Soil health field day scheduled

LA PORTE CITY — The Miller Creek Water Quality Improvement and Benton/Tama Nutrient Reduction Demonstration projects will host a soil health field day at 9:30 a.m. to noon, June 28 at Hickory Hills Park.

The field day will be an opportunity to hear from conservation personnel

and farmers employing conservation practices such as no-till, strip-till, and cover crops, and to learn about partnerships underway to improve water quality.

RSVP to Candice Kucera or Shane Wulf at the Black Hawk Soil and Water Conservation District by calling 296-3262, ext. 3. Inform them of any special accommodations that may be required.
