Conservation Tour In County Wed.; Award To Modlin

A tour of practices under the Agricultural Conservation Program (ACP), administered by the ASCS office, was held in Hardin county Wednesday.

During a noon luncheon at the OK Cafe in Union, Gerald Modlin of Eldora received the 1965 Goodyear Conservation Award, given for outstanding conservation achievements. Bob Simmers, district representative for the Goodyear Tire Co., presented the award.

About 25 persons, including ASCS County Committeemen, Soil District Commissioners, Soil Conservation Service staff members and interested farmers, took part in the tour.

The group viewed conservation practices on the Joe Beach, Jack Butler, Guy Norris and Roland Newby farms in the Eldora-Steamboat Rock area, the Iowa River Improvement and Conservation project at Steamboat, the Joe Rash and Jack Lundy farms near Union and the Martin Broer farm near Iowa Falls.
