

6 Delaware County Leader February 9, 1984

Soil Erosion Workshop Wednesday

A Soil Erosion Workshop will be held this Wednesday, February 8, at the Farm Bureau meeting room in Manchester beginning at 1:00 p.m.

Topics will include: "Your Soils" -- how to identify them, use of soil survey information; "Measuring Soil Losses" -- what is the Universal Soil Loss Equation and how to use it; "How Much Are You Losing?" -- participants estimate soil loss on at least one parcel on their farm; and "Managing the Problem" -- through tillage and other methods.

Speakers of the program will be Ken Hall, Extension Crop Production Specialist; Jim Kaap, Extension Soil, Water and Waste Management Specialist; Larry Beeler, District Conservationist; and Roger Koster, Area Resource Conservationist.

This program is co-sponsored by the Delaware County Extension Service and the Delaware County Soil Conservation District.
