Conserving soil, energy

Soil Conservationist Floyd Peters, right, explains some methods of soil conservation to Paul Hersch, an aerial applicator from the Amanas, Larry Salger, Terra Eastern manager, and Alphonse Erger, Atkins. Soil and energy conservation was the theme of Terra Eastern's 10th annual chemical dinner meeting Thursday night at the Vinton

Country Club. Salger said 11 chemical suppliers set up booths along with a number of displays by Iowa State University for the meeting, which drew more than 200 Benton County farmers.
