Commercial Short Course

GLENN O. CUBBAGE, Battle Creek, Iowa.

LYNN E. DUDLEY, Storm Lake, Iowa.

HELENE E. HURLEY, Storm Lake, Iowa.

HARLEN H. HILL, Sac City, Iowa.

ESTHER EVELETH, Sac City, Iowa.

WILLIS C. HUSSEY, Storm Lake, Iowa.

VERN KOLBE, Lake View, Iowa.

MARION LATTA, Storm Lake, Iowa.

WILLIAM F. ROSE, Everly, Iowa.

WILLIAM THELANDER, Storm Lake, Iowa.

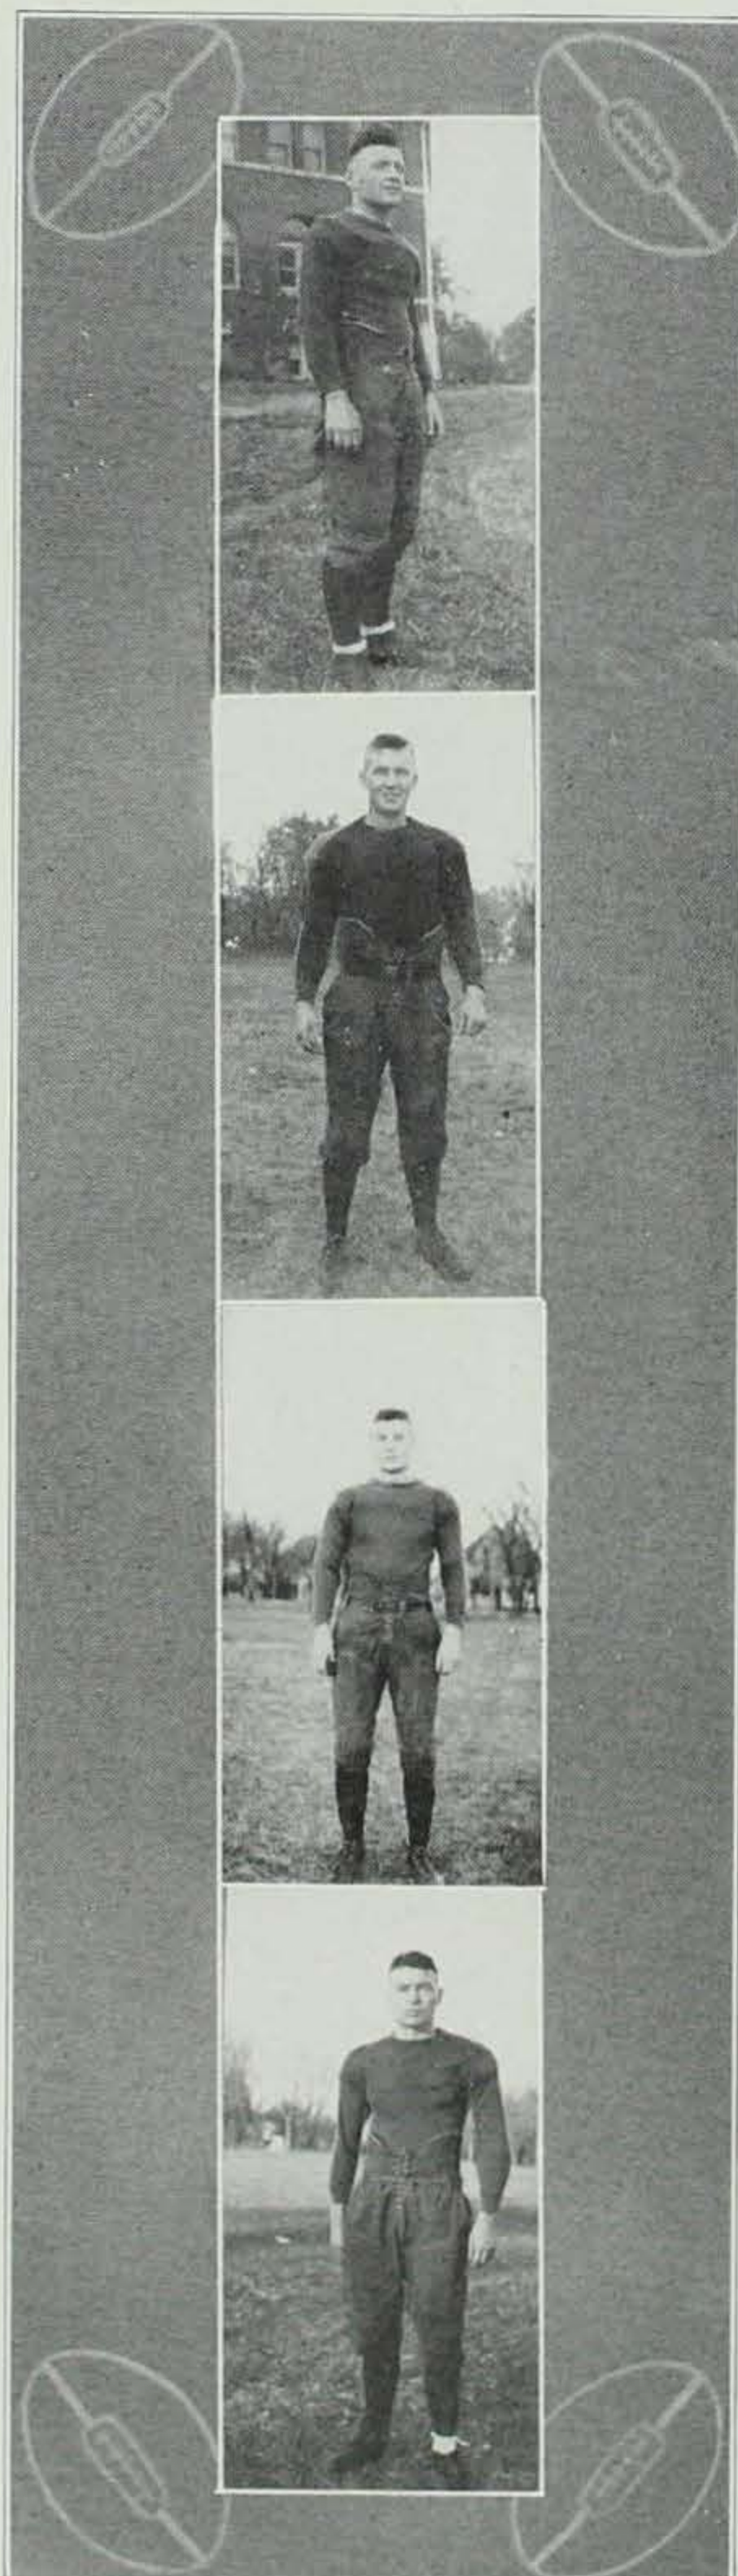

BLANCHE C. WIRT, Storm Lake, Iowa.

The Short Course opened on December 1st. This intensive course in Commercial work, covering a period of three to six months, is specially designed for those who are unable to attend college during the entire year.

The work is fully accredited and students desirous of finishing their high school course, preparatory to entering college, will receive full credit for work satisfactorily done. This course is proving very popular and, from general reports, members of this year's class expect to be with us next year.

ATHLETICS

REX FOUNTAIN

Left Half

Captain Rex led the team through a successful season. He could be counted on to gain ground every time. His third year on the team. Won his "B".

MAX SOETH

Right Half

When Max hit, the other fellow remembered. A consistent ground gainer and sure tackler. Max is elected captain of next year's eleven. Won his "B".

BASIL RICE

Left End

Played a great game at end and full back. Also did the punting for the team. Graduates this year. Won his "B".

BERYL RICE

Left Tackle

Worked beside his brother and opposing teams had poor luck charging their side of the line. Has one more year. Won his "B".

GEORGE DIEHL

Right Tackle

This was George's fourth and last year of football for Buena Vista. His weight and experience were of great service to the team. George also acted as manager. Will be missed next year. Won his "B".

DON AMBLER

Right End

Very fond of pulling passes out of the air. Had to be watched for his shoe string plays. Also graduates this year. Won his "B".

DEWEY KENNEDY

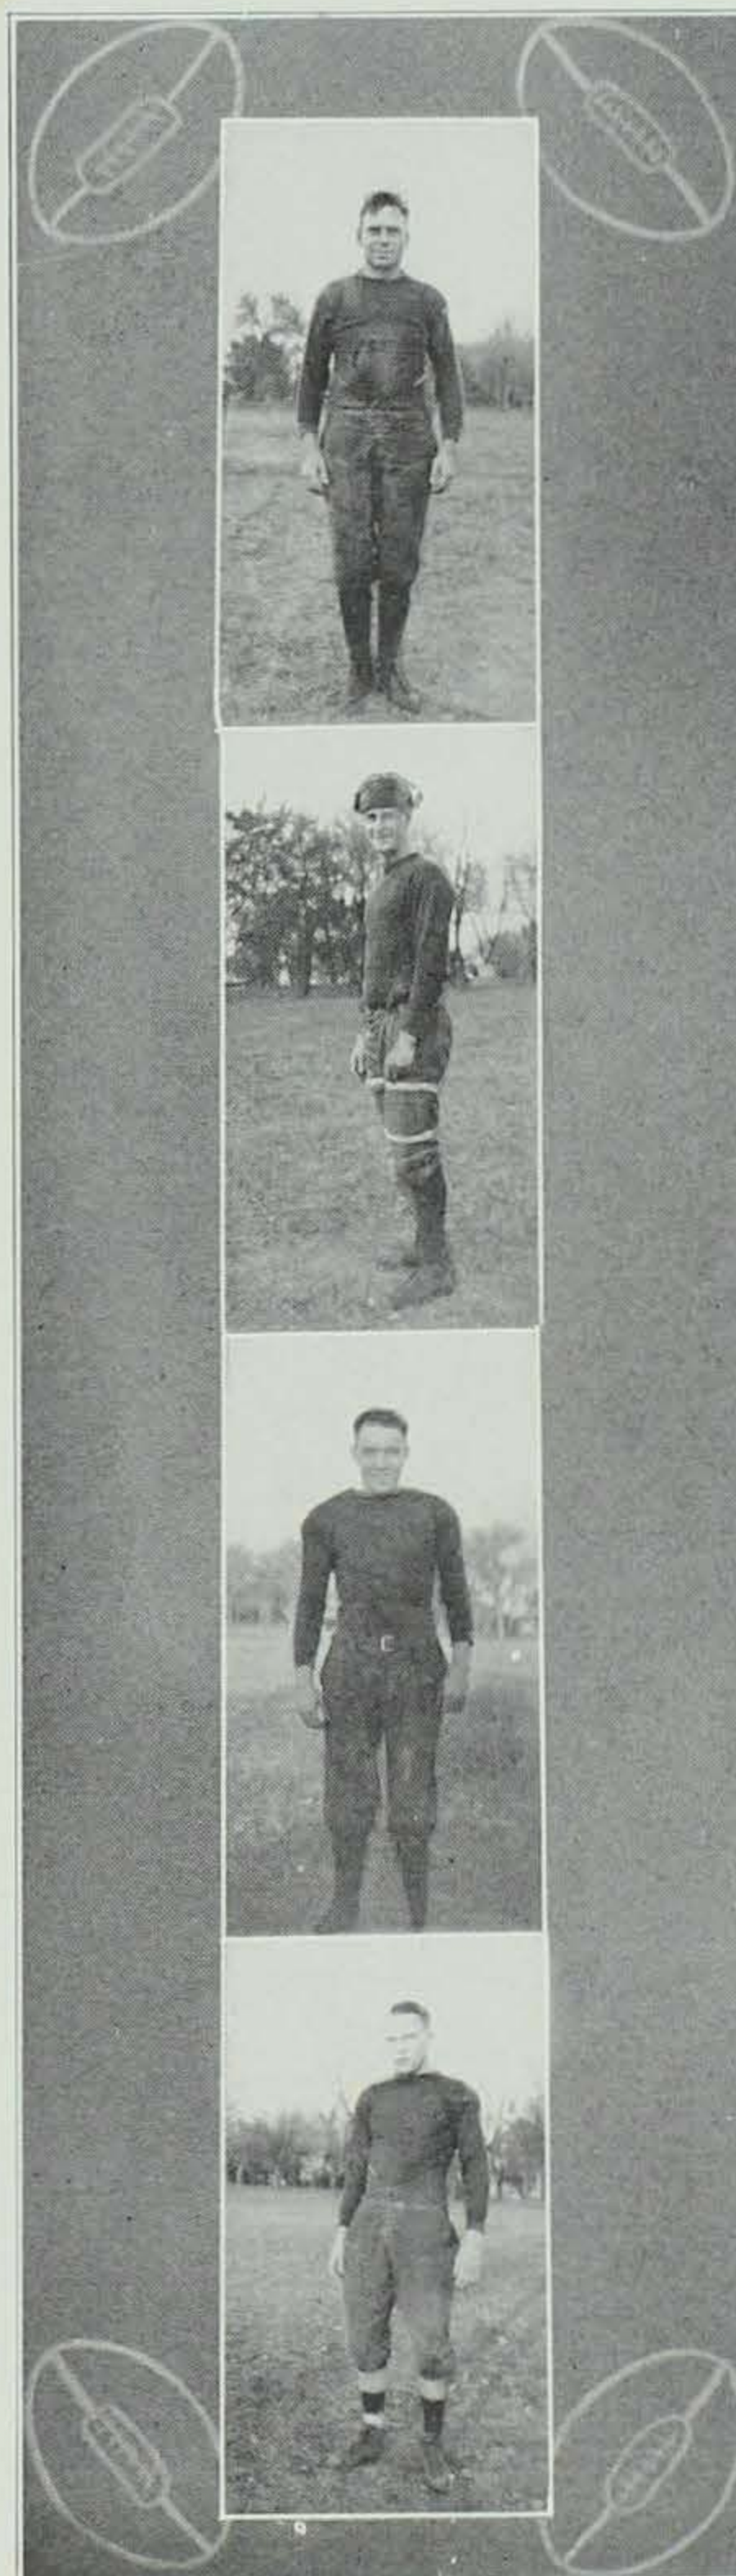

Full Back

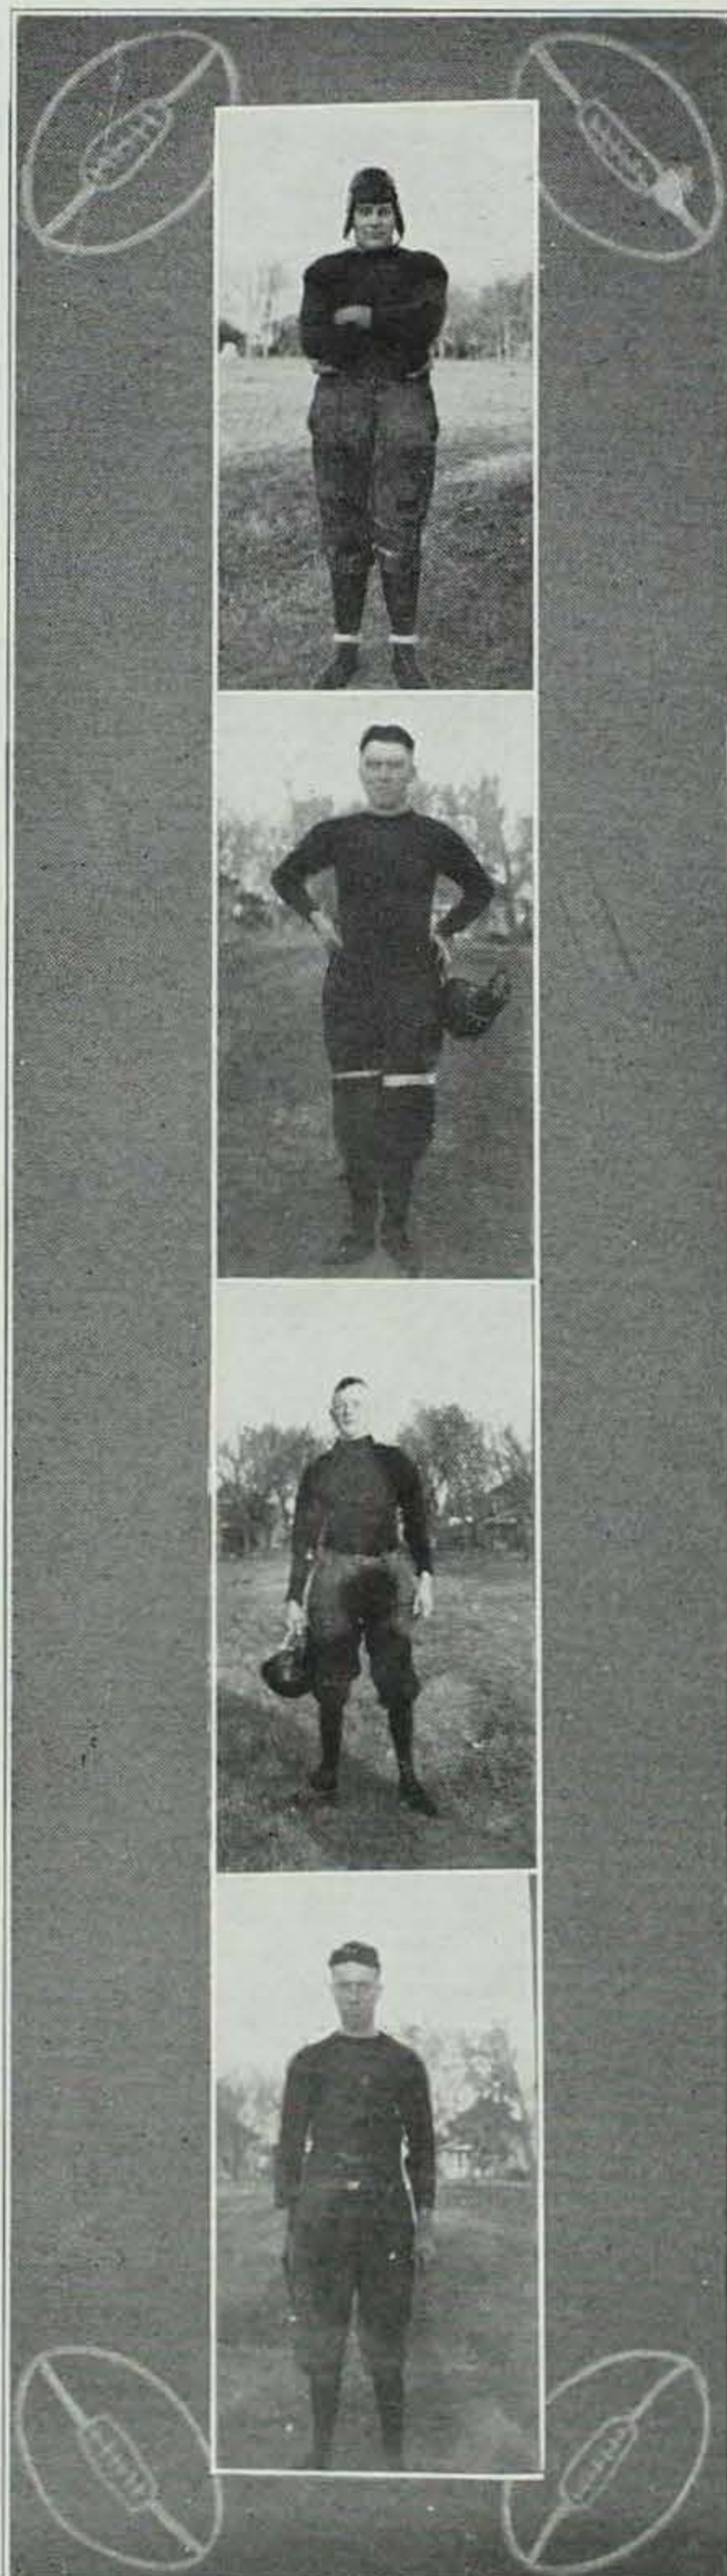

His size and experience at Cherokee High easily won him his place on the team, although it was his first year. "Dude" was going his best at Wayne. Won his "B".

VERN ROBINSON

Quarterback

Also from Cherokee High and his first year for Buena Vista. Clever open field runner in returning punts. Good at passing and catching passes. Won his "B".

EVRON KARGES

Center

"Beef" with his 204 pounds hailed from Storm Lake High. Always full of pep and putting fight into the team. His first year for Buena Vista. Won his "B".

JOE KEVANE

Right Guard

Joe was a light man for the line but he had the fight. He showed he had speed too when he overtook the runner in the Western Union game. Won his "B".

CARROLL RAE

Right End

"Pete" was the lightest but the grittiest man on the team. In spite of his 108 pounds, he often passed the interference and downed the runner. Good pulling passes out of the atmosphere. Won his "B".

ROBERT BARR

Left Guard

"Ted" had quite a habit of bringing down the runner charging the center of the line. Good at passing the ball. Won his "B".

CLARENCE WALSTEAD

Guard

Built low and wide like a football player. Intercepted a pass in the Ellsworth game. Watch him next year. Won his "B".

KARL NICHOLAS

Substitute

"Scout" was always on hand at practice and anxious to give the team a boost. His first year of college football.

LOUIS KACMARYNSKI

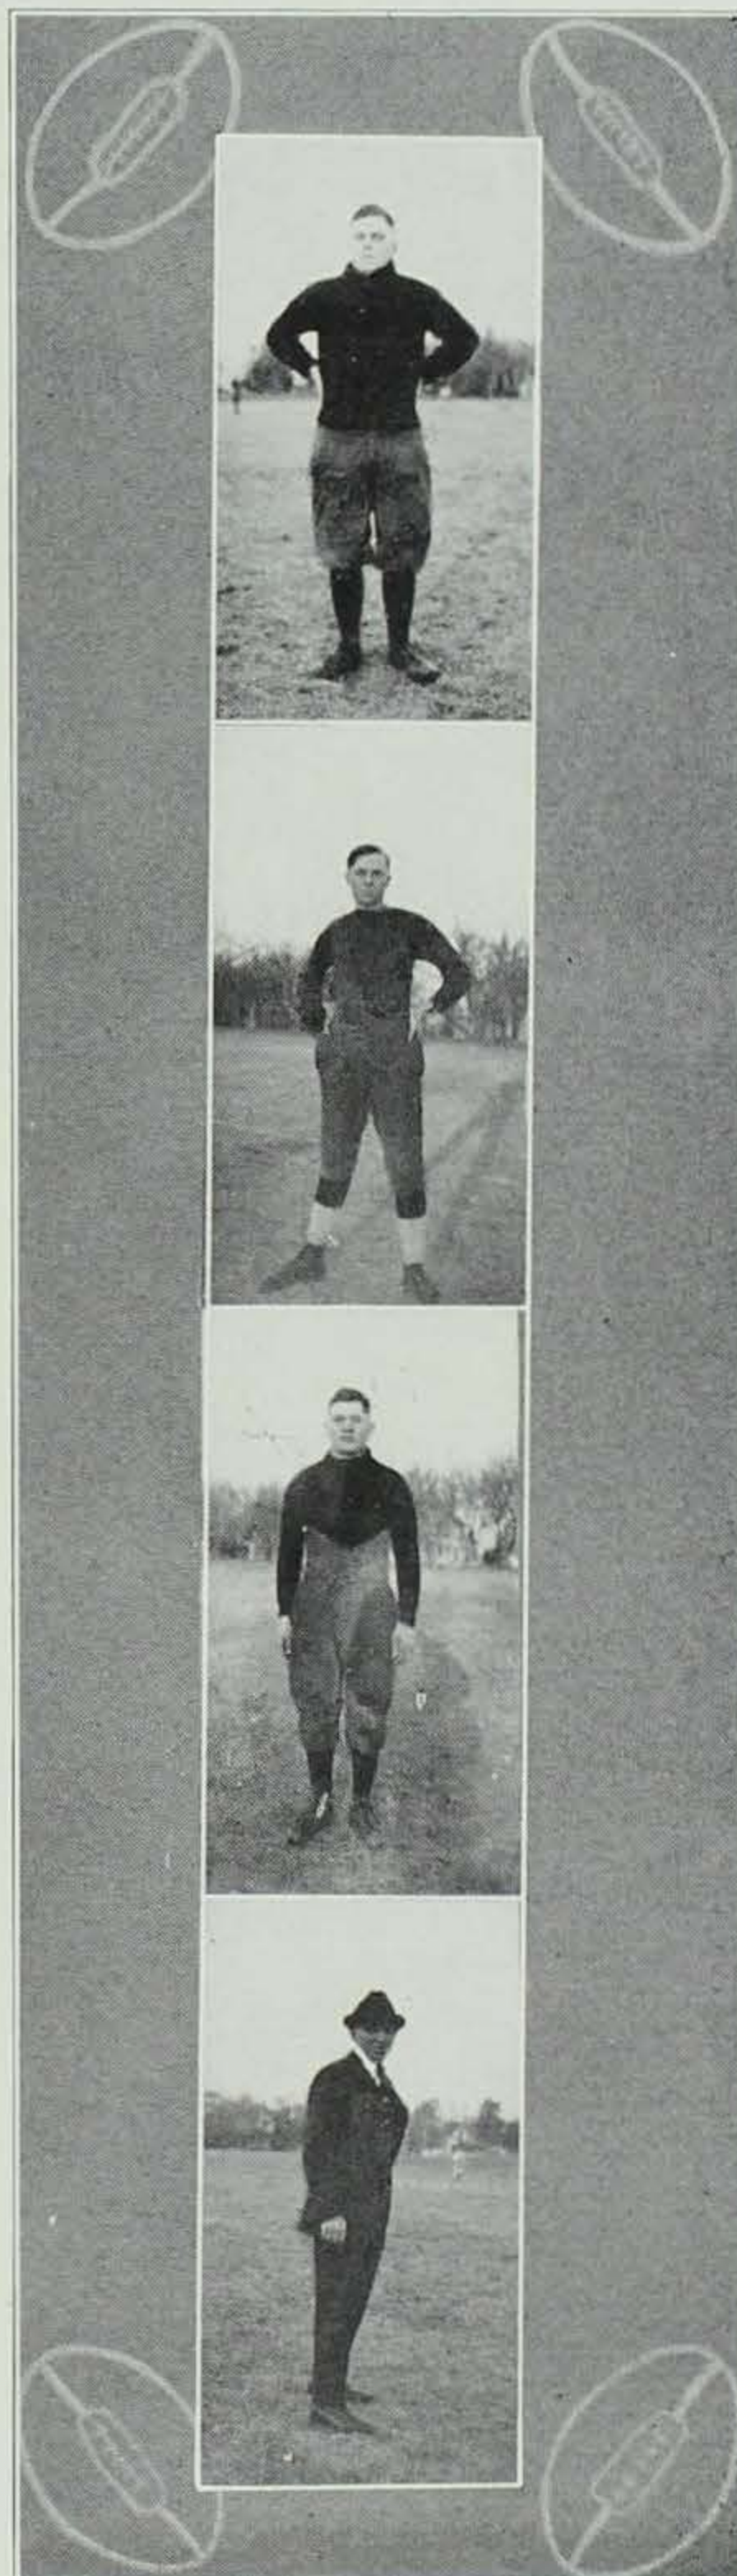

Substitute

"Kac" was another who was new at the game. Take another look at his name and watch out for him next year.

GEORGE W. WANNER

Coach

"Coach" would get out in a suit with the rest of the team and not only tell them how to do it, but show them how it should be done. To him much credit is due for our successful season in 1920.

The Season's Write-up

OCTOBER 9, STATE TEACHER'S COLLEGE

Our team was rather new for this game, as some of the players had come in late and had not had much practice together. The battle was staged at Cedar Falls and this made it a little harder for the first game; then Rex was knocked out in the first quarter, but the half ended scoreless. State Teachers made a touchdown in each of the remaining quarters, and the final score was; Buena Vista, 0; State Teacher's, 14.

OCTOBER 15, STILL COLLEGE

The Osteopaths from Des Moines came up to show us how to play football, but they went home "Stilled." The final score was; Buena Vista, 60; Still College, 0.

OCTOBER 22, ELLSWORTH COLLEGE

We journeyed to Iowa Falls with "blood in our eyes." They had no chance and made first downs only a few times. The final score was: Buena Vista, 49, Ellsworth, 0.

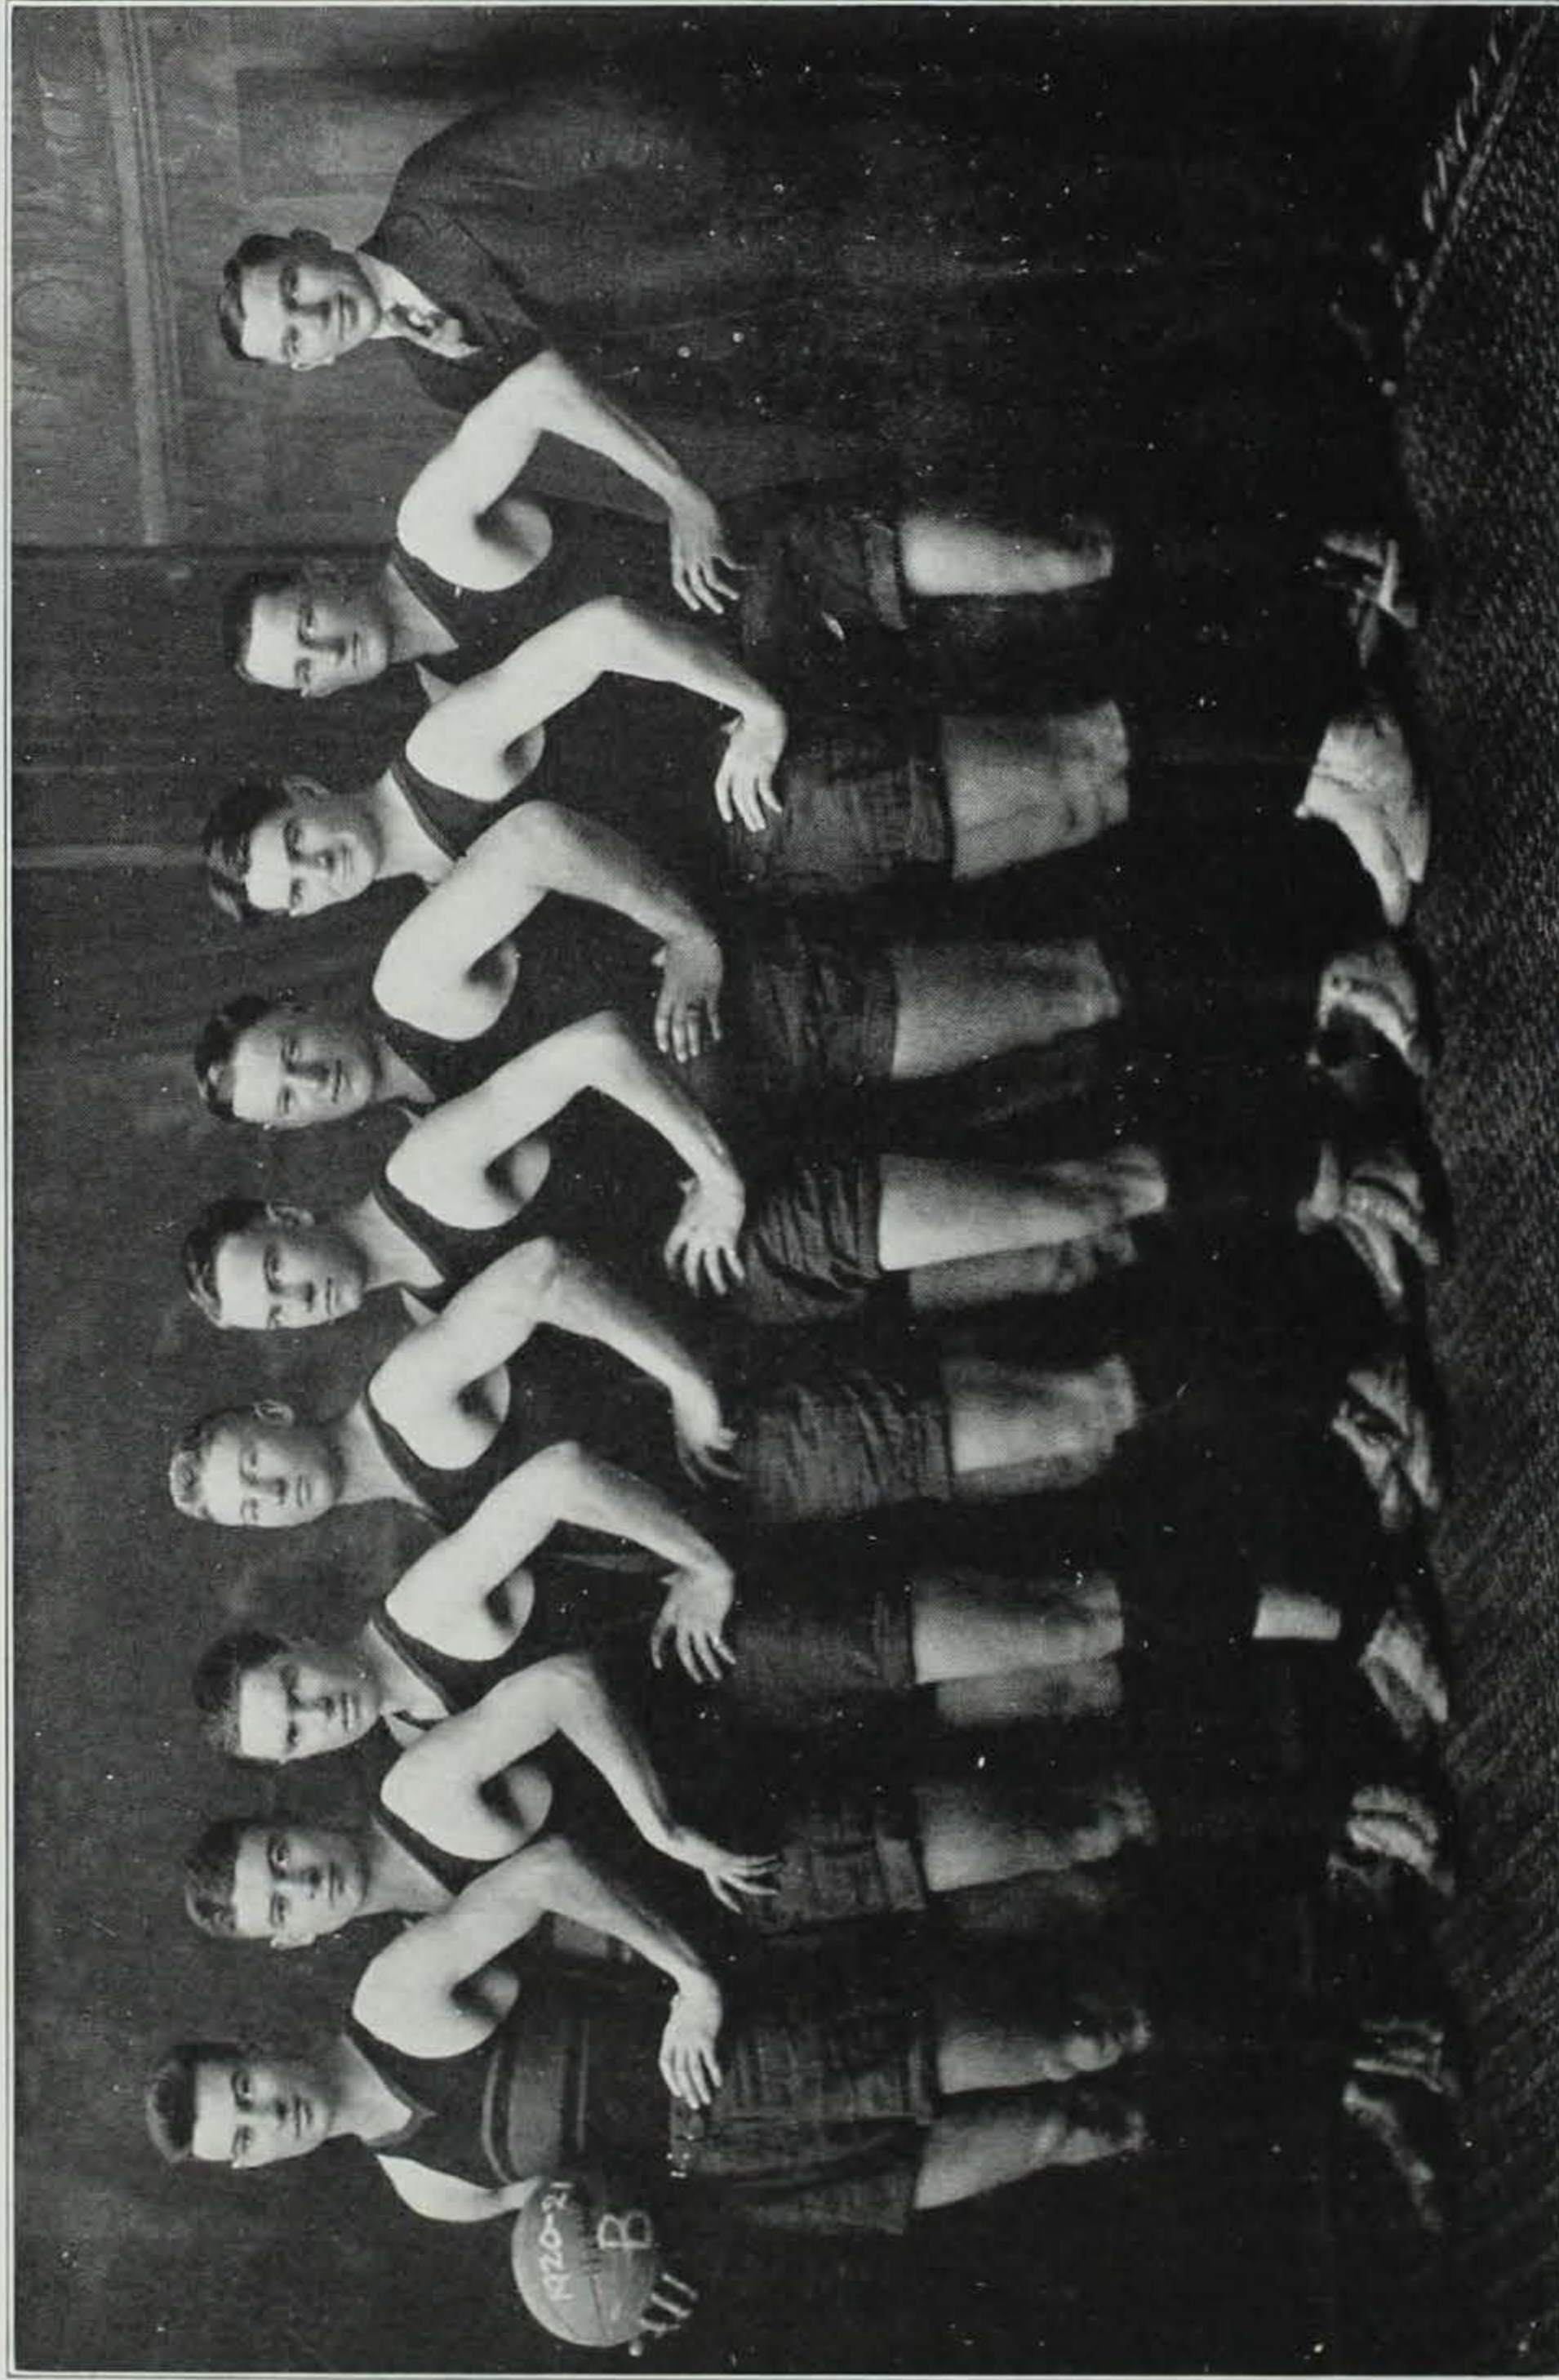

OCTOBER 30, WAYNE STATE NORMAL

The next game was with Nebraska State Teachers'. Wayne pulled one touchdown, but the final score was: Buena Vista, 14; Wayne, 7.

NOVEMBER 11, WESTERN UNION COLLEGE

Our neighbors from the west came down on Armistice Day to avenge their last year's severe defeat. The forward pass worked well for us in this game and the final score was: Buena Vista, 35; Western Union, 0.

In every case the Colleges played were larger than Buena Vista. Watch the team this year.

From left to right)—Rice (Capt.), Rice, Kevane, Soeth, Robinson, Karges, Prichard, Mernin, Coach Wanner.

Basket Ball Team

Basket Ball

From the standpoint of the score board this season might be called unsuccessful, but when one stops to consider that this was the first year that Buena Vista has had a gym of her own in which to practice, the season was as good as could be expected. The first game with Western Union was a close one, but the best game of the season was with Morningside, played on their floor. This game ended in a fifteen to fifteen tie, requiring an extra period of five minutes to decide the victors. This is the first time we have played with Morningside for a few years.

Next year with experienced players and new material, we should make a good showing.

A high school tournament is planned for some time in March.

THE SCORE BOARD

January 7	Western Union 20	Buena Vista 18	Here
January 20,	Lennox 25	Buena Vista 8	Here
January 22,	Morningside 19	Buena Vista 17	There
February 4,	State Teachers 32	Buena Vista 7	Here
March 3,	State Teachers 26	Buena Vista 11	There
March 4,	Lennox 36	Buena Vista 12	There
March 5,	Columbia 48	Buena Vista 14	There

CLARENCE MERNIN	- - - - -	Guard
EVRON KARGES	- - - - -	Guard
JOE KEVANE	- - - - -	Forward

Base Ball

Last spring was the first all-successful season for Buena Vista in baseball. Only two games were scheduled but in both games we held the long end of the score board. Both victories were due to Fulton's work in the pitcher's box, and the co-operation of the rest of the team.

The first game was played at Iowa Falls against Ellsworth on May 20th. The score was: Buena Vista, 14; Ellsworth, 5.

The next game was played the following day at Storm Lake against Western Union. The team had been up nearly all night coming home from Ellsworth, but they played nevertheless, and the score was Buena Vista, 5; Western Union, 3.

A game with State Teachers which was scheduled for May 28th, was cancelled.

THE TEAM

[illegible]

Girls' Athletics

The Girl's Athletics at Buena Vista are under the control of the Women's League. All Freshmen and Sophomore girls are required to take two hours of physical training per week under the supervision of Miss Esther V. Fountain, Physical Training Director. These classes consist mostly of exercises, volley ball and other games.

The three branches of athletics for which medals are awarded are tennis, basketball and hiking. A medal is given in tennis to the winner in "singles", and to each of the winning team in "doubles," in the spring tournament. A medal is given for basketball to each girl who is regular in practice, and plays in two out of three of the regular scheduled games. A medal is given for hiking to those who make the required number of daily hikes for a period of about twelve weeks. In addition, long hikes are taken in groups to Alta, around the Lake, to Sioux Rapids, and to Cherokee. Those completing these requirements and winning medals last year were: Lillian McFadden, Opal Kraemer, Maude Hoke, Ruth Aitken, Ruby Angier, Helen Renshaw, Grace Francis and Margaret Jones.

When a girl has earned three medals she is entitled to wear a Buena Vista sweater. The Women's League gives twenty per cent of the cost of the sweater and a Buena Vista monogram.

The interest this year is very keen, and many girls expect to earn the right to wear a sweater.

Give us a ride!

Take us Home!

At The End of The Trip

Refreshments—much needed.

Victory Hall

In looking over the former volumes of the "Rudder" we have noted with interest how each class has stated that they hoped soon to have a gymnasium at Buena Vista. The Class of 1922 fully appreciates the honor of being the first class to publish in the "Rudder" the fact that Buena Vista now has a gymnasium. It is not placed to the west of the main building, as formerly planned, but to the southwest at the intersection of Third and College Avenues.

It is a fine building of brick and stone, 60 by 100 feet in size, and modern in every way. The basement contains boys and girls locker rooms, storage rooms and a boiler room. The main floor is fifty-seven by seventy feet, with a stage for the presentation of entertainments, at the north end. The seating capacity of the building when used in this way is about twelve hundred.

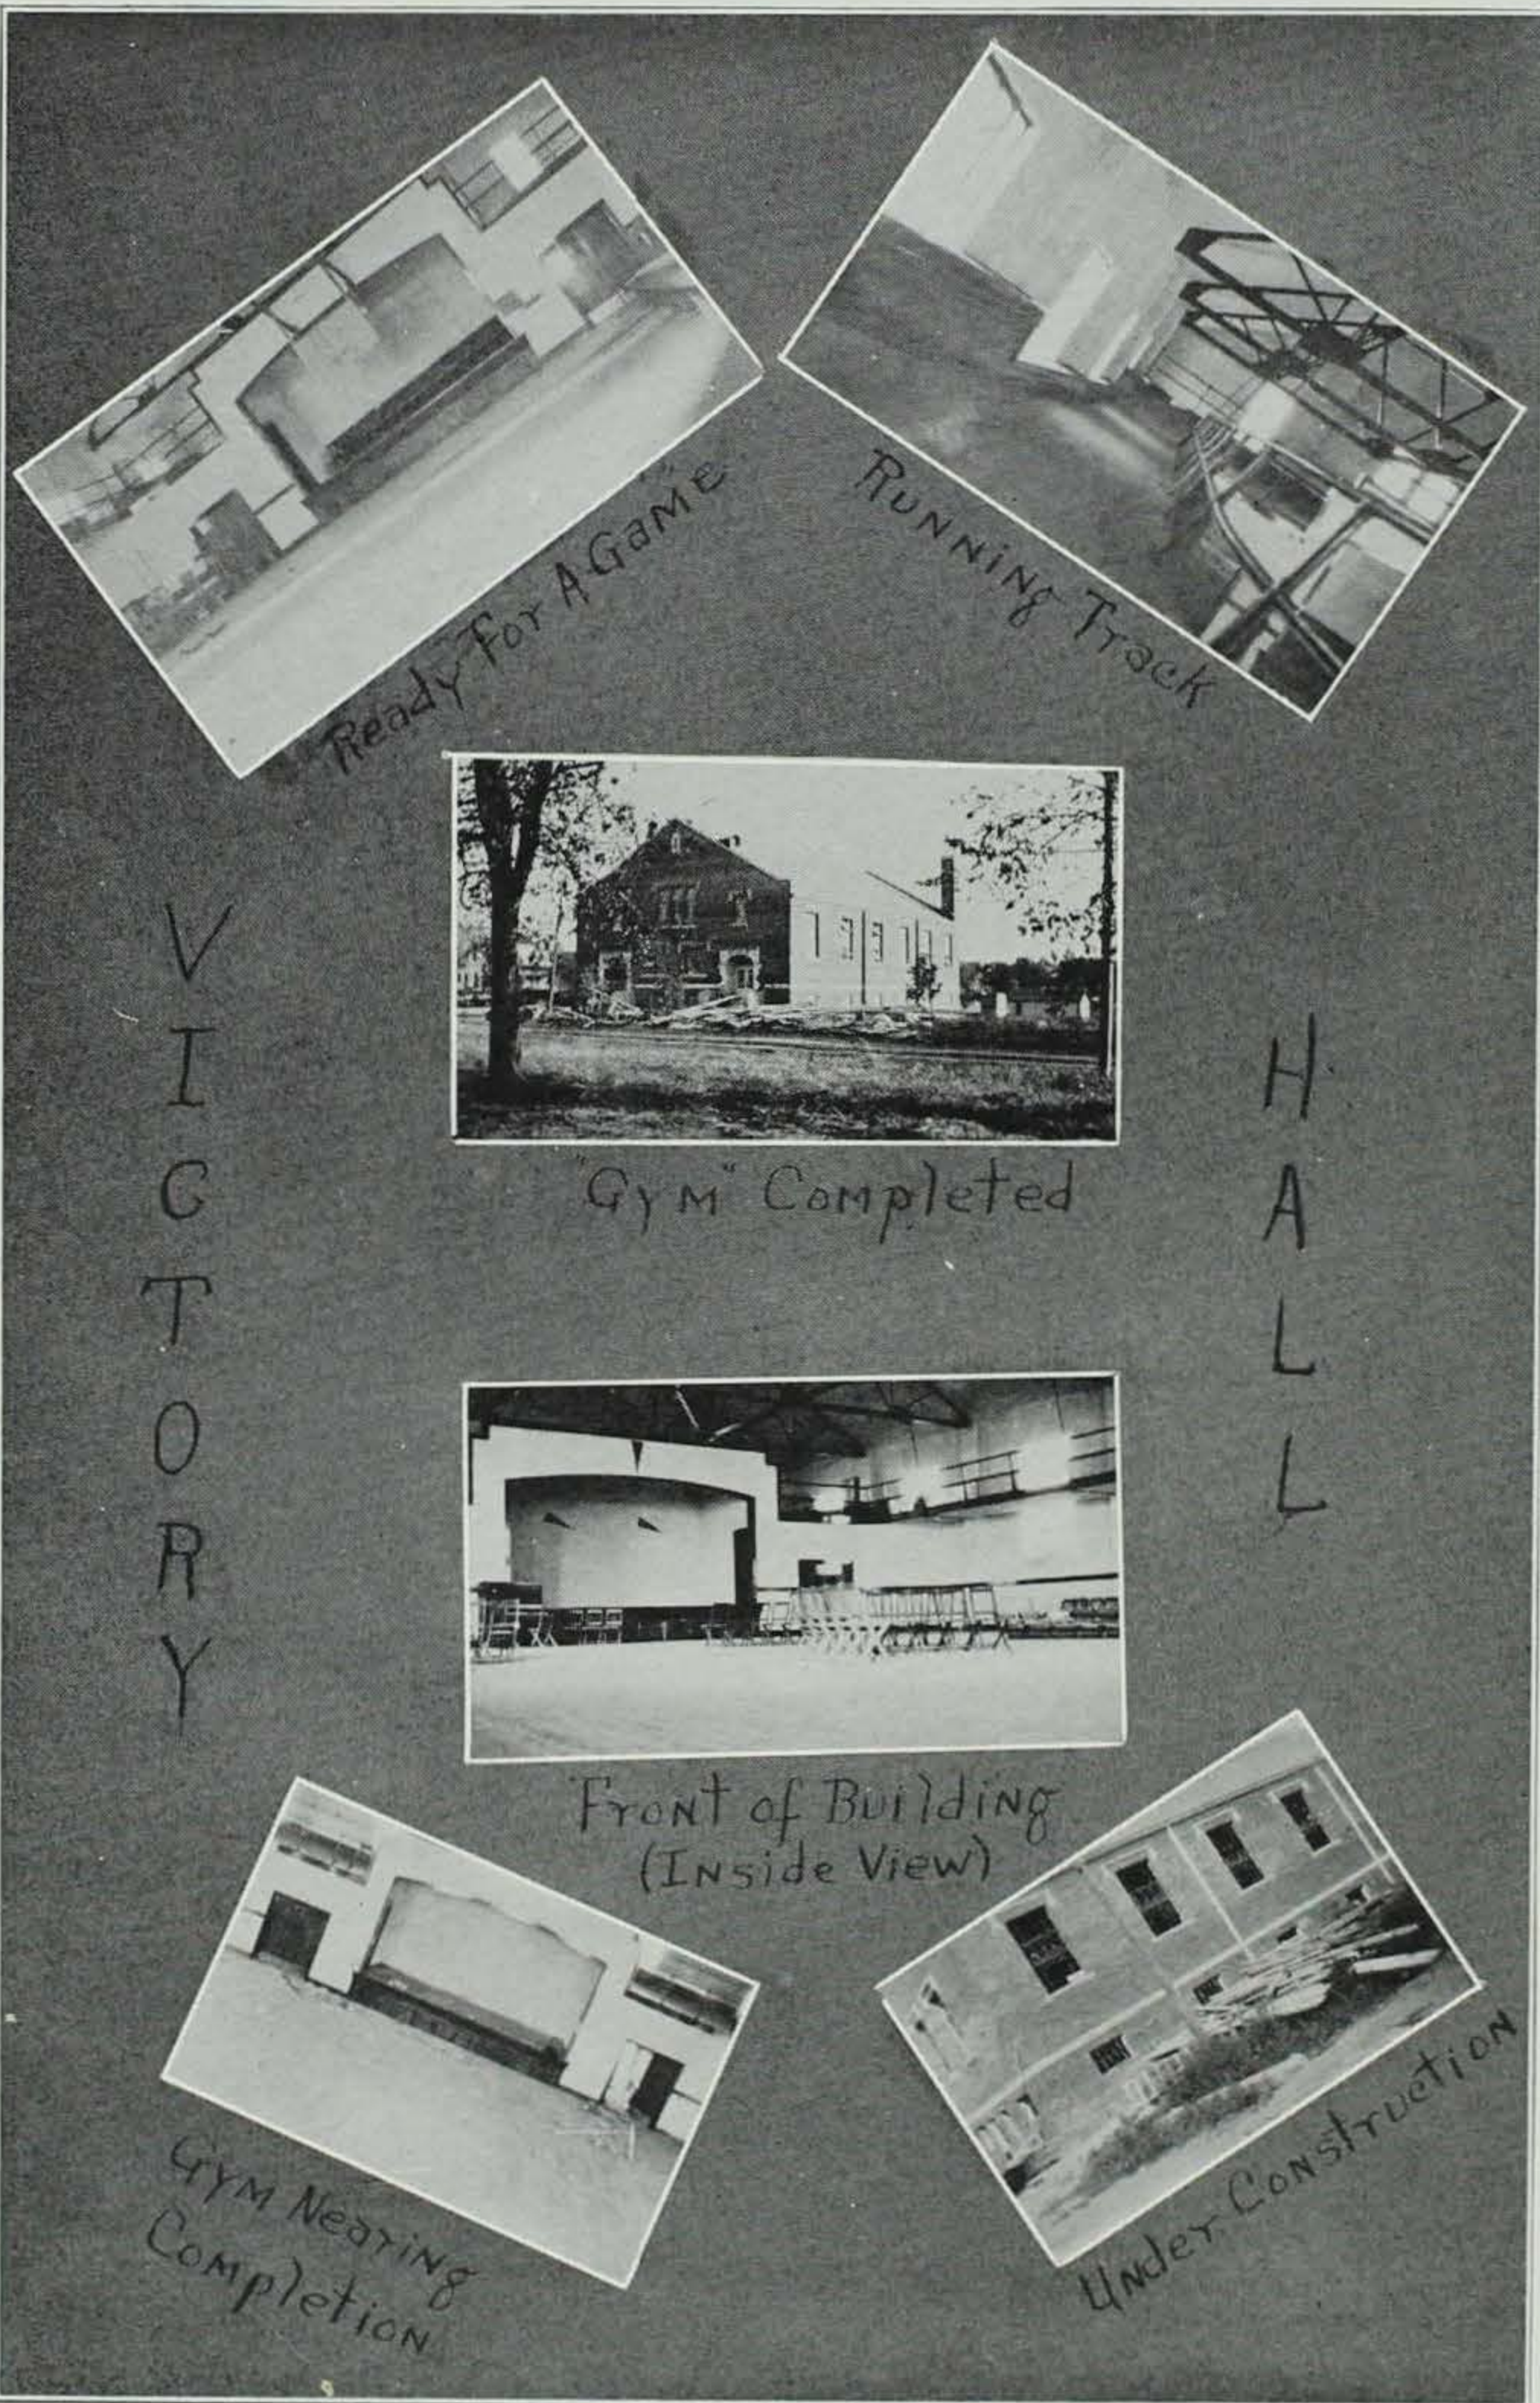

Back of the stage is a trophy room for athletic trophies. There are office rooms at either side of the two entrances which are used by the athletic coaches.

The running track is also used as a balcony and is banked for running. Twenty-two laps are required to make a mile.

The corner-stone of this hall was laid November 11, 1919, and the building was completed and dedicated November 14, 1920. A great deal of credit is due to the Board of Trustees for the planning and completion of the building, and to the generous people of Storm Lake and Northwest Iowa whose contributions have made it possible.

A little to the south of the gymnasium a new athletic field and running track is nearing completion. A quarter-mile track has been graded and when completed the field will rank with the best in the State.

Buena Vista is a member of the newly-organized Hawkeye Conference, and should advance rapidly along athletic lines.

Dramatics

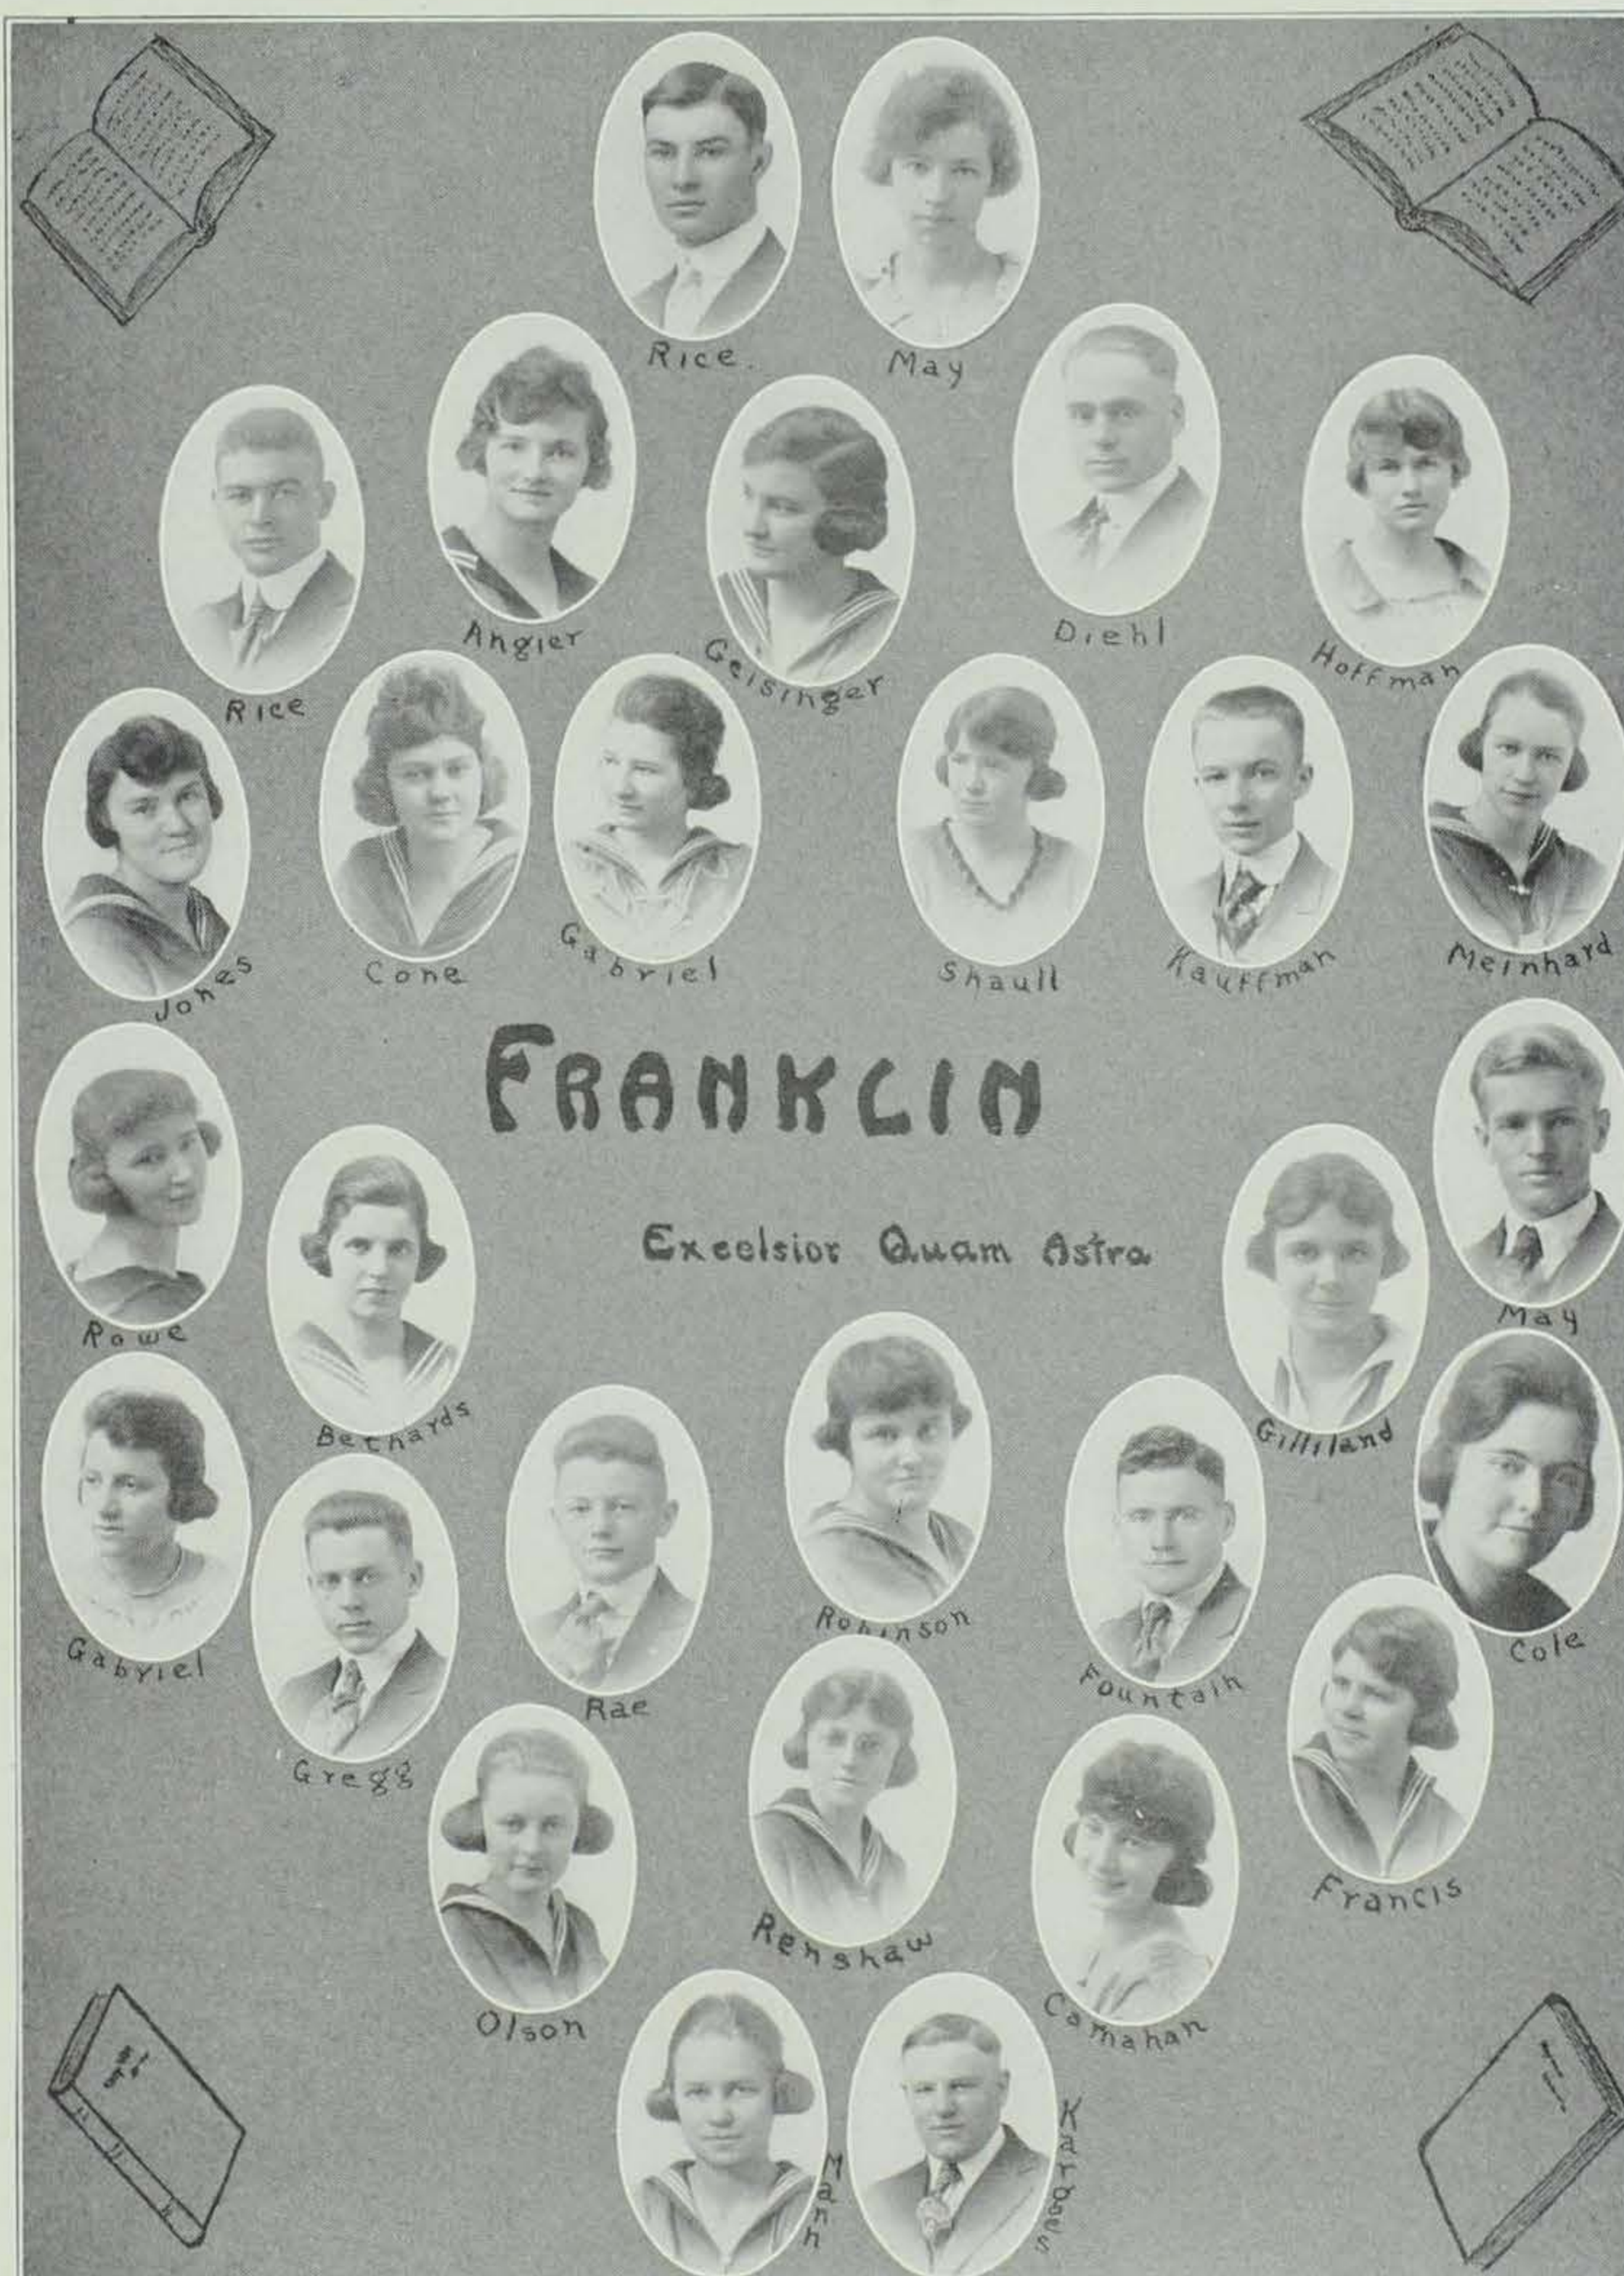

"Me an' Otis"

The play, "Me an' Otis," was presented in Storm Lake by the drama class for the benefit of the Athletic Association. This met with marked success, much credit of which is due to the efforts of Professor W. W. Harriman, who directed the play. It was also presented in several other towns for the benefit of various school organizations.

THE CAST

Dick Davis, a student at Yale, fond of football and girls	<i>Basil Rice</i>
Byron Makepeace Thornton, his roommate, not fond of football and girls	<i>Robert Richardson</i>
Otis Tewksbury, of Perkinsville	<i>Euron Karges</i>

Women's Forensics

The Iowa Collegiate Women's Forensic League has found ready support in the women of Buena Vista. Miss Gladys Bethards was winner in the local contest held December 14th, her oration being "America; the Land Where Hate Should Die." Miss Bethard's oration showed careful preparation and thought and her delivery was effective. Second place in the local contest was given to Miss Elizabeth Ensign, whose oration was entitled "The Challenge to Women of Today."

On February 18th Miss Bethards participated in the State Contest held at Iowa Wesleyan College at Mt. Pleasant. Although Miss Bethards did not place in this contest, Buena Vista is very proud of her. Her opponents were all girls of experience in this line of work, and as Miss Bethards is only a Freshman, much may be expected of her in the future.

Miss Elizabeth Ensign accompanied Miss Bethards and Miss Margaret Jones, the State president for 1920-21, to Iowa Wesleyan as the College's official delegate, and also as our representative in the extempore speaking contest. Miss Ensign met with keen competition in this contest and showed up well against much older contestants.

The women of the college have entered a new field this year, responding readily to a call for women debaters. The teams are to debate with Western Union College at Le Mars the first part of April. Success should attend our efforts in this field as in others.

Men's Oratory and Debate

The orator chosen to represent Buena Vista at the Western Divisional Contest this year was Robert M. Richardson of the Junior Class. The subject of Mr. Richardson's oration was "The United States as a World Power." This he developed in a clear and effective manner.

The divisional contest was held at Simpson College on February the fourth. The three colleges placing in this event were Penn, Simpson and Morningside.

The question for intercollegiate debate this year was, "Resolved: That the Federal Government Should Enact Legislation Creating a Federal Court or Courts Similar to the Kansas Court of Industrial Relations." Arrangements were made for a dual debate with Des Moines College, but due to the sickness of two of the Des Moines men, this was cancelled. A triangular debate was arranged to take place some time in March between Penn, Central and Buena Vista.

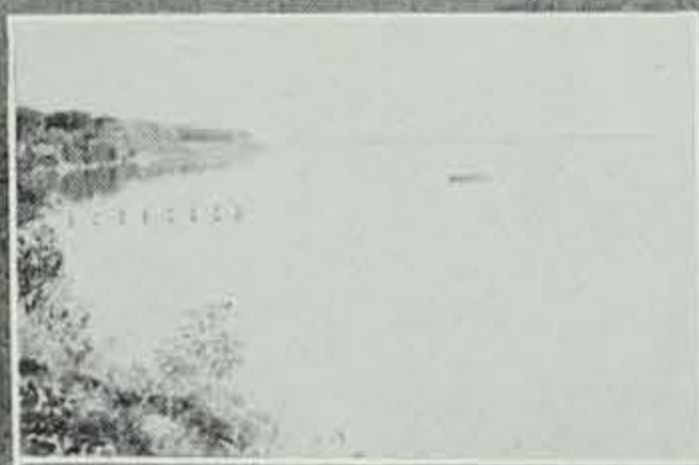

Last year our teams did good work, winning five out of a possible nine points in a triangular debate with Ellsworth and Central; and four out of a possible six points in a dual with Upper Iowa University.

Women's Glee Club

Buena Vista had a new important organization last year, called "The Women's Glee Club." Under the supervision of Miss Evangeline Lehmann, professor of music, the club of twenty-four voices made itself heard and appreciated. The home concert proved a glowing success. The program was divided into three parts; the first, classical songs, the second, clever stunts; and the third, a group of home songs. Then during spring vacation the club had a concert tour, singing in Spencer, Estherville, Linn Grove, Cherokee, Early, Holstein, and Sac City.

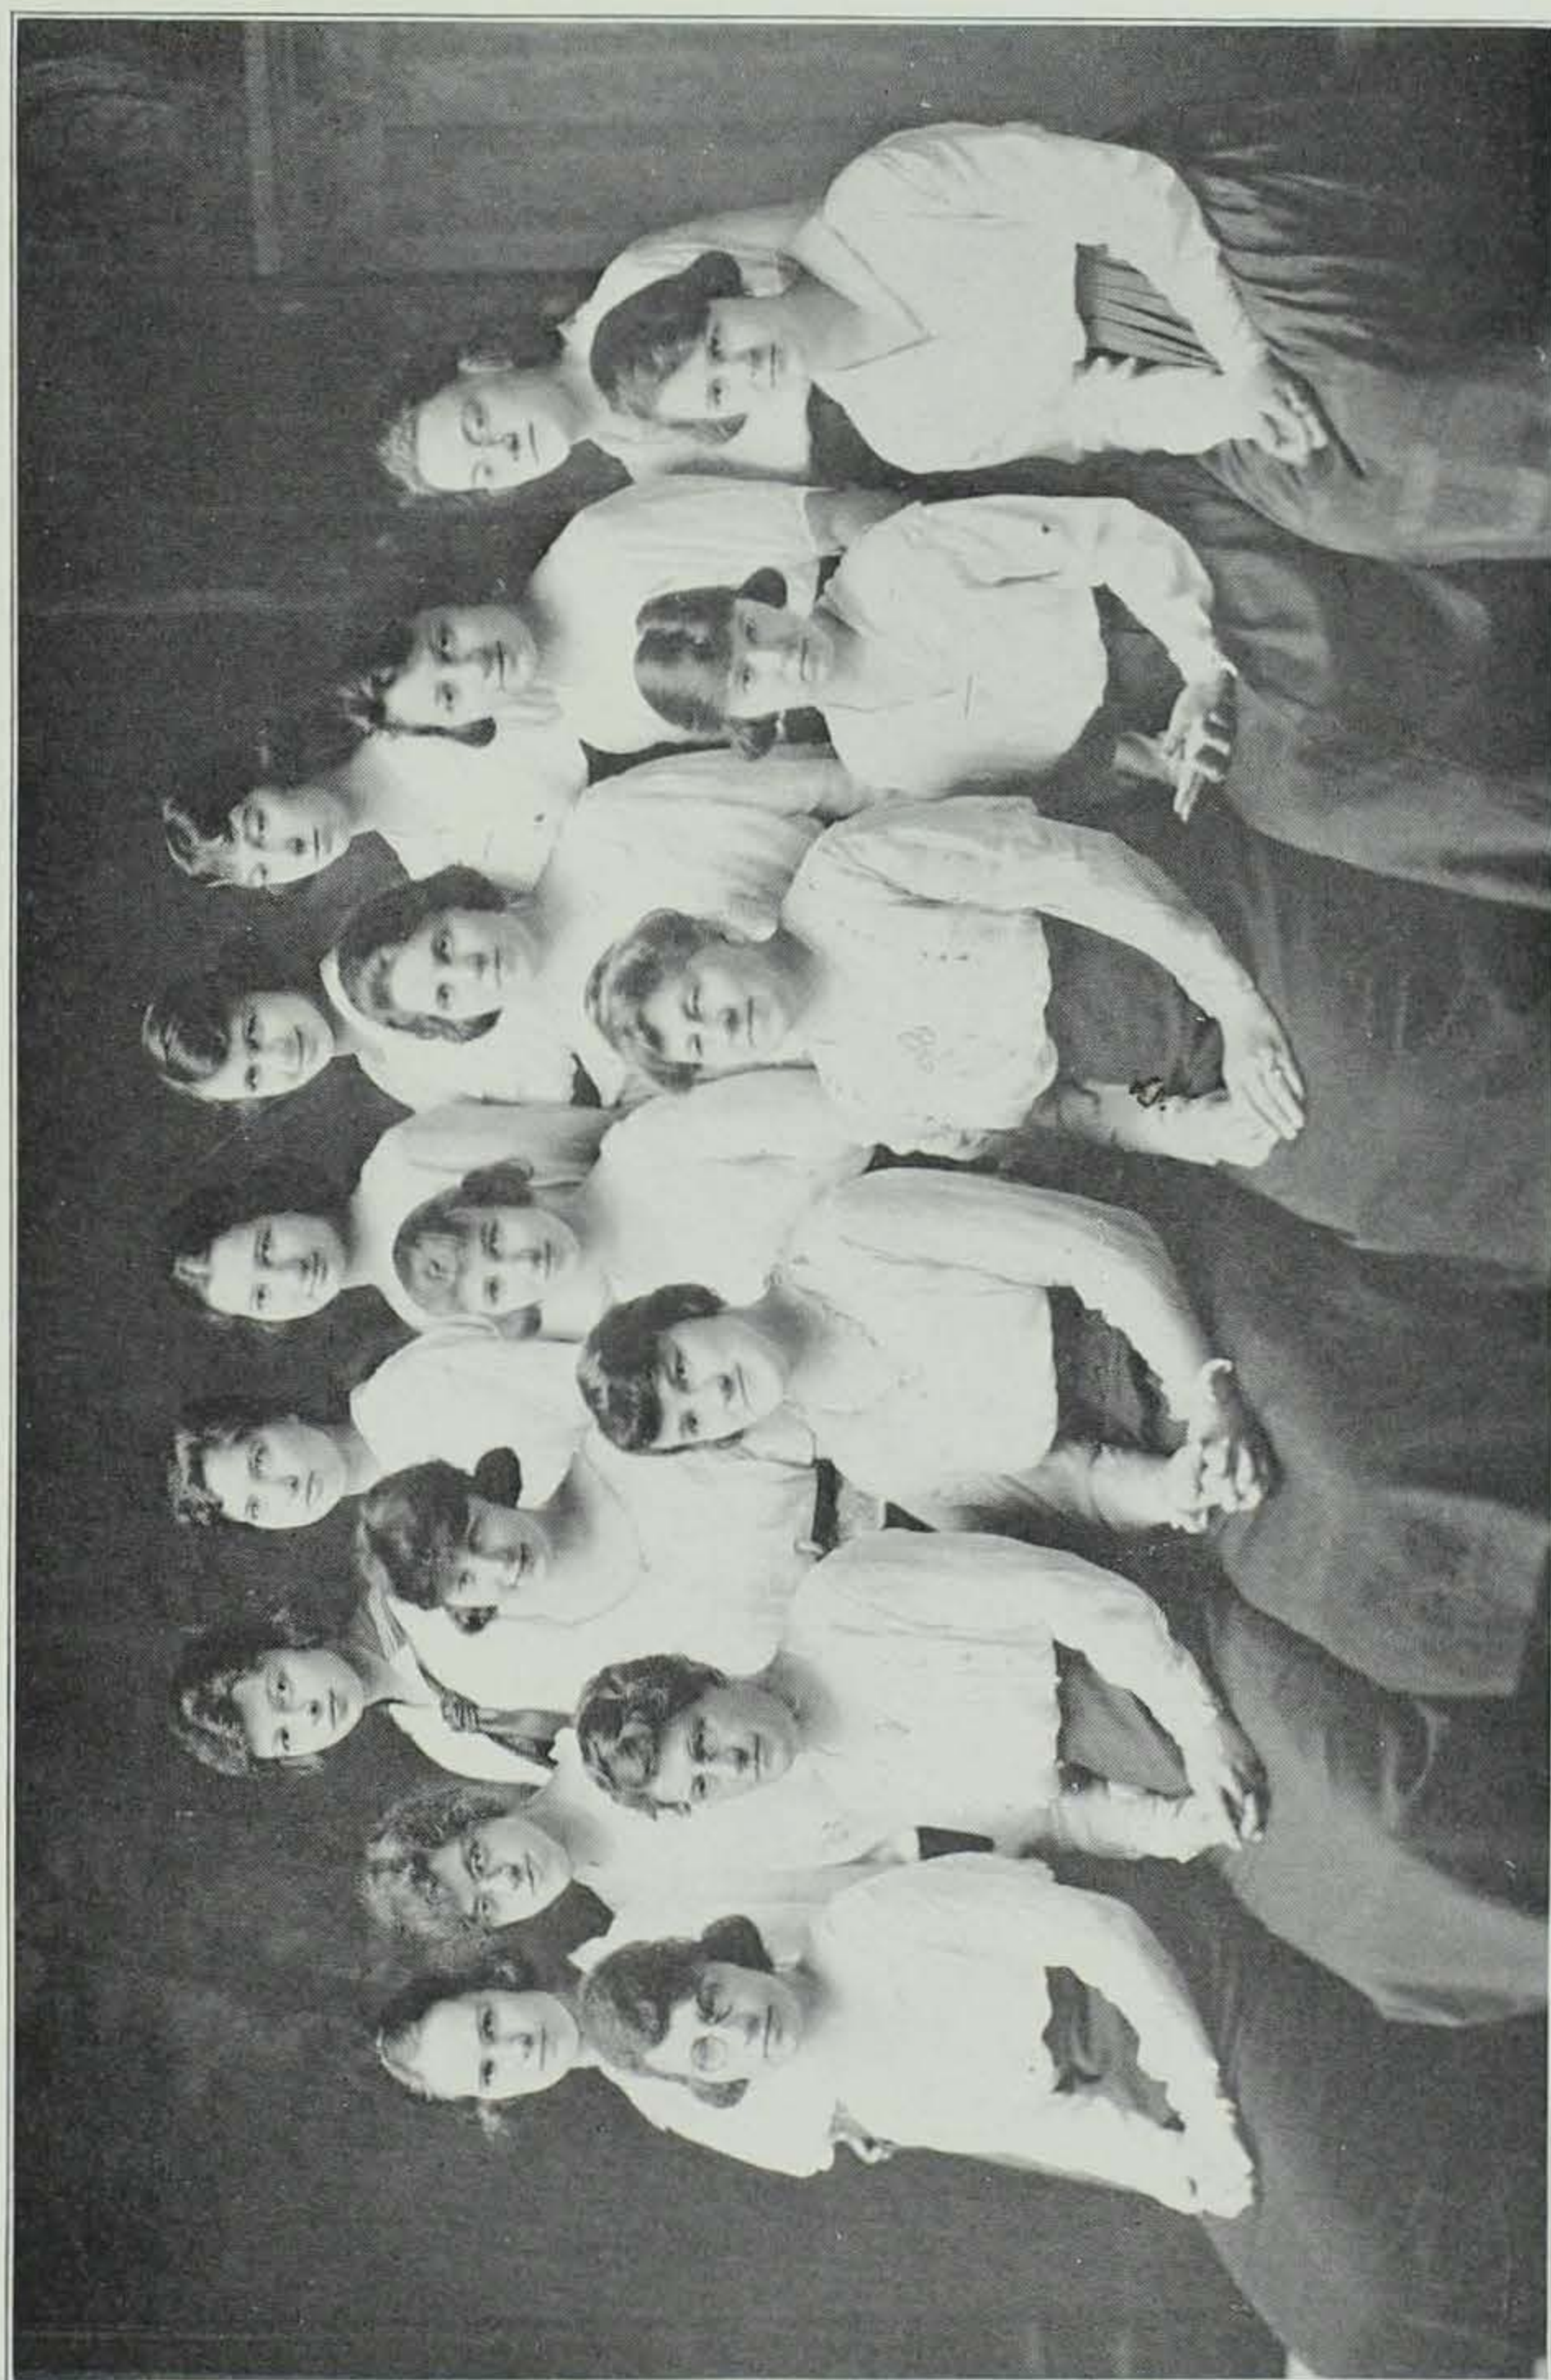

The Glee Club, '20-'21, under the direction of Mrs. M. Bartak-McManus, gave the home concert February the first. "The Hermit," a beautiful and melodious cantata, was the main feature of the program.

Another trip was planned for this spring vacation. The program was varied and interesting, including a flower cantata, stunts, and a group of Scotch ballads.

The "Tack," the school paper of Buena Vista College, was ably edited this year by the above staff. It was their aim to make the paper an interesting and highly entertaining chronicle of the activities of the school during the year. This aim has been fully realized this year, and the "Tack" is a paper of which any school might be proud.

Esperanto

Does it seem strange that a Jewish lad should have been thinking deeply on the great problem of world peace? The bitter experience of Lazero Ludoviko Zamenhof's life in Polish Russia but deepened his conviction that one of the world's greatest hindrances to mutual understanding was in language. If men of different nations could get together and exchange their opinions and feelings in a language readily comprehended by both, a vast portion of their mutual jealousy and hatred would disappear. Jealousy and difficulty of acquisition stood in the way of the advocating of any living national language.

Dr. Zamenhof returned again and again to the idea through many years. Finally in 1887 he published his little pamphlet. Everywhere it went it roused the interest of all who are longing for its fundamental idea, the brotherhood of mankind. And how simple! And yet how far reaching in its capability to express the shades of human thought! Also it readily lends itself to development into any special field of activity. It was a stupendous thought in its boldness, to induce the many nations of the world to adopt a common tongue for intercourse one with another! However, by 1905 it had spread abroad sufficiently to hold a world congress of Esperantists and men from thirty or more nations to put it to the test as a means of communication. The test was repeated every year till the outbreak of the Great War, each year but confirming the belief in the wonderful fitness for the purpose intended.

Esperanto, like everything else of a humanitarian nature, suffered a great shock from the war, but seems to be slowly but steadily getting on its feet again. In some places it is making remarkable advances, as for instance, there just comes the news (March, 1921) that eighteen hundred children are studying Esperanto in the public schools of the one city of Breslau, Germany. Miss J. E. Hamand of Schaller is one of those who believe in Esperanto as one of the great humanitarian agencies of the world, and Buena Vista College stands ready to foster with her help this great world ideal.

7. Junior-Senior pipe of peace. Music and Oratory recitals. Glee Club picnic.
8. Tree Day. Alumni Banquet.
9. Commencement. Dr. O. E. Klingaman gives address.
10. Art Riedesel gets married. Poor Art!
11. Summer vacation.

SEPTEMBER, 1920

6. Registration and enrollment.
7. Ditto.
8. Opening Chapel exercise. Mr. Edson introduces Dr. Boyd. Y. W. C. A. reception for new students at Dr. Fracker's.
10. Joint Franklin-Star reception.
13. Reception for faculty and students at Methodist church.
14. Sophomores take charge of chapel. Y. W. campaign for members.
15. Sophomore skip day. Freshies fail to find.
16. Franklin reception to new students. Girls' Glee Club organized.
17. Freshman class organized.
21. Star reception to new students.
22. Junior picnic. Miss Cooke chaperons. We attend movies.
23. Y. M. C. A. reception.
29. Joint Junior-Senior picnic at Angier home.
30. Y. W. picnic at college. Everybody eats.

OCTOBER, 1920

1. Franklins and Stars have first program.
4. Dr. Jeanette Throckmorton of State Board of Health addresses women of the College. Faculty Recital by Music and Dramatic Departments.
5. Hoooooray!! College picture taken. Several pairs of twins discovered. Star initiation at Ensign home.
6. Mrs. J. Cochran, formerly Miss Bernice Gregg, leads Y. W.
7. Faculty reception to students. Margaret Jones chosen girls' Yell Leader. Pep meeting for I. S. T. C. game.
8. Franklin's initiate.
9. Football team leaves for Iowa State Teachers.
12. Tack staff picnic at Francis home.
14. Pep meeting for Still game.
15. Still "stilled."
19. Citizenship school for women. Professor Hoffman appears. Special music in chapel by Messrs. Abernathy and Waldron via the clarinet route.
22. Ellsworth trimmed.
27. Professor Robertson gets locked in library.
30. We play Wayne. Faculty have Hallowe'en party.

NOVEMBER, 1920

1. Women's League elects officers to fill vacancies. Dr. Fracker forgets to come to Spanish class.
2. Election day. Co-eds vote first time.
5. Annual Hallowe'en party at College.
8. Mr. J. W. Bryce speaks in chapel on conditions in England.
9. Rev. Clegg leads chapel. Women try out for debate.
10. Pep meeting for Western Union game. Everybody yells.
11. Armistice Day. Victory Hall opened for inspection. We play Western Union. We win.
12. Men's try-out for debate. Stars have movie party.
14. Dedication of Victory Hall.
15. Chairs disappear from library.
17. Women's League serves tea at Music Hall for benefit of Dorothy Sharp School.
18. Coach Wanner gives chicken dinner to football team.
23. Dr. Grant leads chapel.
24. Joint Y. M. and Y. W. Thanksgiving meeting.
30. Sophomores christen Freshmen—"Chenopodium."

DECEMBER, 1920

2. New students enroll for commercial short course. Dean Burdick forgets it's his turn to lead chapel.
8. Miss Searle leads Y. W. Girls begin basketball practice.
9. Home Economics Club organized.
10. Franklins have Christmas party at Rice home.
11. Y. W. has Japanese sale.
14. Star Grand Public.
15. Joint Y. M. and Y. W. Christmas meeting.
16. Local oratorical contest. Gladys Bethards places first among women. Robt. Richardson chosen to represent us at men's contest.
17. Christmas vacation begins.

JANUARY, 1921

3. Back at work. Happy New Year!
5. Supt. Cocking leads Y. M.
7. We lose first basketball game to Western Union by small margin.
11. Y. W. has open afternoon.
12. Registration for second semester. New members Phi Alpha Pi entertain old members at dinner party at Gabriel home.
14. Home Economics Club has first meeting.
15. Prof. Smith entertains faculty.
17. Delta Phi Beta's pledge new members.
19. Girls' basketball team plays practice game with high school team.
20. Boys' basketball team plays Lennox. We lose.
21. Grace Francis has a birthday. Freshman class party at Kaufie's.
22. We tie Morningside, losing by one basket in five minutes overtime period.
25. Storm Lake American Legion plays Fort Dodge Y. M. C. A. team in Victory Hall.
26. Finals. Miss Wilcox exempts Journalism class from exam. Women's League serves eats.
27. More final exams. Commercials have party at Barr home.
28. Exams finished.
31. Second semester begins.

FEBRUARY, 1921

1. Robt. Richardson delivers oration in chapel. Girls' Glee Club concert.
3. Richardson leaves for divisional contest at Simpson.
4. We play State Teachers here.
5. Color Ceremony.
8. Alzada entertains friends at Dorm.
9. Mrs. McManus leads Y. W.
14. Valentine's Day. "Me an' Otis" presented at Empire.
16. Elizabeth Ensign, Gladys Bethards and Margaret Jones leave to attend Women's Forensic League Convention at Mt. Pleasant.
17. Juniors campaign for Rudder subscriptions.
18. Dr. Elliott of South Dakota State U. gives illustrated lecture on Greece.
19. Professor and Mrs. Hoffman entertain faculty.
23. Boarding Club members have party.

MARCH, 1921

1. March "comes in" in lamb's clothing.
3. Basketball with Iowa State Teachers at Cedar Falls.
4. We play Lennox at Hopkinton. Reception in Victory Hall for high school students attending district contest.
5. Team goes to Dubuque, plays Columbia.
8. All College party.
9. Home Economics Club gives program. Miss Wilcox and Miss Cooke attend town caucus.
11. Play "Me an' Otis" presented at Lytton for benefit of Rudder.
12. Sophomore-Senior banquet.
- 18 and 19. High School Tournament.
22. Musical Recital.
25. Spring vacation begins. Rudder goes to print.

Traditions of Buena Vista College

Every people, clan or nation, has its customs and traditions. Every college boasts of its customs, though many of the older ones have lost their real origin. These customs help to implant the college spirit deep into the hearts of every student. Consequently the spirit of a college, young or old, can be largely determined by its traditions.

Buena Vista boasts of many such traditions.

The "Naming of the Freshmen" takes place sometime before Thanksgiving. A name is given to the Freshmen by the Sophomores, who use this opportunity to give their under-classmen advice. This custom originated in 1907.

The "Color Ceremony" is usually in the form of a banquet given by the Seniors in honor of the Freshmen, and it is at this time that the Freshmen are given the right to wear their chosen colors. The ceremony takes place late in the winter and is an all-college affair.

The "Sophomore-Senior Banquet" is a formal function given in the spring, by the Sophomores in honor of the Seniors.

"Tree Day" is a part of the Commencement Program. The tree is planted usually early in the spring, but it is not dedicated until Commencement Week. On this occasion the Freshmen give a stunt representing their class name; the Sophomores, their class flower; the Juniors, the Rudder; and the Seniors advise the other classes.

"The Pipe of Peace." This is a very mysterious and secret function, occurring on Monday of Commencement Week, at which the Juniors and Seniors meet to "bury the hatchet" and "smoke the pipe of peace."

"The Senior Swing-out" is the first occasion at which the Seniors appear in public dressed in caps and gowns.

"The Y. W. Birthday Party" occurs every other year. At this time the Y. W. entertains its friends and receives gifts to be used in the furnishing of its room.

"Hobo Day" is "pulled off" some fine spring day when everybody is overcome with an exuberance of spirits and spring fever. The students and faculty "doll up" in regular hard-time costumes and spend the day in picnics and jollity.

"Clean up Day" is a day set aside for the cleaning up of the college grounds. Every one comes ready for work and when all is "spick and span" the remainder of the afternoon is spent in a base ball game, usually between the faculty and students.

The Seniors of the even classes present a picnic ground to the Sophomores of that year.

"Skip days" are taken by the Freshman and Sophomore classes early in the fall. The day on which they are to skip, and the place to which they are to go are kept secret (if possible). The rival class tries to find the truants and play some practical joke on them if possible.

JOKES

"Good jokes are more to be sought than great riches—and as hard to get."

Town Constable of Alta: "What's the matter with you?"

T. O. "I'm well, thanks, but my engine's dead."

Coach: "They say Professor Smith has been wandering in his head."

F. G. M.: "Well! He's safe enough. He can't go far."

G. W. at table: "Oh! Grace-ious!"

M. J. : "He even calls to her when eating."

G. W.: "But, I can't help it."

BOARDING CLUB SENTIMENTS

Nothing but toast for breakfast,
Popcorn balls for lunch,
Hash and beans for dinner,
And nothing between to munch.

O. H.: "Why did they put Max out of the game?"

Coach: "For holding!"

O. H.: "Oh! Isn't that just like him?"

Said the Hen as the farmer was crossing the yard,
"That's the guy I'm laying for."

IF FOOD COULD TALK

Note:—Overheard in the Home Economics Department.

Cheese: "I'm strong for you."

Pancake: "The cook left me flat."

Biscuit: "I'm leading a hard life."

Yeast: "Watch me work."

Hash: "God bless us! every scrap."

Piecrust: "Don't think I'm not tough."

Dean B., in Psych Class: "Beryl, do you believe in dreams?"

B. R.: "I did until last night; then I dreamed that I would pass this course."

Gleaned from a Freshman English Paper: "The woman got on the street car with a small child."

IN FRENCH CLASS, CONVERSATION

Professor H.: "Miss G., did you fall on the icy sidewalk this morning?"

Miss G. G.: "On this morning."

Professor H.: "Did you hurt your head?"

G. G.: "No."

Professor H.: "Did you hurt your foot?"

G. G.: "No, I didn't hurt anywhere."

Aint it a Grand and Glorious Feelin',

When Mrs. Banghart decides not to give a written lesson?

When the chapel speaker talks overtime?

When you get an "A" in Psych?

When the team wins a game?

When you don't have to take Grammar in English I?

When you are asked a question that you know?

When the spring days are right for tennis?

When you are asked to go canoeing?

When Dr. Fracker forgets to come to Spanish?

When Basil Rice sings in chapel?

When it rains on Monday?

"I'm still on the bum," said the mosquito who lit on a tramp.

I. Z.: "I heard that R. F. broke his arm at football practice last night."

F. G.: "That's not so because he called on me last night."

R. A.: "Do you know—I think Miss Cooke can see behind her."

E. M.: "Well! She said her eye-sight was going back on her."

Dean, in Psych Class: "You say the sun is in existence at night, but you can't see it. Where is it?"

A. C.: "It's over in China."

CLASSIFIED ADS

THE YEAR'S BEST SELLER—"Confessions of an Engaged Man," by Rex Fountain.

"HOW TO MAKE LOVE," by Vern Robinson. Complete course in ten lessons. Diploma granted.

FOR RENT—My heart to any good looking girl.—Beryl Rice.

NOTICE:—Hereafter ladies calling for dates, must apply after six o'clock
P. M. *Willard McFadden.*

WANTED:—An instructor in Tatting.—*Max Soeth.*

Only movies to fuss to,
Unless we fuss to church.
And perhaps the last is better,
For a dime will do in a lurch.

Extracted from Organic Chemistry discussion.

“Why is Ethelyne (pronounced Ethel-lean) ?”
“Because she’s not a fatty-acid.”

Dr. Spencer, in Physics Class, “What is gravitation?”

L. J.: “Gravitation is that which, if there were none, we would all fly away.”

Editor’s Note: This listens more like Spiritualism than Physics to us!

TIME FLIES

I placed my watch on a table,
T’was wound to run till dawn.
Next morning when I looked for it,
Was it going? No! ’Twas gone! !

Mrs. B., in Chem.: “What is steam?”

Kac.: “Water in a high state of perspiration.”

Professor H.: “Have you seen my three quarters?”

His Wife: “Yes, here I am!”

H. D. A.: “I hardly know what to do with my week-end.”

G. D.: “I suggest that you put a hat on it.”

ELEMENTARY CHEMISTRY MANUAL

(Self-taught Science Series)

By a Freshie

I. GASES

Get several dozen test tubes.

Pour in a large dose of the stuff marked "Con Sulphuric Acid." Drop a piece of Zinc into it. Light with a splinter. If it explodes, you have Hydrogen. If not—do not tempt Providence again.

Hunt for a bottle filled with a brown liquid. Heat. Violet fumes show it was Iodine. Anything else shows you have the wrong bottle.

II. LIQUIDS

Take a drink of the colorless liquid in the bottle.

If nothing happens, it was water. (This is getting to be a very common compound.)

If siezed with torturing pains, it was an acid.

If you feel better than you ever felt before, it was alcohol.

Dip a dollar bill into hydrochloric acid. The disappearance of the money demonstrates the destructive action of the acid.

Mix hydrochloric with sulphuric acid. Drop your watch into it. In case it is eaten away it was gold.

III. SOLIDS

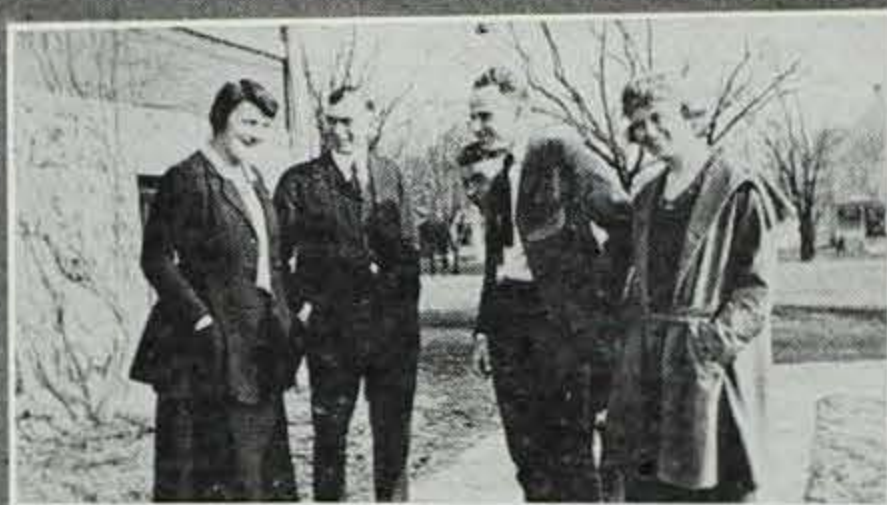

Study the human intellect.

Take a five dollar gold piece, formula Au. Send it to us for diploma.

IV. GRADUATE COURSE

Take a little of everything you can find. Mix thoroughly. Heat to boiling. Freeze. Add something else. Heat. Dissolve in water. Boil to dryness. Weigh carefully. Write formula, i. e. Z4 Ax C3 02. Give it a queer name.

Advertising

*When the dust is on the counter,
And the cobwebs are on the shelf,
And there's scarcely anyone
In the store beside yourself,
And your stock is getting shopworn,
And your selling talks are stale
And bills enough are coming due
To make a banker pale.
Ah! Then is the time
A feller's feeling kind'a blue,
And thinks about the question
As to the right thing to do.
Then, this one thing sure applies;
If you want to get the customers,
You've got to advertise.*

A College Education Through Life Insurance

Mr. John R. McKee, now with Randall, McKee and Company, Spencer, Iowa, publishers of the Spencer Reporter, took a \$1,000 Ordinary Life Accelerative Endowment Policy with the Mutual Benefit Life Insurance Company of Newark, New Jersey, in 1884, at the age of 26, and used it as security to obtain the necessary funds for financing his college course. Mr. McKee, after finishing college, secured a good position and paid back the money that he had borrowed and also kept up his insurance. He has lived to see his policy mature as an endowment on December 18, 1918, and to enjoy receiving the exceptionally fine settlement which the Mutual Benefit was able to make to him.

MORE THAN PLEASED WITH MUTUAL BENEFIT SERVICE

At the time Mr. McKee received the settlement on his policy, he wrote in part:

"When I took out this policy the last thought in my mind was the time of payment, but my interest in the policy has grown with the passing years, resulting in a large degree of satisfaction and an added pleasure in receiving on December 18, 1918, this very satisfactory settlement. I paid 34 premiums, less special dividends of 1910-1913 1914-1916 of \$9.04, making a total paid the company of \$674.36, therefore my gain, besides 34 years of protection, was \$355.49.

"I have had an abiding faith in the Mutual Benefit that it would fulfill all its promises, and the only element of regret is that I did not have a larger amount of insurance on the accelerative endowment plan."

YOU CAN DO THE SAME

Hundreds of Students are now going through college by this aid.

Let us help you to arrange for adequate life insurance to back you for your college course. Come in and talk it over or write for full particulars about the MUTUAL BENEFIT'S ACCELERATIVE ENDOWMENT PLAN. The kind by which you can both live and win.

MUTUAL BENEFIT POLICYHOLDERS ARE BOOSTERS EVERYWHERE

We Work to Please

Reasons why the Editor feels like taking Arsenic:

"What kind of a book are you going to have this year?"

"Will it be out on time?"

"How are the ads coming?"

"Is it true that there is something about me in the roast section?"

"How did my picture come out?"

"You must be making a lot of money on it!"

((Yeh! We are. We're gettin' rich).)

“IT IS A SIMPLE TRUTH!”

That it has been the quality that we have given you and the savings you can accomplish here, that has sustained the reputation of this store for years. And when we say, that we are offering you today better quality and a greater saving than ever before, we recite a plain statement of fact that defies contradiction.

THE CO-ED'S COMPLAINT

Oh! Why down her cheeks do the tear drops fall?
Oh! Is there an ache in her heart I wonder?
Her shoes are new—and a size too small
My friend, and they're punishing her feet like thunder.

COMMUNITY STORES OF IOWA

Buy your merchandise where you can save money. We are saving our members from 20 to 30 per cent on good things to eat. Our shelves are full of good things to eat.

The Community Store is Here to Stay.

It is the duty of every member to patronize their own store. A first-class bakery in connection. We made the ten cent loaf of bread in Storm Lake.

Watch Us Grow.

AS the strength, brains, skill, looks and inclination of a man fit him best for some particular type of work, so does the equipment of a printing plant, in skilled workmen and modern appliances, fit it best for certain types of printed products.

The Campbell plant makes it a study to produce printing of quality. They specialize in School Annuals. This Annual was made by them.
