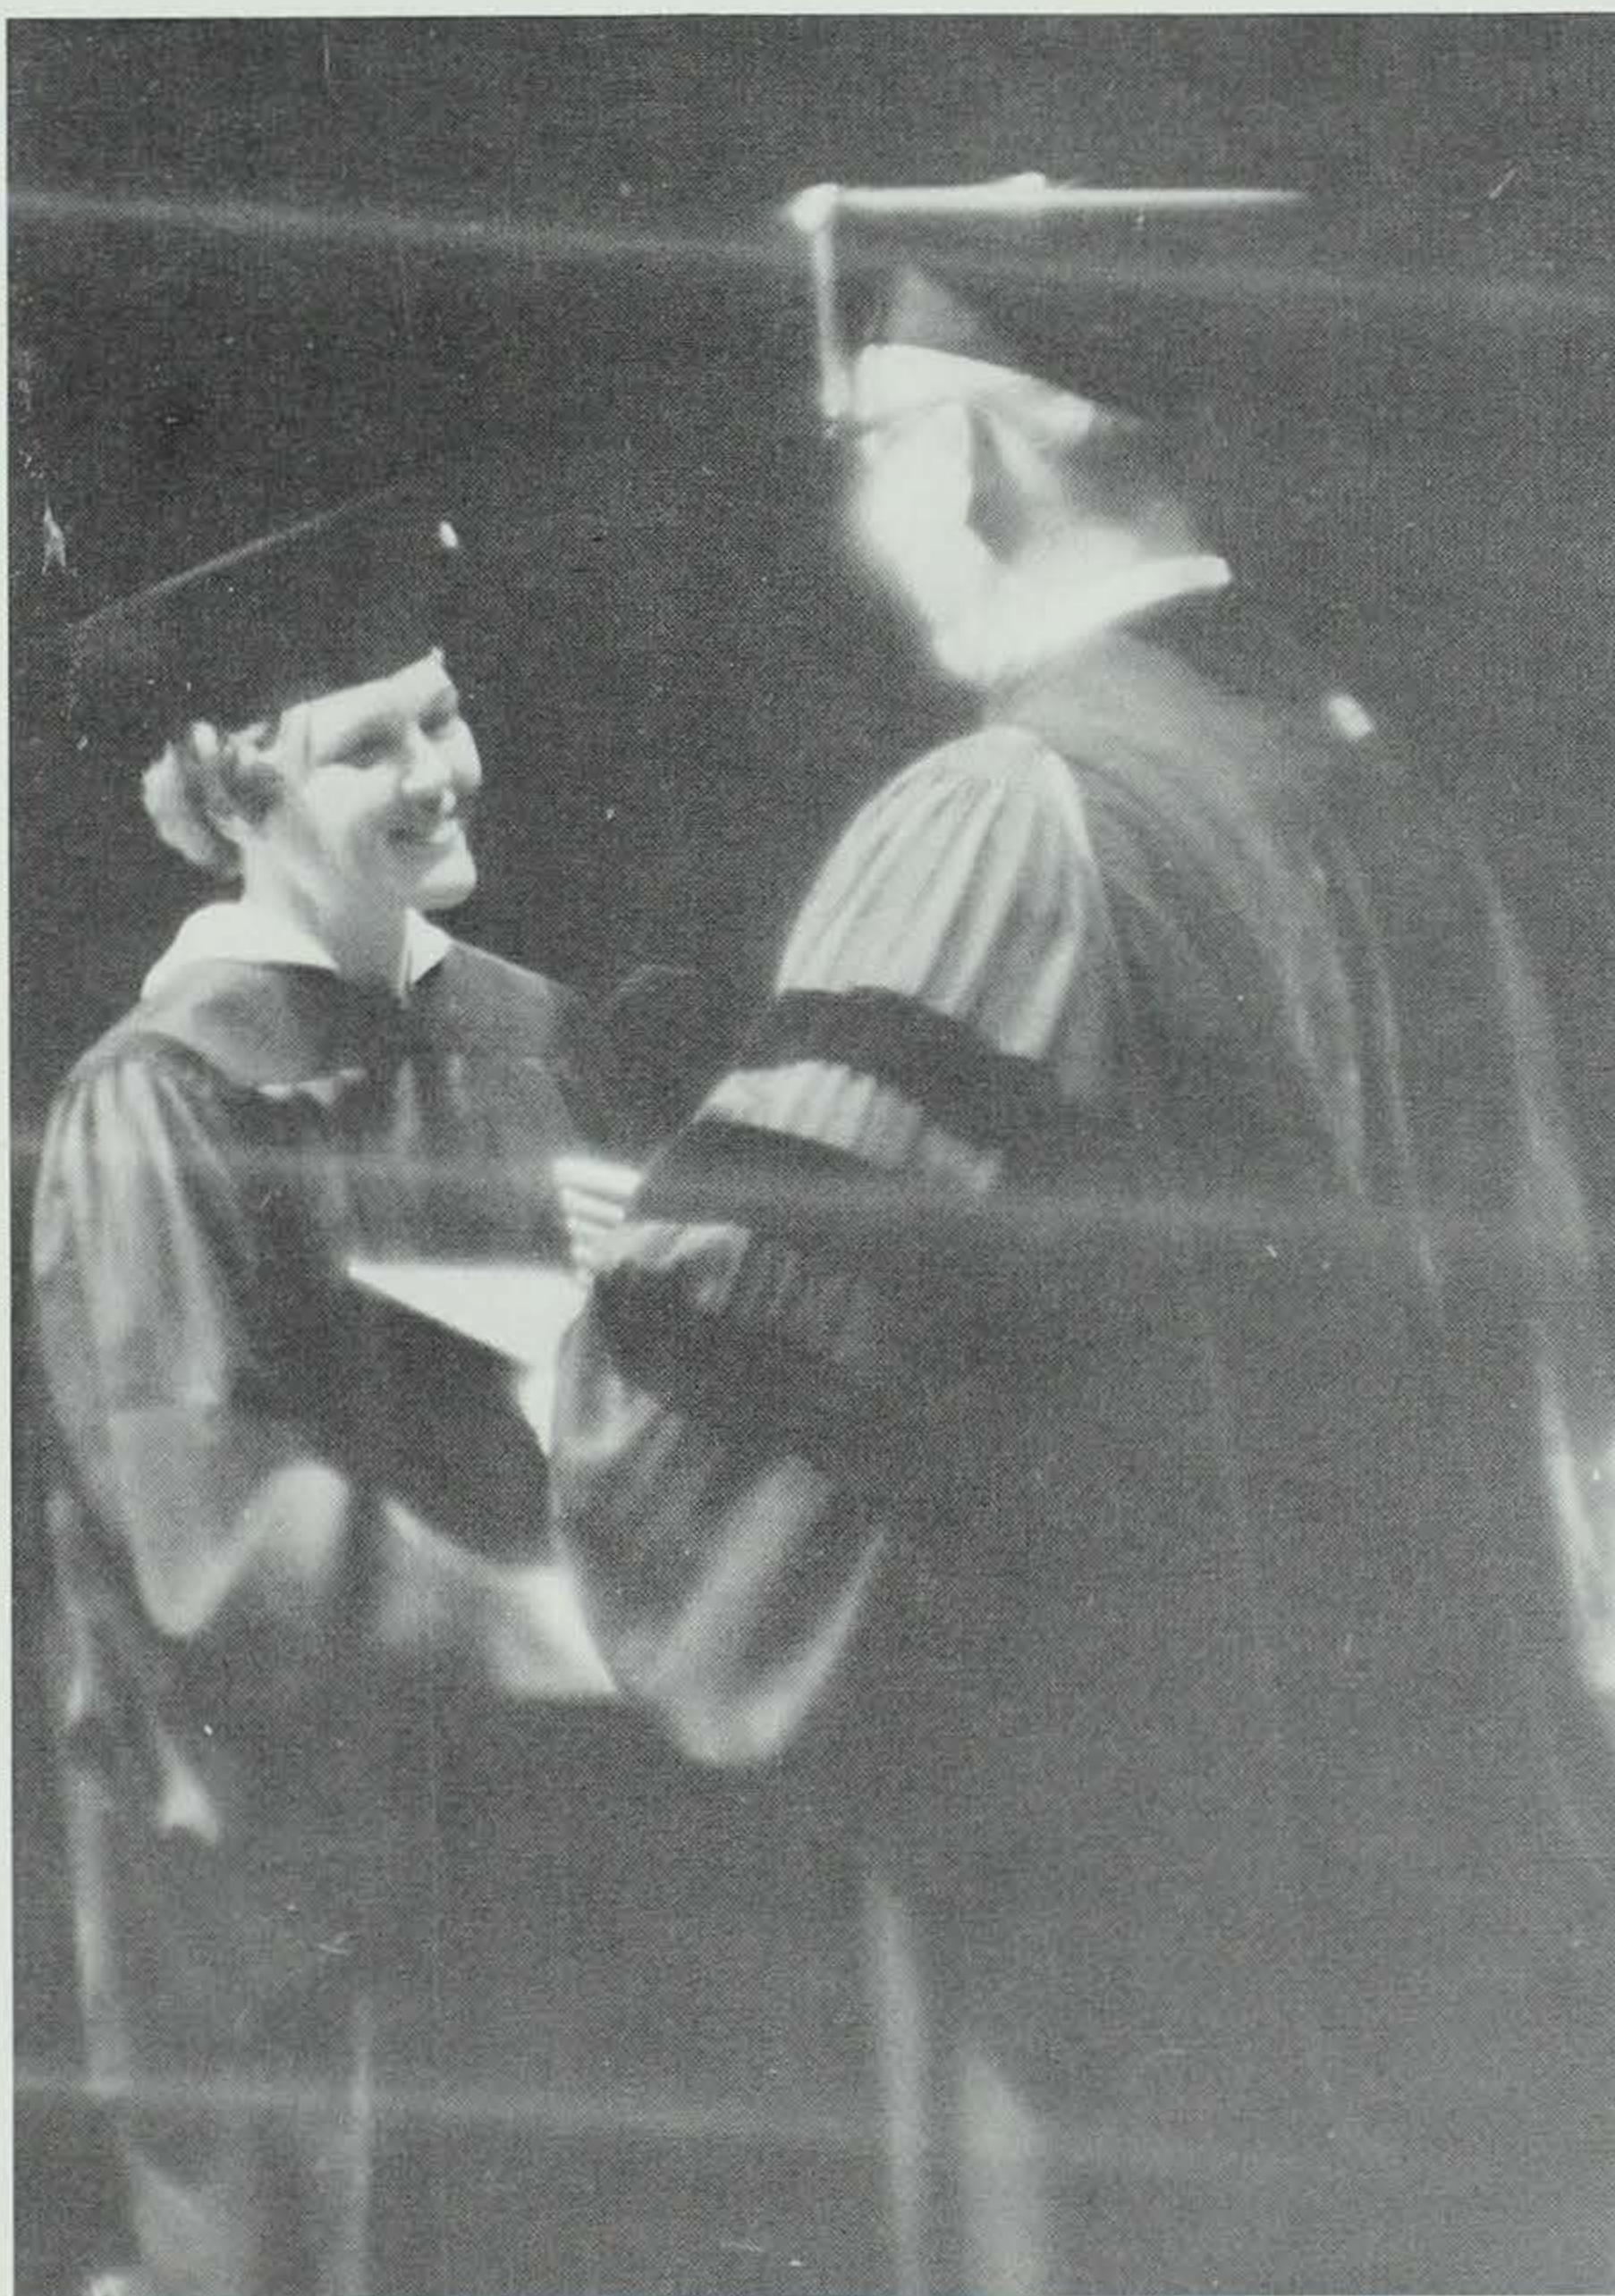

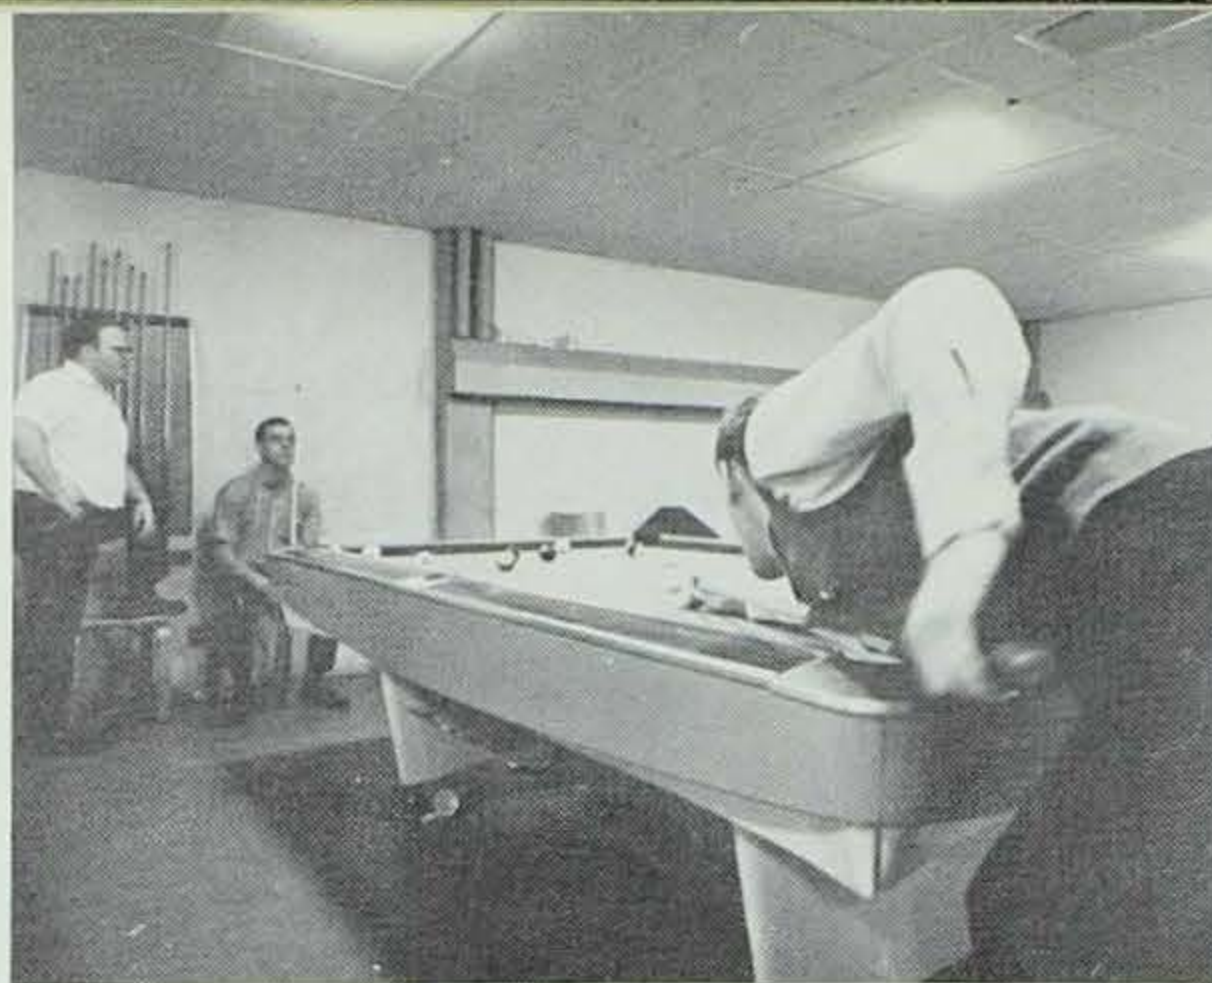

To endure is not enough.

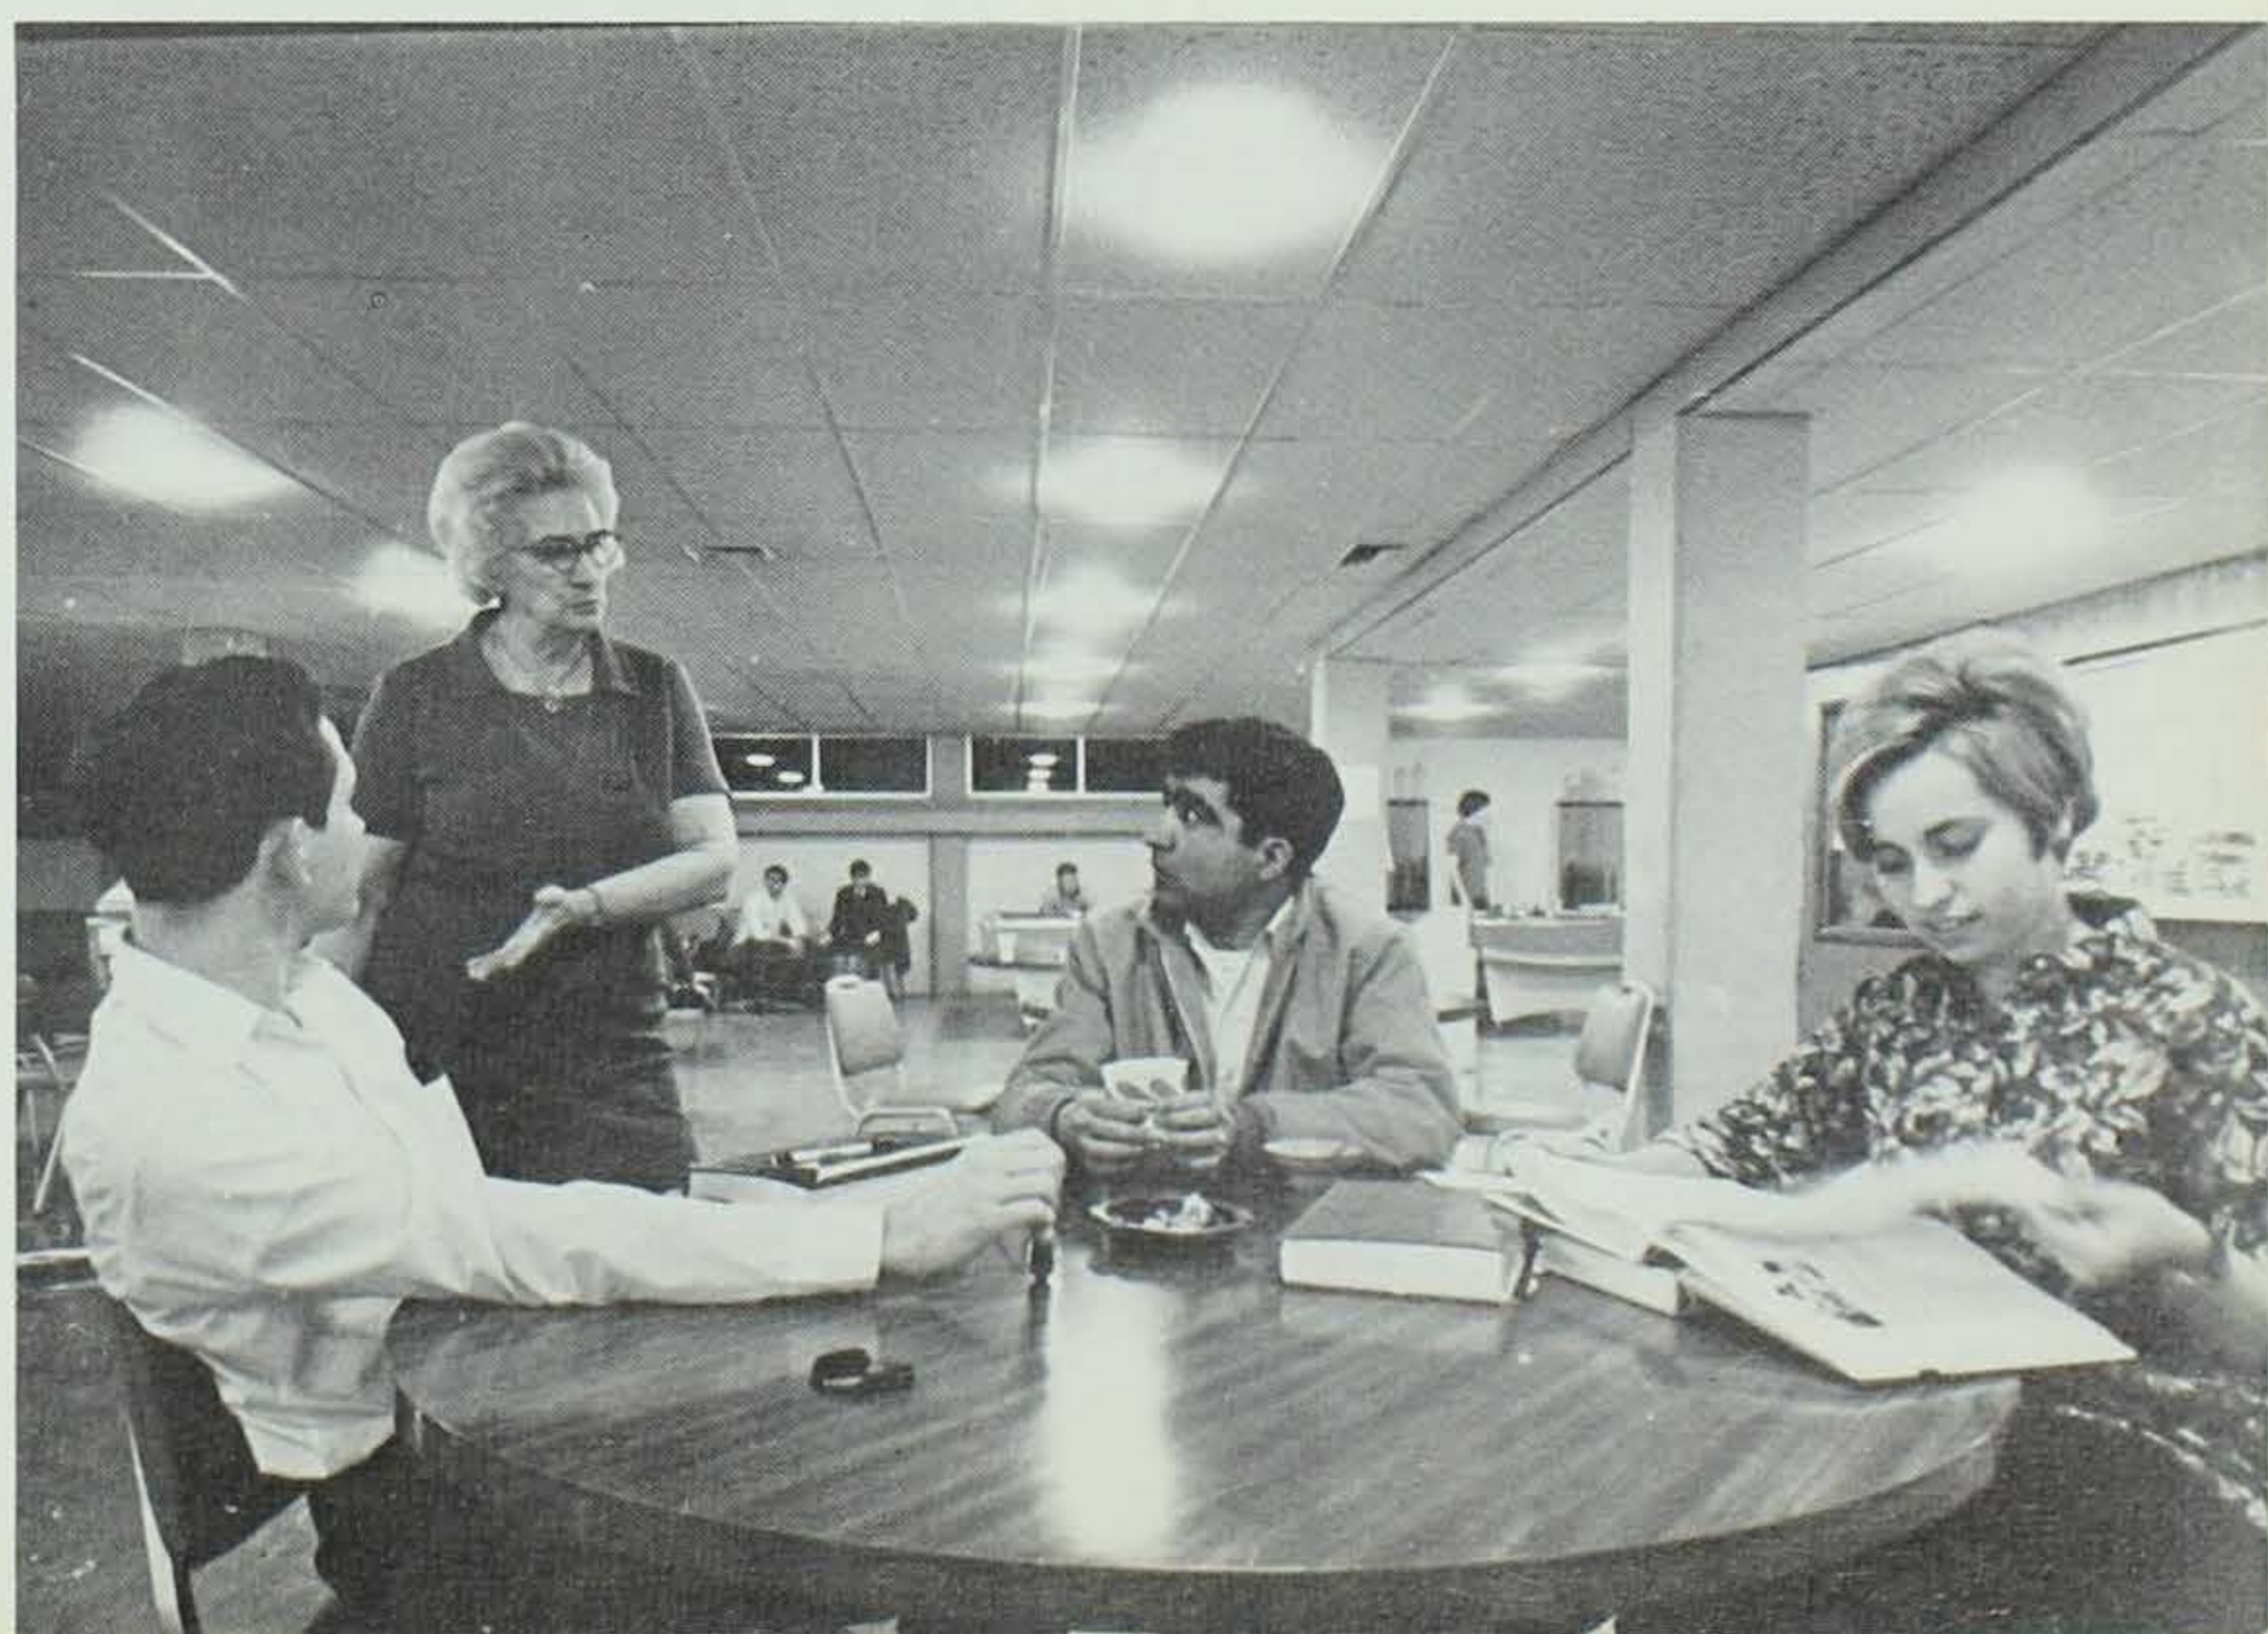

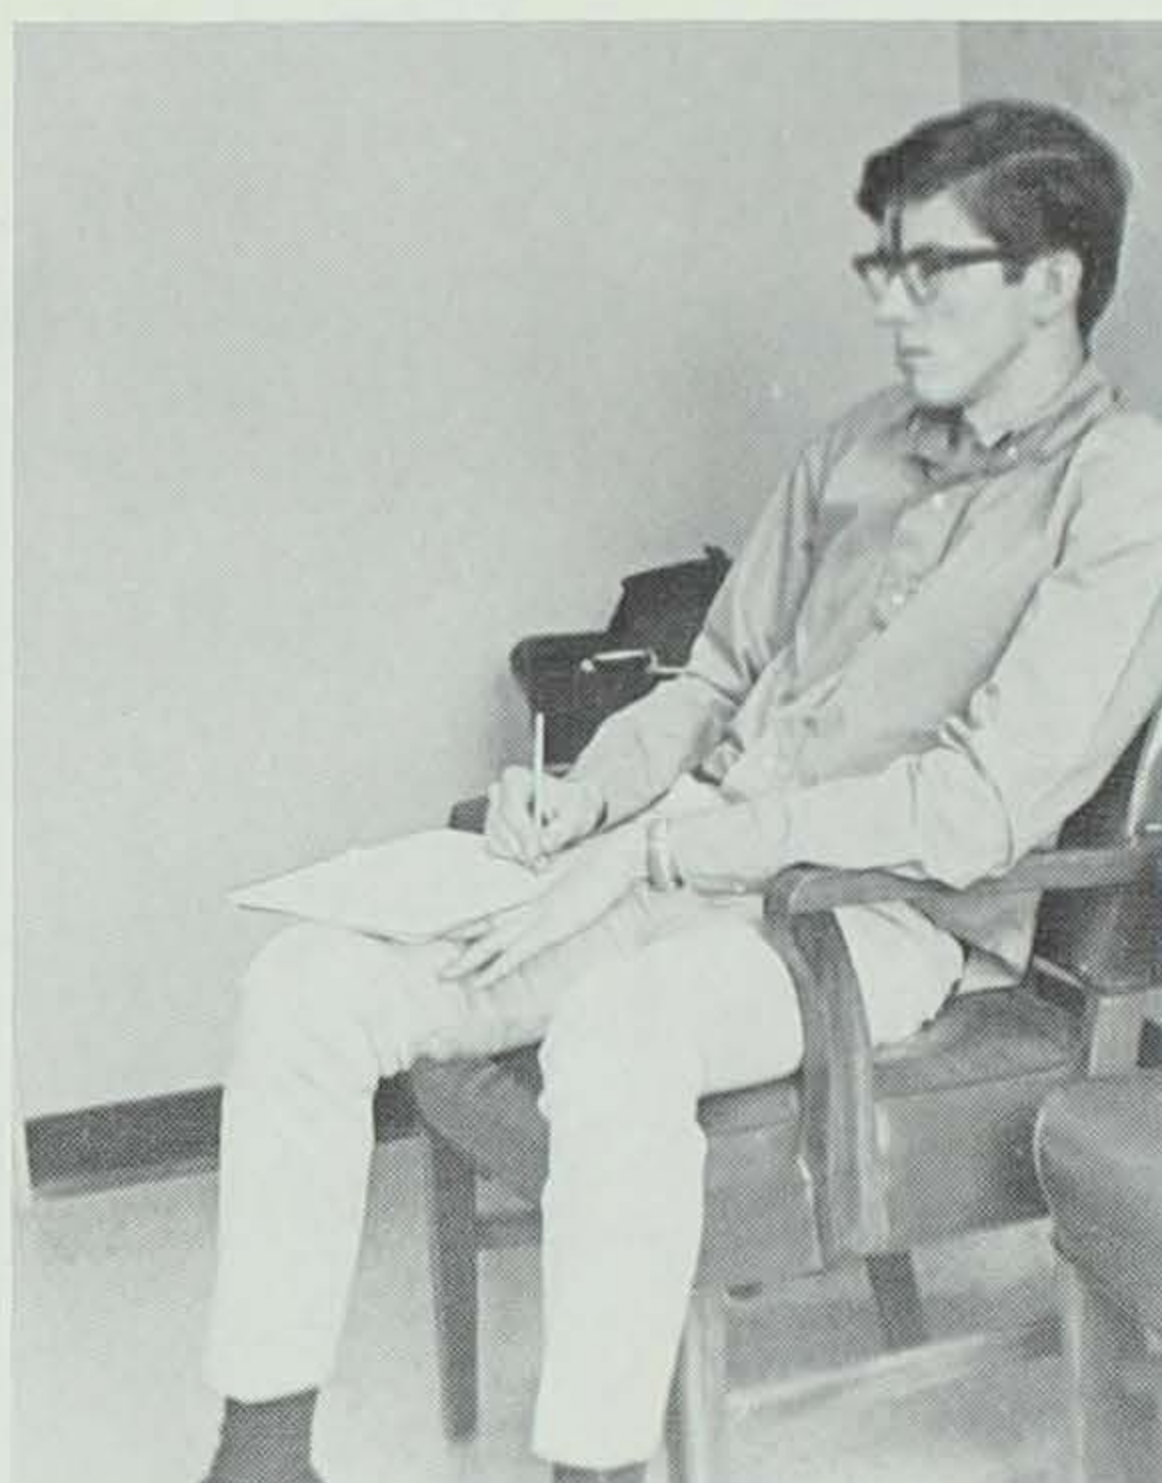

A tireless offence must be waged to defeat College at its own game.

You must play "College" using rules devised by it and on its home field. . . .

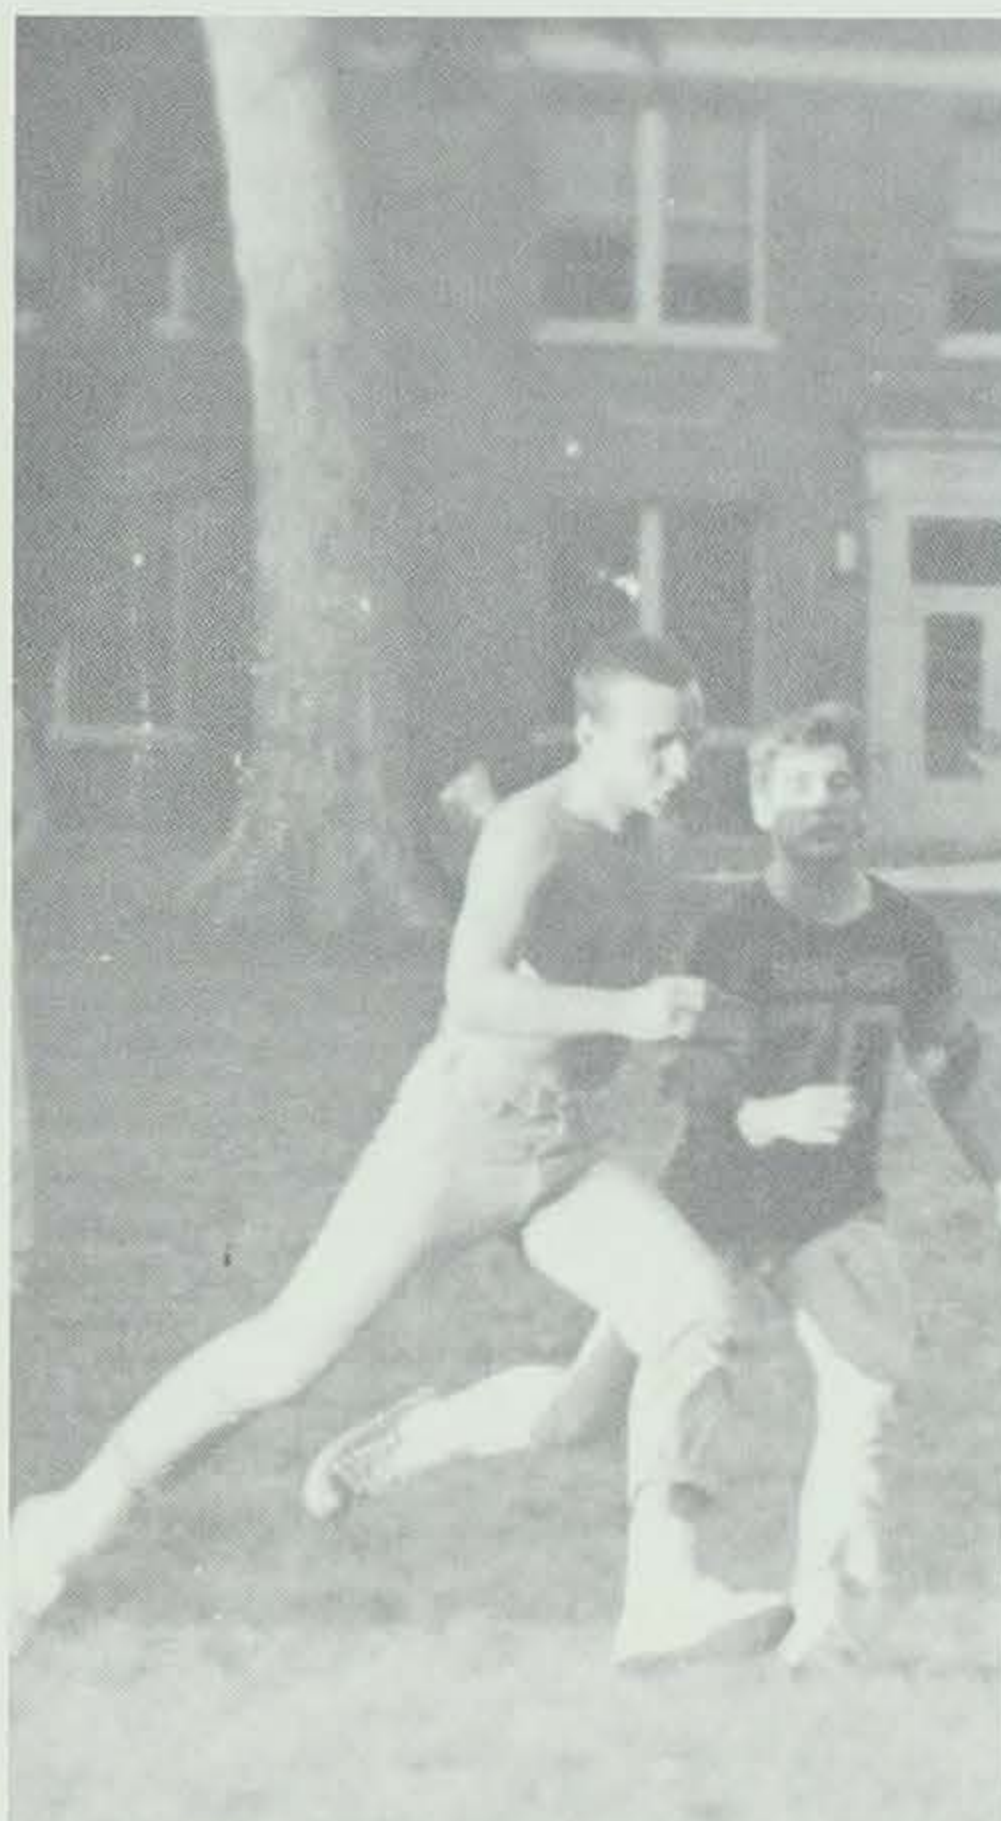

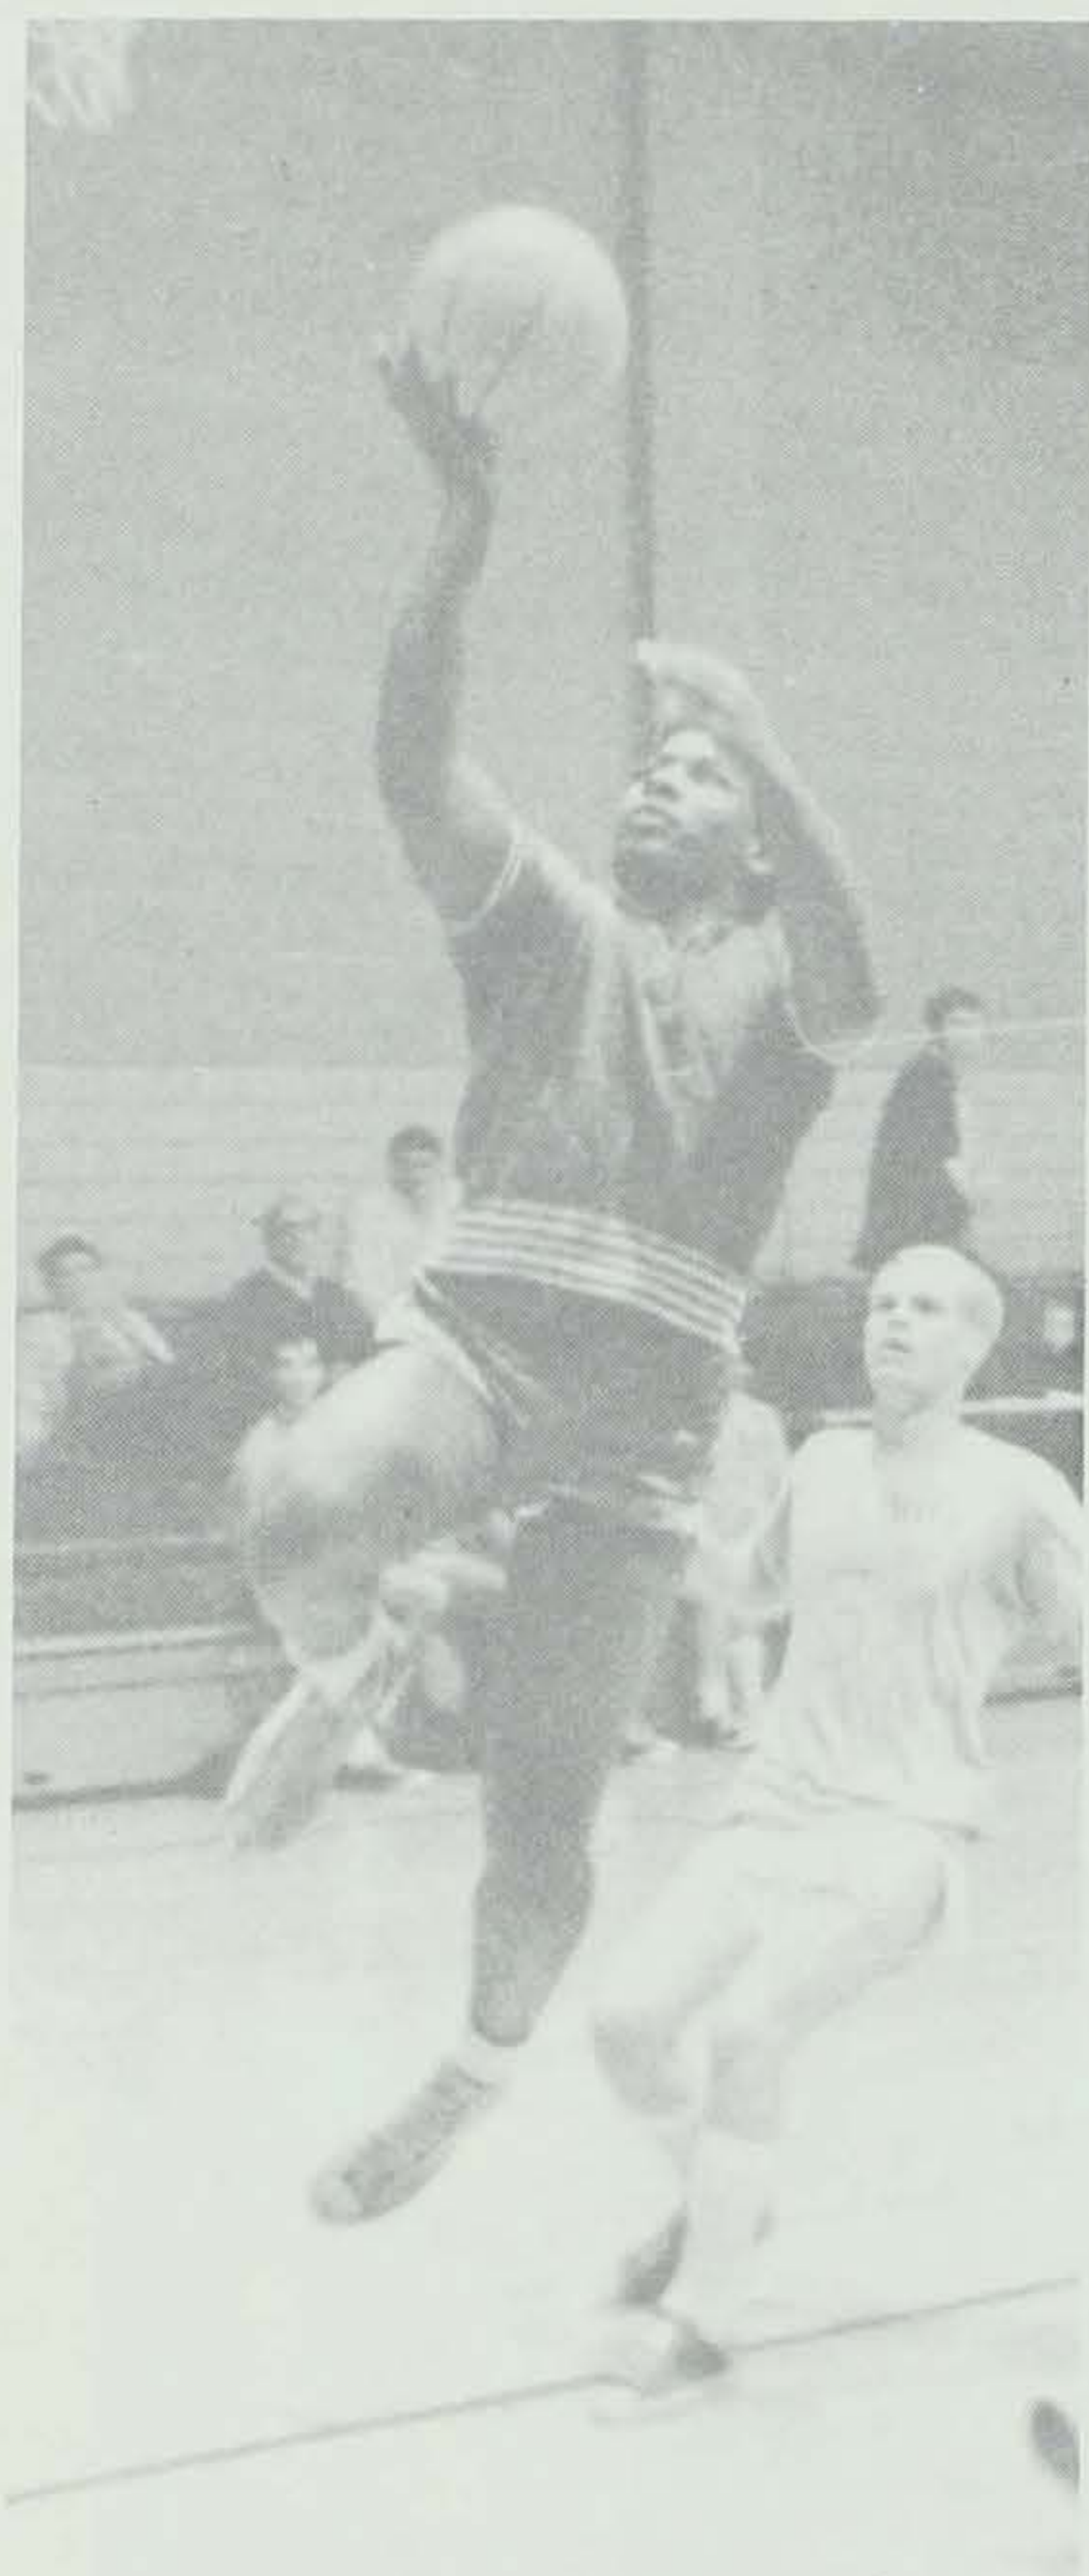

But winning pays so well, who can resist the challenge?

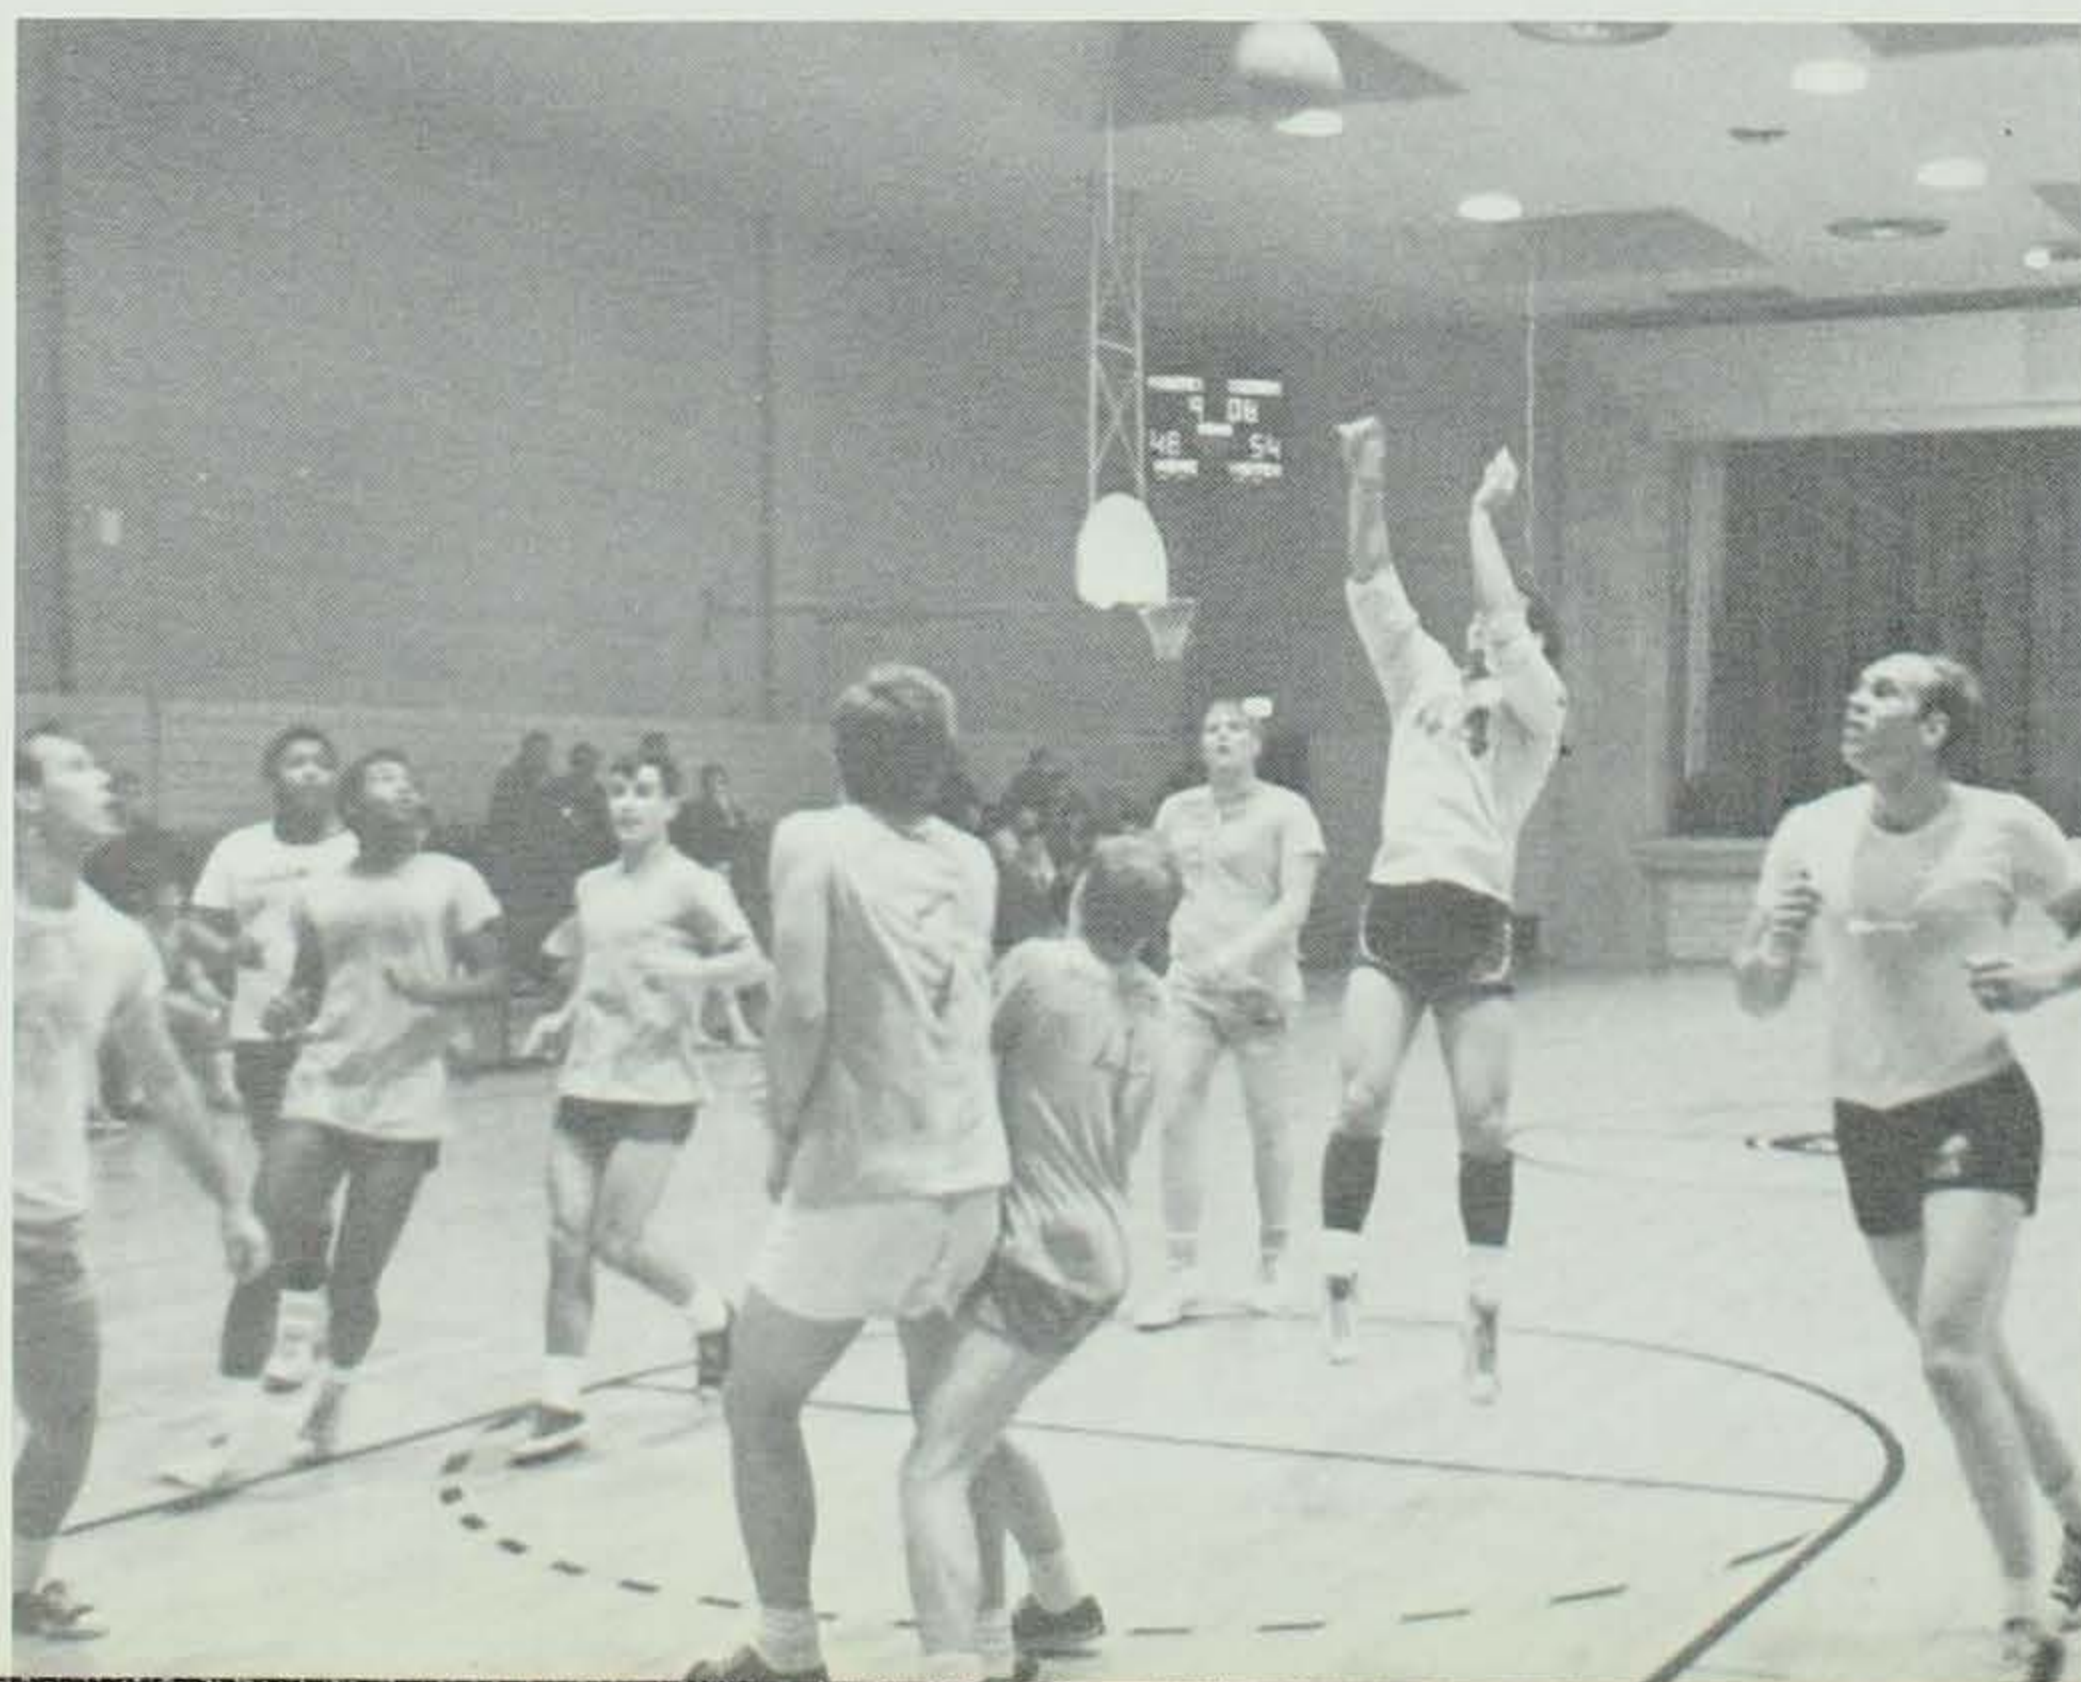

Knowledge is power.
Status is prestige.
Employment is money . . .

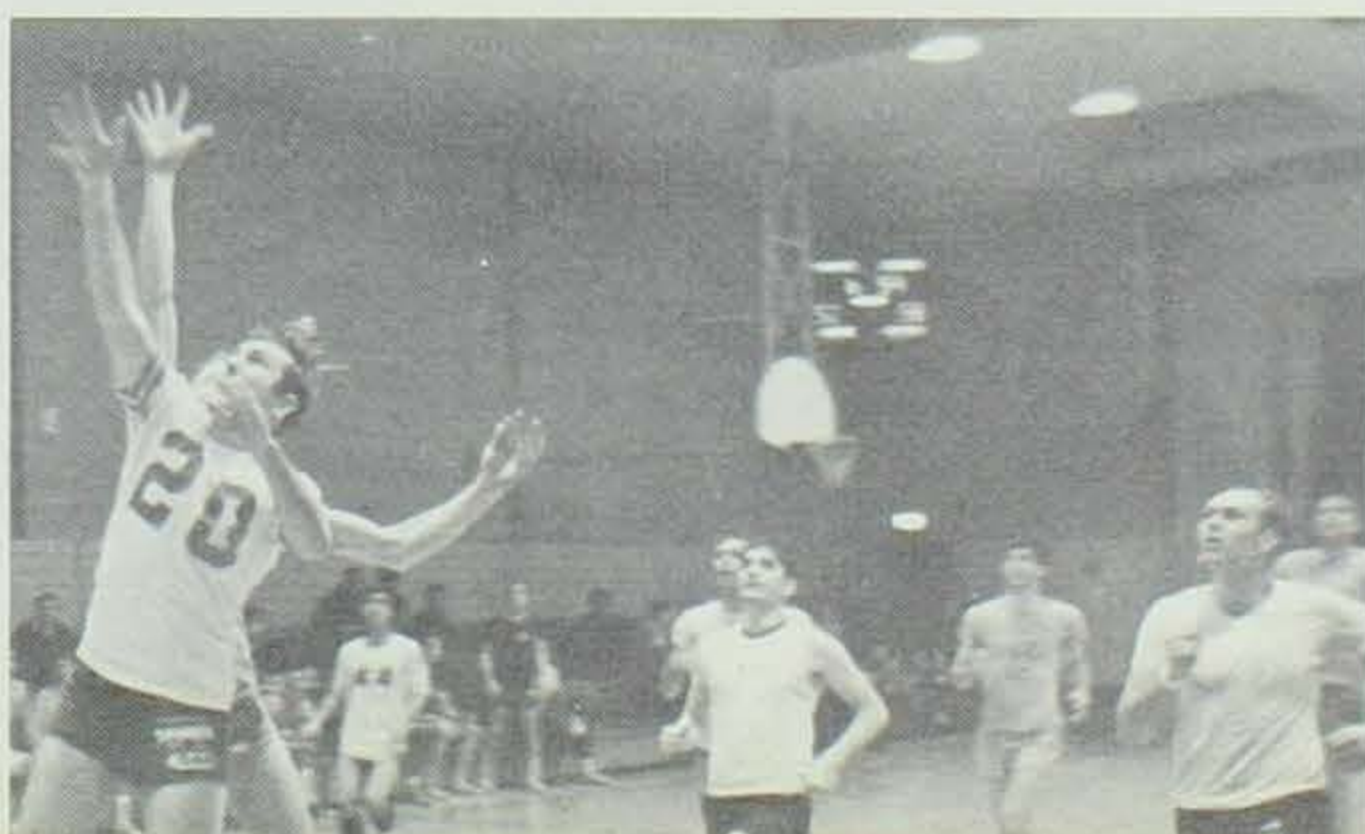

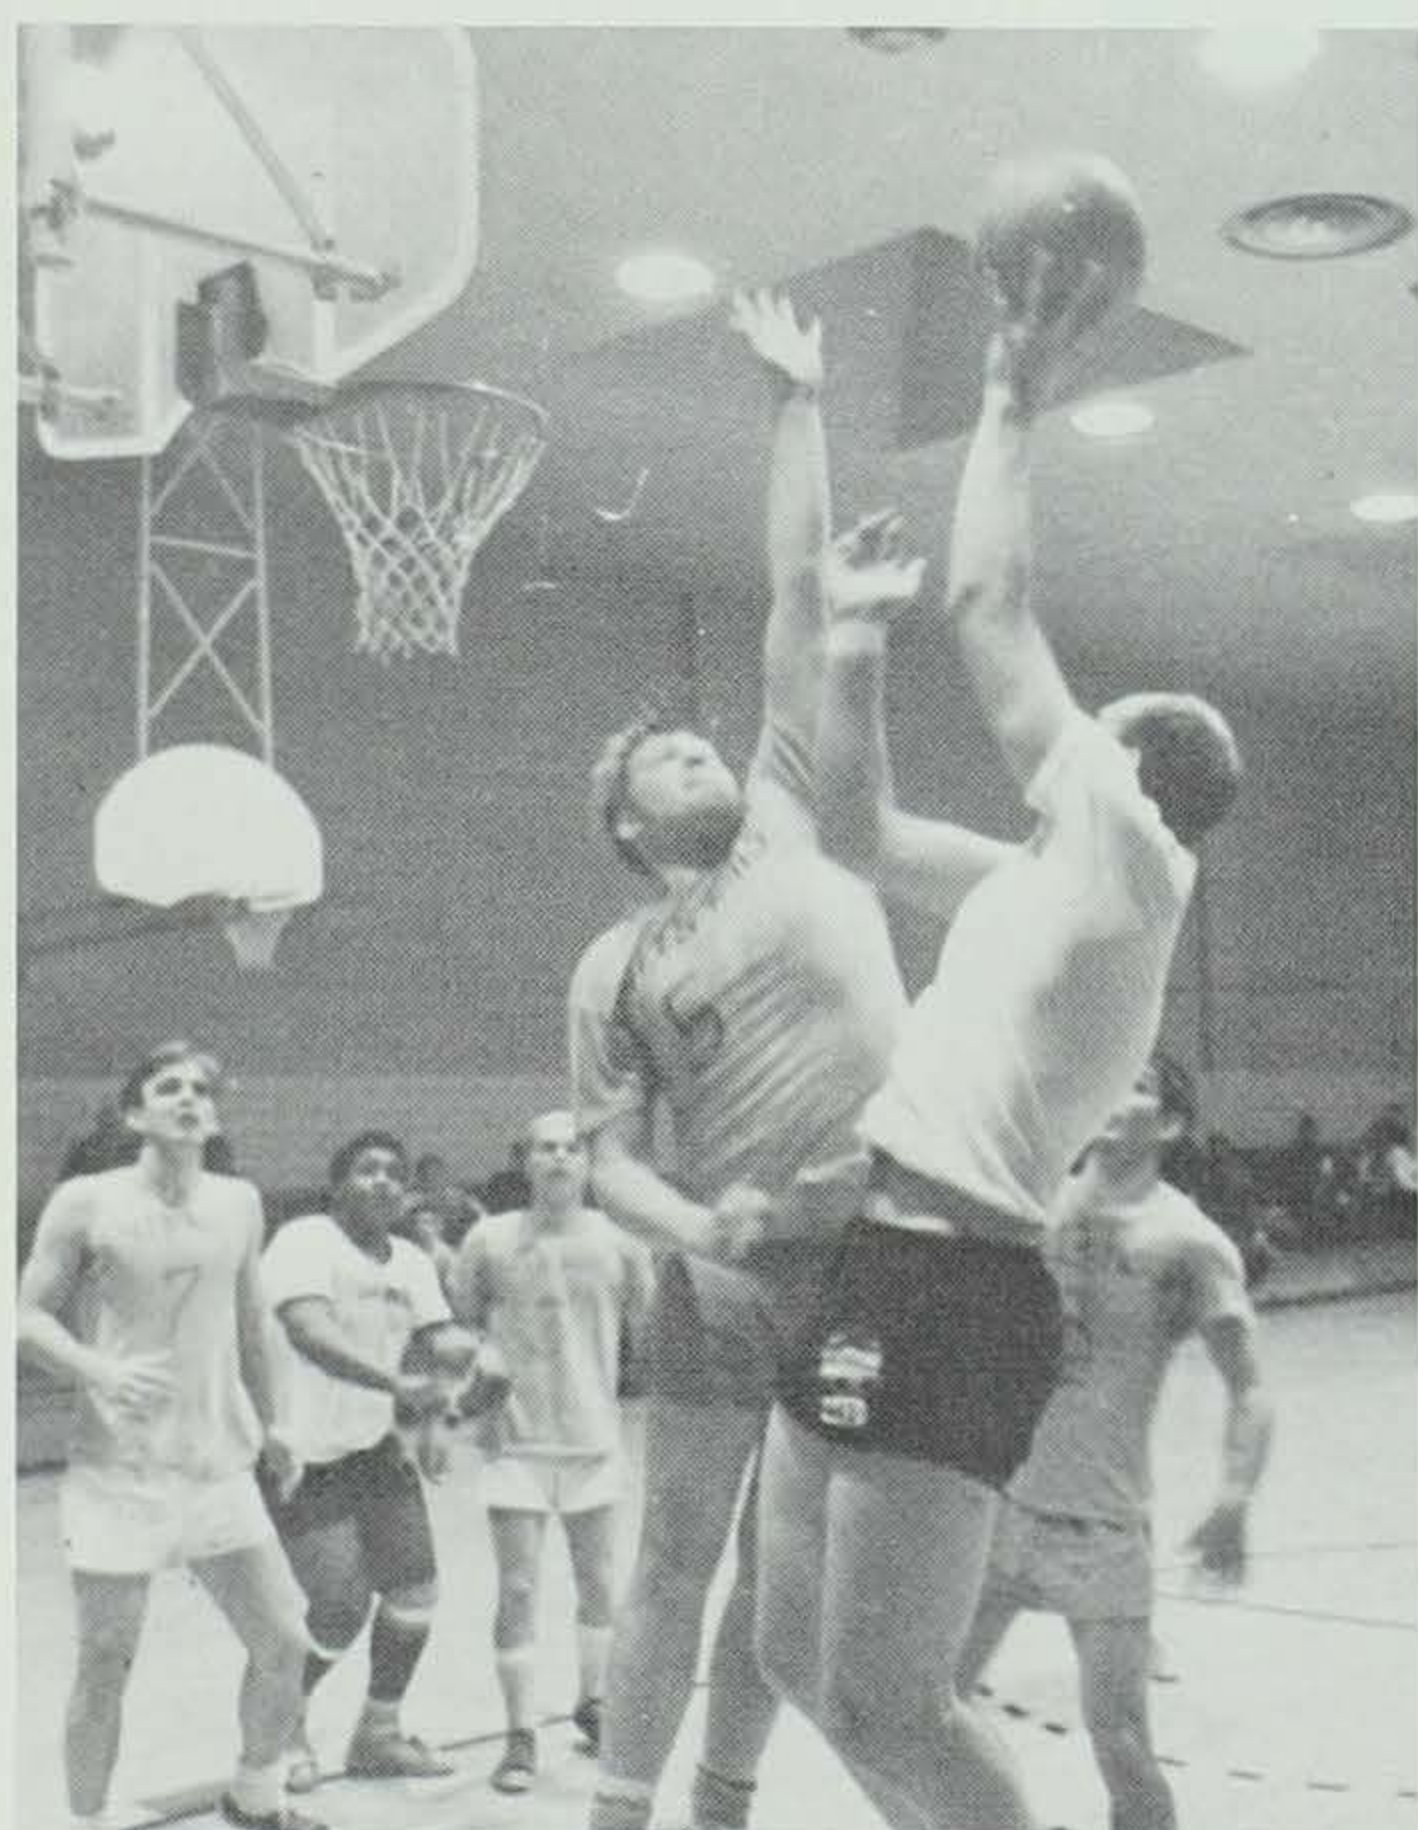

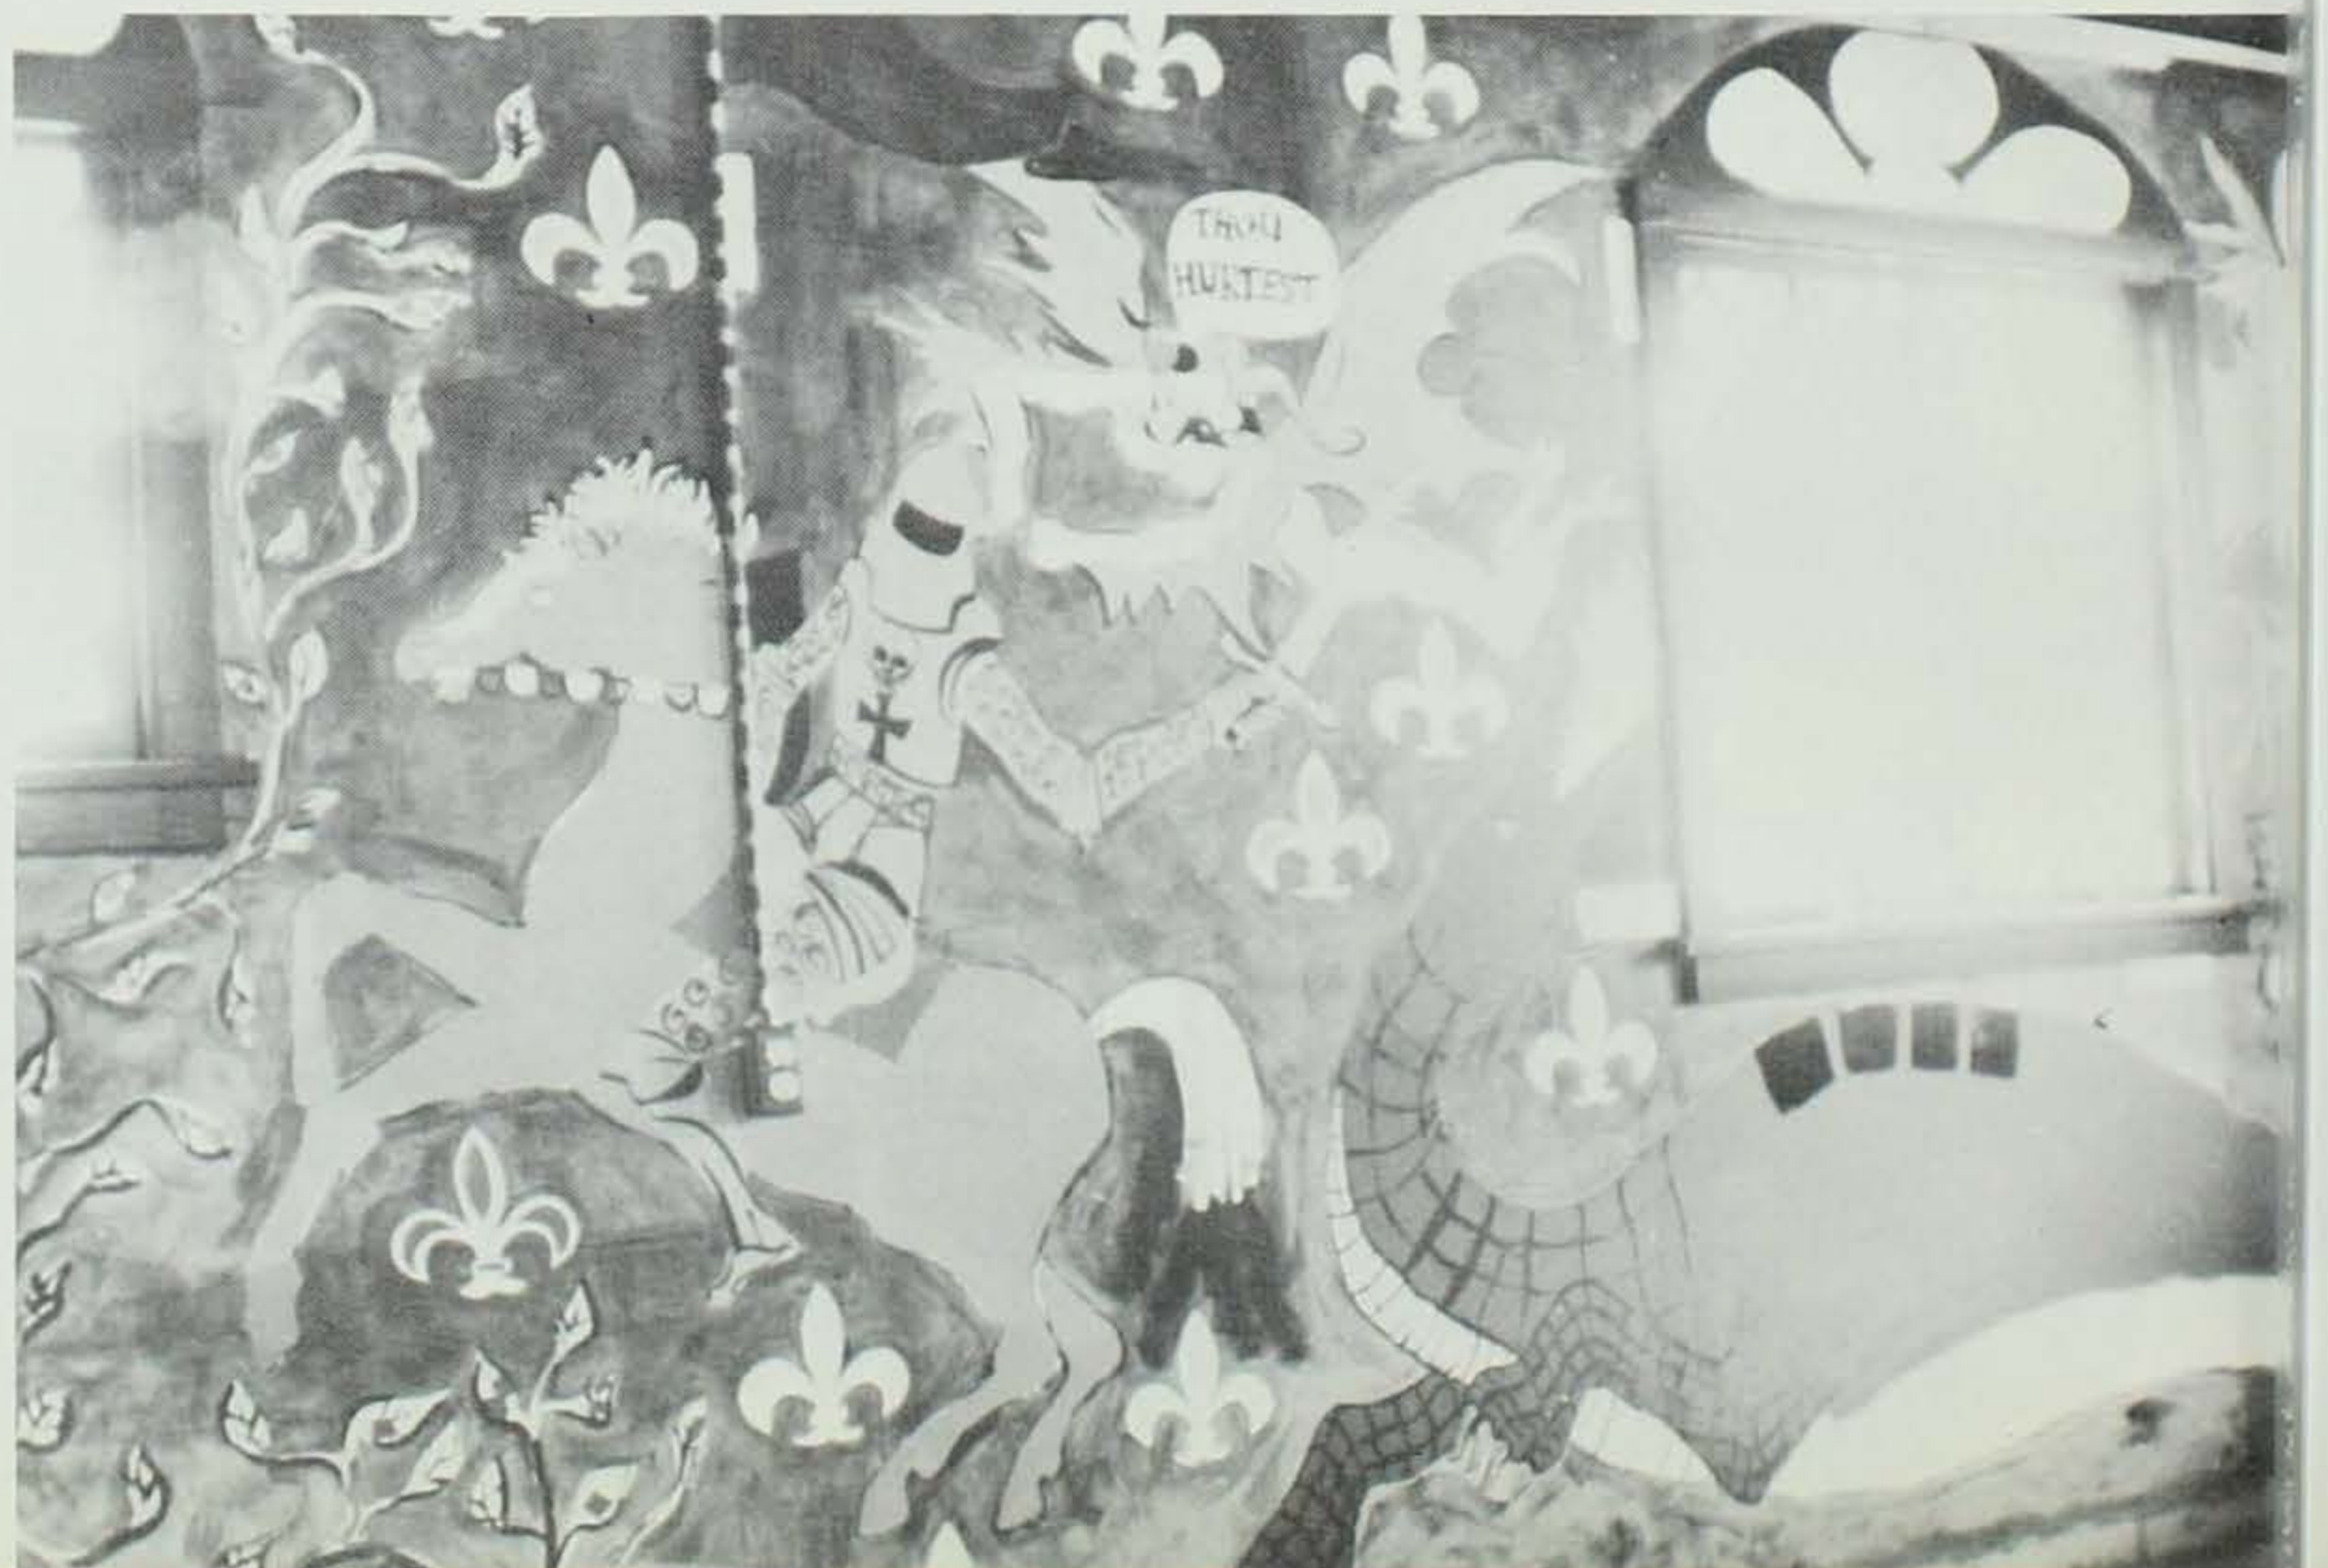

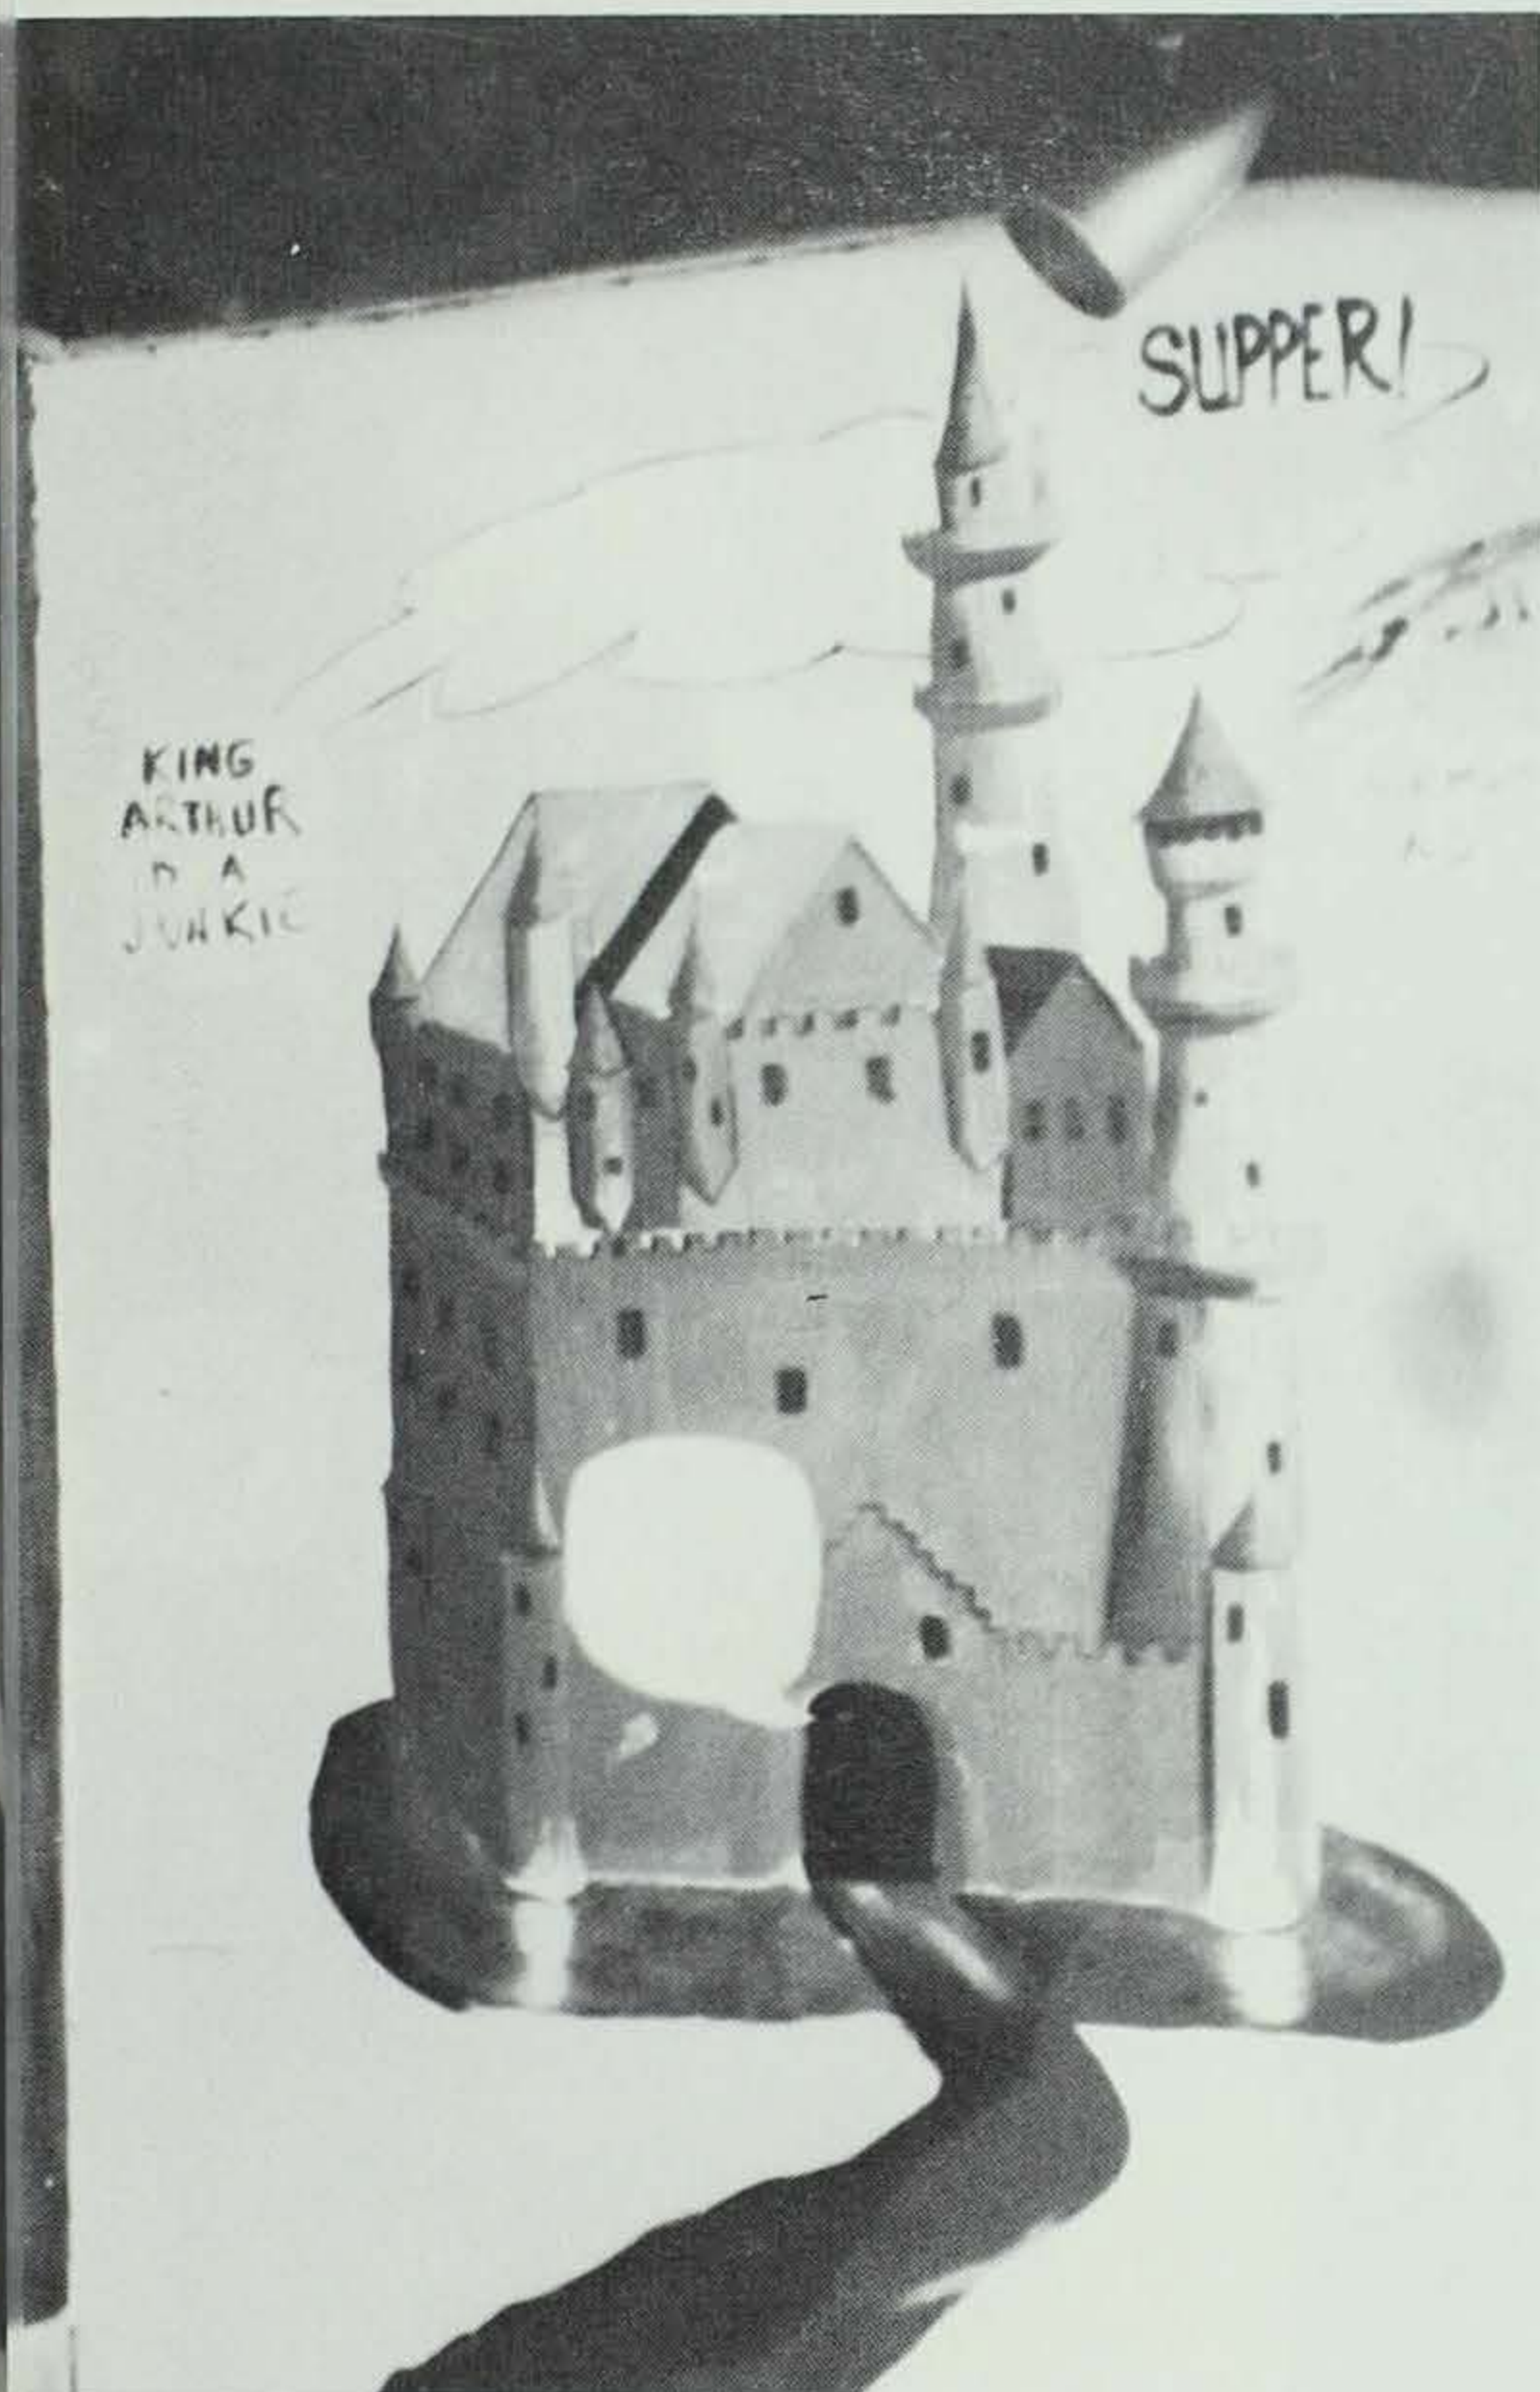

So . . .

Stand up—look College in its figurative eye . . .

All you can find is
Yourself . . .

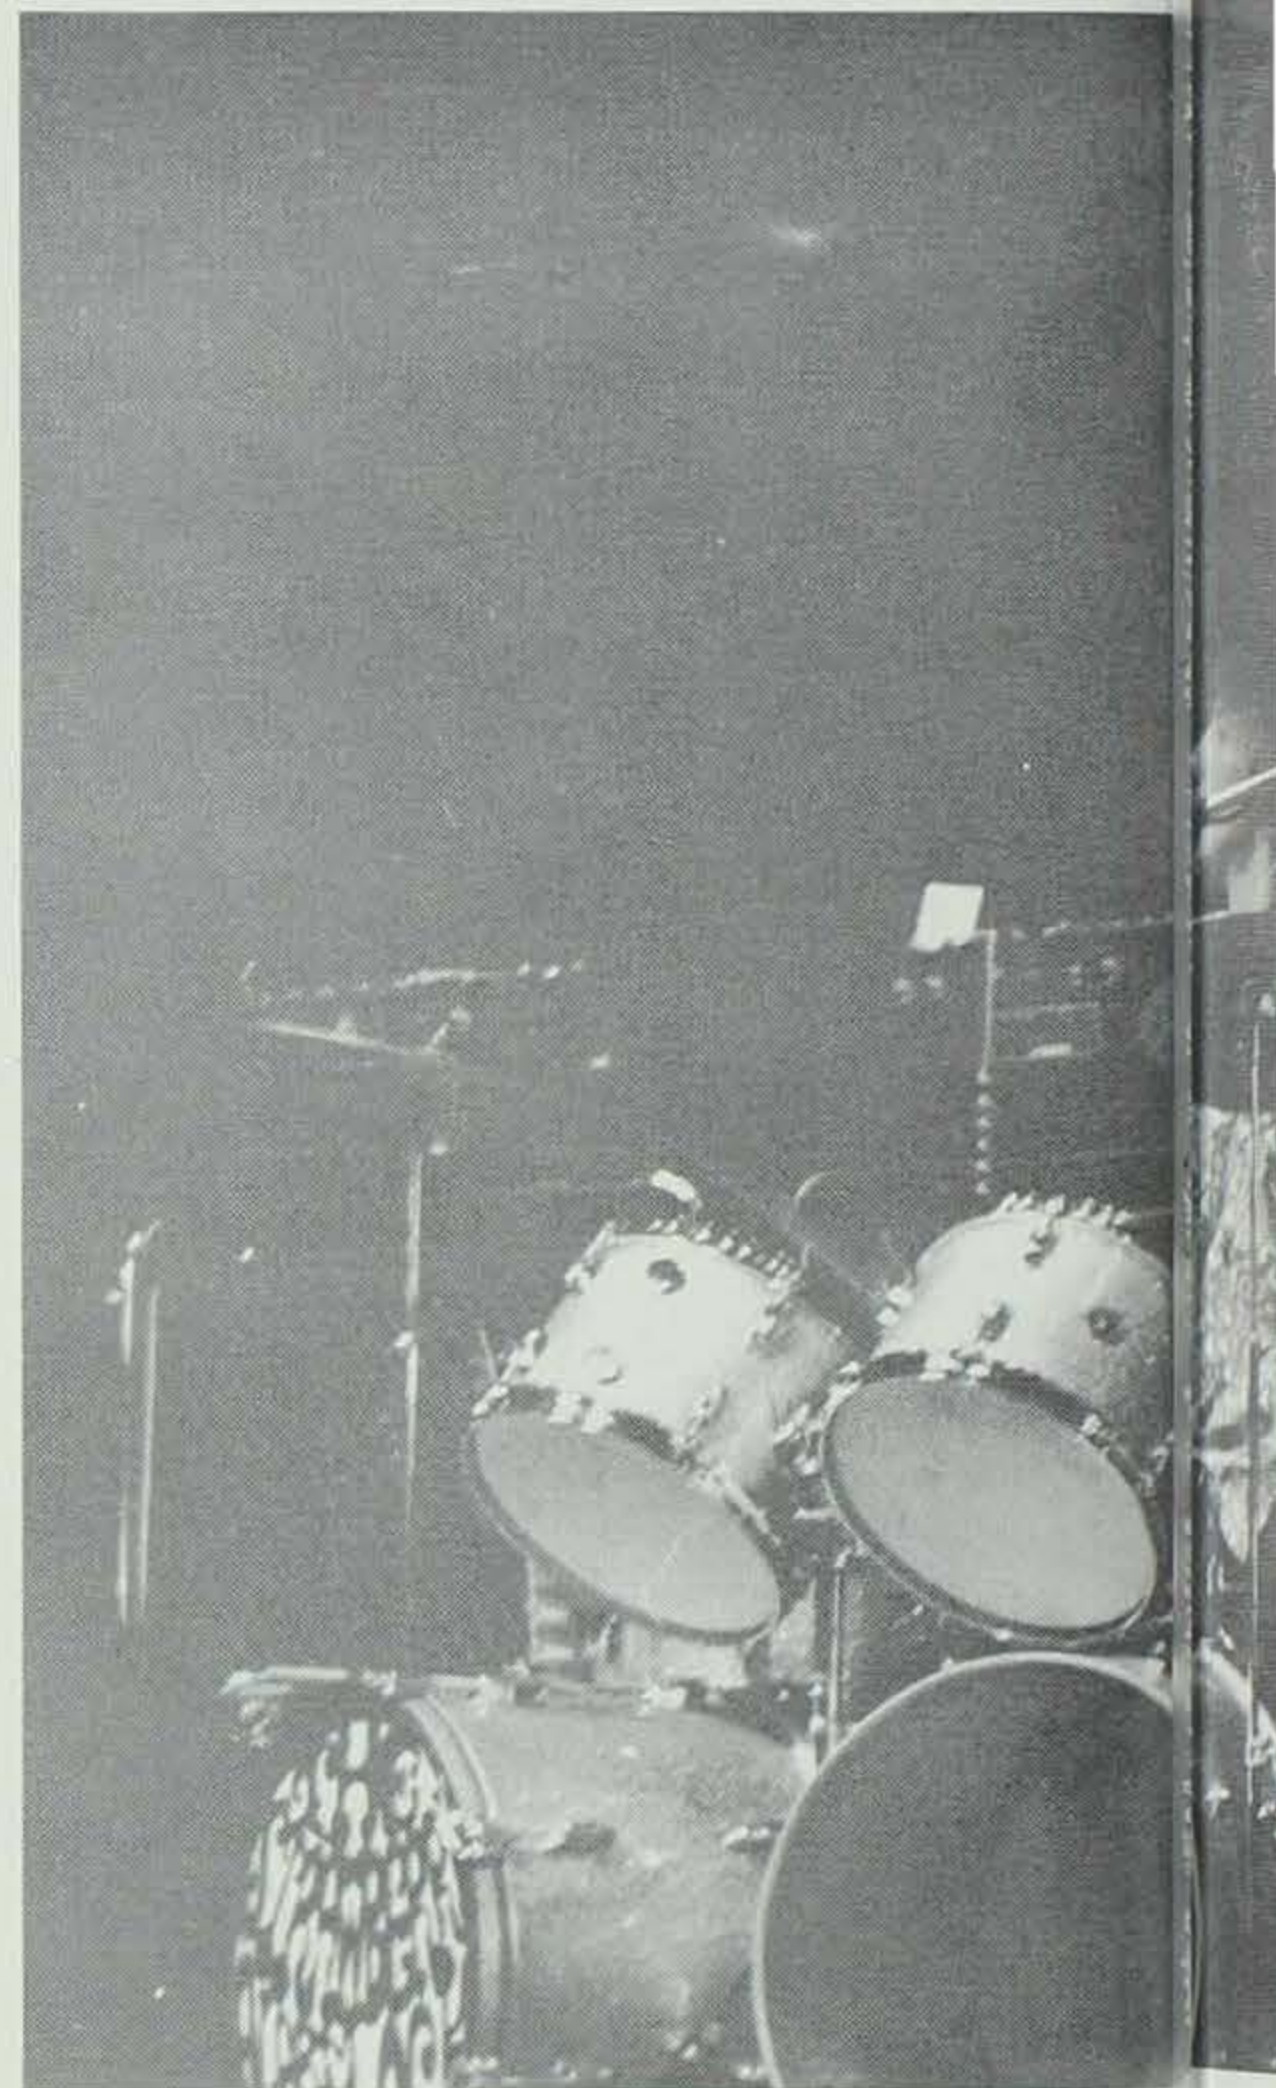

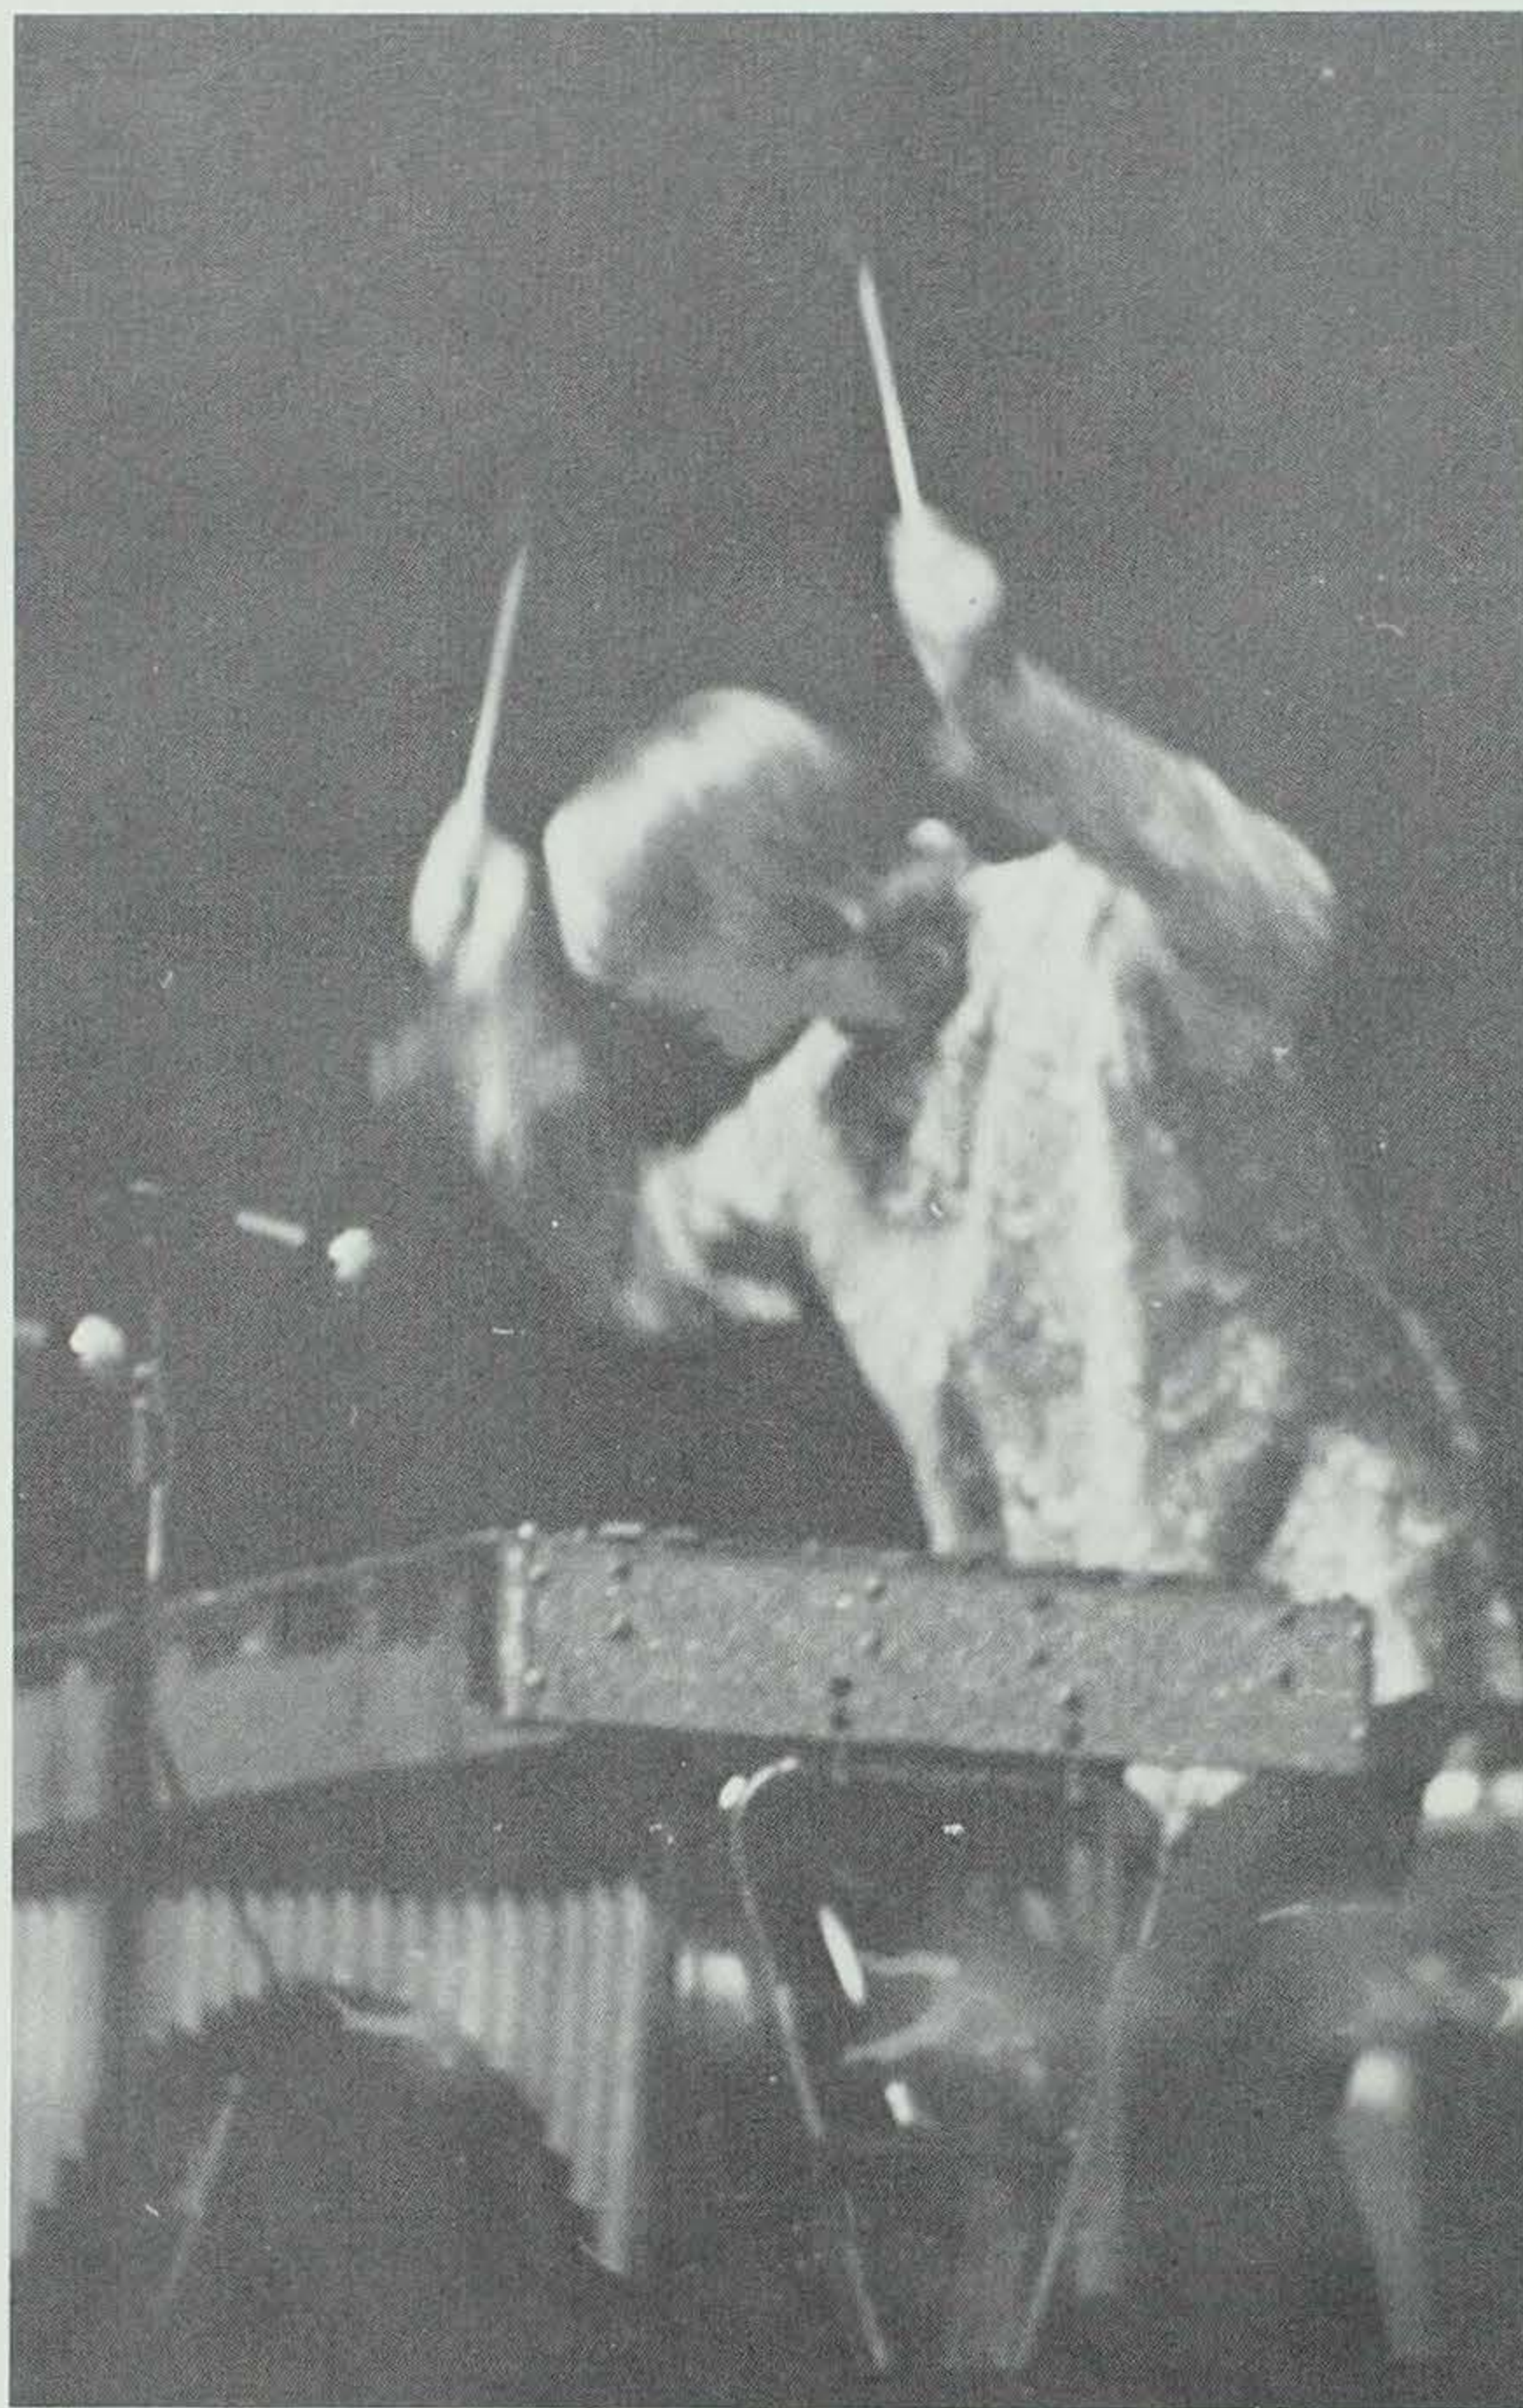

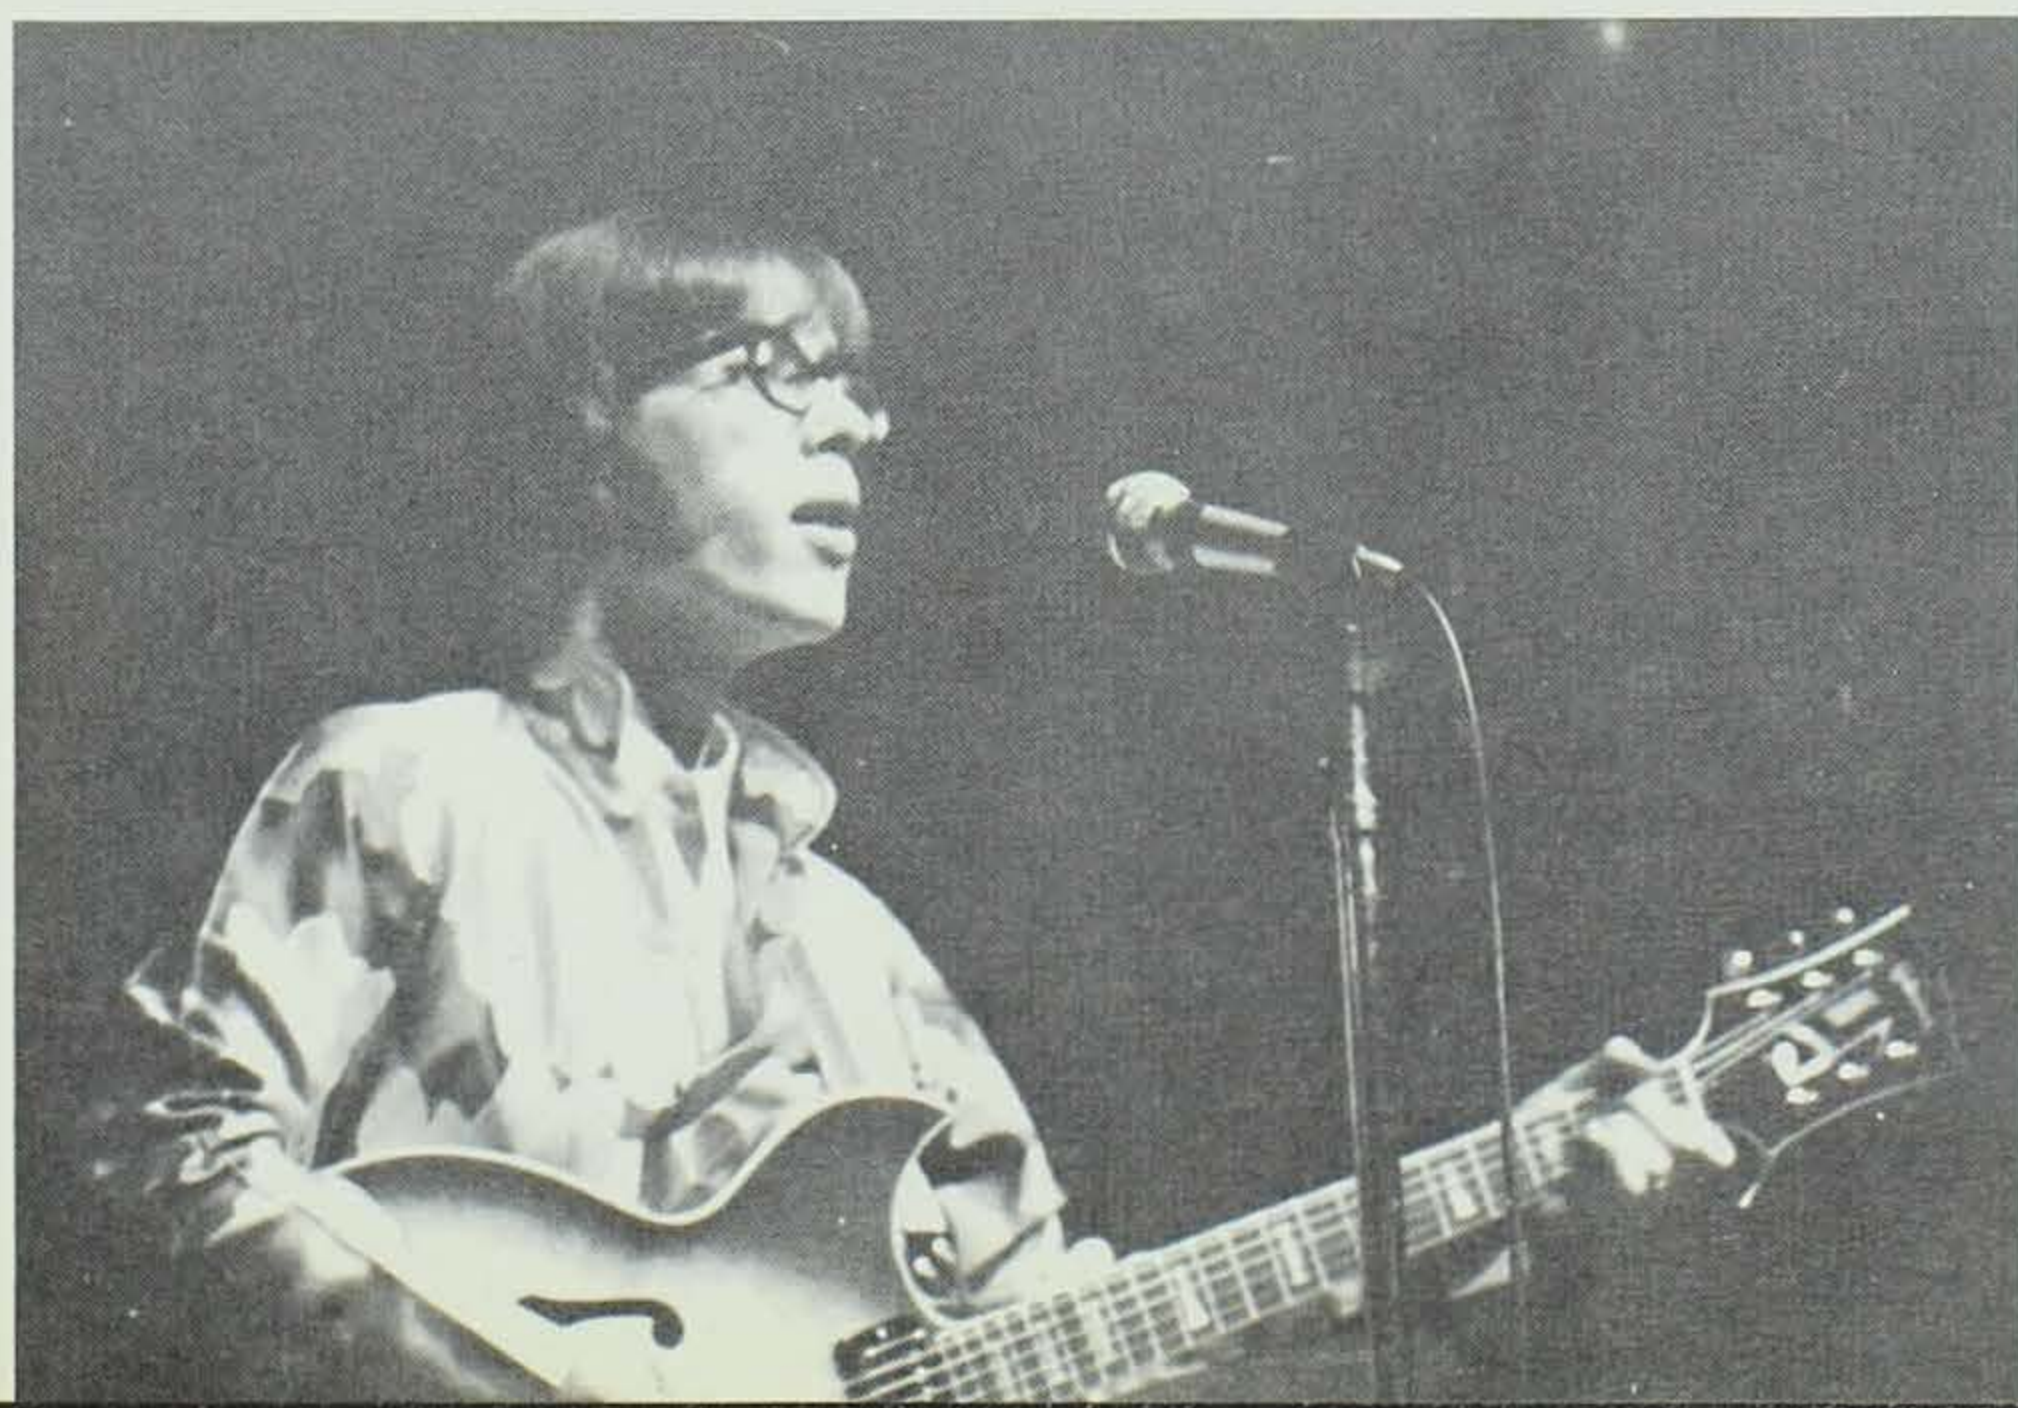

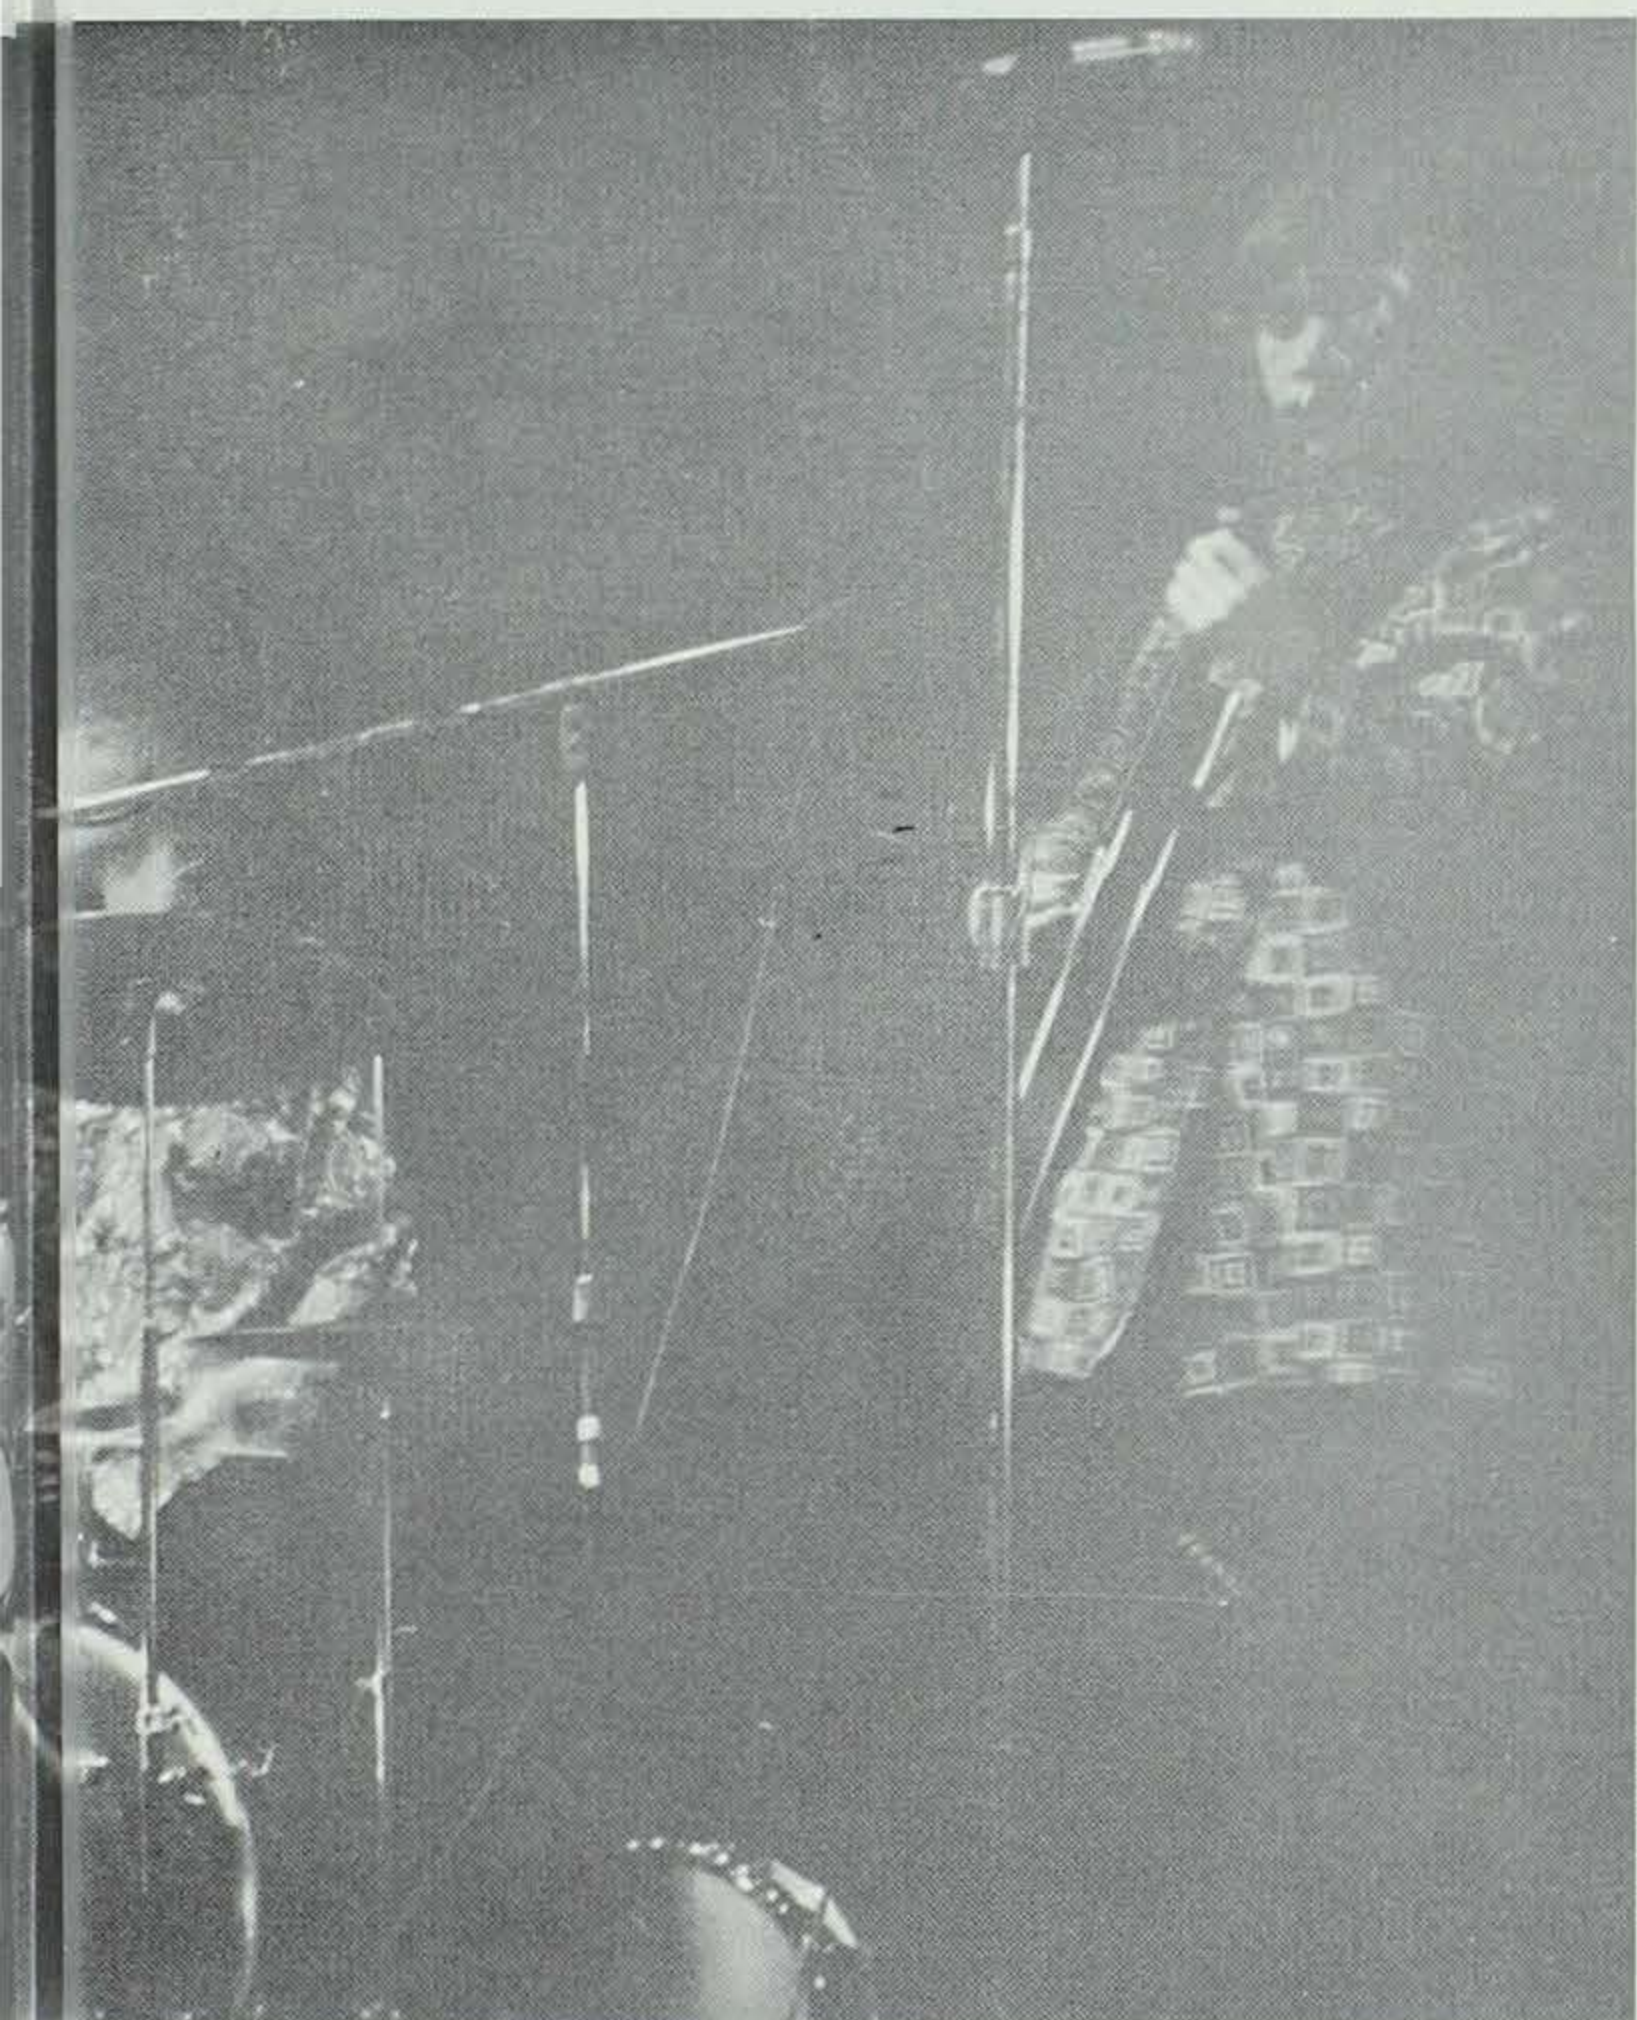

College is not a substitute for life, nor a poor imitation—

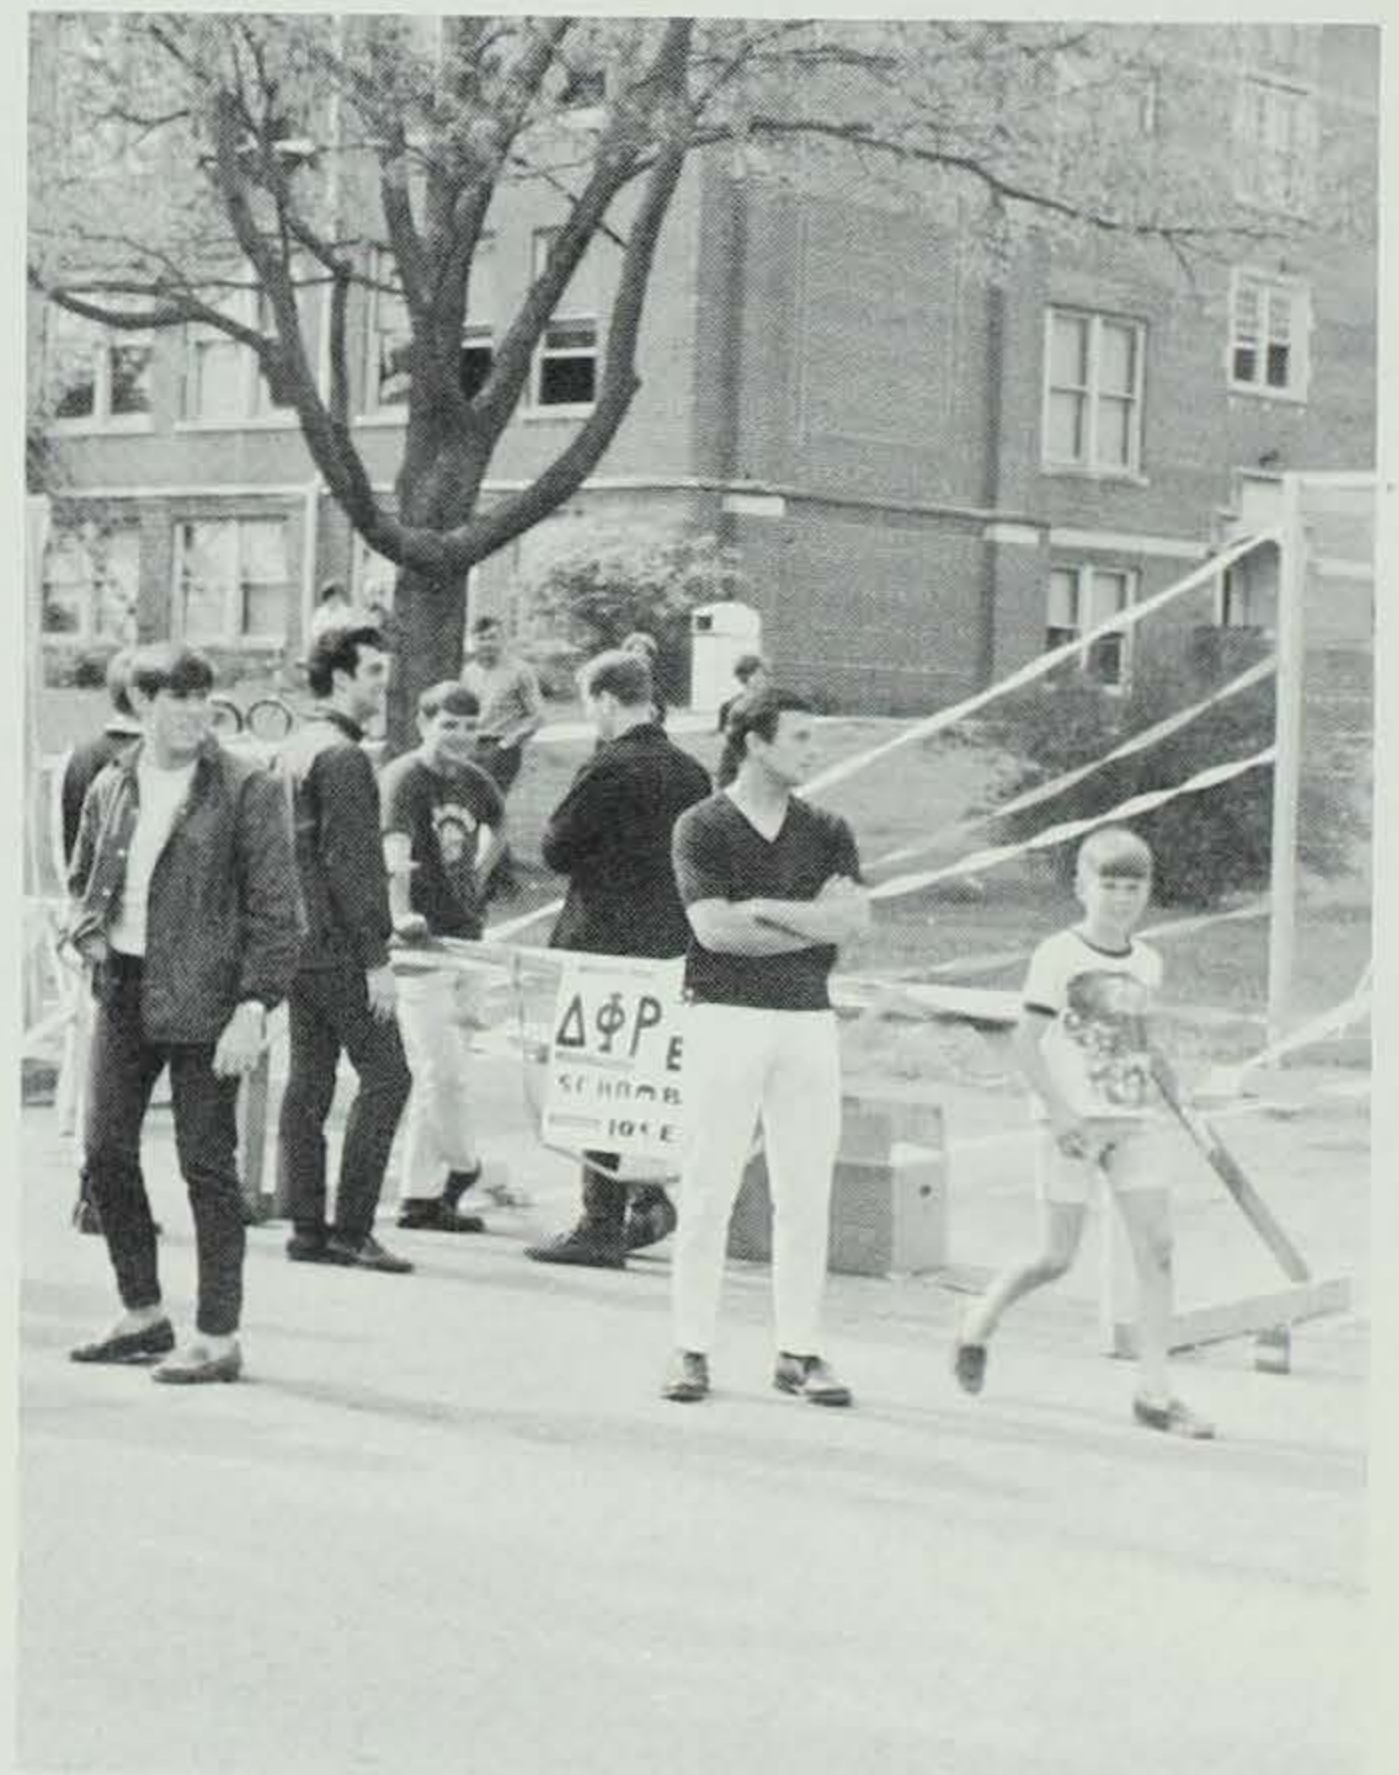

It is life.

The Student Council had another successful year, using their talents and energy for many projects to benefit Buena Vista's campus.

The council used its allotted funds for several dances and parties for the whole student body. The council brought professional groups to the campus for concerts, of which the Strawberry Alarm Clock was the most successful, financially.

However, much of the campus' social life organization was left to the newly-formed Union Board. This left the Student Council to more important problems dealing with the administration.

Log Staff

Assembling the Log staff is always a difficult project at best. This year was no exception; pictures to be cropped and identified, layouts to be made, work to be done.

The Log staff, unlike any other organization on campus, has only one project for the year. Its primary activities are work. Whatever fun there is must be found in working. The Log staff managed to enjoy themselves in spite of the work. You are reading the result.

Art Club

The Fauves, art club of Buena Vista College, got their beginnings in the late Spring of 1967. It is open to anyone on the campus seriously interested in art whether a major or not. The club's purposes are many: sponsoring art shows of students and other artists, offering workshops and experimentation with media not offered in regularly scheduled classes, providing opportunities for discussions, critiques, and exchanges of viewpoints, and, when possible, serving other areas of the campus where art work is needed.

Concerning service for the college, the Fauves were about the only group on campus that became involved with the coffee house. They were charged with the responsibility of decorating the coffee and this they did—including walls, ceilings, floors, doors, windows, and even the bathrooms. Another rather unexpected service to the college occurred last Spring when a "happening" was staged by the Fauves in the Chapel, and, in the Fall, a huge creation of junk was assembled by the members in one meeting and deposited in the student center for the enjoyment of the entire student body.

The charter year officers were: President—John Perkinson, Vice-president—Marilyn Buchinsky, Secretary (first semester)—Janet Aube' and (second semester)—Diane Adams. Looking backward it was a good if somewhat difficult year, and the Fauves are looking forward to exciting years in the future.

Celtic Cross attempts through various on-campus and off-campus activities to present to the college community the relevance of the Christian message for our day. It seeks to stress the responsibility of the Christian student to be aware of, and active in, the life of the college and our world, both as an individual and as a member of a Christian group.

As in past years Celtic Cross has functioned this year as an interdenominational group recognizing the unity of the Church. It has sought to express the Christian message through a variety of activities including meetings, trips to the Indian Reservation at Winnebago, Nebr., collecting funds for Vietnamese refugees, sending teams to take care of Church worship services, and various other programs.

Circle K is a service organization, with the largest membership of all men's organizations on the college campus today. It has dedicated itself to service on and off the campus.

On campus projects included ushering at sports and special events, and sponsored a canoe joust.

Off campus they remodeled a school for the Head Start project, pick-a test plot of corn for the DeKalb Company, and collected clothing for a Korean orphanage, for which they won the International Single Service award.

This was done in addition to standing projects like operating the pop machines found in the Administration Building.

The motto of Phi Alpha Pi is "Friendship, Harmony and Fidelity." The sorority was founded in 1906.

As always, the Fall rush began the year for the Phi Alphas. Pledges were harassed by the actives with zest. Hell night activities were held as usual. Christmas brought a party and the traditional Booty Exchange took place.

The sorority continued its program of alumni contact. Thus each girl is able to establish a bond of friendship which continues after graduation.

1967-1968 started with hectic activity for the Delta Phi Beta sorority, and continued at a rapid and rousing pace for the entire year.

As soon as school started, the Betas were engulfed in the tide of fall rush and homecoming. The Betas worked unyieldingly on their float "The 'beat' of revolution—yesterday and today" and were rewarded with the first place plaque for theme after the homecoming parade. They were also honored for their variety act entitled "Born Free"; for which they earned the second place award for theme. Homecoming weekend contained yet other activities as Betas Jan Aube', Jane Berglund, and Nola Jean Fisher were nominated for Homecoming queen, and the Beta actives were given a chance to meet and thank the past Betas at the Annual Alliance Luncheon held Homecoming Day in Storm Lake.

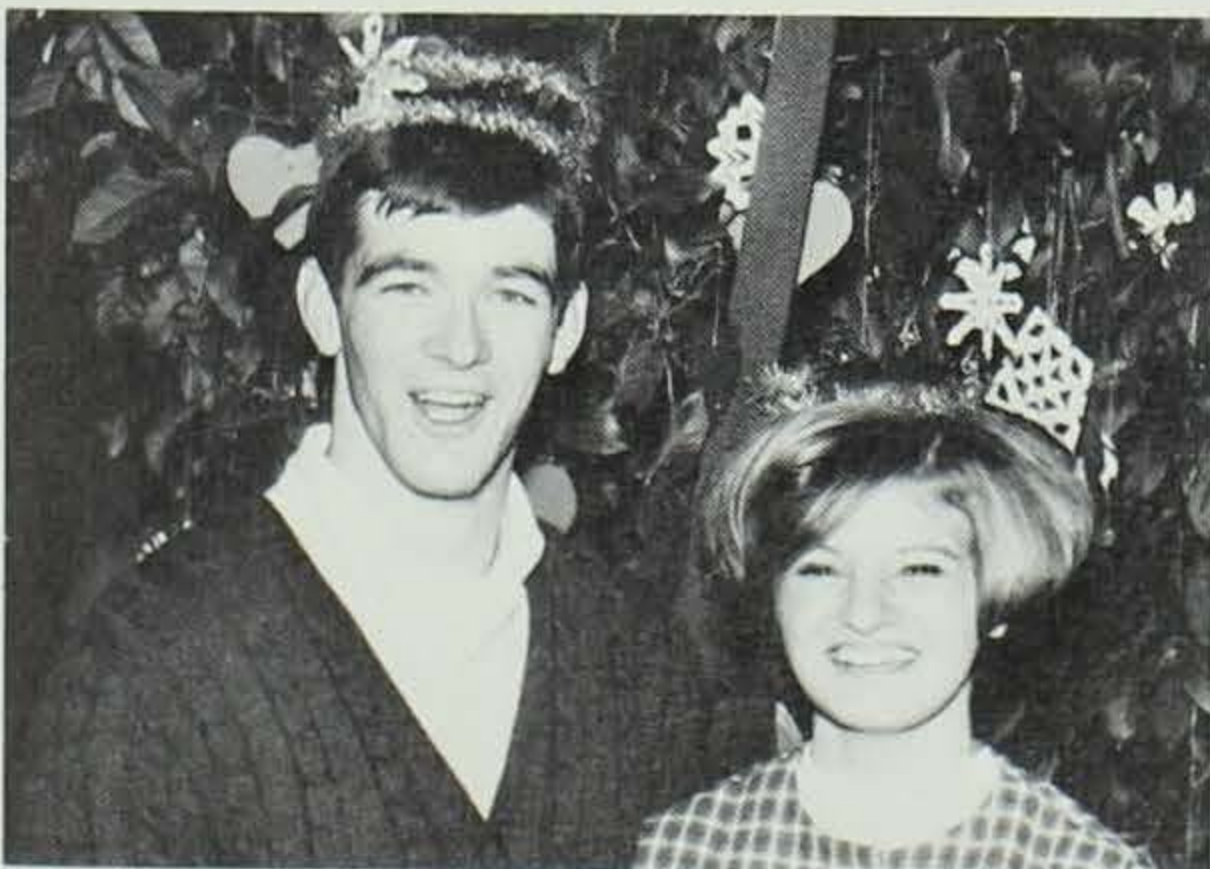

As December approached, so did Christmas; and the Betas were not to be left out. Activities included a Christmas party for Betas and their dates; a caroling party, during which the Betas sang for residents at the Methodist Manor Nursing Home; and first semester activation at the Steak House.

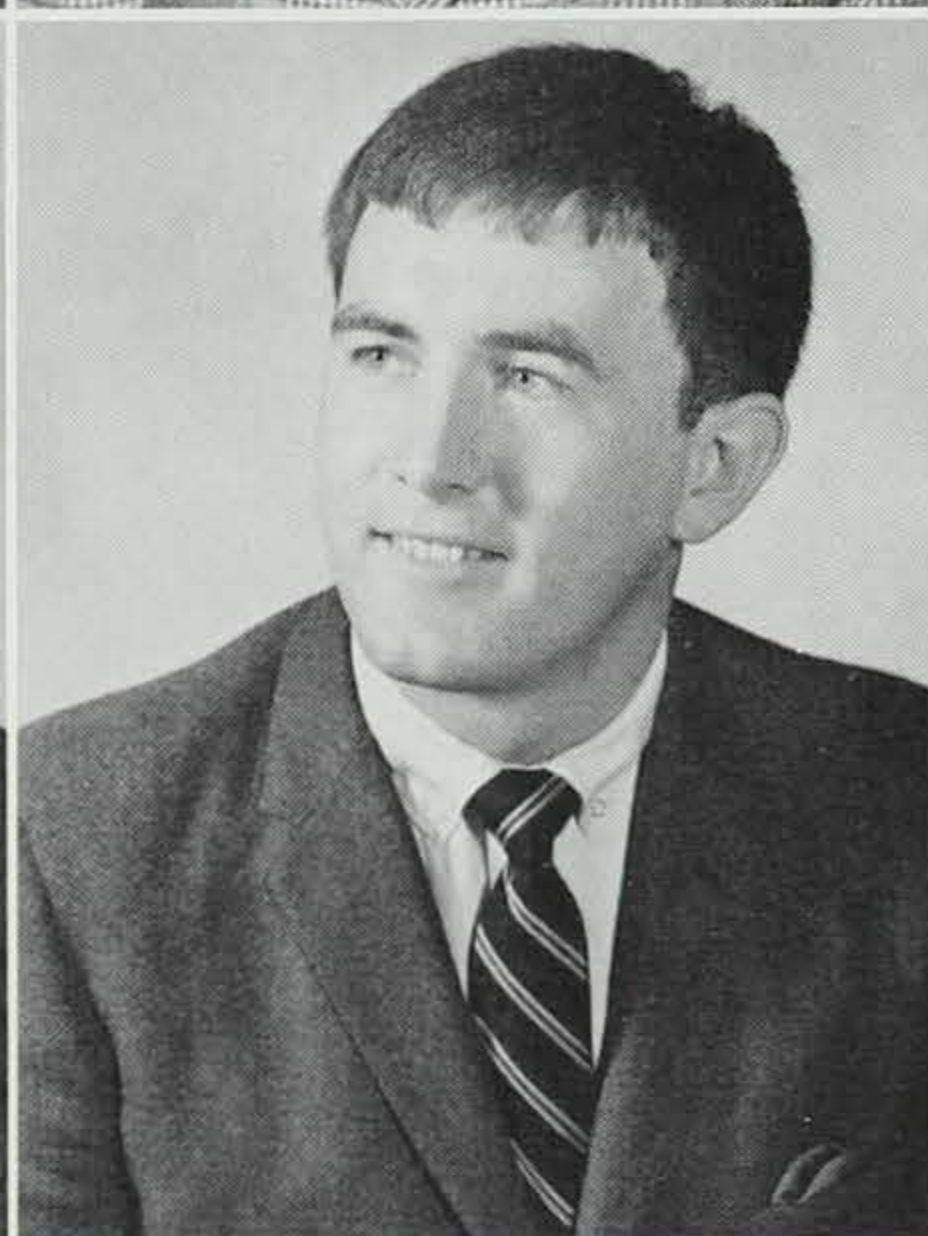

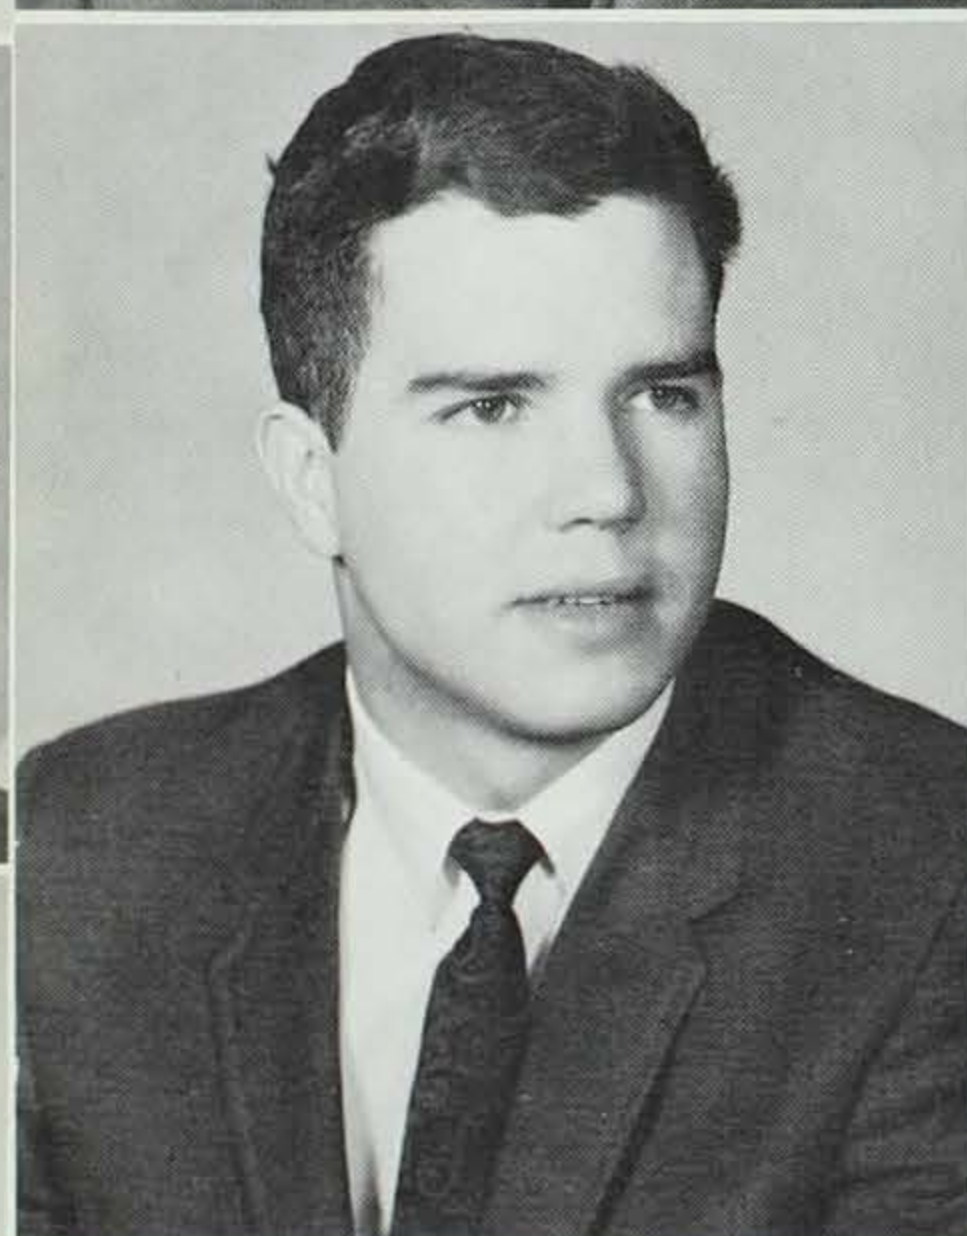

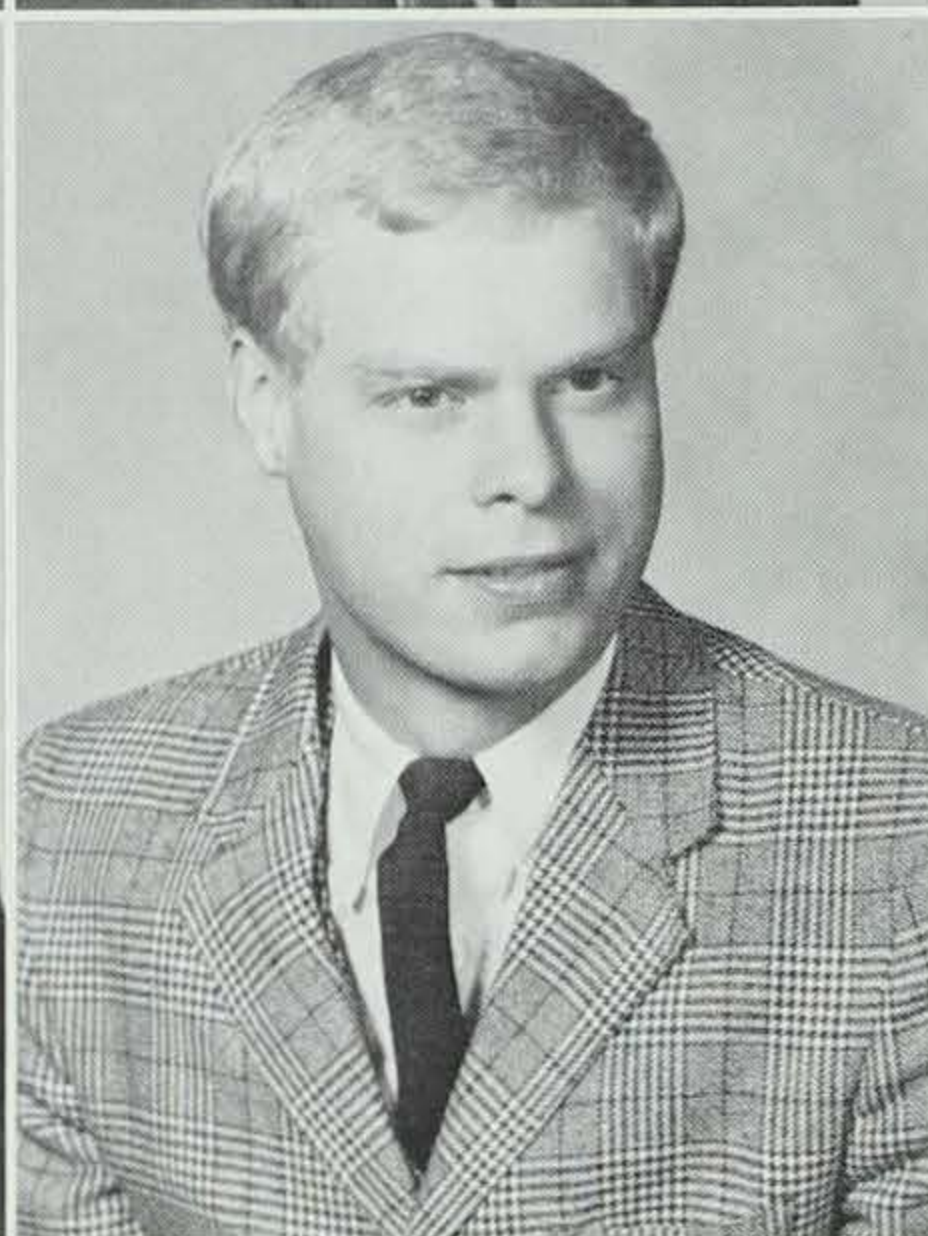

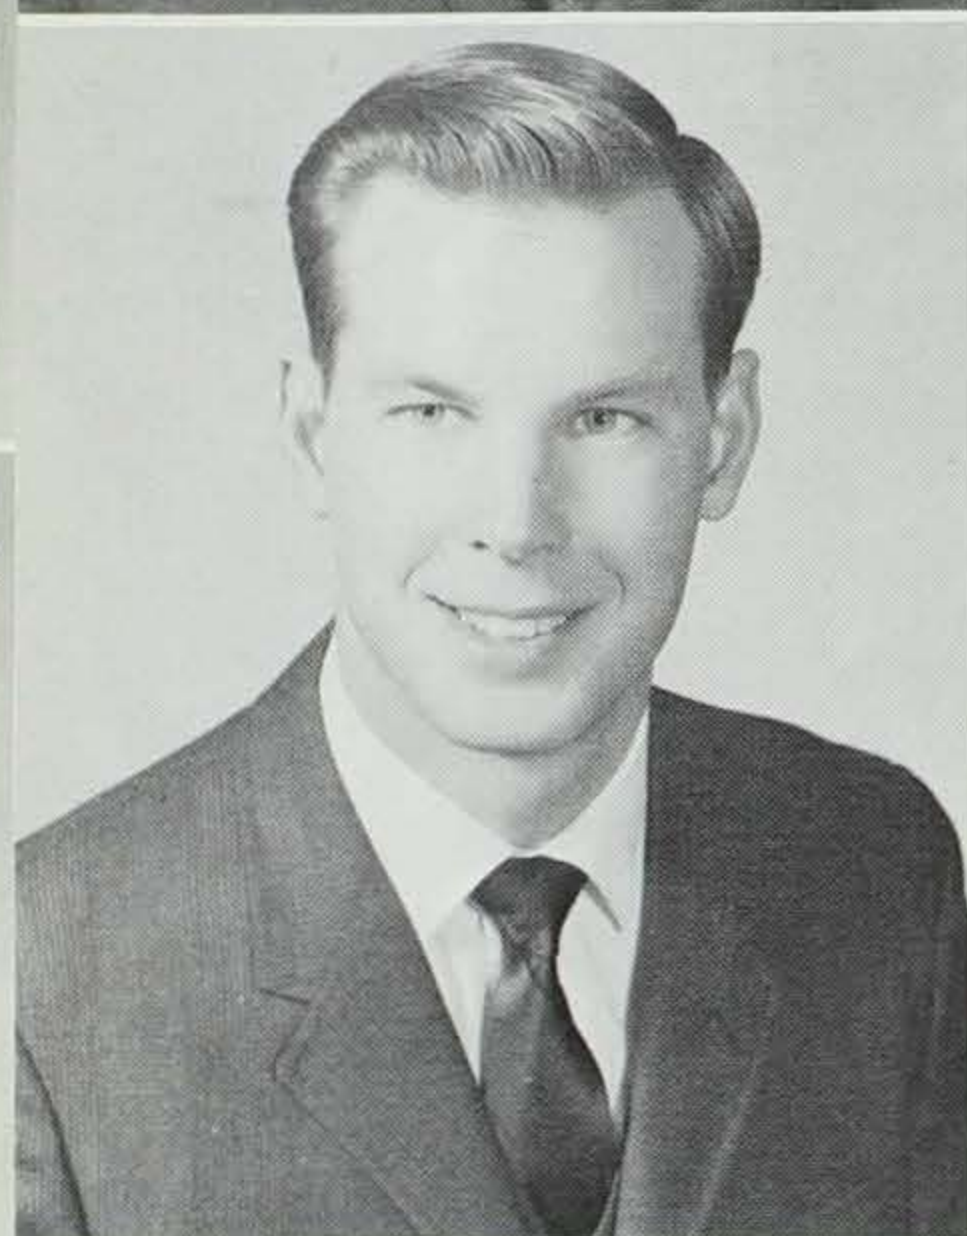

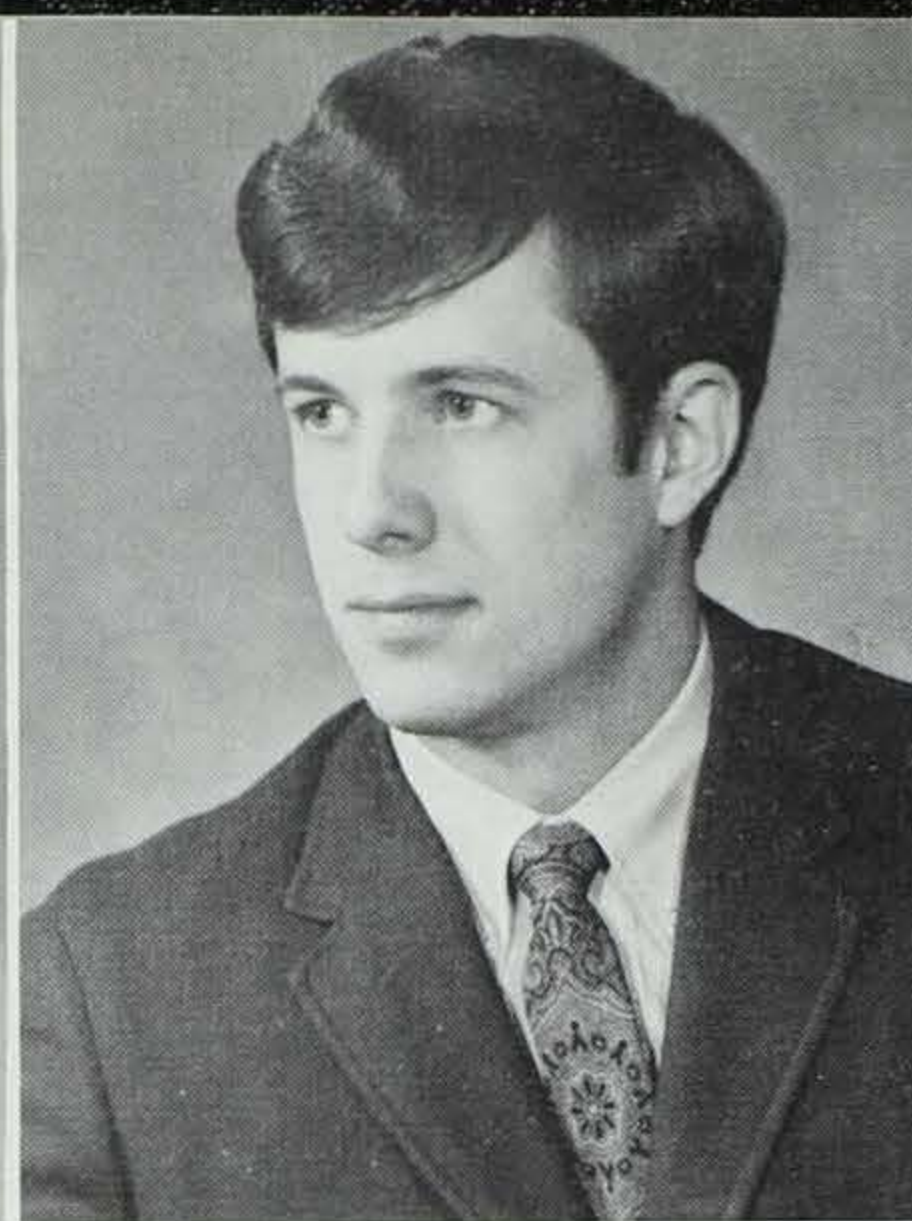

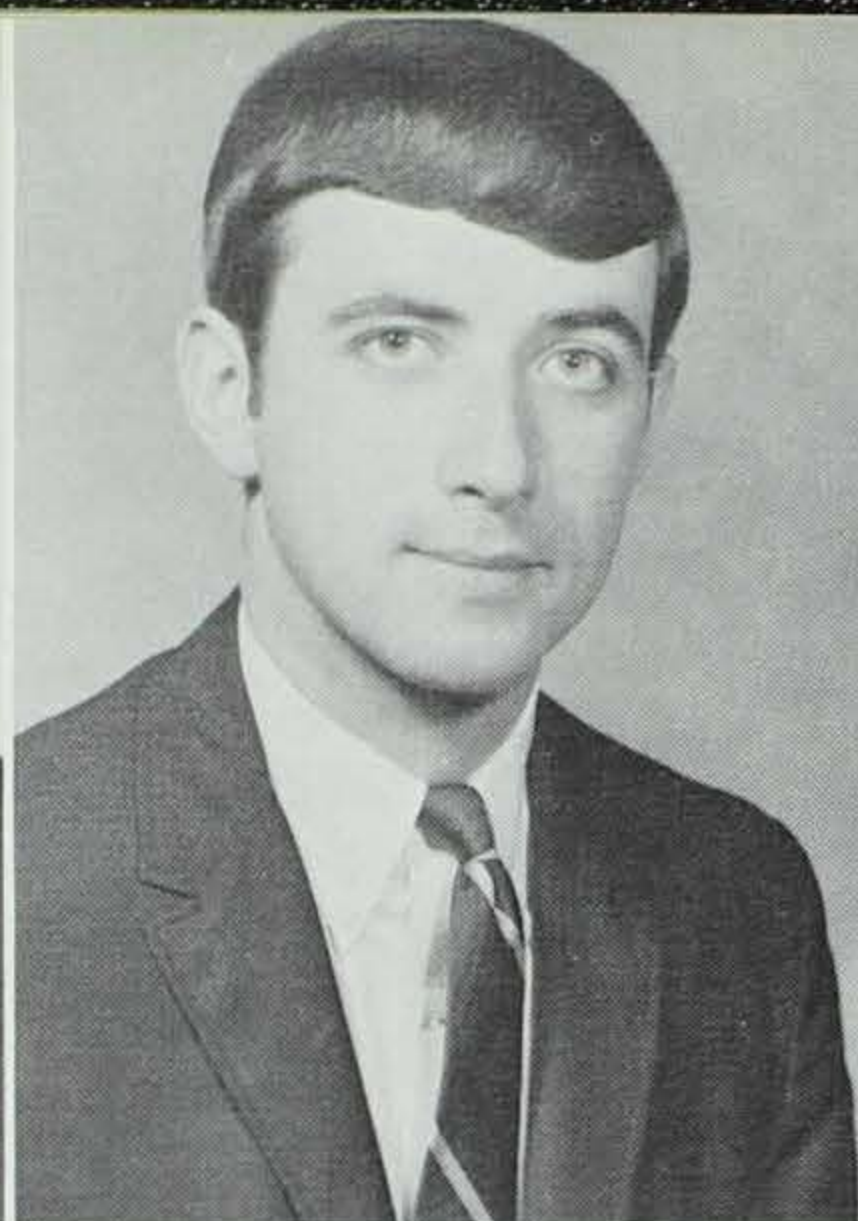

Hellas Week, April 16-19, found "9 Beta Bears" habbitating campus and town in red and white prison suits. Activation was held April 28 in Cherokee.

Further Spring activities continued with a swimming party and Spring Banquet honoring students and new officers. The Beta spirit throughout the year was one of hard work and happiness.

The Kappa Tau Delta fraternity is the youngest social fraternity at Buena Vista and was founded in 1963 with twelve charter members.

This late start and small membership has never hindered the Kappas. They have remained active and growing. Their Fall rush and hell night was one of their best, or worst, depending on what side of the activity you were on. The pledge activities and parties are infamous for fun and "suds".

The Gamma Chapter of Delta Phi Rho established in 1925 is the oldest social fraternity on campus.

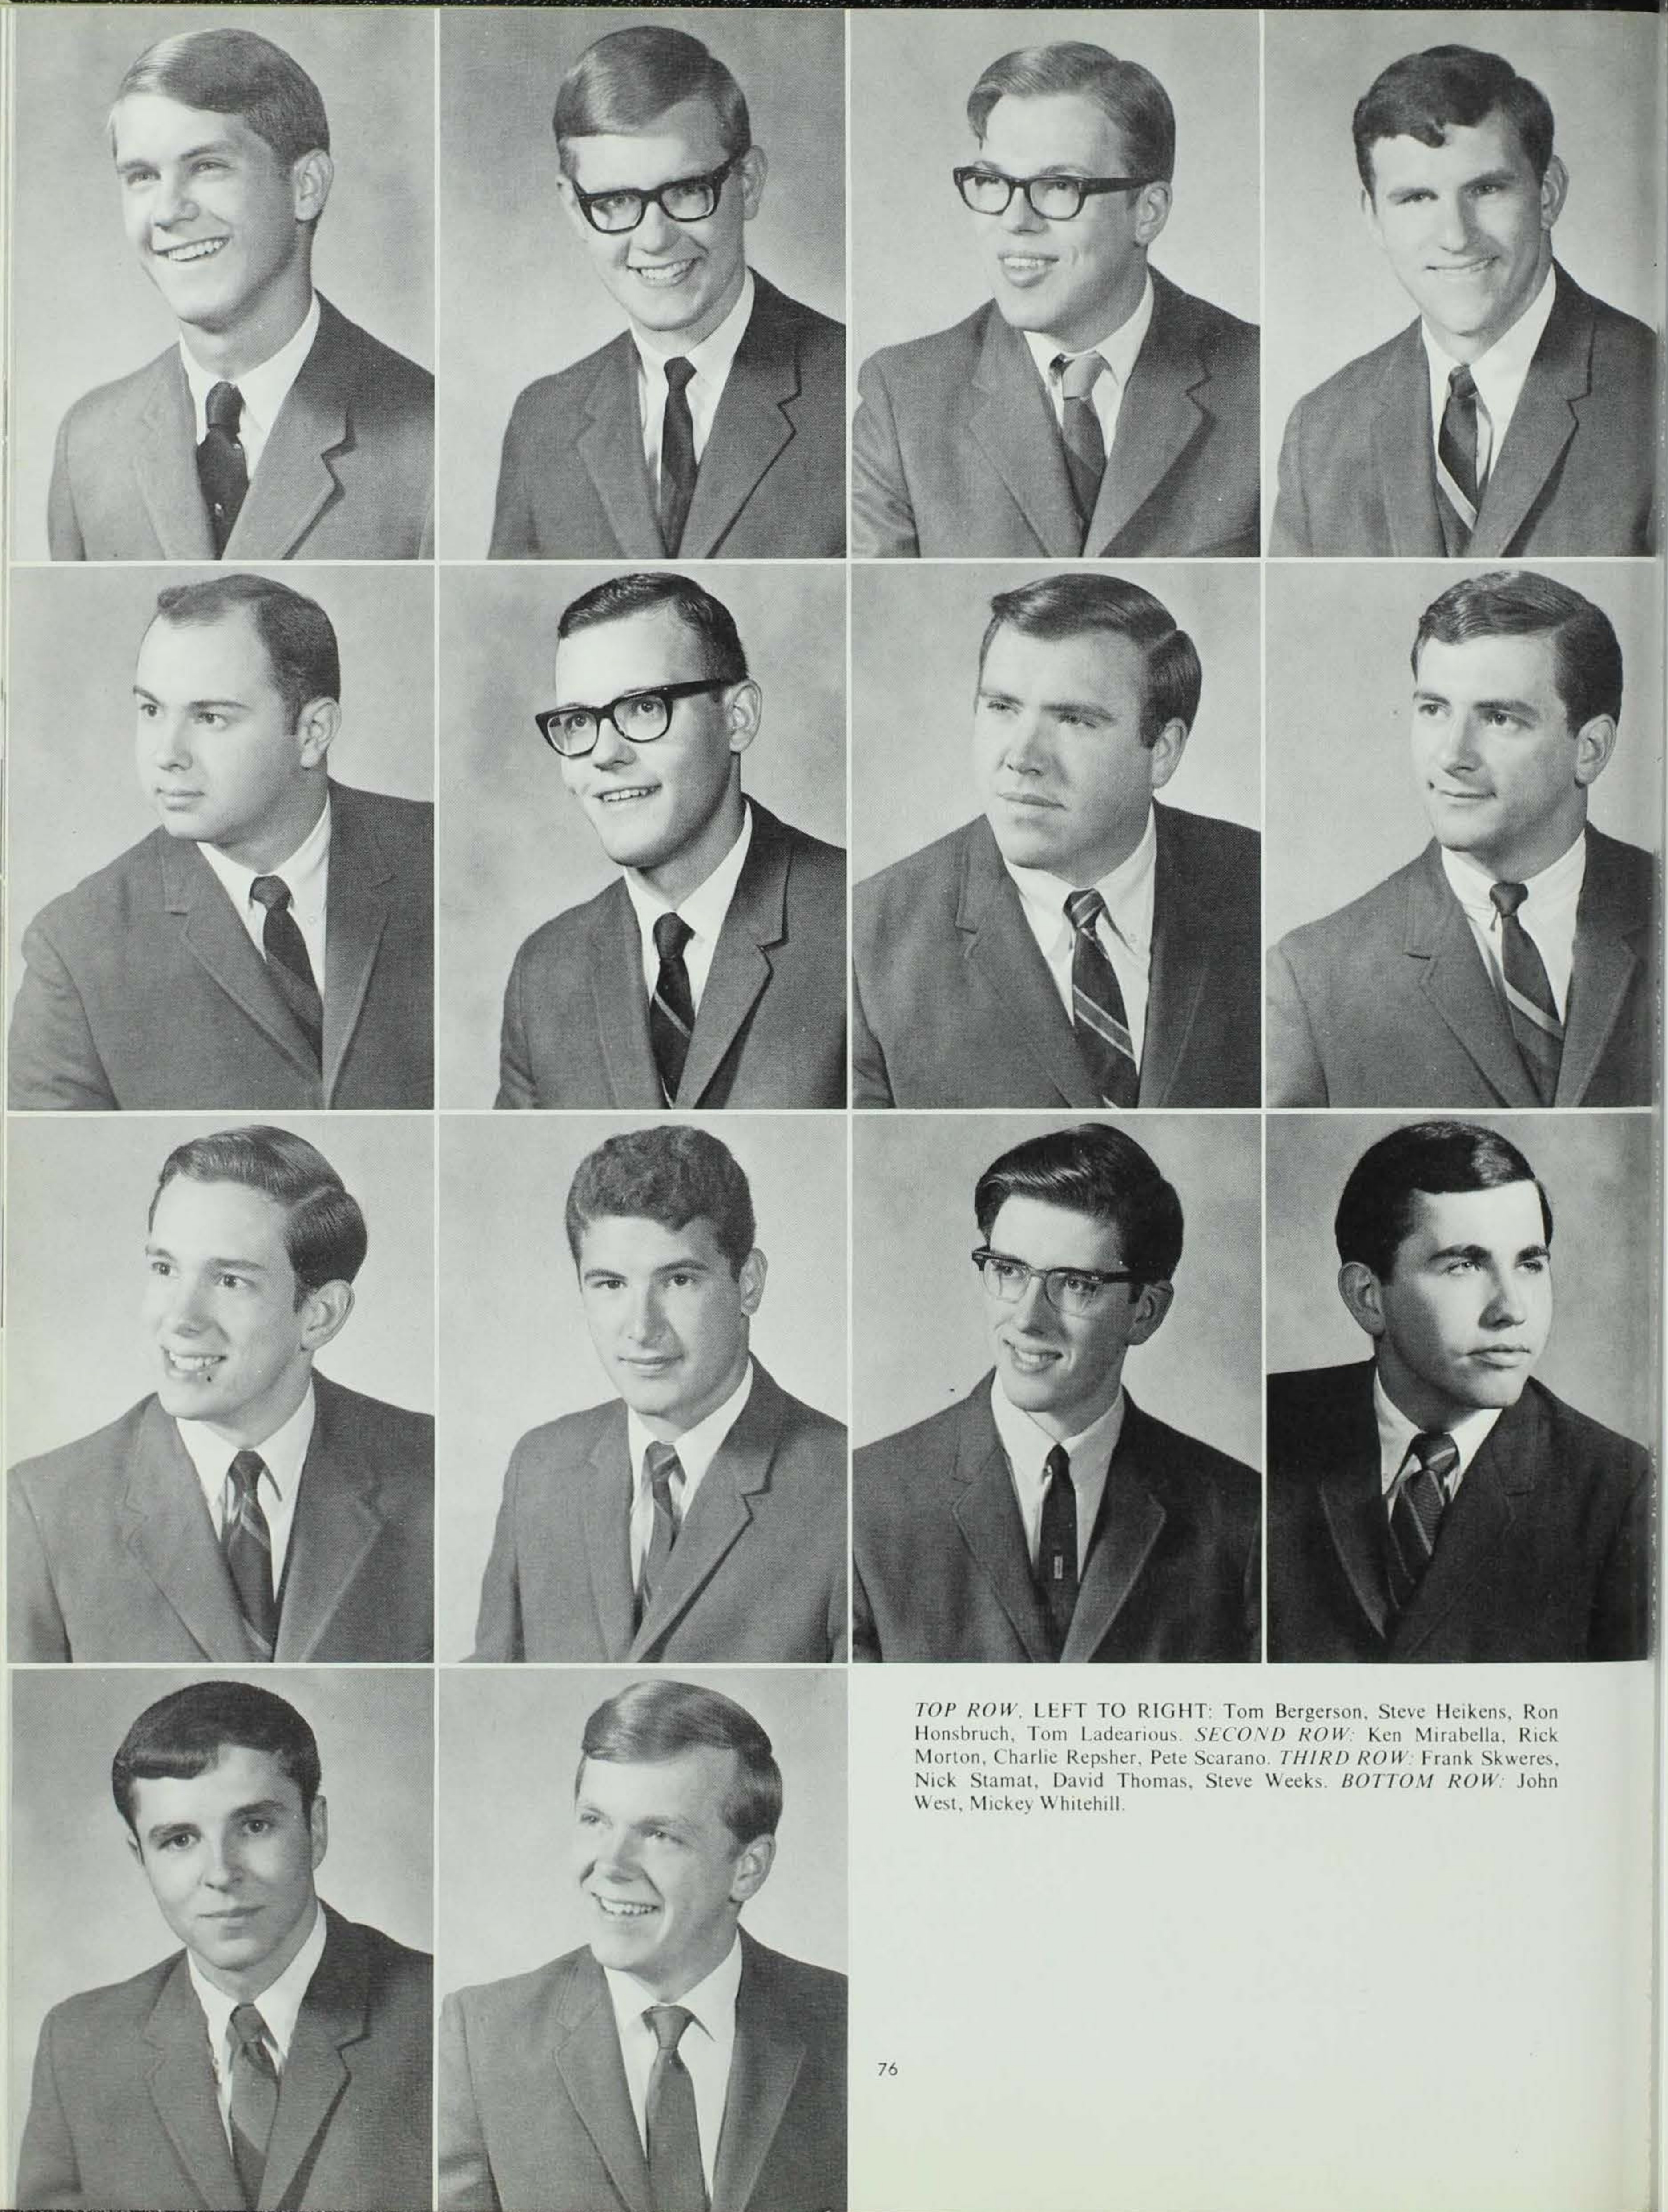

However they have not let their age change their ideals. Responsibility, judgement, respect, and equality are sought. The actives taught the pledges good study habits and physical stamina.

The Delta continued their leadership in all campus activities, and maintained their scholastic and moral standards. They contribute significantly to both homecoming and the Spring carnival.

Gamma Sigma Phi

The school term of 1967-68 brings to a close one of the most exciting years Gamma Sigma Phi fraternity has experienced.

Beanie Court led the parade of events and it was here that the loud Gamma horn began its existence. Rush followed closely and occupied much of the rest of the semester. Included in this period were a hayride and our Preference Banquet at Speelman's in Cherokee.

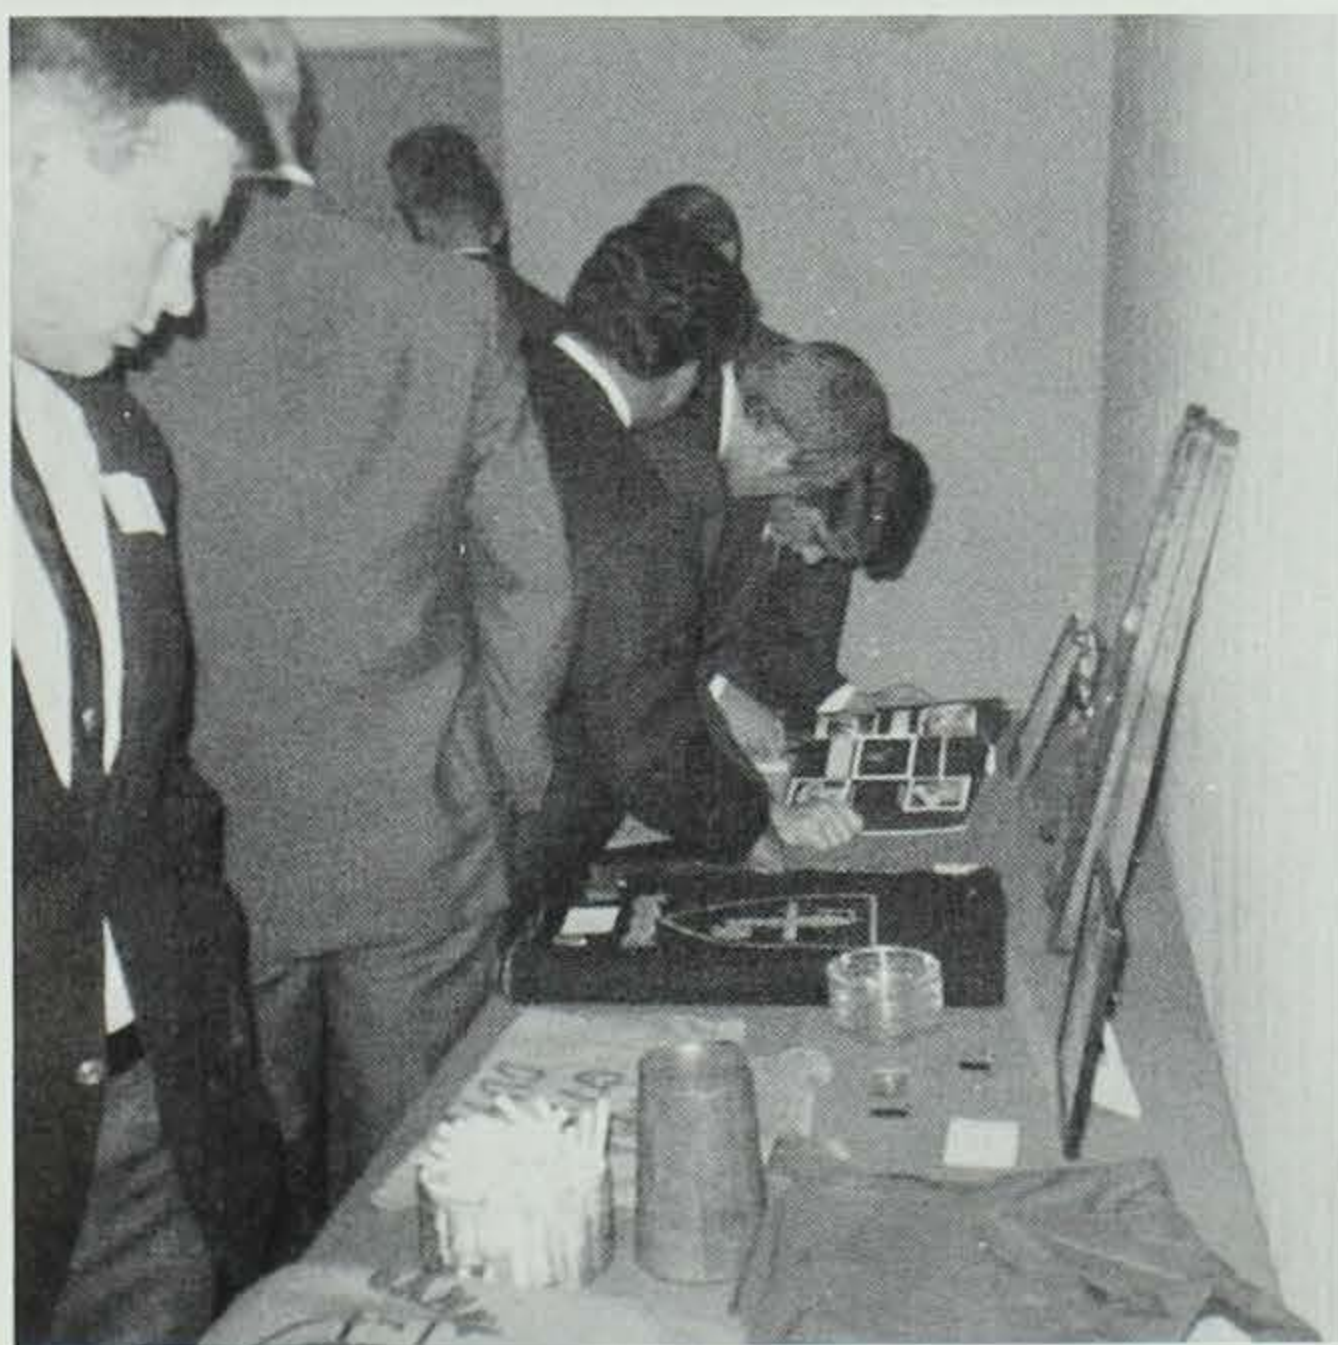

Homecoming helped to make the time fly quickly. Lovely LuAnn Beck was our Homecoming queen candidate and success was achieved with our float and skit in the Variety show winning first place.

It was also during this year that we were fortunate enough to get Dick Flagg as our sponsor. We had a lot of fun with Dick and thank him for his efforts.

Parties are always fun and ours were no exception. A Halloween Party, A Thanksgiving Dinner, a Christmas Party, and a skiing party all lent fun to the school year. The familiar Gamma Good Guys gold uniforms came on the scene at this time and did service in both basketball and baseball. Also new is our Fraternity Flag which a thoughtful pledge class ordered for us.

The end of the school term always seems to go fast and this year it was helped along by a multitude of events. New officers were elected and the Gammas embarked on a charity drive to Des Moines by riding a tandem over 170 miles. Greek Weekend and our Senior Farewell Party at the lakes closed the year with a happy note that will bring many memories to a lot of brothers.

Good luck to the brothers who graduated in this year and we hope that good luck follows all the members of Gamma Sigma Phi as they remember their college years.

Buena Vista includes among its national honorary fraternities the Kappa Chi chapter of Phi Alpha Theta. This fraternity recognizes superior achievements in the field of history, and requires that all members must have completed at least 18 hours of history with at least a 3.1 grade point average in all history courses and at least a 3.00 g.p.a. in two-thirds of all other hours.

The fraternity takes the responsibility to provide monthly programs, the purpose of which is to present historically oriented topics. In the first meeting Dr. Stow Persons discussed the role of the U.S. in Vietnam. In subsequent meetings the programs were: Dr. and Mrs. Cruz narrated slides of Spain taken the previous summer, Dr. Karl Lichtennecker was host to a program of his native Austria, and student Herb Swanson showed slides of his year at the University of Beirut, Lebanon.

The Delta chapter of the national honorary science fraternity Lambda Sigma Tau promoted scientific study for its members.

Membership is limited to science majors of at least junior status. To belong, the student must have a 3.00 in all science and math courses, with a 2.70 grade point average.

The organization was founded at Buena Vista in 1959 and strove to keep its members informed of scientific developments. The members were given a chance to participate in scientific research such as the annual trip to Jamaica.

Buena Vista Players is responsible for all dramatic activities on campus. Its purpose is to "stimulate, progress and encourage such dramatic activities as may enrich the tradition, honor, and prestige of Buena Vista College". It is active in all phases of dramatic activities. B.V. Players supply the management and stage crews for concerts, movies and all other functions presented in Schaller Memorial Chapel.

The three major productions presented by the B.V. Players were: "See How They Run," by Sammuel King; "Six Characters in Search of an Author," by Luigi Pierrendello; and "Twelfth Night" by William Shakespeare.

B.V. Players

Alpha Psi Omega

Alpha Psi Omega, national honorary dramatics fraternity is Buena Vista's oldest fraternity. The purpose of the fraternity is to stimulate interest in collegiate amateur dramatics and to honor, by membership, those students who have made a significant contribution to dramatics at Buena Vista.

Membership is bestowed on students who have earned a designated number of points in at least two areas of dramatics and were judged by the cast to have shown an enduring interest in dramatics.

The cast worked closely with the B.V. Players in staging the three major productions and the one-act student directed plays of last year.

The new members were initiated in the spring of 1968; they were: Frank Skweres, Alan Parker, Kitty Hardgrove, and Virginia Joslin. The group was led by President James Struck and faculty advisor Professor Stanley Longman.

Free speech is a cry heard on many college campuses. It is the goal of Pi Kappa Delta to promote responsible free speech. As the national honorary fraternity for debators, orators, and forensic speaking, the society strives to promote high ethics and standards in public speaking.

Forensic tours highlighted the year for the society. They spoke throughout the Midwest at speech and debate tournaments, where they compiled an impressive record. They represented Buena Vista ably and honorably wherever they spoke.

The national English honorary fraternity, Sigma Tau Delta, presented interesting programs related to the society's objects of truth, design, and sincerity. The group encouraged mastery of the written word and appreciation of literature.

The fraternity held monthly meetings in the homes of faculty members. At these meetings original prose and poetry was given. Although small in numbers, they were not short on enthusiasm.

The Young Republicans were more active than usual as they anticipated the coming election year.

On the national and state levels the group was very active; they had the state chairmanship with Mickey Staton and were proud to win it again with Jeff Brooks.

On campus the group continued to grow. They worked on a candidate survey; this primary vote was sent to the national committee for tabulation.

The general aim of the Young Republicans was to promote interest in government and party work.

The young Democrats remained small in numbers but large in enthusiasm. Also preparing for the coming election year year, the group encouraged interest in political affairs. Although somewhat plagued by a diversity of philosophies, the organization pledged to support all democratic candidates in the election.

Optimistic about participation in next year's election the group promised to remain outspoken and controversial.

SISEA

The Buena Vista chapter of S.I.S.E.A. (Student Iowa State Education Association) is an active one. The activities of this year included the Fall Regional Meeting at Briar Cliff College in Sioux City, and the Spring Regional Meeting at Webster City.

The purposes of S.I.S.E.A. are many. It strives to develop among the members of the organization a local education association which offers its members all the opportunities, responsibilities, and privileges of associate membership in the National and Iowa State Education Associations. It also strives to develop a program designed to acquaint all students with the history, ethics, and program of the organized teaching profession, showing them the importance of membership in a professional organization.

The group also provides members many opportunities for practical experience in working together in a democratic way on the problems of the profession so that they might develop skills in cooperative action and leadership.

Membership in the organization is not required, but it is recommended that those hoping to teach will become members for at least two years.

PEMM Club

The PEMM Club, which is in its fifth successful year, was organized to provide a professional association for the majors and minors in women's physical education on the Buena Vista campus. It has become a more active organization on campus this year as it has been increasing the size of its membership, and the enthusiasm has grown.

A business meeting is held the first Monday of each month, and a Fun night is scheduled for the third Monday of each month. Some of the Fun Nights this year have included a Swimming Party at the Sac City High School swimming pool, and a Christmas Party which included caroling. Other activities included participation in the Homecoming Variety Show, assisting with the Storm Lake High School "Play Day" and participation in the intramural sports. The making of a PEMM Club Crest is in the planning stages; it will be displayed in the cafeteria.

For the last meeting of the year an off-campus banquet was planned for the installation of officers and as a farewell to the graduating seniors.

TOP ROW, LEFT TO RIGHT: Phyllis Davis, Colette Koobs. SECOND ROW: Kerri Hauser, Ginger Joslin, Dale Collins, AND all by herself, Mitzi Kotval.

Sports events would not be the same without the enthusiastic support of our beautiful cheerleaders. Their organized cheering led the teams to victory, while they encouraged the entire student body to back the teams in their efforts. They led the cheers for the Homecoming pep rally uptown and sold Homecoming buttons to defray their expenses. They also sponsored several films to raise money. In short, this year they were more active and better than ever.

Cheerleaders

Lettermen

The Lettermen have always been one of the most active groups on campus. This year was no exception as the group's goals of good sportsmanship, and better relations with coaches and administration were admirably carried out.

The club worked on their traditional activities. They had the concession stand during the football and basketball seasons. They also provided a service by selling programs.

Initiation was the highlight for the active members. The members initiated were less enthusiastic.

Dormitory Council

The Dormitory Council was the representative group chosen to govern the dorm. In addition to reviewing rules, the girls judged the offenses of their peers and prescribed penalties for the errant. They were also responsible for bringing the ideas of all the girls for running the dorm to the attention of the housemother and the Dean of Women.

They sponsored the Big-Little Sister banquet and the traditional Yule Log ceremony at Christmas.

Men's Dorm Council

The elected representatives of Pierce and White Halls had one of their most active years.

The council supervised all intramural programs. They took care of some of the dorms' disciplining problems. In addition, they maintained the pop machines in the dorms.

Moreover the dorm council sponsored one of the most successful activities B.V. has ever seen—The Spring Carnival. This project brought participation from the whole campus.

Music Educator's National Conference is an organization of prospective music teachers.

Bi-monthly meetings were organized on a partly social-business basis. The year opened with a newcomers' party and membership drive; other parties were held at Christmas and Valentine's Day.

Late in the year, MENC took a step toward encouraging performance by sponsoring several informal student recitals. Piano, organ, vocal, and instrumental students performed voluntarily; and an interesting concert of original compositions by BV students was given. Featured in this concert were works by Ken Pollitt, Robin Schartz, and Rick Chambers. The works were performed by students in the music department. Following this final meeting of the year, a reception was held for members and guests.

Phi Mu Alpha Sinfonia, National Music Fraternity, was founded in Boston Massachusetts in 1898 at the New England Conservatory of Music. Since that date, it has grown to be the largest music fraternity in the world with over 300 established chapters. The Mu Omega Chapter was founded at Buena Vista College on April 10, 1965. Inspired by the ideals of the fraternity, Mu Omega has grown with Buena Vista in the past years. The music of Mu Omega is, without a doubt, an addition to the life and activities of the campus.

Joining the ranks of many professional musicians, the Men of Mu Omega seek to perform the best of music. The annual American Composers Concert, The Sounds of America, is enjoyed by all. Participation in Homecoming Activities and intramural sports is enjoyed by all the members. Services to the music department and the campus are included in their activities.

The Federation of Christian Athletes was a new and worthwhile addition to campus life. Dedicated to promoting Christianity in athletics, the group worked hard to succeed at their goals.

Frequently held meetings were highlighted by movies and discussions. The group plans next year to expand and, being well-known athletes, to speak to the entire student body.

BASEBALL

Buena Vista finished its baseball season second in the conference with an 8—2 record. This record enabled the Beavers to play in the 12th annual N.A.I.A. national tournament in St. Joseph, Missouri. Then the Beavers lost two straight, ending their chances at the tournament. This made their over-all season record 22—7.

Doug Smith led the team in hitting with a .364. He was followed by Larry Biittner with a .345 average. Biittner also had an 8—1 record pitching. Don Southard had a 6—0 record.

Trustees

The members of the Board of Trustees are the men who are legally responsible for Buena Vista College. These men are nominated by the Board itself and elected to staggered three-year terms by the Synod of Iowa. The Trustees had a number of very difficult problems to solve during the year including the laying of plans for the future expansion of Buena Vista.

The Board meets several times each year on the Buena Vista campus, and its effective organization includes six standing committees.

The Board chose John R. Bartizal, a Board member of four years, to be Chairman. Mr. Bartizal had served as chairman of the Finance Committee of the Board and is a resident of Barrington, Illinois, a suburb of Chicago.

Dr. Halverson came to Buena Vista in 1961 as the College's fifteenth president. Prior to this, he had filled several pastorates in Illinois and Ohio. Also he was the General Presbyter in New York. President Halverson has a bachelors degree from the State University of Iowa, and a B.D. from Union Theological Seminary, New York City. Moreover Dr. Halverson has done graduate study at Oberlin University, the University of Oslo, the University of Chicago, and the Chicago Lutheran Seminary.

Dr. William D. Wesselink served with distinction in his first year as Vice-President in charge of Student Affairs, a post created in 1966. Dr. Wesselink brought a great wealth of experience to the new office. His office was in charge of coordinating and overseeing the work of the Dean of Women and Dean of Men and assisting in the guidance of students in areas of personal and academic problems. Dr. Wesselink also was in charge of the committee which allocated student aid. He also proved very helpful to campus organizations by assisting them in solving their many problems.

Dr. Wesselink received his B.A. degree from Central College in 1931 with a major in mathematics. In 1932 he was graduated from the University of Iowa with a major in education, and since then he has done additional graduate work at the University of Iowa and Minnesota University. In 1960 he received an LL.D. from Central College.

Prior to his appointment as the head of Student Affairs, he taught junior high school and junior college math. He served as Dean of the Junior College at Webster City, Iowa, from 1938 to 1942, at which time he became a member of the U.S. Army Air Corps. From 1942 to 1946 he was a Veterans Administration Vocational Counselor and Chief of the Guidance Center. He was acting president of Buena Vista College from 1953 to 1954 and was Vice-President of Academic Affairs from 1961 to 1966.

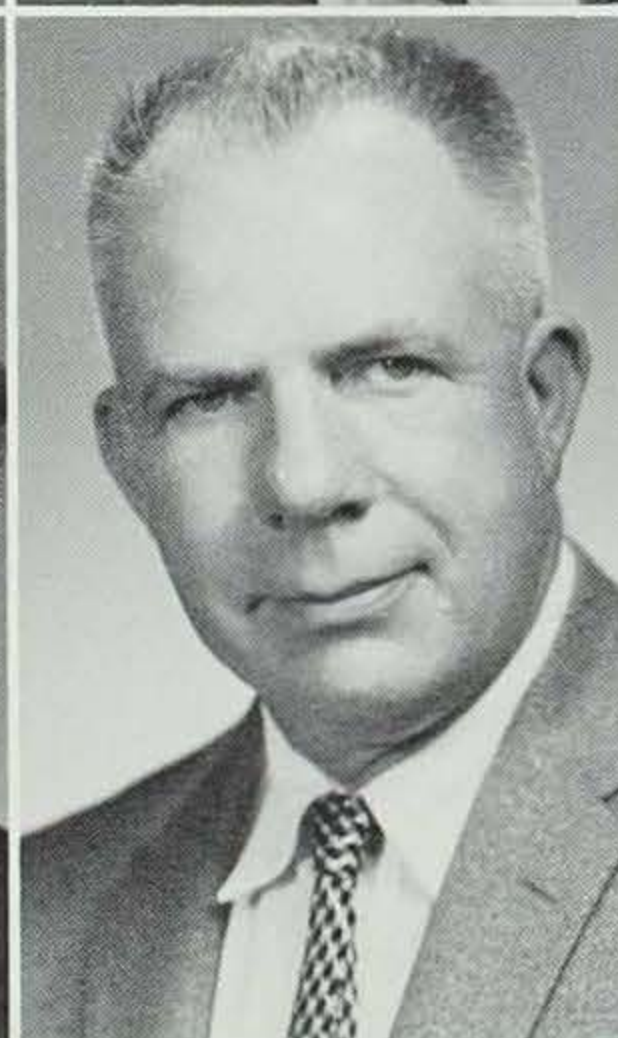

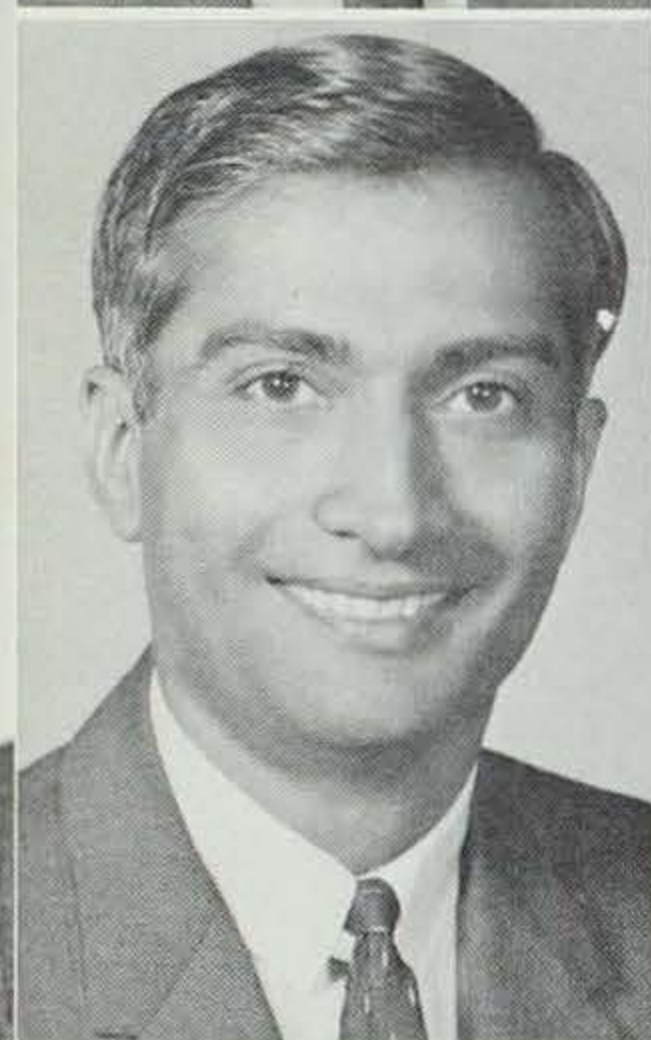

Mr. Charles J. Zalesky has served as Vice-President of Business Affairs since his arrival at Buena Vista College in 1959. Previously he was employed at Drake University in Des Moines, Iowa.

As Vice-President in charge of business affairs, Mr. Zalesky (known to those around him as "Mr. Z") had a wide variety of duties and responsibilities. He estimated the income of the College and helped to set up a budget for the entire year. Since there were fewer students than had been estimated during the 1966-67 year, Mr. Zalesky had a difficult task in trying to keep the budget balanced. Mr. Zalesky's office was also in charge of keeping the accounts of all the College organizations, as well as keeping all of the financial records for the College and preparing financial statements for the Board of Trustees and other groups.

Mr. Zalesky received his B.A. degree from Washington State College in 1938, and did graduate study at the University of Omaha.

His activities included membership in the Elks, Rotary, the Association for Higher Education, the National Association of Educational Buyers, the National Association of College and University Business Officers, and the College and University Personnel Association.
